1949 ELMS

PUBLISHED BY NEW YORK STATE COLLEGE
FOR TEACHERS AT BUFFALO. EDITOR —
RUTH BAILEY, BUSINESS MANAGER — JAMES
H. LEAS. LITHOGRAPHED BY WM. J. KELLER
INC., BUFFALO.

Breaking the ground, designating the culmination of years of effort and planning.

In an expressive ceremony Dr. Rockwell, the inaugurator of our great achievement, officially informed us of the long awaited Ground Breaking Day.

DEDICATION

THE foundation of the new dormitory supports not only a new building but also our sincere faith in the hope that our college, as well as all other institutions dedicated to public education, may continue to offer those who seek true learning the best aid and services. This new structure will be a monument to our genuine loyalty and devotion to the college we serve. It is a beginning, a major milestone in our history, of which we are all proud. This new structure may stimulate a closer friendship in those who will enter its doors of hospitality. Through it may a greater enrichment of campus life bind the students and alumni to an Alma Mater that has warm affections and goals of high achievements. To the realization of a long-endured hope and dream, the new dormitory, we dedicate the 1949 Elms.

In the beginning, the spirit of campus life centered in the temporary dorm.

DR. ROCKWELL

DR. HARRY W. ROCKWELL, *President*

WE ARE to have the first dormitory in the history of teachers' colleges in New York State. Inaugurating this great advancement is Harry W. Rockwell, our college president. This new structure is the culmination of twenty years of planning and work on the part of our president. Many times Doctor Rockwell has contributed to the high standards of our college, and guided it towards its present prestige. With justified pride in success, which comes only through diligent effort, Dr. Rockwell is ever looking forward with a discerning eye on the college he built.

RALPH E. HORN, *Dean of the College*

The stately Elms—symbol of our Alma Mater.

STUDENT COUNCIL

OUR governing body on campus, Student Council, represents democracy in action. Section captains, faculty representatives, class officers, and student representatives from each class and department make up the Council and are the medium through which the student body voices its opinions and ideas. Often a suggestion placed in the suggestion box located in the Student Center is the beginning of a new project. A dynamic organization striving to improve from year to year, so that it may operate smoothly, Student Council may be called our most important Campus organization.

NON-RESIDENTS' COUNCIL

AS OUR enrollment increases and the number of out-of-town students grows, the Non-Residents' Council becomes increasingly important. This organization helps to orient the students to their new surroundings and is ever on the alert to settle any problems which arise in the student-residence centers.

ALPHA HONOR SOCIETY

LEADERSHIP! SERVICE! These are the requirements for admission to the college society whose members are chosen from outstanding members of the upper two classes. After the Alpha assembly, it is an exhilarating feeling for those select few who are able to wear that gold pin with its Greek letter A. That Alpha practices what it preaches is shown in its various activities throughout the year. Organization Day, which acquaints freshmen with extracurricular activities on campus, is a favorite with everyone. Holly Hanging is planned to evoke holiday spirit at Christmas time, and the impressive Alpha Tapping assembly, helps to complete the picture. Little deeds into great things grow. That this is true, members of Alpha can testify, for they have earned membership by progressing from neophytes to leaders. These are the characteristics of Alpha Honor Society.

ORGANIZATION DAY, One of the activities sponsored by Alpha.

CHI DELTA PHI

PROGRESS is a keynote for Chi Delta Phi which had its beginning during the year 1925. Those young women who show particular interest and ability in the field of literature make up the membership of this honorary literary society—the organization meetings serve to discuss writings of various authors and to give the group members opportunity to read and criticize their own work. The literary activity of this group is a strong contributing force behind the Elms, Record, and Handbook.

First Row—Mrs. Hertha Gancy, Advisor; Leota Ayrault, Fern Chismore, Mary Mentesana, Mary Ellen Duquette; *Reflection*—Mrs. Hertha Gancy, Norma Van Camp, Veronica Brown, Phyllis Van Stone, Genevieve Pielusko, Betty Knapp, Maryan Tierney.

Fenwick; *Fifth Row*—Carl Knoll, Stanley Jackiel, Harry Ray, Douglas Davis.

