These brothers in blue have established several traditions on campus including the Cof-a-riety, Pumpkin Kicker and White Elephant Sale. Their annual White Rose Dance is anticipated by every brother each fall. The reigning queen for this year is Susan M. Huttenlocker. Other activities include College Camp Weekend and the Alumni Weekend.

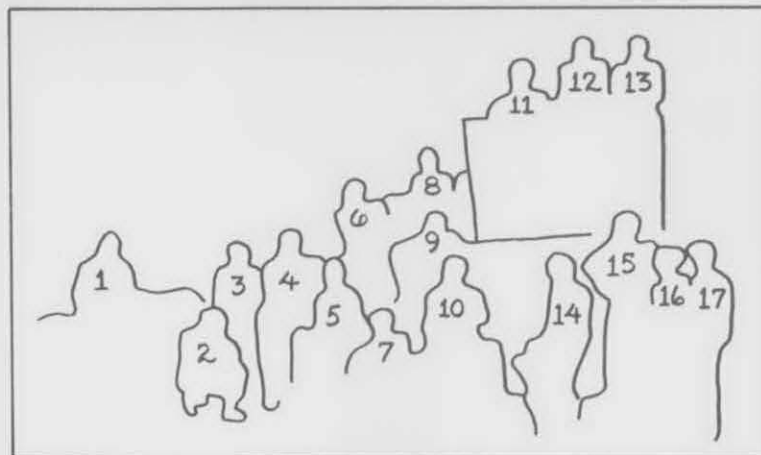

SIGMA TAU RHO

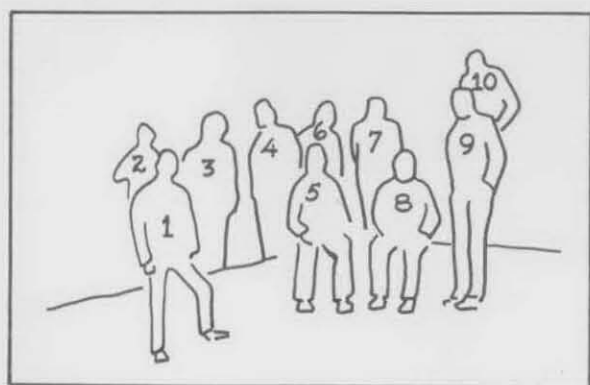

PSI PHI FRATERNITY

To ward off evil spirits during the sports year, the burning of Mr. Jinx by the Psi Phis marked the opening of the sports year. Filling a large social role on campus the brothers also sponsor a spaghetti dinner to benefit State's international students. Participation in the Yule Log Ceremony on Traditions Night has been a long standing tradition of the fraternity.

Enthusiasm can best be used to describe the Sisters of Alpha Sigma Pi. Their vibrant voices can be heard in the union and at basketball games as well as at Greek Sing. The highlight of this year's social activities was the Crowning of Sue Huttenlocker as White Rose Queen.

The activities of the Sorority are so oriented as to carry out the four fold objectives, to promote the intellectual, social, spiritual and physical development of each Sister.

A meaningful salutation used by the Sisters is "Smile, you're an Alpha Sig."

SIGMA SIGMA SORORITY

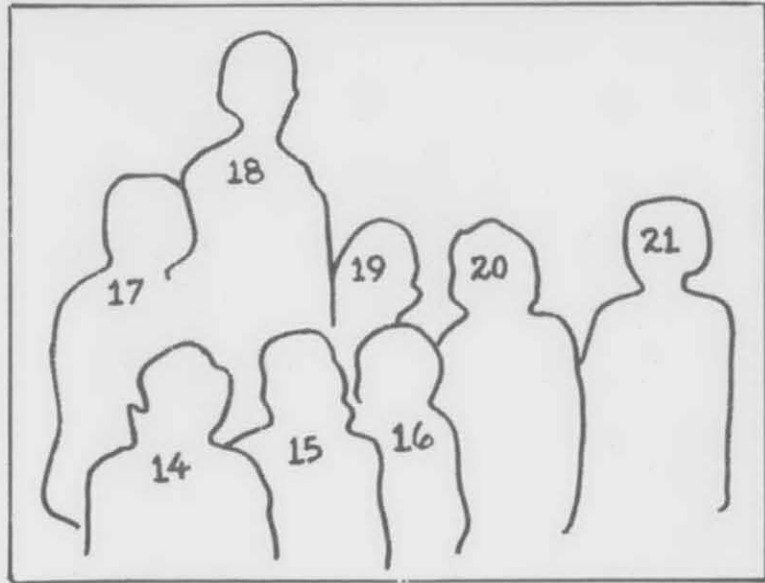

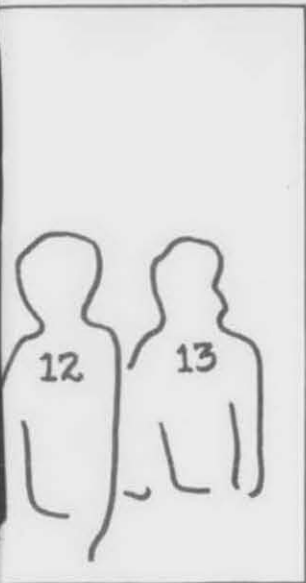

The aim of these girls in purple and white can best be expressed in their motto, "Sisters Eternal." A large portion of the sisters' time is filled by their participation in community projects such as their Christmas party at the State Hospital and Thanksgiving baskets for the needy. They also manage to make time for their many social events such as Purple Pub and an Easter Egg Hunt.

I. A. CLUB

The aim this year, as in the past, has been directed toward furthering the education, not only of the members but of the Industrial Arts student in general. Besides the program of the campus club, the professional and educational ideal of the members have been further promoted by affiliated membership with the national and state associations.

The Student Art Organization grew from the need for improvements in many areas of the Art Department as well as around the campus. The organization has been instrumental in acquiring more space for the showing of student work. It has helped relations between faculty and the students themselves through the sponsoring of panels and teach-ins on all the arts. Since discussion of contemporary trends is a necessity in the arts, it is the hope of the organization to give more opportunities for students and faculty to discuss topics of common interest and therefore create a healthier college community.

SEANYS

SEANYS provides the students of Buffalo State with an inside look into the professional world of teachers. This is accomplished by a series of lectures and convocations throughout the year, as well as through membership in the National Education Association and the New York State Education Association. The members benefit from the journals and newsletters published by the professional organizations. S.E.A.N.Y.S. also help to develop an understanding of the ethics, policies and history of teaching.

WHO'S WHO

Recognition is given in Who's Who Among Students in American Universities and Colleges for those student leaders today, community leaders tomorrow. This year thirty five students from our college have been accepted into this organization.

The students are selected by campus nominating committees. The student's scholarship, his participation and leadership in academic and extra curricular activities, his citizenship and service to the school, his promise of future usefulness—are all considered in the selection of these students.

SIENA CLUB

All the S.U.C.B. students who have been fortunate enough to live in Siena, Italy have so much to discuss and relive that it is only natural that they should form a group in which to do this. To make their visit a profitable one for those of us at home, the club tries to relate what they have seen and learned. In this way, all of us attain a broader understanding of people of other lands.

COLLEGE STORE

KAPPA DELTA PI

Our Gamma Mu chapter of Kappa Delta Pi, the national honor society in education, encourages high professional, intellectual, and personal standards. Academic assistance, the Honors Convocation, and the Dean's Tea, are annually sponsored by this organization.

Membership is limited to those juniors and seniors who have obtained a 3.2 cumulative average or better and adhere to the society's ideals and goals.

