ADMINIS RATION

BUFFALO STATE:
THE MODERN URBAN COLLEGE

This is an exciting time to be a student. Here at Buffalo State as on campuses all over the nation, students, faculty and administrators are becoming more alive and are beginning to talk to each other. High education, we are finding, is not something complete that already exists and is merely purveyed in the manner of pouring out cups of coffee. Rather, academic and social fervor is an essential and continuous part of a healthy educational climate. The professor, of course, is expected to be an expert in his field who shares his existing knowledge as well as his latest scholarly discoveries with his students. But the process is not complete until learning takes place in the student. Learning is an active, not a passive, experience.

As our College prepares for its Centennial Year in 1971-72 there may be a tendency to look back, to recall the "olden days" of previous glory. We have much to be proud of at Buffalo State, but, as the inscription on the Archives of the United States indicates, the past is but prologue. Rather than becoming the prisoner of our past, we can become the beneficiaries of it.

We might think of the College as a river with many powerful tributaries. From our century-old experience in teacher education can come an even stronger commitment to prepare the kinds of enlightened practitioners who will be needed for inner city schools and other challenging assignments. From our growing strength in the liberal arts come innovative ways of teaching in the established disciplines, as well as creation of new programs both graduate and undergraduate. And from existing strengths have grown new specialized programs leading to careers in such vital fields as nutrition, industrial technology, and police science.

These are the kinds of programs which make ours a truly *modern urban college*.

Many of the blights on American society today can be cured if enough people care, if enough human and other resources are applied in imaginative ways. The high idealism of today's students can be coupled with the opportunity to learn not only knowledge for traditional reasons, as well as to act as a skilled and committed citizen.

Today's students are already involved in the search for solutions to problems of poverty, racial tensions, government of big cities, and pollution of the environment. While no college by itself can resolve these problems, the campus as well as the city can become the laboratories where solutions are sought. The past year has seen more student learning off campus, whether it be in ghetto neighborhoods, at the Great Lakes Laboratory, at the college camp, in foreign countries, or as administrative interns in Rockwell Hall.

To accomplish such ambitious goals the College must grow in resources, in commitment, and in stature. These steps must be taken in such a way that effective human relationships are fostered, rather than discouraged. Sharing of responsibilities for campus governance and for liberalizing rules of older times is also part of today's education.