CREATIVE writing and the encouragement of literary interests are the basis of Sigma Upsilon's ideas and purpose. Membership is composed of those men on campus who desire to develop their literary skills. The society stimulates further creative writing both on and off campus. This honorary literary society has constantly increased in membership and prestige since it was re-established on the campus last year. Some of its members have gained high recognition on campus and throughout the colleges in the country.

It is not an easy matter to be able to advance to loftier planes when one begins on a high scale. Any bona fide member of Kappa Delta Pi will declare that this can be done, however, for progress is a watchword with this organization. This national honor society in education invites to membership such persons as exhibit commendable personal qualities, worthy educational ideals, and sound scholarship. Kappa Delta Pi is the highest recognition that State gives to its students. Sponsor of the bi-annual Dean's teas, Kappa Delta Pi allows juniors and seniors, whose marks put them on the Dean's list to become members of the society. This society also conducts annually an assembly program for National Education Week. We all know the honor of Kappa Delta Pi.

PHI UPSILON OMICRON

IN ORDER to allow its members to grow steadily, an organization must attempt to devote itself to their moral and intellectual advancement. This is just the purpose that Phi Upsilon Omicron, the national honorary home economics society serves. Since it is the highest honor bestowed on any home economics girl, only those students who have established themselves worthy of such recognition are invited to join. Mu Chapter contributes to the college library's Bureau of Instructional Materials. Bi-annually a representative of the chapter is sent to a national conclave to obtain information valuable to the success of the groups. The social and educational program of the society includes an informal get-acquainted party, a booth at State Fair, and numerous lectures.

First Row—Marion Cortright, Margarita Radice, Blanche Cross, Virginia Havens, Phyllis Raffauf, Mary Alice Naughten; Second Row—Jane Gucwa, Alice Brinke, Jean Hale, Barbara Rickard, Marilyn Hayes, Marion Blais, Mary Alice Keller.

EPSILON PI TAU

WITH a basic healthy growth and continuous progress, an organization will naturally have a long life. Epsilon Pi Tau, the national honorary professional fraternity in industrial arts and vocational education, attempts to further development through social efficiency, skill, and research. This end is met by publication and circulation of worthy works of research and writing. Each year this fraternity issues several news letters which are prepared by members of the organization. Epsilon Pi Tau's major activity on campus is the industrial-arts conference which brings together industrial-arts teachers from a wide area of Western New York. Twice yearly, outstanding juniors and seniors of the Industrial Arts department are honored by Epsilon Pi Tau whose membership includes faculty as well as students from our college.

A CAPPELLA CHOIR

Organized in 1946, the A 'Capella Choir within a few years has come to be considered one of Western New York's leading concert organizations. Each year harmonious voices, under the masterful direction of Mr. Silas Boyd, delight audiences in city hotels, sister colleges, civic and social organizations, and this year the choir was featured at Kleinhans Music Hall with the Buffalo Philharmonic Orchestra. Our holiday seasons, Spring Concert, Baccalaureate services and Commencement exercises are enriched with their invaluable offerings of song. May they advance to higher achievements.

MEN'S GLEE CLUB

THIS year Men's Glee Club consists of about a hundred and ten musically-minded members, the largest enrollment since its beginning. Under the efficient leadership of Mr. Silas Boyd, these expressive voices have entertained us at assemblies and Spring Concerts. They have also made notable appearances at Kleinhans Music Hall, Hotel Statler, and our city's churches and schools before appreciative audiences. In our humble way of singing their praise we applaud their growing success.

SENIOR WOMEN'S GLEE CLUB

SELECT voices combine to bring us the Senior Women's Glee Club. Mr. Boyd, the capable director and his girl choristers present medleys at our convocations, Christmas celebrations, Lenten Services, Spring Concerts and Graduation Exercises. FRESHMAN WOMEN'S GLEE CLUB

A PRELUDE to melodious music is the key signature of the Freshman Women's Glee Club. This choral club was founded in 1928 by Mary Louise McMahon who has given us enjoyable music since its beginning. Expression in song and participation in musical events in this organization are sought by freshman girls. Every year this group blends voices to enhance such traditions as the Nativity Play, Lenten services and Spring Musicals. We salute this club on their advances in musical success.