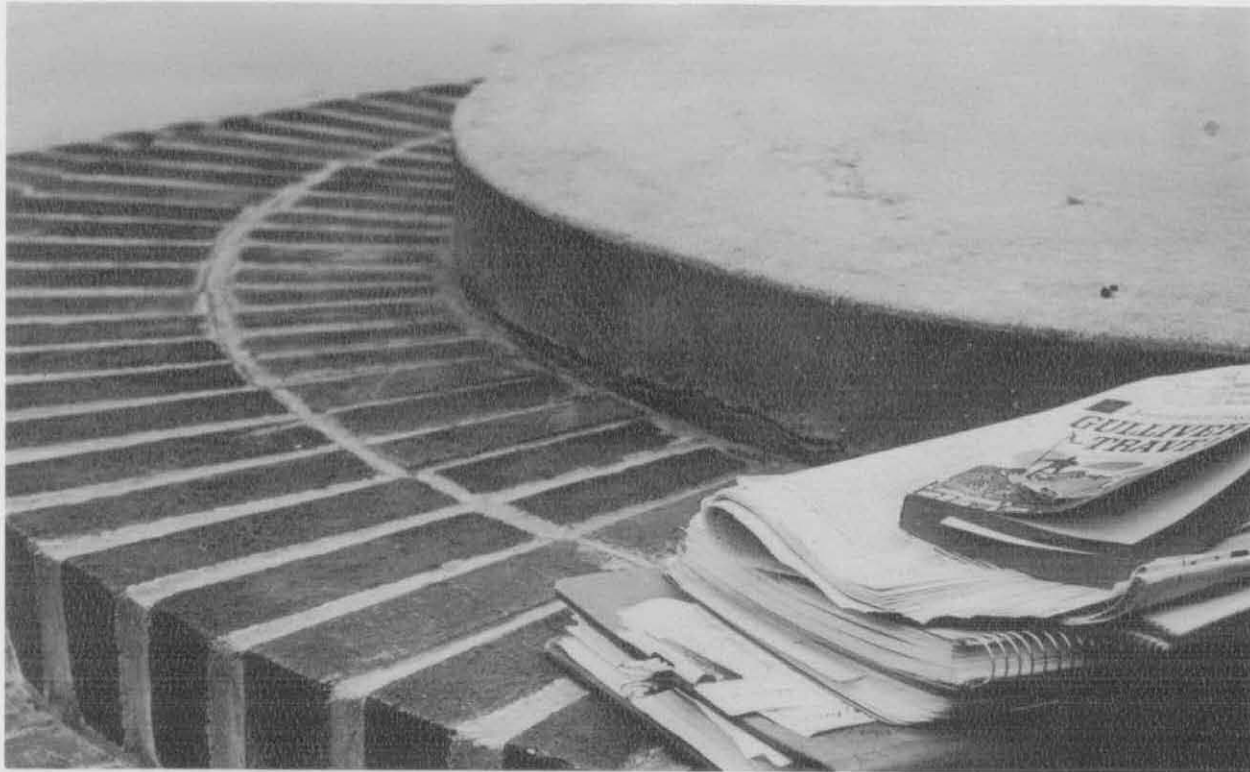

ARTS AND SCIENCE DIVISION

The Arts and Science Division is the administrative home for faculty members in the departments of English, Foreign Language, Mathematics, Sciences, Social Studies, Philosophy, Geography, Music, Health, Physical Education, and Recreation. Aside from administering the program in liberal arts, providing many required courses, the division provides many of the electives taken by students in other divisions of the college.

The English department seeks to increase the students' knowledge and skill in the use of language and interpretation of literature. Students preparing to teach secondary school English also receive instruction in methods of teaching English. The department maintains an active interest in student publications and members of the English faculty serve as advisors to the yearbook, the student newspaper and the literary magazine.

Rapidly growing in size and facilities, the Foreign Language Department offers French, Spanish, Latin, German, Italian and Russian. A recent addition to the department has been a language laboratory.

With the formation of the Liberal Arts program, the Philosophy Department has come to play a significant role in the education of our students.

Also expanding with the addition of numerous faculty members and more course offerings, is the Social Studies Department.

Presently the study of geography is an important element in a teacher's background, and because of this, many course alterations are being made in the Geography Department.

With the addition of the New Science building, the Science Department is able to combine instruction with practical lab work in good facilities.

As a result of a revised curriculum for the preparation of elementary and secondary teachers, the Mathematics Department provides for more intense training of those students preparing for a teaching career as well as those in Liberal Arts, who are majoring in Mathematics.

The Music Department, presently situated in the Albright building, provides an extensive program of study for all students.

The Health, Physical Education and Recreation Department allows the student the opportunity to explore his interests in the very important business which President Kennedy stressed, that of physical fitness.

LIBERAL ARTS DIVISION

Degrees in Liberal Arts with majors in various academic subjects were awarded for the first time in 1964. The program resulted from the State University policy to make teacher's colleges into multipurpose institutions.

The bachelor of arts degree is granted after a student has completed work in four broad areas, the arts, humanities, social studies and science-mathematics, and a concentration in an area of major study. With this background the graduate of the Liberal Arts Division is able to select from a wide variety of professions and fields.

EXCEPTIONAL CHILDREN EDUCATION DIVISION

Students majoring in the Exceptional Children Education Division specialize in areas of retarded mental development, physical handicaps, speech pathology and audiology, the hard of hearing and the deaf, and the emotionally disturbed. Courses which develop abilities necessary to work with children having exceptional learning problems are the basis of the program in each area.

To enrich the theoretical phases of the curriculum various community resources are made available to supplement the laboratory facilities.

Electives in the division offered to students in other specialized areas include experiences which develop understanding, schools and attitudes needed in appraising the nature and origin of disabilities in children as well as types of school adjustments that might be made to educate them.

EDUCATION DIVISION

Responsibility for the education of children requires that teachers have the best education our culture can offer. The curriculum offered to students in the elementary education division provides its graduates with abilities to meet the challenge of this responsibility.

Most important to the elementary program is the supervised teaching experiences with children of various age levels in different school situations.

The curriculum for the Secondary Education division provides for all phases of the professional program as well as specialization in mathematics, science, English and social studies. Required hours in the major field are often supplemented by studying a minor. Students completing the requirements of the four year Secondary Education program will be certified to teach in grades seven through twelve. The certificate is made permanent upon completion of a fifth year of study.

The Campus School of State University College at Buffalo serves a dual role. It provides an educational program for children from the three year old nursery group through grade nine. It also provides observation and participation experiences for college students majoring in education. The school's program is based on the child development concept of education.

The facilities of the Campus School include classrooms, a library of over 11,000 volumes, filmstrips, recordings, pictures and other materials used by pupils and teachers, a science laboratory, a home economics room, a gymnasium-auditorium, an industrial arts room and a nursery housed in Caudell Hall.

Serving the needs of its students and the College, the Campus school guided by its principal, Dr. Benedict Surwill, provides a unique experience for everyone who participates.

CAMPUS SCHOOL DIVISION

INDUSTRIAL ARTS DIVISION

The influence of industry on American life has added increased importance to the teaching of industrial arts. The Industrial Arts Education Division, based on this truth has formulated a program of basic courses of technology, a professional phase in education and electives in areas of special interest.

Graduates of the Industrial Arts Education Division receive a bachelor of science degree. Through their preparation in industrial arts, these teachers are able to provide instruction in the intelligent use of industrial goods and services, and help many of their students to select careers or to develop recreational pursuits.

ART EDUCATION DIVISION

The Art Education Division offers a curriculum for the preparation of teachers of art. Graduates of the division receive a bachelor of science degree.

The art curriculum, the largest undergraduate program in the world, develops expressive and creative powers and ability to teach and a knowledge of the use of art in many aspects of living. It includes a broad program of general studies and provides opportunity for individual specialization. Upton Hall, the home of the Art Education Division, contains specially designed equipment, a resource library and extensive display facilities to enrich learning.

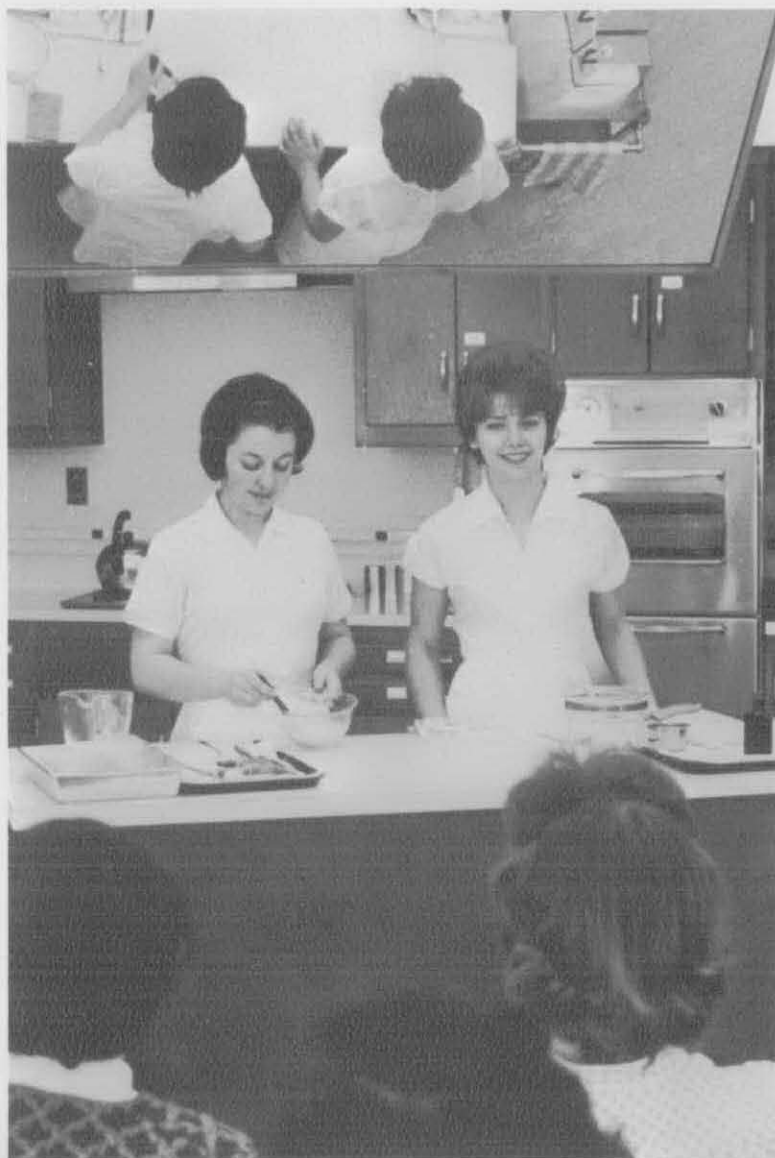

One of the fine contributions of the Art Education Division has been the Foreign Study Program in Siena, Italy. This has now been extended into other divisions of our college. Through all the intellect and sensibilities given to man, the art students endeavor to pursue the powers of perception and creativity.