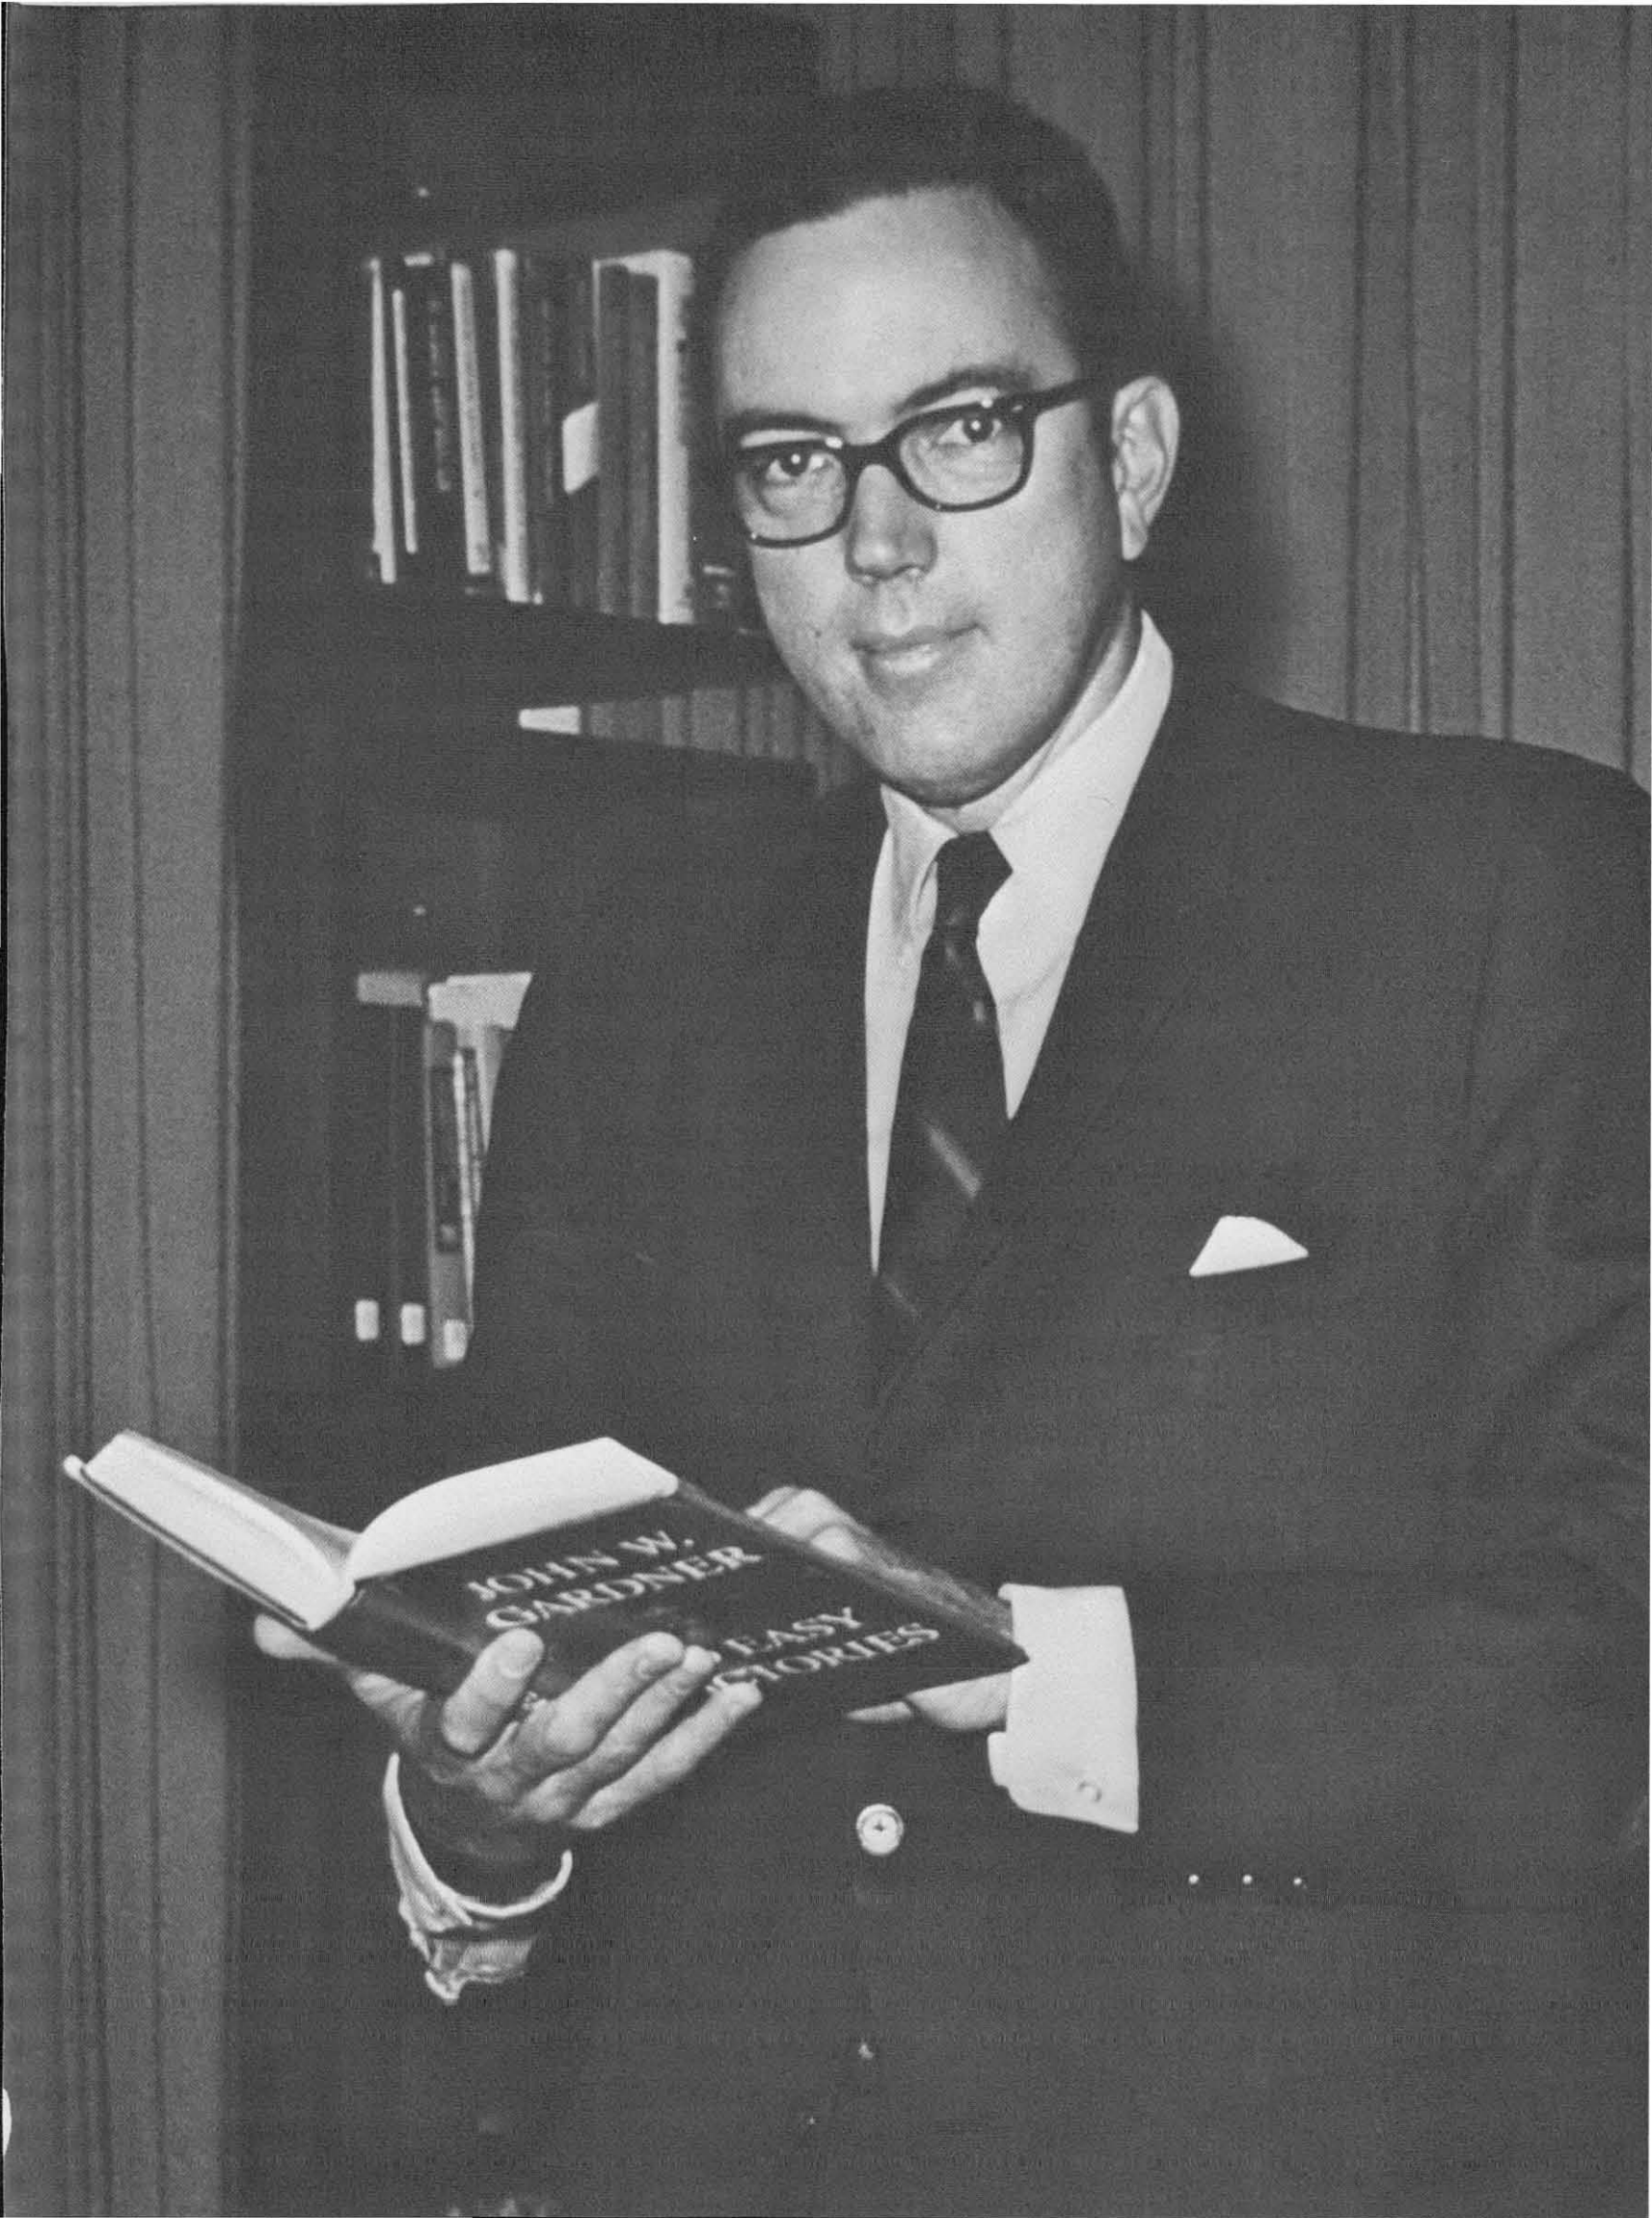

Thus, in the process . . .

We discover new relationships. We identify new goals. We grow in size and concept.

Completion during the past year of the academic core area linking the Student Union, the rededicated Edward H. Butler Library, and the Communications Center is both a tangible and a symbolic act. This has been a year when we have actually emerged from the mud to an increasingly attractive and cohesive campus!

As you members of the Senior Class of 1970 go forth to take on increasing responsibility for the improvement of your own lives and for the city and world about you, we who remain at the College extend our warmest congratulations and good wishes for your important work.