THE BAND

THE band is composed of eighty spirited students who seek to encourage college morale. The fame of this group and its leader, Mr. Joseph Wincenc, has grown so that there is a waiting list of those anxious to join the organization. Our well-qualified and equipped band performs at athletic events, parades, pep assemblies, push-ball contest, crippled childrens' institutions, commencement, Moving-Up Day and the Spring concert. A strengthening school spirit has been instituted by this, our band.

THE SYMPHONY ORCHESTRA

ONE of the most prominent organizations on campus, and one we are justly proud to call our own, is the Symphony Orchestra. Mr. Joseph Wincenc and his 78 instrumentalists provide outstanding orchestral literature for our convocations as well as for schools in and out of Buffalo. Ten members affiliated with this group represent our college in an All-State Inter-Collegiate Symphony Orchestra in Rochester. A string quartet, composed of four first-chair members of the orchestra plays suitable selections at the Dean's Tea and Faculty Receptions and at some outside functions. Such significant steps have been made with the symphonic group that it makes us proud, which is a sure indication that we are ever advancing.

CASTING HALL

Just as many petals form the rose, so numerous committees are set up within "Casting Hall" to make it a well-organized unit. These various committees synchronize their efforts in producing the traditional Christmas Play and the annual Spring Play, as well as a spring and a fall assembly program. Casting Hall cultivates an appreciation of drama, and teaches State's student body to be more discriminate theatergoers.

ELMS

The quality of a college yearbook is indicative of the spirit of the school itself. And, as State grows in size and prestige, so also grows our yearbook. The Elms is a mirror of our college days. Traditions, activities, organizations, fellow classmen, long forgotten, will be brought to mind, as, long after graduation days are over, we leaf through its pages.

LITERARY STAFF

First Row—Barbara Lockwood, Rosemary Wrenn, Mr. Andrew Grabau, Advisor;
Second Row—James Todd, Judyth Stainbrook, Margaret Rizzo, Jack Foster, Doris Kindt.

Joan Klemann, Typing Editor

Albert E. Roden, Jr., Photographer; Rosemary Schaffner, David Weatherell, Betty Falsone.

ART STAFF

Frank Batterson, Reneta Krawczyk, George Stark.

HANDBOOK

A NECESSITY to freshmen who must suddenly learn our college way of life, an indispensable aid to upper classmen who "aren't quite sure"—that's the Handbook. Through its pages, freshmen become acquainted with official rules and regulations as well as the organizations, activities, and traditions of the college. It is the result of a hard working staff who faced the prospect of cramming thousands of facts on a few pages and still keep them interesting—and they succeeded. From a booklet of forty pages, the Handbook has grown to one of a hundred and four offered to students this year.

Carl Burkhardt, Evelyn Campbell, Barbara Kaye, Raymond Greggo, Geraldine Olin, June McGill, Alma Horne

George Winsor, Maryan Tierney, David Crespi, Chris Nagel, Conrad Schuck, Advisor.

LITERARY MAGAZINE

THE literary magazine, authorized by the Publications Committee, is new on the campus this year. It is an outgrowth for the need of an outlet for the students' creative abilities in art and literature; and to encourage students in self-expression by providing a medium whereby they may see their work in print. The first issue of this magazine, financed completely by student and faculty subscriptions and contributions, appeared this spring. This is just the beginning of a great project which is hoped will stimulate the students to even greater expression of their artistic and literary talents.

THE RECORD

Our weekly newspaper, the Record, has kept pace with the growth of the college. This year, the paper was re-organized to make it an outstanding college newspaper. A complete coverage of campus events, student and faculty opinions, editorials, feature and education-columns is offered in the weekly publication. For the first time in its history, an issue of the Record was out on the first day of the college year. The Record Staff also put out a special edition for the dormitory ground-breaking ceremony. It's our newspaper; it's a reflection of what we think and what we do: And, as the college grows in size, our school newspaper, the Record, grows in stature.

Helen Pipalski, Jane Simon, Dr. B. F. Gronewold, Advisor; Rosewell Vasbinder, Anna Mae Lewis, Patrick Mc Cabe, Laurel Gillette, Elizabeth Collins, Toni Lomanto, Charles Guzzetta, James Mancuso.

