20. HISTORICAL AND ARCHITECTURAL IMPORTANCE: Typical American Four Square. Woodward Avenue runs parallel to Parkside Avenue and extends from Humboldt Avenue to the northwest portion of Crescent Avenue. This street appears on Olmsted's early 1870's maps of "The Parkside," although it is less curvilinear than originally planned. Portions of Woodward Avenue (originally called Davis Avenue) were deeded to the city by five different owners between 1887 and 1892; except for the section north of Amherst, this was done when comparable sections of Crescent Avenue were deeded. Following Olmsted's rule for a suburban street, Woodward Avenue does "not lead with special directness toward town."
