In the year 1963, Pilgrim Baptist Church elected a new pastor Rev. R. D. Holloway. Rev. Holloway, checking the condition of the church in regard to youth activities, outlined the need of a league of men to conduct an overall program for the youth. The program and special recommendation concerning the Layman League was accepted by the membership in the month of December. The League held its first meeting the First Sunday in January at the Church. Out of this meeting, the Fellowship Committee was formed. Mr. Charles E. Miller was appointed chairman with the following members; Mr. Conrad Reed Jr., Mr. Cythia Edwards, Mr. Eugene Leonard, Mr. John H. James, Mr. Ted Kirkland, and Mr. Norman B. Eison. The fellowship committee held their first meeting at the home of Mr. Charles E. Miller, January 20, 1964.

Membership grew during the next year, but the need to install girl units were ever present. During the month of March a meeting with the girl scout Executive Staff was requested by Mr. Norman B. Eison and granted. On Wednesday afternoon at 2:00 P.M., Mr. Eison met with the staff. In May, 1966 girl scouting was formulated at Pilgrim with the presentation of three (3) charters; Brownie, Junior and Cadette's.

WHAT IS SCOUTING

Scouting maybe defined as a program designed to "mould" boys into men, character building, to teach you to play according to rules, to respect God and his fellow man. Yes, scouting to a boy or girl is a wonderful game, full of learning new skills, full of fellowship and adventure, a program to maintain a strong spiritually, physically and morally America.

Scouting could be compared with athletics. In both you learn to play the game of life. You learn that you must play the game according to the rules to the best of your ability and this being a competitive world, you learn to play to win. It is important to keep yourself clean morally, physically, and mentally. You learn to judge your fellowman strictly on the basic of performance and not on the basis of race or religion.

"A nation's strength lies in the character of its young people, and the foundation of America is in the moral sense of her young people, a sense of what is right and what is wrong, a faith in your neighbor and in yourself, and willingness to sacrifice even your own life for the welfare of your country. To think and act in the community's behalf is not an attitude that can be imposed. It must be developed and brought about by sharing and by experience".

The worth of scout training daily becomes more evident as men instilled with the high moral and spiritual values of scouting takes their place on the defense team. I firmly believe such training is of inestimable benefit in preparing the young people of America for their future responsibilities of citizenship. By following the principles taught all scouts, young men and women truly do their duty to God and Country.

To those who leads scouting, it is a program to maintain America spiritually, physically and morally. That purpose is achieved through helping boys and girls in character development and preparation for citizenship, having them learn to work as members of a team, to master skills, build self-reliance, and inculcated in them, through practice, the principles of the Scout Promise, the Oath and Law of scouting. The scouting program grows up with a boy or girl. Scouting gives a program in his or her home and in his or her neighborhood.
THE DEN MOTHER

There are many misconceptions as to who is the "KEY" person on the pack committee when it comes to actually getting the program on the road. Many persons do not realize that the Den Mother is really the "quarterback" of the pack. Without the Den Mother, there would be no pack, and without a pack, a program would not exist.

Everything is centered around the Den Mother. Just ask your son who is the chief of the pack, he will say "my Den Mother gives us all ideas, she is there to assist us with everything that we do, without her we would not have a pack".

We of the committee are well aware of the responsibilities that are placed on the shoulders of a Den Mother when she accepts a den. In many cases, the Den Mother does not have the time to devote to boys, she maybe working as a Den Mother against the wishes of her doctor, she probably has sufficient boys of her own to form a den, she is taking her own time away from her family to be with your sons at Den Meetings, she probably has more responsibilities within the community because she is the type of person that cannot say "NO" when asked to assist with some community work, she uses her own personal funds, for Den supplies that she does not receive through normal pack funding. She receives a "don't give me that junk" attitude when she reports to the parents that one of the boys has failed to carry out instructions at the den meeting, she receives dirty looks when fellow church members meet her because some of the boys have been "Whooping it up" at the den meetings.

Yes, you Den Mothers are definitely the key to any successful pack. You are the "quarterback" that runs each play. We, members of the committee will help you in calling these plays.

We, of the committee take our hats off to the Den Mothers for the wonderful work the Den Mothers have done, not only during the preperation for this charter presentation program, but every day of the year. We know the importance of your work and pledge to stand firmly behind you in your goals that you have established for the boys.

We sincerely hope that each parent will join with the Den Mothers in her work and assist when called upon. We must remember that Cub Scouting is designed for the entire family and not just the boy.