MEN'S CAMPUS CLUB, the only all-male organization on campus open to freshmen, promotes fellowship through supper meetings, sports nights, and movies. Men's Frosh Camp is held annually under the sponsorship of the club, introducing to the incoming class the traditions and ideals of State. Frosh Camp has been making steady progress, because of this club's capable work and sincere interests. Proof of this is shown in last year's record-breaking attendance. Under the capable leadership of its officers, the club has helped perpetuate the fine traditions of State.

PSYCHOLOGY CLUB

THE PSYCHOLOGY CLUB strives toward the truth through experimentation, statistical research, forums, and panel discussion. Through field trips to the State Hospital and Sunrise Court and through extensive study the members are learning more of the science of psychology and its functions in daily life—Ever progressing, they are developing themselves so they in turn may develop children intrusted to their care.

Members receive a monthly copy of the "Journal," the official magazine for the council. To raise needed funds for their activities the I.C.E.C. sponsored a cookie sale in the student center. With high hopes for the future, the club hopes to increase its membership next year and to stimulate greater interest in its work among the students in our college.

The weekly meetings are open to any women on campus who is sincerely interested in dancing. Ballet, tap and folk dancing, as well as the Modern interpretative dance are earnestly studied by these enthusiasts. These various types of dancing developed by the club, are valuable not only in social culture, but in physical stature as well. Leadership through good officers, along with the guidance of the faculty adviser, Miss Fedigan, spells success.

RELIGIOUS, intellectual, and social activities unite to deepen and enrich the spiritual life of those affiliated with Newman Club. Frequent Communion Breakfasts and an Annual Spring Retreat are held to help attain this goal. Through student discussions and study hours conducted by Father McCarthy, the members seek their intellectual purpose, while monthly supper meetings and the annual dance, Twilight Twirl, constitute part of the social program. “To REALIZE full and creative life through a growing knowledge of God.” This is S. C. A.’s assigned purpose. The activities of this organization are of a serviceable nature; this is reflected in its social work in neighborhood houses. Other off-campus activities are visiting local churches and sponsoring members for religious conferences. Two of the most enjoyable events during the college year are S. C. A.’s Squirrel, the annual dance, and State Fair, which is noteworthy for its worthwhile project of raising money for a deserving cause.

THE ART EDUCATION CLUB

THE ART EDUCATION CLUB has endeavored to stimulate interest in art appreciation through its unusual activities among which are the Annual Art Auction whose proceeds furnish scholarships for deserving art students. The Club provides opportunities for contact with other art groups since members attend conventions and through these, the club has attained widespread recognition. This organization is highly popular with art students because of its active participation in activities on and off campus. The "Cardroom" project, the spotlighted Art Ed. News Box upstairs and printed bulletin boards in the Art Corridor are but a few of Art Ed Club's undertakings.

ART KRAFT KLUB

CARE of State's bulletin boards by the poster committee, as well as the annual social highlight, "Esrever Ecnad" are among AKK's activities. Membership is extended to all departmental students who show talent and initiative. Originality and ability is expected of those who are accepted into A.K.K., and the furthering of artistic endeavors is one of their chief aims. AKK will always be recalled as a promoter of social relationships among all classes.

AGAIN the highlight of events in this year's Home Economics Club scrap book is the Twilight Twirl, annual fall dance. The Home Economics—Industrial Arts dinner, the Christmas Party, and the Fashion Show should also be noted. As State adopted a new tradition, the Push Fall Contest, so this group broadened its activities to include serving refreshments to the anxious spectators. By promoting professional work, developing leadership and social qualities, the club gives its members many practical experiences and a firm foundation. This nationally affiliated organization extends beyond our own campus. It is interested in the development of Home Economics in our country as well as abroad.

SETTLING the policies for all the fraternities on campus, the Inter-fraternity Council is the balancing weight in maintaining friendly opposition. It is composed of representative members and the president of each of the fraternities. To explain and judge situations that may arise and to iron out difficulties, the Inter-fraternity Council works for greater fellowship and leadership. Working together is its motto. This is proved by the successful annual Inter-fraternity Ball and the many other activities that engage all three fraternities on campus.

