## Dedication

We, the students of this campus, find it fitting and just to dedicate this publication of the 1957 ELMS to a man who is well-known both to faculty and students.

His service has been known in many fields, both locally and nationally. To enumerate them would be difficult, but to mention a few, there are the services in education, athletics, coaching, Y.M.C.A., boys' camps and Boy Scouts, a background of seventeen years of service in his country's armed forces accompanied by a Presidential citation for outstanding service in the China-Burma-India Theatre, membership in organizations, publications and public relations. We know him on campus for his fine work in athletics as a coach, instructor and booster of morale and interest. He will always greet you with a smile and a hello that means more than a thousand words.

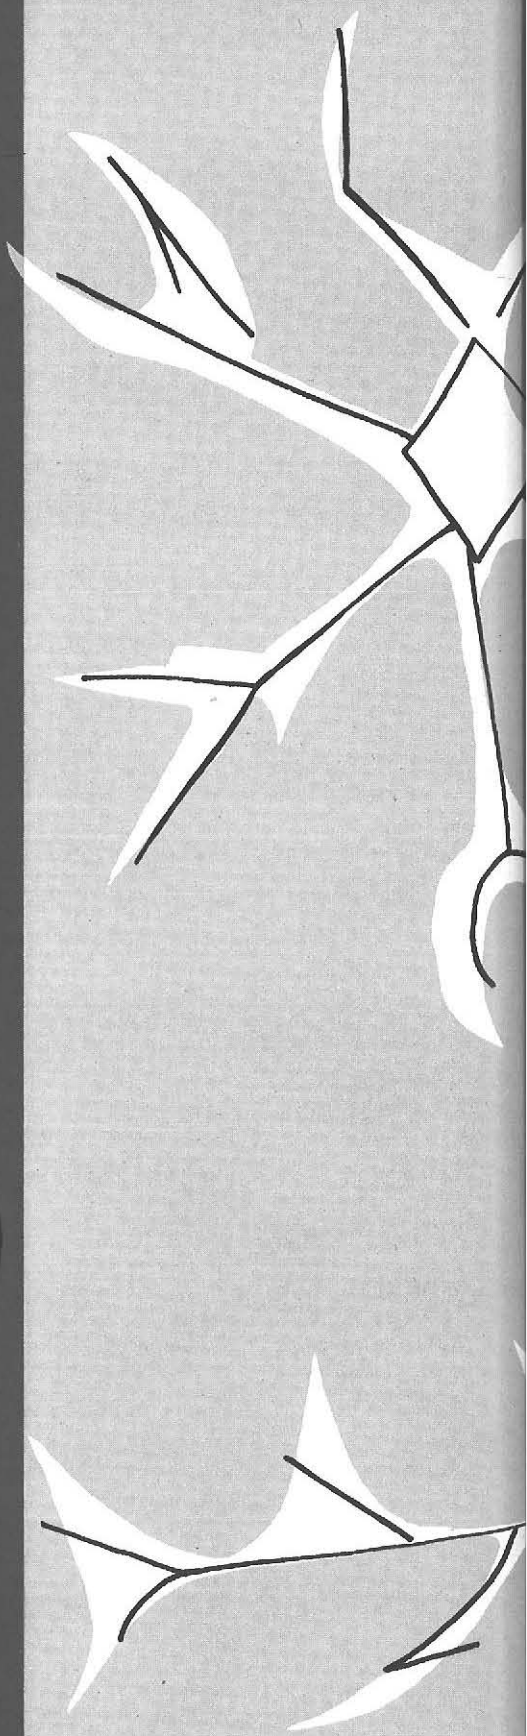

We dedicate this book to a man whose character is highly respected by students and colleagues. His enthusiastic teaching inspires students to do their best and makes them want to learn. As a director of athletics, he not only had winning teams, but molded the character of many . . . loyalty, responsibility, and to show how a common purpose can win over selfishness. Warm understanding and unlimited patience mark him as a friend of young and old. His sense of humor is known to everyone.

Thus by this act of our appreciation of your outstanding service to us, we salute you . . . our own COACH HUBE COYER.