TRADITIONS

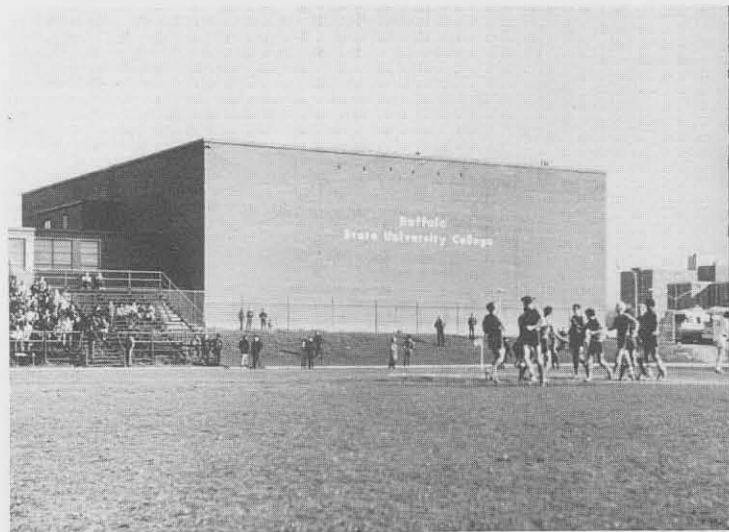

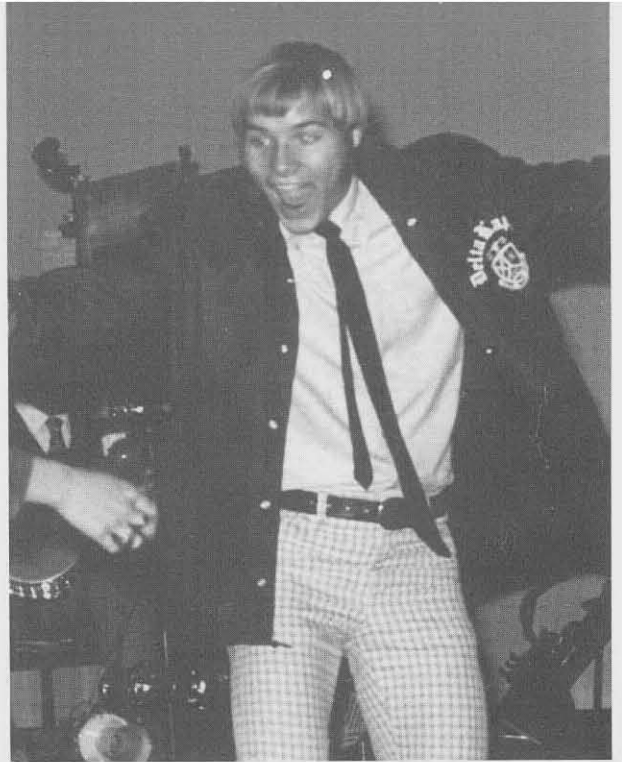

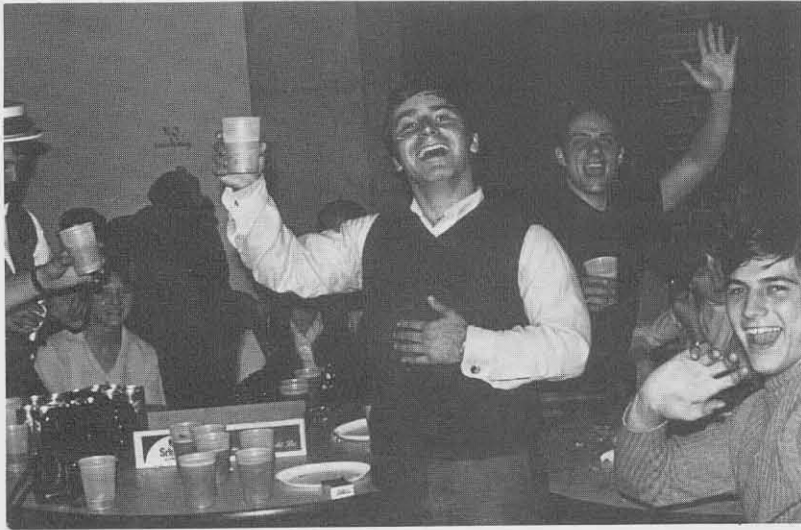

Homecoming Weekend

Homecoming 1969 at Buffalo State took place on October 24-26. The tradition began with a semi-formal dance at Leisureland Inn, where Michele Magazine, class of '71 candidate, was named Homecoming Queen. The Next day Michele and her court led the motorcade around the campus. At the annual Homecoming Soccer game, Buffalo State won over Roberts Wesleyan in an exciting game. The Saturday night "Speak-Easy" with the "Barroom Buzzards" held something for everyone. The highlight of the weekend was the double concert on Sunday given by Dionne Warwick. This event was particularly well-attended. Homecoming 1969 was a very successful tradition thanks to the active support of enthusiastic students.