HOME ECONOMICS EDUCATION DIVISION

The four-year program of the Home Economics Education Division prepares teachers who will be physically and mentally healthy, intelligent and informed, efficient vocationally and professionally, and cultured in gracious living. Graduates receive a bachelor of science degree and are qualified to teach homemaking in the public schools.

The laboratories of Caudell Hall provide students in this division with experience in such areas as food preparation and service, selection and construction of clothing, housing and home furnishings and child development and family life.

The college maintains an attractive well-equipped residence, the Home Management House, located near the campus where senior students live for a five week period under faculty supervision to gain experience in the social and economic management of a home.

GRADUATE DIVISION

The Graduate Division offers an on-campus program throughout the academic year. Master of Science degrees are given students in the same areas of concentration as represented by the under-graduate divisions and in Elementary Administration and Supervision.

The scope of its program is being broadened with plans for the inclusion of other degree programs, such as a master of science program for junior college teachers, a full-time graduate program and eventually perhaps programs leading to the doctorate.

The Graduate Division encourages students who intend to pursue graduate work, at this institution or elsewhere, to visit the graduate office during their senior year to discuss graduate program possibilities and plans.

Graduates of the basic program are eligible for certification and receive a bachelor of science degree for their achievements.

NEWMAN MOVEMENT

The purpose of Newman is threefold; Educational, Spiritual, Social. The Educational aspect is fulfilled in the Newman Institute of Studies which offers courses in Theology, Philosophy, and allied subjects. Informal education finds its place in informal discussions and in lectures. The Spiritual aspect of Newman is fulfilled in daily and Sunday Mass and through participation, as teachers, in the Buffalo Diocese's program of Confraternity of Christian Doctrine. The Social aspect is fulfilled by the many events which take place throughout the college year.

Newman welcomes members of all other faiths to use the Center's facilities to their fullest.

COLLEGE BAND

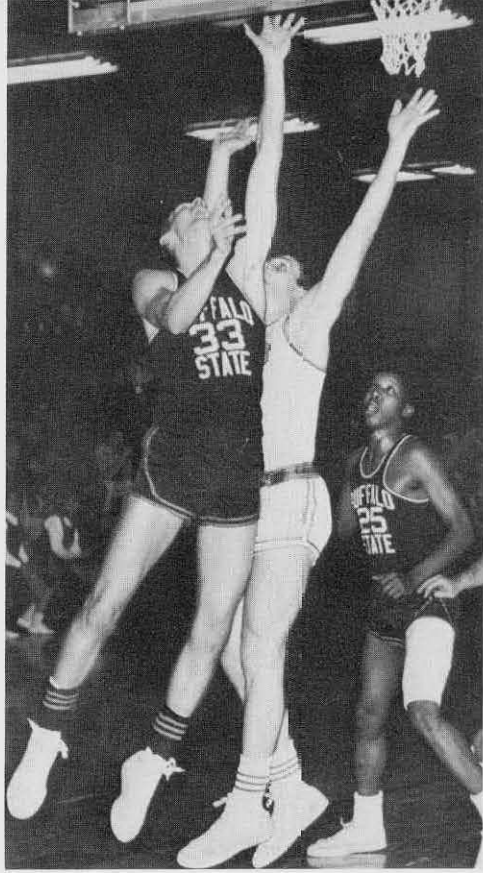

Under the direction of Dr. Joseph Wincenc, the College Band functions to provide high quality music which is a delight to all who hear it during the concerts. The highlights of the year's activities are concerts in the fall, in the Union at Holiday time, and in the spring. Band members will be remembered for their efforts in promoting the musical activities of our college.

PETE PROZIK

Pete is the first Buffalo State athlete to be awarded first team All America mention. The lithe fullback added All Conference and All State to his honors.

PETE WIDNER

Pete not only starred on the soccer team but also won this year's Golden Gloves lightweight championship at Memorial Auditorium.

CHUCK MANCUSO

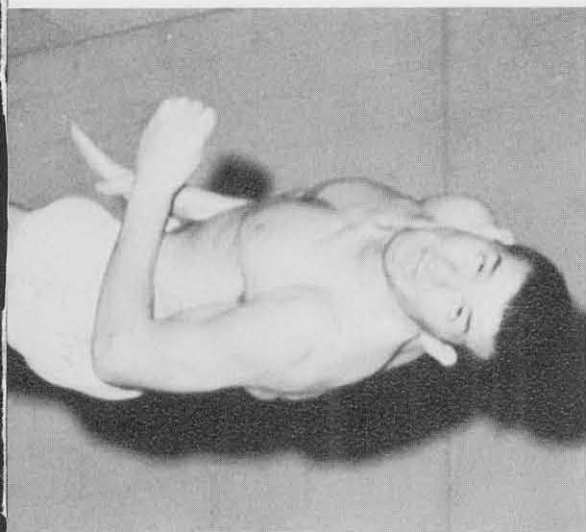

Jazz journalist-ball player Chuck Mancuso finished with a three year scoring total of 978 points—third on the all time list. Repeated as a first team All Conference section.

TOM ALLEN

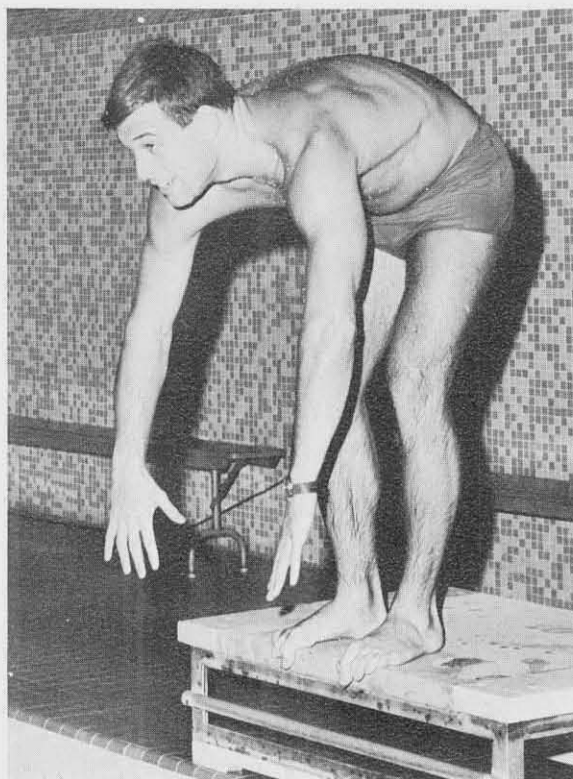

Sophomore goalie Tom Allen turned in a spectacular job breaking a school record with 5 shutouts. Named to the All State team and the All Conference Squad.

HONORED ORANGEMEN

DAVE WARNER

A steady 3 year winner in the diving event. This year Dave capped his career with an unprecedented victory in the three-meter dive at the Upper New York State Championships.

JOHN ERNST

The senior Individual Medley Record breaker. He also paced the freestyle relay quartet to a school record.

ROGER HAUCK

The epitome of a great runner. The one time All-America distance runner was hobbled by a bad knee this year but still broke the school record and was first man on the All Conference team.

JERRY SAWICKI

The stocky blonde bomb earns honors again as an All Conference left-wing and on All New York State selection.

VARSITY SOCCER

Coached by Fred J. Hartrick, the 1965 edition of the Buffalo State Varsity soccer team compiled a record of five wins and six defeats. The overall ability of the squad cannot be judged by its record however, owing to the fact that three of its losses were by one goal margins, with two of these coming in overtime.

Co-captains Jerry Sawicki and Harold Morrell led the team in scoring. Sawicki netted seven goals while Morrell ended his college career with four.

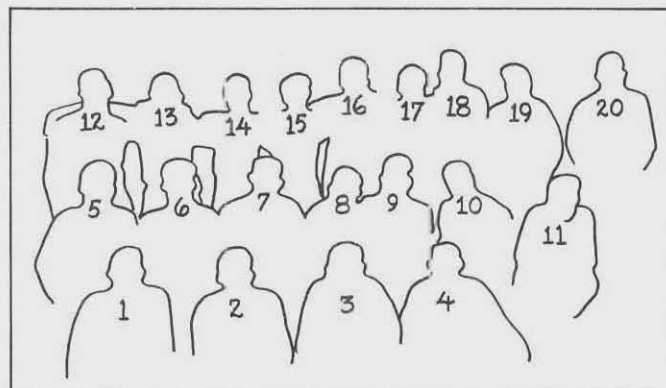

Sophomore goalie Tom Allen set a school record for shutouts in one season as he registered five in the eleven games played.

