THE NEW YORK STATE NURSES ASSOCIATION
1990 AWARDS

Each year the New York State Nurses Association invites nominations for awards to NYSNA members who make outstanding contributions in areas of professional endeavor basic to protection of the public and advancement of the profession. Award presentations are made in conjunction with the Association’s annual meeting.

Seven NYSNA awards have been established:

Nursing Practice Award ... for outstanding contributions in clinical nursing practice

Nursing Service Administration Award ... for outstanding contributions to nursing service administration

Nursing Education Award ... for outstanding contributions to basic, graduate or continuing education

Economic and General Welfare Award ... for outstanding contributions in economic and general welfare

Legislative Award ... for outstanding contributions in the legislative arena

Membership Award ... for outstanding contributions to promotion of the mission and purposes of the Association

Nursing Student Leadership Award ... for outstanding leadership and professionalism during education in nursing

ELIGIBILITY

Nominees for NYSNA awards must fulfill specific criteria for each award (described on the nomination forms).

Nominees for the six awards that honor NYSNA members must be current members of NYSNA, must have maintained membership in the NYSNA for the past five years, and must demonstrate evidence of active participation in the Association and/or DNA affairs.

Nursing Student Leadership Award nominees would not be eligible for NYSNA membership. To be eligible to be considered for the Nursing Student Leadership Award, an individual must not be a registered professional nurse and must be enrolled in any program leading to an RN degree or diploma.

Maintenance of membership for the past five years means that NYSNA membership may have been interrupted by a single lapse in continuous membership for a period of 60 or fewer days in the five-year period immediately preceding consideration for an award. Deviation to any further extent from maintenance of continuous membership for the specified period will render nominees ineligible for awards.

Members of the NYSNA Board of Directors, Awards Committee and staff are ineligible for NYSNA awards during the period in which they serve in these capacities.
1. Nominations may be submitted by: any member of NYSNA; NYSNA organizational units; and constituent district nurses associations.

2. All nominations must be submitted on NYSNA nomination forms.

3. All nominations must be accompanied by a narrative statement detailing the accomplishments of the nominee. The statement should describe the nominee's compliance with the established eligibility requirements and criteria for the award and any additional pertinent information. Statements accompanying nominations for the six awards honoring NYSNA members must include:
   a) the number of years that the nominee has held NYSNA membership;
   b) an explanation of the precise nature of the nominee's SNA/DNA involvement.

   The nominee's curriculum vitae and letters of support may accompany the nomination. The curriculum vitae and/or letters of support are not substitutes for the narrative statement. The Awards Committee will consider only those nominations accompanied by the following materials: completed nomination form; narrative statement. Incomplete nominations will be returned.

4. All materials received for consideration by the Awards Committee will be treated in a confidential manner.

5. Nominations of all eligible nominees for the six awards honoring NYSNA members will be retained for consideration by the Awards Committee in the two consecutive years following initial submission and review (for ultimate evaluation by three committees). Nominators may update nominees' files in the two succeeding years. Nominations of individuals who received awards different from the awards for which the individuals were nominated will not be retained for automatic consideration of the awards for which they were nominated. Nominations for the Nursing Student Leadership Award will not be retained for automatic consideration after the year they are submitted.

6. The Awards Committee shall consider all complete nominations and present a report with its recommendations to the NYSNA Board of Directors. The Board shall determine all recipients.

7. Recipients approved by the NYSNA Board of Directors shall be notified by letter and invited to attend the NYSNA Convention presentation ceremony. If a recipient cannot be present, the presentation will be made in absentia. Presentation may be made to a designee if recipient so desires.

8. An individual may be nominated for, and is eligible to receive, more than one NYSNA award.

Ms. Martha L. Orr
Executive Director
New York State Nurses Association
2113 Western Avenue
Guilderland, NY 12084

Dear Ms. Orr:

On Tuesday, November 13, Secretary of Labor Elizabeth Dole will be the keynote speaker at the YWCA’s Salute to Women Achievers luncheon. It is my great pleasure to invite you to be represented at this event.

Chairing the luncheon are H. Marshall Schwartz, President and Chief Executive Officer of the United States Trust Company of New York and M. Jacqueline McCurdy, Vice President, State and Industry Relations, Joseph E. Seagram & Sons. Under their leadership, we expect well over 1400 senior executives, union and civic leaders to attend.

Now in its seventeenth year, the Salute to Women Achievers luncheon is the primary vehicle through which major businesses, unions, non-profit and government agencies have publicized their commitment to women in the workforce and the contributions made to their organizations by senior-level women executives.

