Second floor center bay has double hung 8/1 window flanked by 8/1 windows with paneled

SIGNIFICANCE

19. DATE OF INITIAL CONSTRUCTION: 1908
window shutters. Cut-out
ARCHITECT: heart shape in top panel. Shed roof dormer has three double-hung 6/1 windows.
BUILDER: _____

20. HISTORICAL AND ARCHITECTURAL IMPORTANCE: A simplified version of the Craftsman style. Willow Lawn, a one-block street between Crescent Avenue and Main Street just south of Jewett Parkway, is located on the lands of Elam R. Jewett and was named after the Jewett homestead. The last street to be created in the eastern portion of the Parkside subdivision, Willow Lawn was deeded to the city by Jewett's widow in 1905. It is the only Parkside street with a grassy median. While this specific street does not appear on Olmsted's 1870's maps of "The Parkside," it follows Olmsted's subdivision rule of providing easy access to a major thoroughfare leading toward downtown.