Peter Prozik made school history in being selected as the first team fullback on the 1965 Coaches' All-America team. This marks the first time that S.U.C.B. has ever placed a player on the first unit of the dream team. Prozik was also named to the All-N. Y. State team as were center forward Sawicki and goalie Allen. The trio was placed on the S.U.N.Y.A.C. All-Conference team as well.

Prospects for next year's campaign look excellent in that coach Hartrick loses only one letterman from this year's team and will be welcoming some top-notch candidates up from this year's Frosh unit.

VARSITY CROSS-COUNTRY

1965 turned out to be a fruitful year for the State harriers coached by Mr. Richard Marsh. The Orangemen, captained by Wayne Rose, compiled a 4 win-1 loss record in dual meet competition. Senior Roger Hauck placed first in all five races, setting new course records in two of the meets.

Besides a highly successful dual meet season State's cross-country team captured second place in the LeMoyne Invitational, a second in the Canisius College Invitational, and garnered the S.U.N.Y.A.C. cross-country championships. The squad finished 14th in the N.C.A.A. National meet as well.

Hauck, in his last year of competition finished second in the LeMoyne and Canisius Invitationals and in the S.U.N.Y.A.C. This showing, plus his 5-0 slate dual competition brings a fitting close to the career of one of the best cross country runners ever to wear the S.U.C.B. colors.

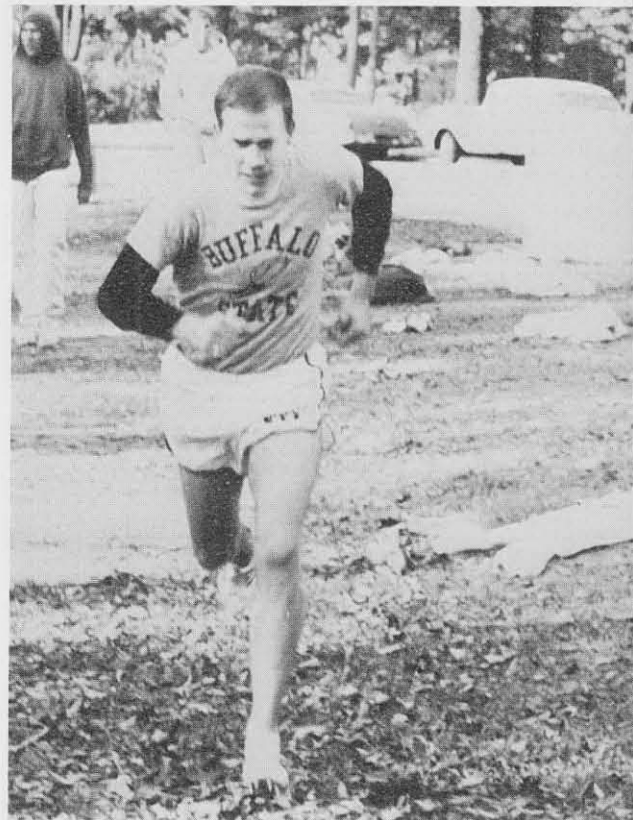

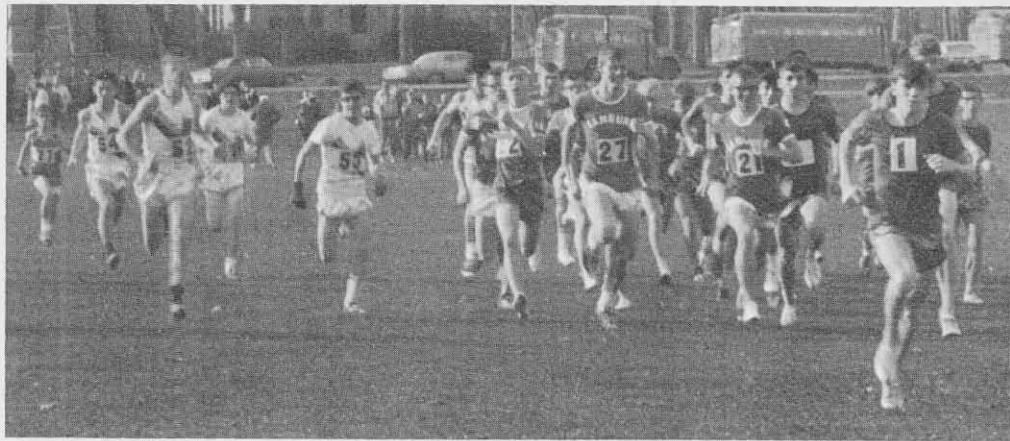

ROW 1: Paul Dufficy, James Ellerbrock. ROW 2: Al Scapattica, Robert Gabriel, Jim Graff, Art Reimer.

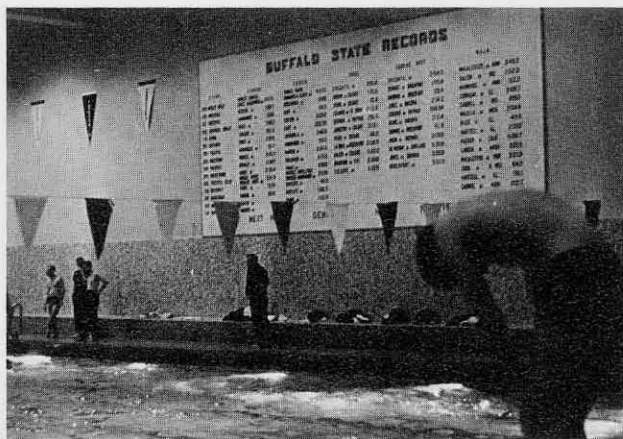

FRESHMAN CROSS COUNTRY

This year's Frosh cross-country team, under the direction of coach Richard Marsh, proved to be one of the best in the school's history. The unit was defeated only once the entire year. Along with a 4-1 dual meet record the Tangerines captured first place in the Canisius Invitational, the LeMoyne Invitation and won the S.U.N.Y.A.C. FRESHMAN CHAMPIONSHIPS. The Frosh placed second in the New York State College Track and Field Association Championship run.

The top freshman harrier proved to be Jim Graff who was defeated only twice during the year and shattered many existing frosh records in the process.

The strength of this year's Freshman squad points to a continued dominance of S.U.C.B. as a New York cross country power.

ROW 1: 1. Pacifico, Mike; 2. Ernst, John; 3. Kohler, Bob; 4. Richards, John; 5. Warner, Dave; 6. Burison, Jerry. ROW 2: 1. Meyers, Bob; 2. Franz, Tim; 3. Mangus, Dave; 4. Canamella, Don; 5. Armesto, Mark.

