Class Song

Normal, O, Normal,
 Your praises now we sing
 For lessons that we've learned here
 And mem'ries that they bring.
 'Tis a time for tears and sorrow
 When our days with you are past,
 But we're sure to find you waiting
 With a "Welcome Home" at last.

Praises now to Normal's fame:
 Honor bring to her dear name:
 Sing the chorus far and wide,
 Faith, and hope, in her abide.

Normal, O, Normal,
 The echoes of your fame
 Shall set our heartstrings ringing,
 Resounding to your name.
 Though your walls are sunk in ruins,
 And the laughing voices still,
 Your spirit marching onward
 Its mission would fulfill.

Words by DOROTHY L. VINCENT.
 Music by JEAN I. FRASER.

Kindergarten Notes

All the girls who took up kindergarten work at the Buffalo State Normal School in nineteen hundred nineteen have remained throughout the course so that at the close of our Senior year we are still "The Lucky Thirteen".

This year has been a very busy and happy one. The girls have enjoyed many social events, the first of which was a reception and tea held in the kindergarten rooms, September the nineteenth, in honor of the thirty-five entering students.

A dance given on October the twenty-third for the benefit of the Kindergarten Unit in France was an enjoyable success.

The Patty Hill building blocks, one of the new features in the kindergarten this year, have been a novelty and an attraction to all. The extensive work that has been done in toy making has made that class one of the most interesting.

On May the nineteenth, the Junior and Senior classes cooperating, dramatized Little Black Sambo, The Sleeping Beauty, Epaminondas, and Cinderella.

June the tenth, nineteen hundred nineteen, celebrated as "Kindergarten Day", was so successful that it was decided to set aside that day every year for the display and inspection of the kindergarten and for discussion of its work. "Kindergarten Day" nineteen hundred twenty was a date looked forward to throughout the year and heartily enjoyed by all when the day came around.

The time spent at Normal has passed quickly. As we look back over our school life we feel sure that we shall remember these two years as the happiest and most profitable of our lives.

The Glee Club was organized in the fall shortly after school began. Rehearsing of the Christmas carols for the Christmas Carol Service at school began immediately. On the Tuesday evening preceding Christmas the girls donned their brilliant red capes and hoods and with their lighted candles started out to serenade the members of the board. The delightful evening was ended when we left the home of Mr. and Mrs. Rockwell, where we enjoyed Christmas goodies of every description.

After the holidays, regular meetings were held to practice for the concert given on May 18, 1920.

THE IMPORTANT THING

about any purchase is not what you pay, but what you get for the purchase price. The "cheap" purchase often proves to be the most extravagant. AFTER Graduation, CLASS PINS and RINGS become a most precious possession. Whether or not, they will give satisfaction permanently, depends on their quality and workmanship.

In Class jewelry manufacture, we are masters and have been since 1896. For many years, BASTIAN RINGS and PINS have far out-sold any other make. Year by year, their superior wearing quality and beautiful finish has become so firmly stamped in the minds of students and school officials that "BASTIAN" now means the Standard in the Art of Class Jewelry Manufacture.

"Where shall I go this Summer?"

Each year you will ask yourself this question in a spirit of delightful anticipation for the long school vacations afford wonderful summer opportunities.

Frequently the discouraging thought will arise, "Can I afford it?"

With a bank account regularly built up you can always take advantage of your vacation and can return refreshed and eager for the opening of school in the Fall.

An optician who calls himself "doctor" is
surely self-made. —PETER MEYER

"Wear glasses if the doctor advises you to do so. If you suspect eye-trouble, see a doctor at once. Don't let anyone but a doctor examine your eyes."

The foregoing paragraph is from "The Metropolitan," a periodical issued by the Metropolitan Life Insurance Company of New York.

It is gratifying to have the kind of advice we have given the people of Buffalo substantiated by one of the world's greatest scientific business organizations. We ask only the privilege of making and fitting glasses after the oculist (physician eye-specialist) has passed upon your eyes.