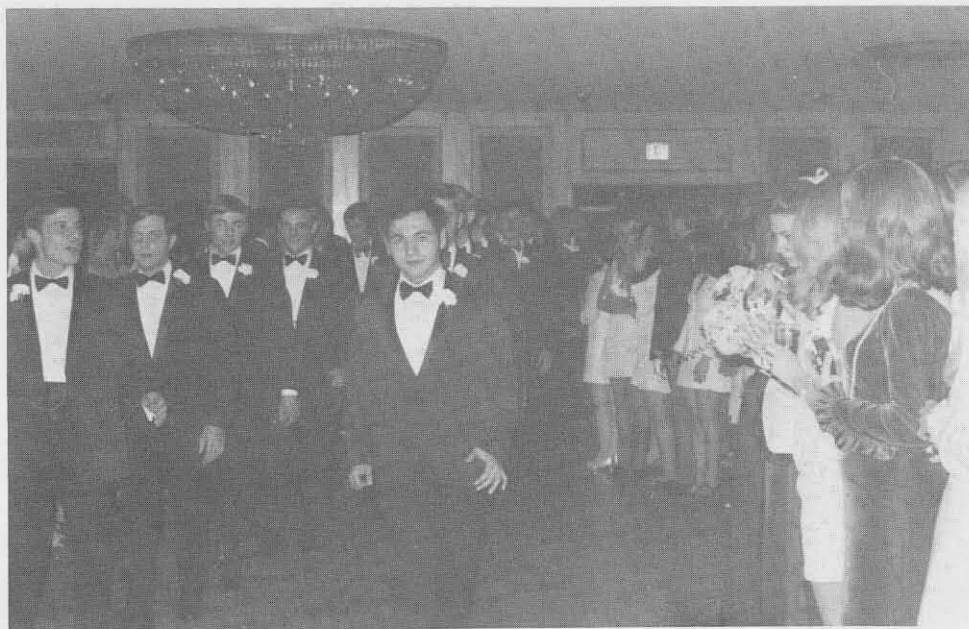

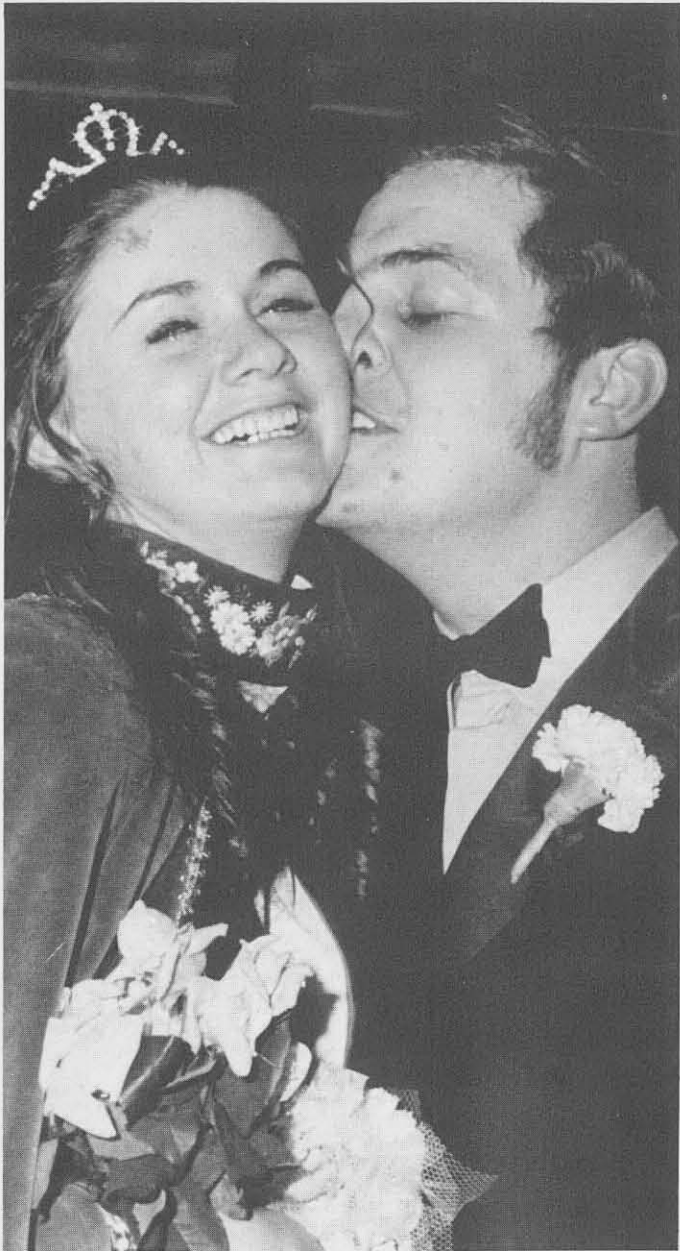

Delta Kappa Crystal Ball

Crystal Ball, Delta Kappa's semi-formal dance held annually during the month of November, began in 1923 when the first Miss Varsity Queen was selected to represent Delta Kappa Fraternity. Through the years, Crystal Ball has continued to be the highlight of the November traditions at Buffalo State. This was evidenced again this year, when Miss Karen Murphy, the 1968-69 Queen terminated her reign as Miss Varsity and Miss Janine Piret became the new Queen. She will reign an entire year.