VARSITY SWIMMING

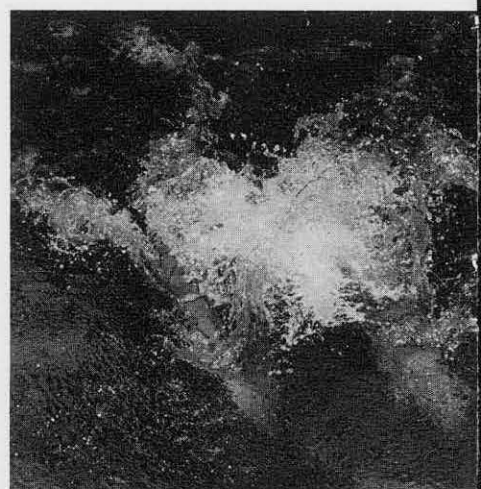

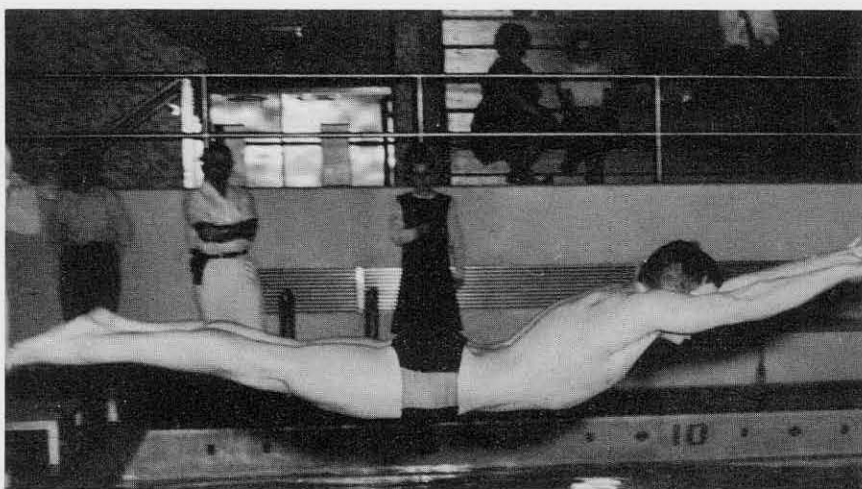

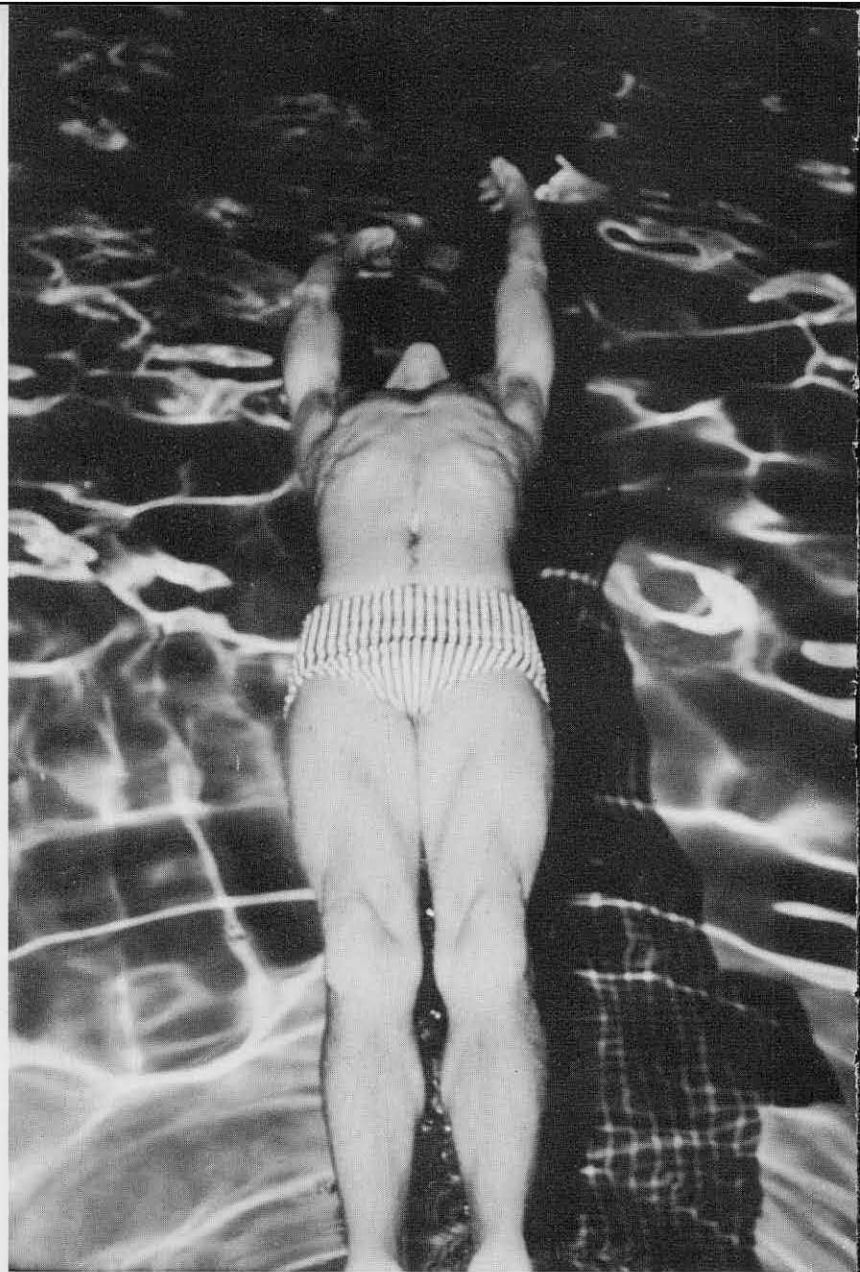

The Buffalo State mermen were victorious in 11 of 16 dual meets this past year, compiling the winningest record of any swimming team in the history of the school. In championship meets, the Statesmen placed third in the S.U.N.Y.A.C. event and sixteenth out of forty-five at the NAIA Nationals at Conway, Arkansas. The season can be considered very successful due to the efforts of the members of the squad, and also the very capable coaching of Mr. Richard Heller.

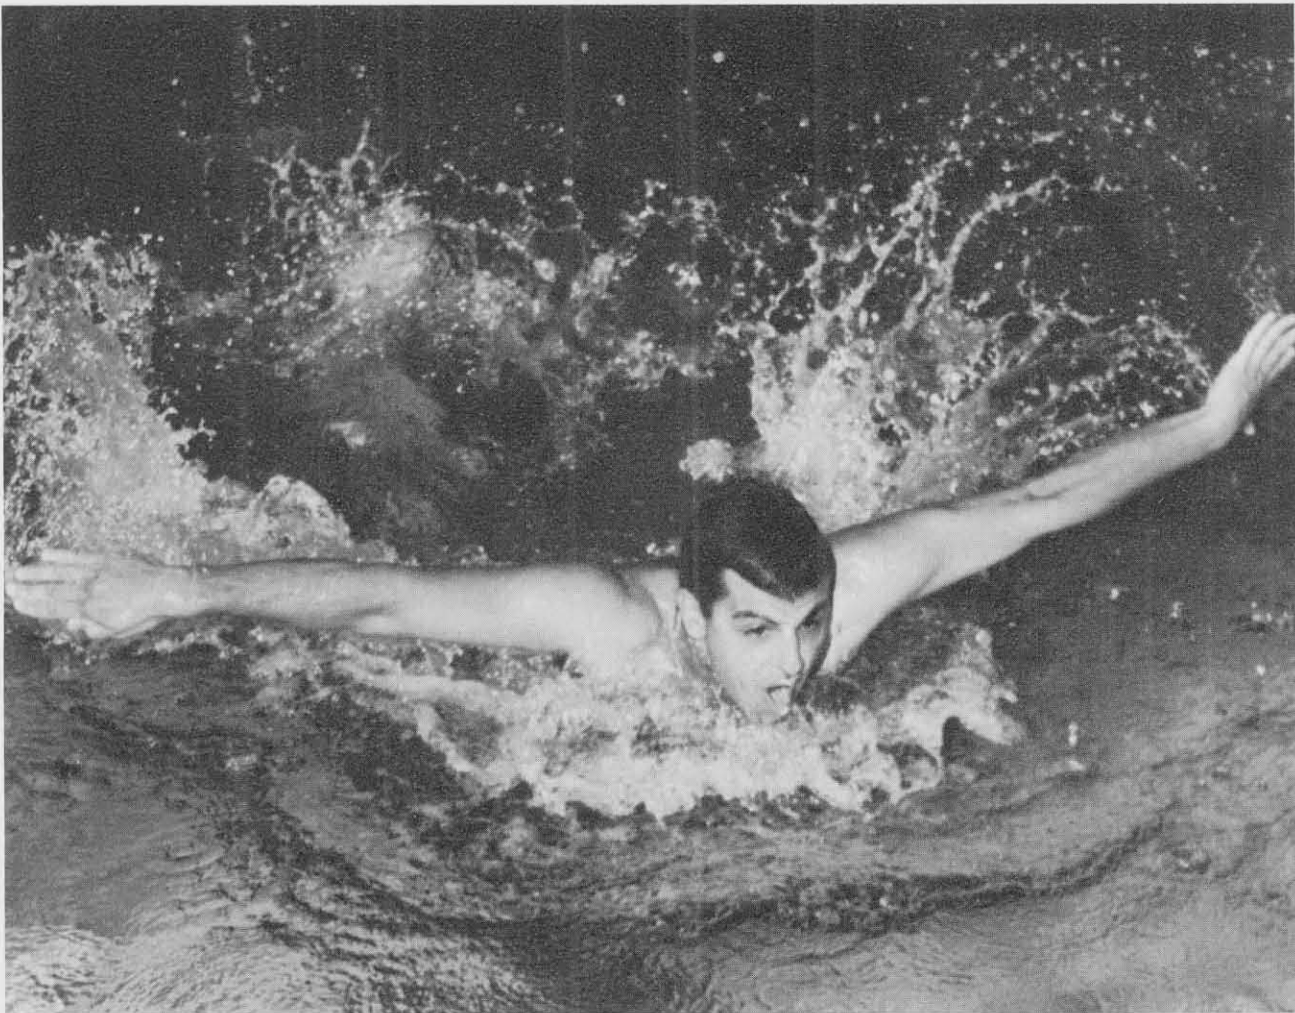

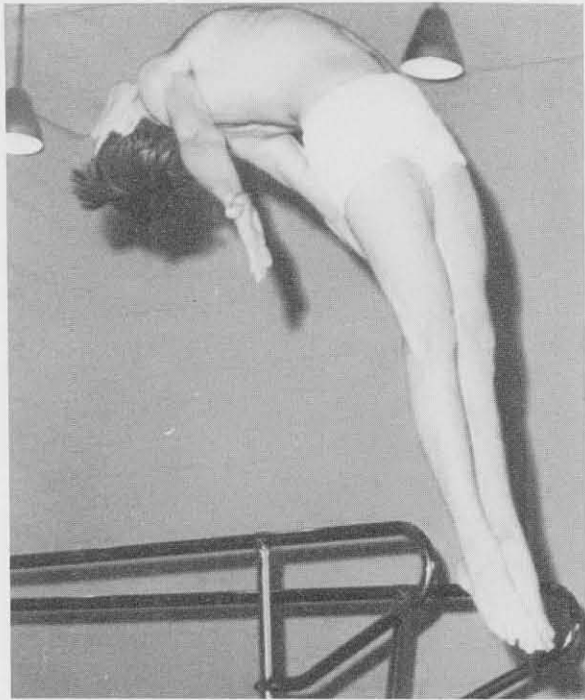

If the season can be considered to have had a pinnacle, most will agree this occurred on the evening of the St. Bonaventure meet. The Orangemen needed to win the final event, the 400 yard free style relay, to capture the meet. Going into the final leg, the Statesmen were behind about two yards out and won by a margin of about one foot! The final score was Buffalo State 49, St. Bonaventure 46, with a new school record of 3:31.9 for the relay team.