DELTA KAPPA

GROWING with State, Delta Kappa recently acquired a fraternity house, which has served as a center of interest and closer relationship for the group. Off to a good start, the boys sponsored their annual Crystal Ball, as the first formal function of the year. The publication of the Student Directory again met with great success. Alpha Chapter acted as host to the semi-annual convocation of the Grand Chapter of Delta Kappa this year. In view of these accomplishments, 1948-49 is marked as another successful year for the D. K. men.

PSI PHI

THE foundation of Psi Phi is based on honor, fidelity, and generosity. Group interest and coordination make for a closely knit and worthy organization. Each year the Beta Chapter of Psi Phi compiles and distributes the convocation programs. This year the fraternity was instrumental in reviving the famous tradition of "jinx burning." The red and gold, sewing as a symbol of respect, is supported by young men of sportsmanship and character. Their many activities and active interest in campus activities prove their continual progress at Buffalo State.

SIGMA TAU GAMMA

THIS year the boys in blue presented the college with a new improved Social Calendar. The biggest event of the year, The White Rose Dance, was climaxed with the coronation of the White Rose Queen. Throughout the year Sig Tau enjoys parties with sororities, but not to be underrated are the post-meeting "celebrations" which take place at the Chapter house. This year eleven representatives of Rho chapter attended the National Conclave in Chicago. Moving-Up-Day exercises again included the presentation of the new Walter Webber Award.

PANHELLENIC ASSOCIATION

THROUGH the guidance given by Panhellenic Association, the six sororities on campus are enabled to function as growing groups - - - In the latter part of the 1920's this organization first took form and has been continuing its work ever since - - - The president, vice president, and an elected representative from each Greek letter group make up the association, which regulates the over-all activities of sorority life. In formulation, rush season rules and in serving as a board of instruction for all interested non-sorority women, Pan-hellenic provides invaluable personal contact for those who wish to become better acquainted with sorority organization and activities.

ALPHA SIGMA ALPHA

WITH its twenty-eight new members, Alpha Sigma Alpha has added size to its increasing group—the better to accomplish much in the way of keeping the sorority's foundation firm. The longed for Sweetheart Dance, the Alphaquade and fashion show at State Fair, a Moving-Up-Day float, and a visit to summer cottage are year-to-year activities that make up the schedule for Alpha Sigma Alpha.

Joan Bauer, Ruth Webster, Jean Johnson, Ursula Panienka.

ALPHA SIGMA TAU

BECAUSE keen minds make way for bigger things done on a larger scale, Alpha Sigma Tau has initiated the idea of educational talks for its members as part of its schedule of activities. These discussions make possible opportunities for greater progress. This is true because the social calendar for Alpha Sigma Tau also includes the Rose sale, Emperor Waltz, a Moving-Up-Day float, and a booth at State Fair.

DELTA SIGMA EPSILON

SORORITY services, these are the acts that rate high in Delta Sigma Epsilon's efforts to continue to advance. The awarding of the Striker Pin for leadership to one of its members bears out the earnest desire of this group to work for the good of all . . . Delta Sigma's list of social activities, the annual dance, slumber parties, suppers, the Beer Garden and floor show at State fair as well as sponsoring the Red Cross drive and entertaining at the Marine Hospital do much for appreciation on campus.

PI KAPPA SIGMA

THE fact that June first will mark Pi Kappa Sigma's twenty-first anniversary on campus, speaks for itself in explaining the sorority's success on campus. Of Pi Kappa's enthusiastically acclaimed annual activities on campus are numbered apple sucker and gardenia sales, a gala Mardi Gras, and a booth at State Fair. For members of the organization social service, fraternity parties, song fests, dances, slumber and splash parties make sorority life very nice.

SIGMA LAMBDA PHI

New on the campus this year, although twenty-five years old, Sigma Lambda Phi is a firmly established and well organized sorority. Scholarship, leadership, and fellowship constitute its meaning and objectives. Already the sorority has built a good reputation here at college, taking active part in the Inter-sorority Ball, State Fair, and Moving-up-Day. Each year the group holds its annual formal initiation at the Chez Ami and each year it gains in prestige as well as membership. With our college growing more with each semester, the establishment of this sorority on campus will offer a greater opportunity for more girls to enjoy the fellowship and advantages of sorority life.