Delta Kappa, in celebrating this time hallowed tradition, would like to extend a cordial invitation to everyone who would like to attend a Crystal Ball.

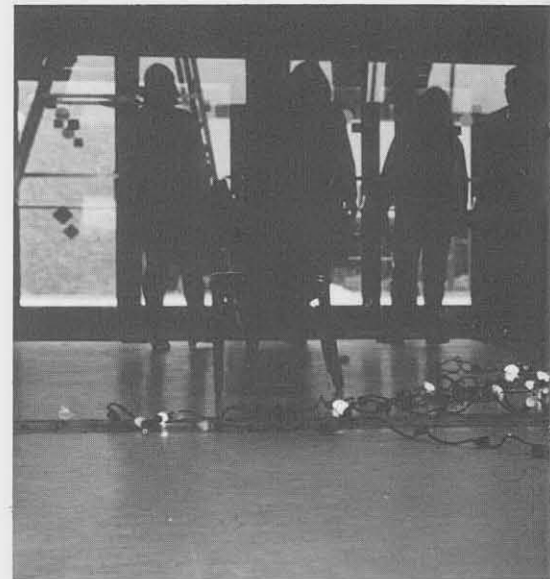

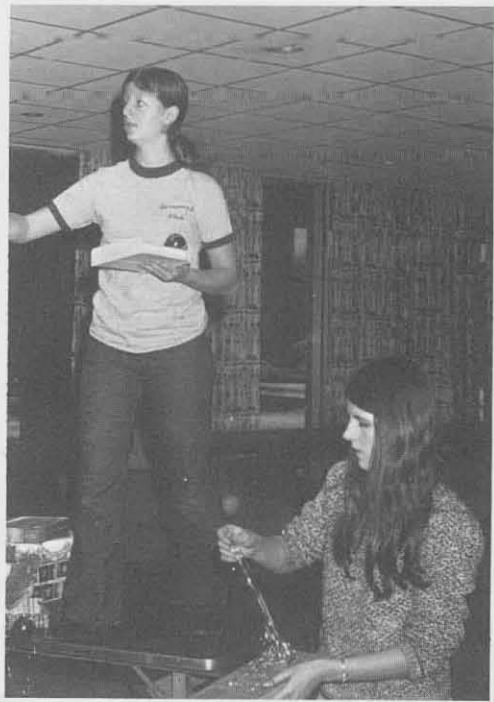

Sigma Tau Rho White Rose

Sigma Tau Rho's 40th Annual White Rose semi-formal, the highlight of Sig Tau traditions, was held December 12, 1969 at the Parkway Inn. This year's chosen queen was Joanne Huttenlocker, candidate of the class of '71, who will reign until next December.

