20. HISTORICAL AND ARCHITECTURAL IMPORTANCE: A gabled frame residence converted for commercial use. Russell Avenue extends from Parkside Avenue to Greenfield Street. It was laid out in a map of 1886, paralleling the northern border of the lands of Washington Russell, after whom the street was named. However it was early 1889 before Russell Avenue was deeded to the city. While this particular street does not appear in Olmsted's early 1870's maps of "The Parkside," Olmsted felt cross streets would allow easy access to major thoroughfares and to the park, and he did include similar cross streets such as Jewett Avenue in his early plans.
