Dormers on front and east facade have hipped roofs with flared eaves and exposed rafters in eaves. Two six light over six light windows in dormers. Two interior chimneys on east side of roof. Second floor is shingled. First floor is brick. Multi-paned windows through SIGNIFICANCE Out house. Enclosed porch across front of house has a slightly hipped roof. PARCHITECT: Slightly hipped roof. Entrance on west side of house has metal overdoor Large four part window over doorway. 20. HISTORICAL AND ARCHITECTURAL IMPORTANCE: Typical example of the American Four Square that was built in the Parkside neighborhood. Jewett Parkway was originally opened in 1875 by Elam R. Jewett whose estate was at the southwest corner of Main Street and Jewett Parkway. The street followed Olmsted's plan for the Parkside neighborhood and can be seen on his 1884 map of the City of Buffalo In 1884 Elam Jewett deeded the street to the City of Buffalo "on condition that it shall be placed in charge of the Park Commissioners, and be by them maintained as a Park approach, in the same manner as the other Park approaches now are or hereafter may be maintained." 21.