SIGMA SIGMA SIGMA

That service leads to growth is well shown by Sigma Sigma Sigma. With the adoption of Elsa, a war orphan, Tri Sigma has made another step forward. This act, and the election of a sorority girl as White Rose Prom Queen, highlighted the year for this group . . . Interest in furthering Sigma Sigma Sigma is carried out by the national inspection, brownie and cupcake sales, and a booth at the annual State Fair.

Proud, indeed, are the members of Theta Sigma Upsilon of their new sorority jackets. With these jackets, another step forward has been made in the advancement of this growing organization—Through its various yearly activities, Theta Sigma succeeds in being ever active on campus. Aided in all good deeds by their beloved new faculty sponsor, Miss Dorothy Jacobs, Theta Sigma's members are reaching new heights—With its annual cider and donut sale in October, the December social service sale of Christmas seals, the traditional Chamber of Horrors at State Fair, and the usual Moving-Up-Day float, Theta Sigma Upsilon makes itself known on Campus.

BASKETBALL

The biggest event of the basketball season was the changing of the home courts from the school gym to the spacious Connecticut Street Armory. Coupled with the fact that his team had a new home and that his squad would be reinforced with members of the fine J. V. team, Coach Hube Coyer couldn't help but feel optimistic about his team's chances for the new season. Not only was the team deep in reserves, but the coaching staff was strengthened with the addition of Joe Adessa, Penn State alumni, who took over the State yearlings. The team started off the season in fine fashion and just past the midway mark, hit its peak when it scored 80 points in a game against Gannon. With a punch like that, it was felt that another successful season would be in the offing. Lettermen who returned to make things tough for State's foes included: George Doyle, towering center and hook-shot artist; Kenny Freeland, pop-shot and stalwart forward; Clair Wescott, clutch player and back-board man; Lee Pearson, diminutive guard and play maker; Eddie Stenhouse, fancy dribbler and ball-handler; Lloyd Eddins, jump-shot artist; and Earl Stellrecht, captain-elect and aggressive driver. To bolster these boys, Coach Coyer brought up Bob Lang, Paul Masterson, John Sciole, Tom Griffin from last year's J. V.'s.

SOCCER

Under the able tutelage of our new coach, Joseph Adessa, our soccer team this year was one of the gamest outfits ever to represent State. Although winning only two games and losing five they still upheld the name of our college in fine fashion because of their great sportsmanlike playing. Standouts on this year's team were Seniors—Captain Don Mayer and Bob Cramer; Sophomore, Wally Poulton, Chet Figiel and Captain-elect Eddie Abrams, who are two of the best soccer players in the state; and Freshman, Ed Hunt. However, without the fine playing of the entire squad, these men would probably have not gained such honors.

State has finally adopted Track as part of its ever-expanding athletic program. Competing inter-collegiately for the past two years, the track team has put away three victories while dropping one.

With Coach Don Munson, former State track man, directing the team, the runners can always be relied upon to give a good account of themselves and with the team returning this year almost intact, the Orange will be hard to beat. The freshman track stars should swell the ranks of an all ready fine aggregation so that their position in this area will demand envy.

Returnees from the squad of last year include: Len Zwick, quarter-miler; Walt Roeder and Frank Manhardt, half mile specialists; milers John Hill and Dick Reimers; George Doyle, shot-putter and discus man; and Art Gill, high jumper.

SWIMMING

The mermen, led by its medley relay team, enjoyed its best season last year when they finished with a 9-1 record. The medley team, which to this point has won 19 straight meets, is composed of Bob Weiss, New York City flash; Reggis Feltham, Long Island speedster and local boy, Howie Schmitt.

Led by Mike Sojka, former All-American inter-collegiate swimmer from Texas U, the Orange splashers have set many district records as well as various Canadian marks, and thus far boast an 8-2 record.

