20. HISTORICAL AND ARCHITECTURAL IMPORTANCE: A simple frame gabled residence. Greenfield Street extends from Amherst Street to Main Street, paralleling the Belt Line Railroad. Although Greenfield Street was deeded to the city in 1889, it was laid out in 1886 by the Parkside Land Company, which has purchased the land between Amherst Street and West Oakwood Place from two major landowners, Elam R. Jewett and Washington Russell. A street very similar in configuration appears in Olmsted's early 1870's maps of "The Parkside." Greenfield follows Olmsted's plan for providing easy access to major streets while being too narrow for extensive commercial development, although some commercial buildings can be found near Main Street.