Buffalo State Has Another Winning Basketball Season

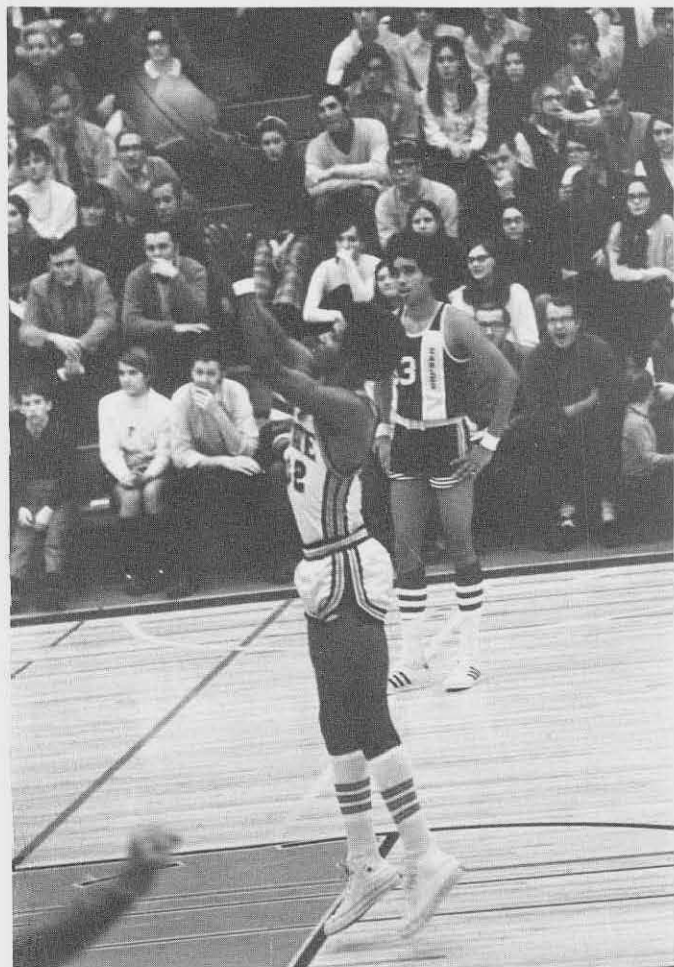

And A Team It Can Be Proud Of

Three consecutive Conference championships and four successive post-season national tournament bids is a lot to follow, but perhaps this year's team will be equal to the challenge. Coaches MacAdam and O'Brien are silently optimistic for they both believe that if the team develops behind the leadership of their two great captains, Tom Borschel and Randy Smith, it may?! — be one of State's best.

A flash streaks across a basketball court or a soccer field, down a broad jump runway or over a high jump bar. That same flash is an All-Conference, an All-State, and All-American, and Buffalo State's All-Everything, Randy Smith. He has distinguished himself more than any other individual athlete in the school's history. People are still wondering what he doesn't do well.