Outstanding performer for the swimmers is free-styler Alan McCarthy, Tonawanda junior, who churns the waters for new records with monotonous regularity. He set new records in Canada and in the State pool and holds district records for the free-style events. McCarthy is sometimes used as anchor man on the relay.

Divers Lou Lalli, George Hoffman and Bob Bedell have contributed sparkling performances at all meets as have sprinter Bill Weber, who doubles in the 400 medley backstroker, Chuck Henninger, lanky breast stroke artist, Milt Patrie and Chuck Brunner, 440 free specialists, and Captain Ed Hochuli, a breast stroke man.

With many freshmen stars added to the roster, the swimmers can look forward to many successful seasons in the future and maintain their title of being the best swimming aggregation in Western New York.

Three good reasons for a record breaking team.

Responding to the expert coaching of Don Munson, former State star, the x-country team rolled up the most impressive record of any Buffalo State team this year. In fact, this team bettered last year's record of 6-2 and revived in success the team Coach Munson led, as captain, through a perfect season back in 1941. The one defeat administered to the harriers came at the hands of Syracuse, one of the better teams of the country. Probably what was most outstanding about this team was the manner in which it defeated its opponents. Six events were perfect-score victories, which means five State men finished before a runner from another team came in. Perfect-score defeats were administered by State to the Ontario Aggies, Brockport State, St. Bonaventure, Gannon College, Queens University, and Royal Military University. Also perfect scores were won over the University of Buffalo, Niagara and John Carroll who were defeated in a quadrangular meet. The most thrilling win of the year was the Toronto U. meet when State nipped its rivals by a 28-29, one-point victory. Besides completing a highly successful season of college meets, State entered the St. Francis 3 1/2 Mile Road Race and had five men in the first ten places and won a trophy for the team prize. The harriers then came in second to Syracuse in the Niagara District to complete a great year. Freshman, Dick Cooke, became the sensation of the year by his great work in leading the team home in five meets. The "Frosh" Flash ran consistently all year to earn the laurels of top man on the team. Following close behind were six holdovers from last year's great team. They are Rodney Jarrett and Jack Foster, the two most improved men on the squad, Frank Manhardt, last year's individual star, John Hill, a consistent low-point scorer, "Rich" Reimers, who came through when needed and Captain "Wally" Roeder, a great team man. However, without the help of such promising men as Freshmen John Mary, Paul Parrinello, Art Mamott, Jim Wells, Harry Hassey, Dick Clark, and Junior Eugene Schultz, the harriers could not have fared so well. With the team's return in full next year and the appearance of some fine runners in the new Freshmen class, everything points toward an undefeated season for the State Harriers next season.

CHEER LEADERS

Since its beginning, three years ago, the cheer leading squad has gained much popularity. Our hard fighting teams are spurred on to victory under the capable leadership of these students who go all out in both physical and vocal tactics. Excitement at games is heightened by their hearty, encouraging cheers. Other school activities frequently find the cheer leaders giving forth with their contagious vocal exercises. "On to victory!", and greater inspiration—the aim of these enthusiastic students.

Swimming is a major activity in women's sports.

WOMEN'S SPORTS

Under the supervision of Mrs. Fogel, the program of women's sports is open to all girls on campus. Last fall the season opened with about four soccer teams and later led into twenty-two volleyball teams. The basketball season found around twenty teams in active force with a tournament series at the end to decide the winning teams. Six archery groups and about four bowling teams added to the varied and exciting sports program. Life-saving, swimming teams, badminton, and softball fill the season out with a well-rounded program for the women on campus.

SENIORS

As freshman, we were the first post-war class here at State. We started out with an enthusiasm that brought its just rewards: As freshmen we took first honors in Inter-Class Sing; as Sophomores we won second-place honors with our Moving-Up-Day float. As sophisticated Juniors, we studied with determination, for our goal was drawing near. We look back now with pride on three years of success and inspiration. Holly Hanging, Inter-Class Sing, Proms, and Class Parties soon will be a thing of the past. Seniors now, we face the world with courage—ready to do our best as we attempt to live up to the heritage which our college has given us.

Our thoughts shall linger here.

One of the campus views—indelibly printed on our memories.