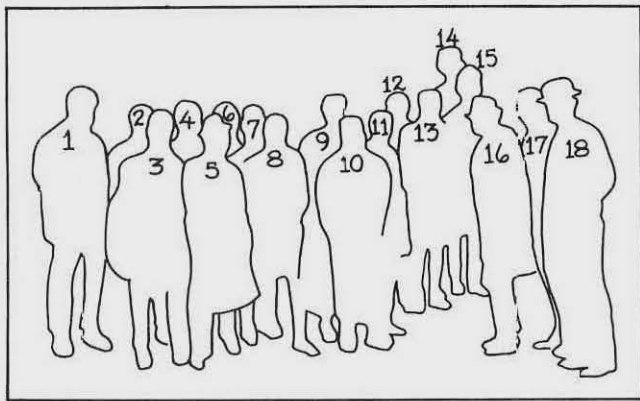

Consistent winners throughout the year included John Ernst, Dave Warner, Bob Koehler, John Richards and Dave Mangus. Ernst, specializing in the 200 yard Individual Medley, brought his own school record down from 2:18 at the beginning of the season to a very excellent 2:12.6 at the National Championships. The one and three-meter diving events were the forte of Warner, who highlighted his career by winning the three-meter dive at the Upper New York State Championships. Mangus swam a variety of events, from the 100 yard and 200 yard freestyle to the 200 yard backstroke, winning wherever he was placed. The record time of 1:56.5 he established in the 200 freestyle does not seem likely to be beaten in the near future. The 500 yard freestyle was Bob Koehler's main event, in which he very often was a winner, holding the record of 5:32.6 John Richards, one of the four seniors on the squad, performed well in the 200 yard butterfly, coming out a winner more than not.

The outlook for next year is fairly bright despite the loss of Ernst, Warner, Koehler and Richards. Freshmen moving up to the varsity include undefeated diver Aaron Carp, vastly improved freestylers Bob Vail and Fred Roehrig, and distance man Tom Neumann. The absence of the graduated seniors will undoubtedly be hard felt at first, but the returning underclassmen along with this year's frosh are certainly capable of outstanding efforts and should continue the newly formed tradition of winning seasons.

State's hoop season ended on a rather auspicious note this year. The squad played in the National Association of Inter-collegiate Athletics District 31 post-season tournament, held at Monmouth College, West Long Branch, New Jersey. This marks the first time in the school's history that the Orangemen have been invited to compete in a national post-season tourney and speaks well of S.U.C.B.'s cage fortunes.

