20. HISTORICAL AND ARCHITECTURAL IMPORTANCE:

Typical American Four Square. The street takes its name from James Tillinghast, owner of the property up until July 15, 1889 when it was conveyed to George L. Thorne and Byron Angell, to be subdivided for residential use. The subdivision named "Meadow View Park" carried restrictive covenants in its deeds of sale. The restrictions set forth minimum house costs and minimum measures for street frontage. The homes on Tillinghast were to be of "tasteful design" and the cost was not to be less than \$3,000. The street reflects Olmsted's philosophy regarding roadways located within a subdivision; Tillinghast is a broad, long roadway with no intersecting thoroughfares, running east to west "with no special directness toward the town."