 Providing this kind of highly visible, public acknowledgment of women of outstanding achievement has become a matter of importance to major employers in all parts of the Nation. I am, therefore, glad to extend to you, on behalf of the YWCA of the City of New York, an opportunity to participate in this well-known event by nominating a woman to be honored at the luncheon and inducted into the YWCA’s prestigious Academy of Women Achievers.

As you will see from the enclosed brochure, virtually every major corporation, partnership, and labor organization has been part of the Salute luncheon. They have generally nominated the highest ranking woman in their organization for this honor, with over half of the members of the Academy of Women Achievers in senior management positions above the Vice President level.

In addition to the brochure listing nominating organizations and current members of the Academy, I have enclosed a copy of the 1989 full-page tribute which appears each year in the New York Times, and an Academy Nomination form. Because the luncheon has grown so large, I ask that you limit your nomination to one individual from your organization, even though there may be several who are deserving. I also ask that you adhere to the August 15 deadline for

YWCA of the City of New York, 610 Lexington Avenue, New York, NY 10022, 212 733-9734
Please return the completed nomination form, together with a photograph and resume or biography of your candidate to the YWCA of the City of New York by August 15th. If you wish more detailed information, please call Carol Perez or Elise Newman at the YWCA, 212-735-9774 or 212-735-9742.

It is my hope that you will join Mrs. Lele on the date at the luncheon, along with nearly 75 other chief executives from across the country who traditionally attend. We will be sending formal reservation forms early in September, but in the meantime I look forward to receiving your nomination and hearing that you will participate.

Sincerely yours,

Diane H. Segalas
President
YWCA of the City of New York

P.S. I have also enclosed for your records a list of those women from your organization who have been previously honored and are current members of the Academy of Women Achievers.

Gloria Phipps

Nomination for Nursing Practice Award

I wish to nominate Ms. Gloria Phipps for the NYSNA Nursing Practice Award. Ms. Phipps is currently a nurse practitioner in a long term medical unit at Goldwater Memorial Hospital. She has been a member of NYSNA since her graduation in 1973 and is currently a member of the Gerontological and Medical Surgical Clinical Practice Units. Ms. Phipps is also Grievance Chairperson at Goldwater Hospital and a member of the Board of Trustees of the Health and Welfare Fund, NYSNA.

Ms. Phipps has been employed at Goldwater Memorial Hospital since 1959 and has held a variety of positions such as staff nurse, Head Nurse and relief Supervisor. She has excelled as a provider of nursing services, role model for the nursing staff, and advocate for the clients she cared for over the years.

For example, when she worked on the Respiratory Unit the severely handicapped children on the unit could not attend school as the Board of Education would not accept them. These children had diagnoses such as Spinal Cord Injuries, Polyneuritis and Multiple Dystrophy. Ms. Phipps participated in efforts to change this policy which included writing letters to city government picking City Hall and also threatening to file a law suit against the city. She did all of these activities on volunteer time.

While still assigned to the Respiratory Unit, she taught the staff about the concepts of DNR regulations and focused on teaching the staff about their professional responsibilities therein. Ms. Phipps also advocated for the clients in this regard and taught families how to be active participants in this decision making process. More recently, Ms. Phipps was very instrumental in development of the AIDS Unit within the hospital and initiated teaching for the staff, particularly for those who were reluctant to care for these clients.

In her role as Grievance Chair, Ms. Phipps has been instrumental in helping the professional staff to seek and secure their rights as employees. She has given insight to Management and assisted them to appreciate the rights of the nursing staff and to include nursing in determining their professional destiny. She is always alert to the need to protect the nurse and the client so as to ensure a safe staff structure for providing client care. One example of a practice issue which she addressed was the assignment of Permit nurses to night duty without adequate supervision. Ms. Phipps also highlighted the danger of allowing these same Permit nurses to supervise other licensed nurses.

Most recently, Ms. Phipps was highlighted in the Spring 1990 edition of the Goldwater newspaper From the Heart. In that publication Ms. Phipps was cited as a valuable staff person who had been in the forefront of teaching and training the nursing staff. Also, on Nurses Day, Ms. Phipps received an award from the Goldwater chapter of NYSNA which acknowledged her for her Dependability, Dedication and Diligence.
Ms. Phipps sees herself as the conscience of Management. She is a nurse's nurse and exemplifies the highest ideals in her professional practice. She is enthusiastic about her work, the clients and the institution. She continuously encourages the nurses at Goldwater to become actively involved in the activities of NYSNA and she demonstrates the benefits of that involvement. To see Ms. Phipps in action is to experience the height of involvement, compassion, and commitment to clients, peers and the nursing profession.