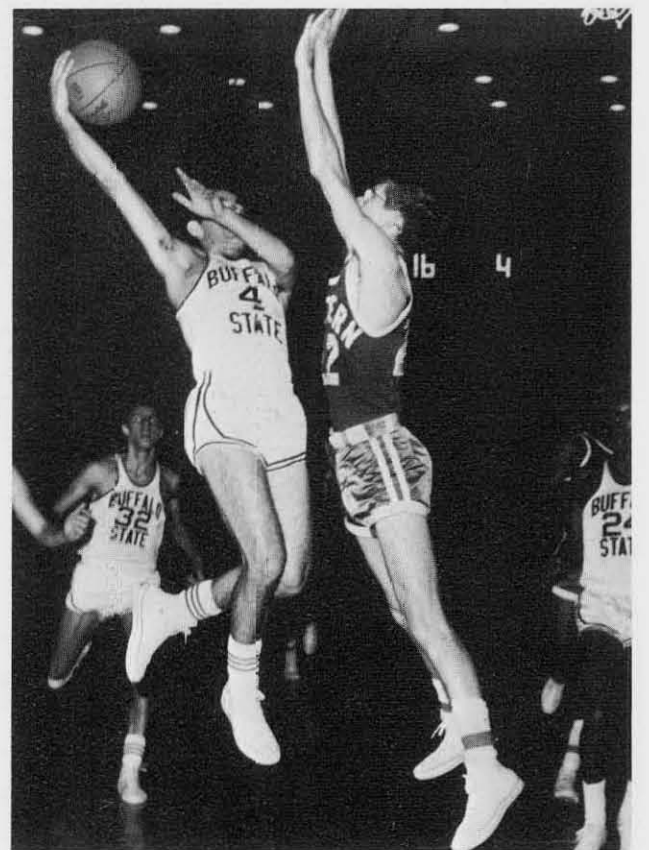

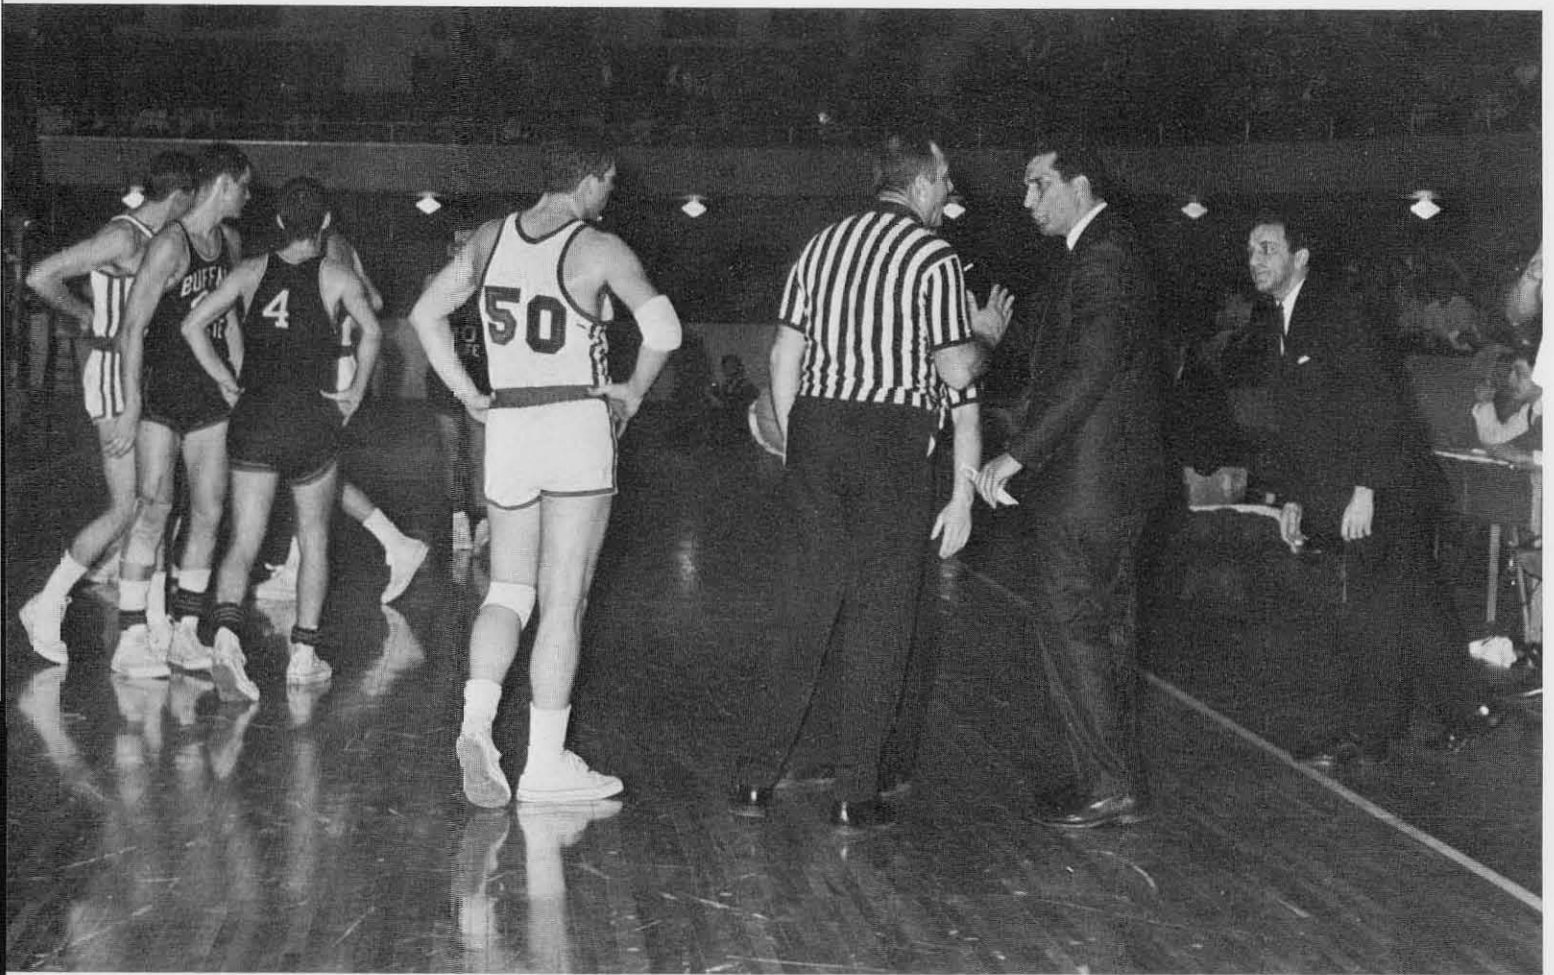

Under the direction of its coach, Mr. Howard MacAdam, and assistant coach, Mr. George MacDonald, the hoopsters compiled a record of 14 wins and 7 losses for the season. In the process the club picked up impressive wins over Texas Southern, Western Ontario, the University of Buffalo, Roberts Wesleyan, and Plattsburgh State. In State University of New York Athletic Conference play the Orange and Black had a 6-3 record to tie for second place in the league standings.

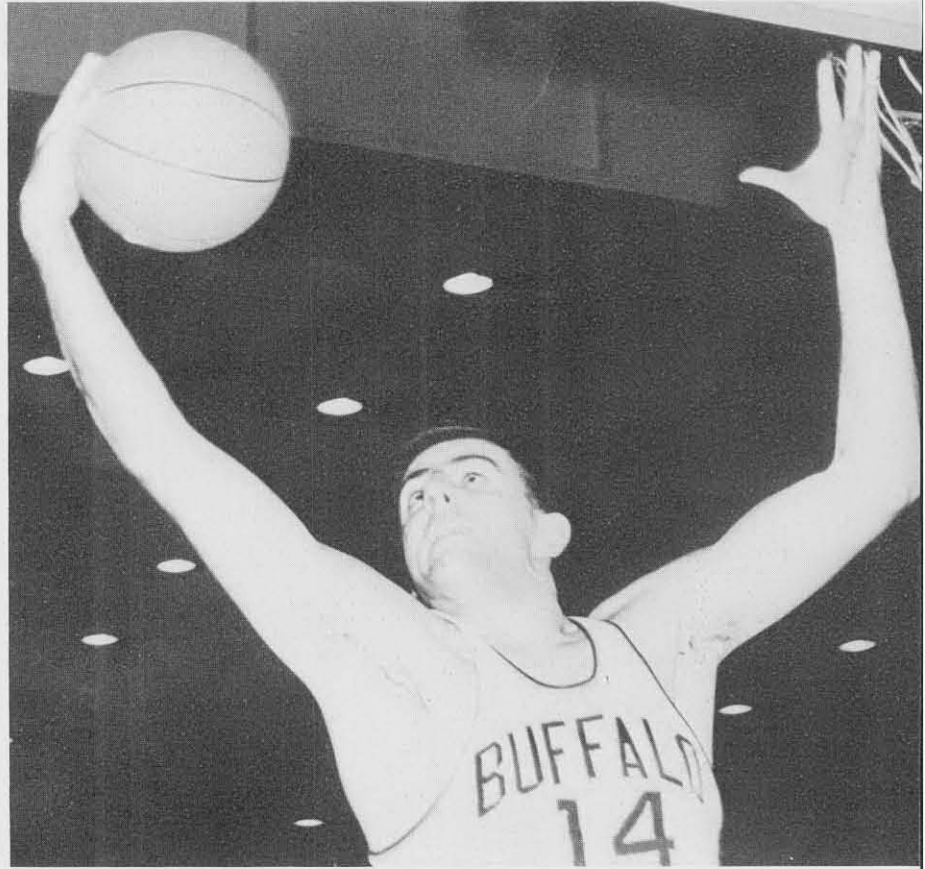

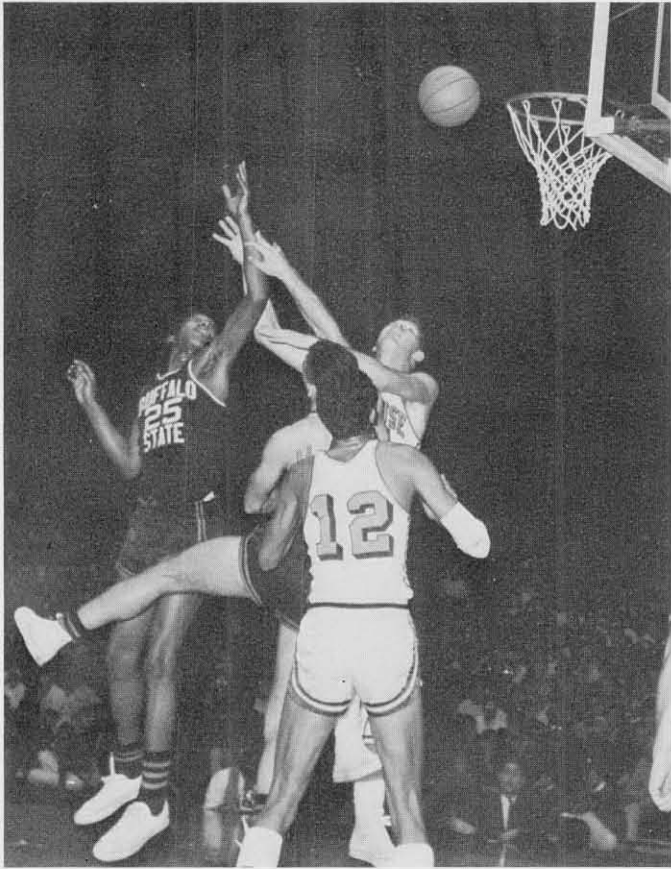

Team captain Charles Mancuso lead the varsity in scoring with 258 points. Al Kozen was the squad's leading rebounder with 203 to his credit. Benjy Bluman proved to be a crowd pleaser throughout the campaign and sophomore Dave Saunders developed rapidly enough to merit a starting position quite early in the season.

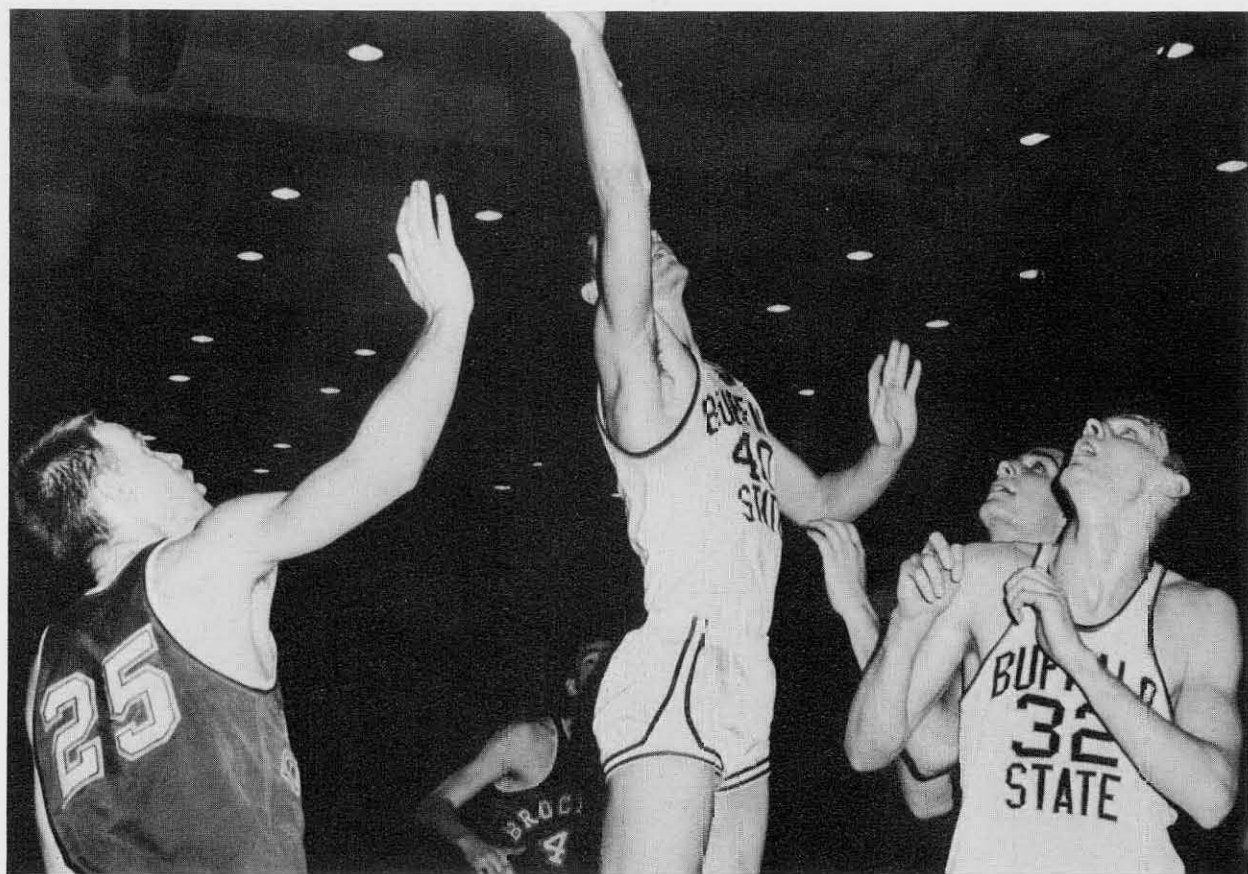

S.U.C.B. placed five men on the S.U.N.Y.A.C. conference honor squad this year. Mancuso was named to the first team of the all-star contingent for the second consecutive year while Kozen, Saunders, Bluman and sophomore Paul Thompson received honorable mention.