Thoughts of the Junior Prom and "Starlight Interlude," memories of a beautiful queen, soft lights, and sweet music, have made this year's Junior Class starry eyed. We returned to State this September as upperclassmen who "knew the ropes" and so became Junior Counselors, ready to lend a helping hand to the freshmen. As we look back over two successful years, uppermost in our minds is the fact that as freshmen, we made history by holding the first Frosh Prom, and as Sophomores, we established the traditional Snow Party. Two second-place honors in Inter-Class Sing also add to our laurels. Our Starlight Interlude will soon be but a memory as Moving-Up-Day and June exams bring us closer to our final goal.

SOPHOMORES

Back to the campus and college life once more, happy vacation days a thing of the past, the members of the class of '51 made themselves known to the freshmen as strict jailers during Frosh Hazing. We found that our class loyalty and spirit of co-operation had not dimmed during the summer, and, as a result, we were victorious in the Inter-Class Sing. Also, our reproduction of the Nativity scene gave us a tie for first place in Holly Hanging. The weatherman came through with a helping hand and provided snow for a gala Snow Party. Then we put aside our skis and bobsleds and buckled down to studies, for the days were slipping by and exams loomed ahead. Moving-Up-Day came, and we were determined to come through with flying colors when we received our junior flowers and knew the thrill that is a part of successful achievement and progress.

FRESHMEN

September, and the largest freshman class in State's history arrived. A bit green to be sure, we were bewildered and excited, filled with anticipation, eager to enter into all phases of college life. Our "Big Sisters" and Junior Counselors through those first hectic days of registration, and the friendly faces of upper-classmen we had met at Frosh Camp made us feel as though we really belonged. Then, the Sophs took over, and we became prisoners for three rugged days. Our jailers, the Sophs, were stern taskmasters, and we breathed a sigh of relief when we were free once again. After this initial introduction to college life, the faculty. Everybody was all dressed up, saddle shoes put away for a day; and we were nervous, but we'll always remember this first social event in our college career. Under the leadership of capable officers, we made known our presence by taking second honors in Inter-class Sing and tying for first place in Holly Hanging. We are lending the same determination to our studies and looking forward to our three coming years at State.

FROSH HAZING

The burning of the effigy, after the Push Ball Contest, symbolizes the defeat of one of the classes.

The Push Ball Contest was one of the highlights of the college year.

The prisoners bow to their mighty jailors.

"Wait 'Till Next Year."

A prison scene featuring keys and chains with the haughty sophs as the jailors of the frosh prisoners, was the theme of the Soph-Frosh Haze. The freshmen were given the Prisoners Dope and all those who didn't retain it knew very well the sentence that awaited them. Each year the sophomores get a chance to pass on to the freshmen what they received the year before. This doesn't include only textbooks, as the freshmen well know. But to end a week of playful joshing the sophomores always furnish the freshmen with a compensation, such as this year's Prisoner's Ball.

Music in the lighter vein.

INTERCLASS SING

Inter-Class Sing stands not only for a beloved tradition but for growth — growth in cooperation, class loyalty, and college spirit

HOLLY HANGING

Yes, we are growing, and Holly Hanging, one of State's most beloved traditions, is a yearly reminder of this fact. Holly Hanging began in 1930, the year the college moved from the old Normal School to its present location. A wreath was hung on the door of the old school, and from that, the tradition grew. The Social Centers, library, student center, and the foyer are decorated by the various classes. Following the decorating, the students assemble and sing Christmas carols. The decorations are then judged, and the winning class hangs a large wreath on the main-entrance door. In the evening, a Holly Hanging supper and a holly dance are held. State's two largest classes, the Frosh and the Sophomores, tied for first place this year in this inspiring tradition.

MOVING UP DAY

Moving-Up-Day holds a number of meanings for each individual but to all it remains a symbol of achievement. The full student body shares a single thought on this day, for it is not only a tradition, but a projection of each class into the year ahead. Each student, wearing the representative class flower, eagerly awaits the day's activities. As another advancement, we look forward to each Moving-Up-Day. The parade, the floats, the anticipation of another step forward, and the impressive ceremony of crowning the queen, culminate a beautiful tradition.