Prospects for next year's campaign look even brighter due to the fact that coach MacAdam loses only two lettermen, Mancuso and Mike Urbanski, through graduation.

FRESHMAN BASKETBALL

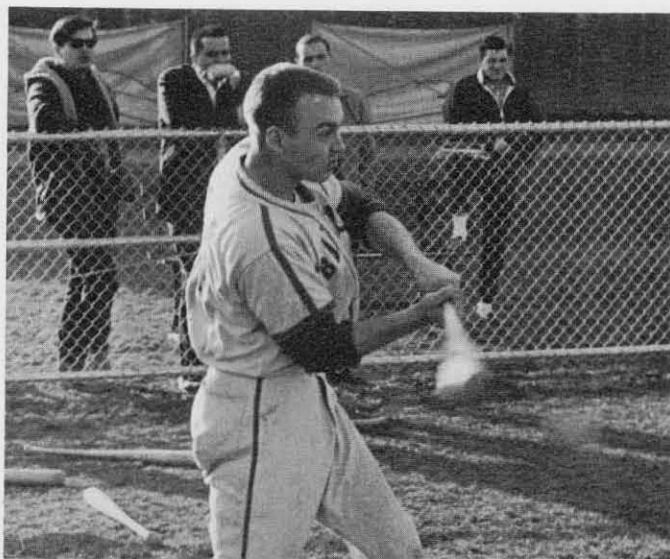

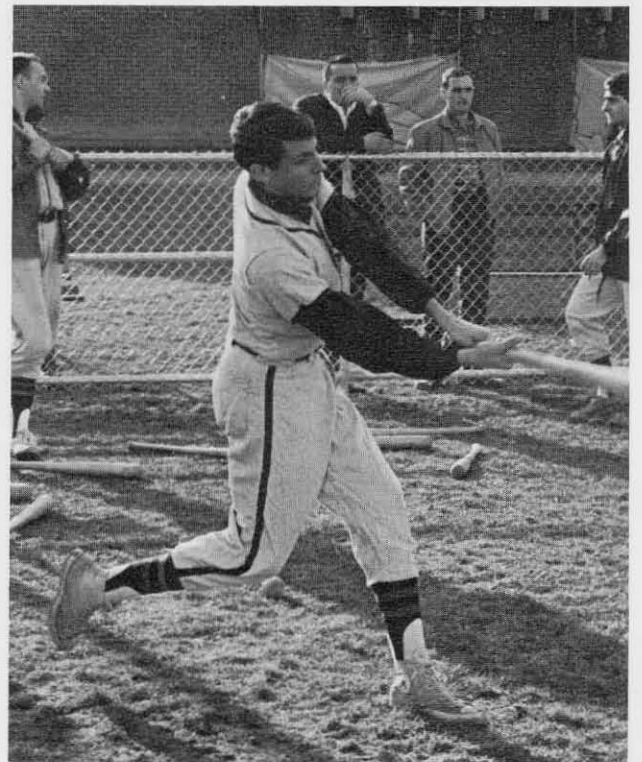

The Freshman Basketball team finished the 1965-66 season with an 8-10 record. The team, under the direction of Donald O'Brien did not have the super-stars, the All-High, All-City, and All-County ballplayers that the other Western New York Colleges had, but this year's squad was a team—played like a team and hustled like a team!

Bill Koslowski was the top gun on this year's freshman team with an average of 13.4 per game. Also averaging over ten points a game were Len Piorkowski—14.9, Ed Butler—12.9, and Ed Dyl—10.8.

SPRING SPORTS AND INTRAMURALS

VARSITY TENNIS

This year's varsity team was one of depth and individual talent. Each player displayed good form from the beginning of the season to the State Championships held at Fredonia State.

The team was lead by the foursome of Roger Hauck, Warren Gassman, Mike Melnyk, Joe Lotempio. All four men contributed important wins in both singles and doubles.

COLLEGE UNION BOARD

Social, recreational, and cultural activities are an important part of each student's campus life. The College Union is the center of such activities and the College Union Board is the organization which plans and coordinates them. Representatives from the student body plan the use of Union facilities for such activities as dances, movies, jazz concerts and coffee hours, in an attempt to develop programs which will appeal to a cross-section of the college community. Winter Weekend Homecoming and Holiday Week are the highlights of College Union Board's year-round activities.

CLASS OF 1966

As we look back on our past four years, both today and many years from now, we will be able to see a wealth of experiences.

Classes, exams, term papers and social activities have combined with each other to produce within ourselves a new outlook and anticipation of future goals.

1. Savanyu, Karen, *Recording Secretary*
2. Kreuter, Doris, *Student Congress Alternate*
3. Wzykowski, Nancy, *Corresponding Secretary*
4. Rosen, Sharri, *Treasurer*
5. McGovern, Terry, *Student Congress Representative*
6. Shepherd, Karen, *President*
7. Connelly, Ralph, *Vice President*
8. Covalski, Linda, *Historian*

Reflecting on your past four years as a student, you will recognize that you have been a part of the period of greatest change which this College has ever experienced. While our obvious physical growth has been almost overwhelming, the accompanying development of new concepts, programs and practices has been equally significant. And as the College has grown both inwardly and outwardly so have you also grown and developed. Through inspiration provided by your books, your professors and your student associates, you have acquired the attitudes and skills which mark the maturing educated person.

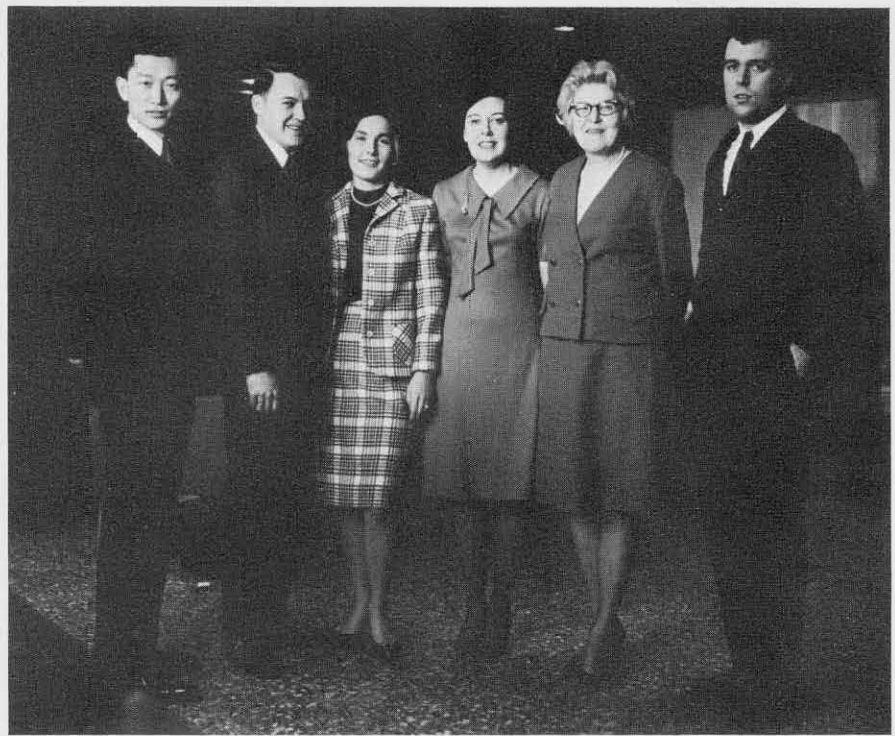

As students of this College, you have come to realize that your acquisition of knowledge will not end with Commencement. I hope that upon your departure you will take with you the remembrance of your alma mater as a major contributor to the total development of your intellectual and social life.

Please come back and visit your campus on Elmwood Avenue.