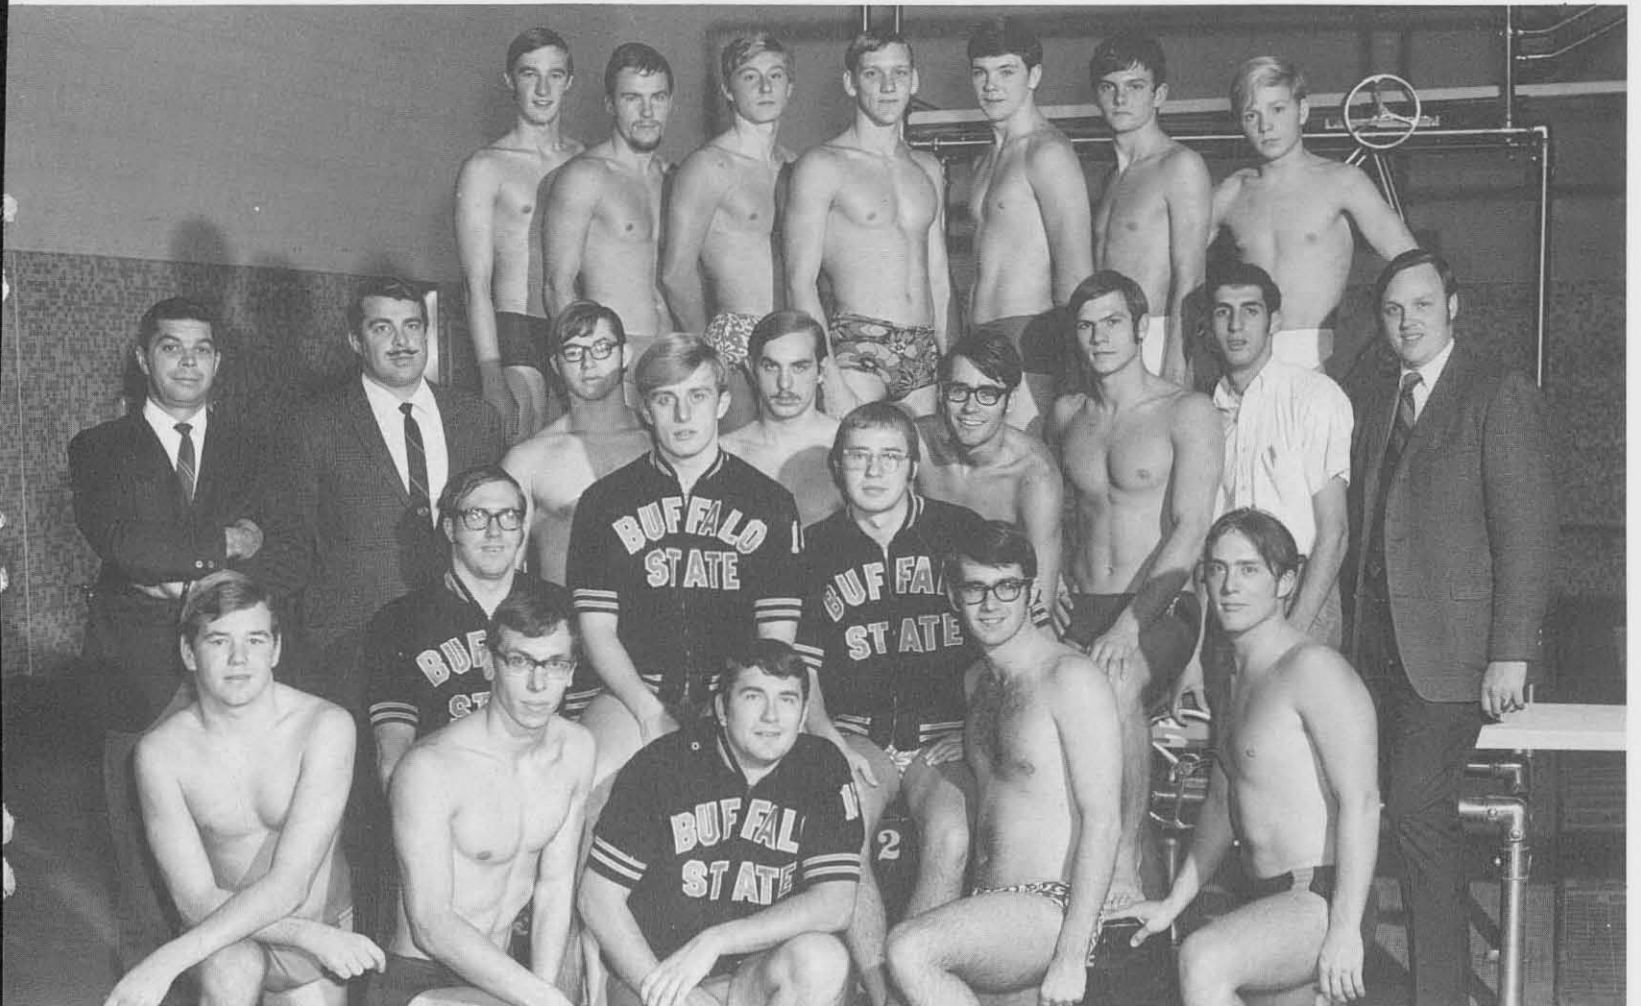

Many of his achievements have been helped by the teams he played with. Not belittling these achievements or the teams, his most outstanding feat, up to this point, was accomplished alone. This came in June, 1963 when he placed second in the NCAA College division triple jump with an outstanding leap of 52 feet 1 3/4 inches.

JOHN WANAMAKER

John Wanamaker was a great freestyle swimmer and as such he held the Buffalo State records in the 50 and 100 freestyle events. Twice a finalist in the S.U.N.Y.A.C. 50 and 100 freestyle events, John was a TEAM swimmer and an outstanding sportsman.

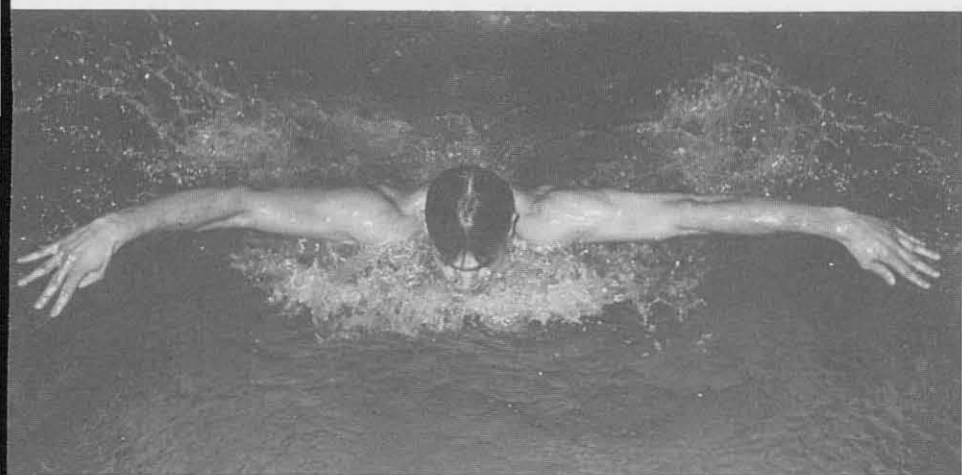

John died this past summer, following a tragic swimming accident in Buffalo. He will be missed by all who knew him, but the examples he set are still felt by his many friends and teammates.

Coach Heller and Assistant Coach Curtiss confer over winning strategies.

Buffalo State University College is our community and we are its citizens.
The class of 1971 is an integral part of this community. We work not only as individuals, but, as a group: a body of students striving for unity, concern and the general welfare of all the students, particularly the members of this class.
College Camp, Junior Prom, Holly Hanging, College Weekend are just a few of the traditions at Buffalo State into which the class of 1971 puts forth much effort.

Music Board

Music Board is the represented unifying body of the numerous musical organizations. It sponsors the various on-campus music oriented programs. Performing artists from all over the country are invited by this organization to display their talents at concerts. This group attempts to bring all types of music to the student body at S.U.C.B.

A Cappella Choir

The A Cappella Choir of the State University College at Buffalo is a group of approximately fifty voices joined together to sing good music on a high level. The organization was founded in 1944 by Dr. Silas L. Boyd.

Since its inauguration, the Choir has maintained an intensive and varied program. It has presented many highly successful concerts for numerous school and civic groups, and has been the recipient of Invitational Concerts at Toronto, Canada. In 1964 and 1965 A Cappella Choir performed at the World's Fair in New York and has appeared in all principal cities throughout New York State.

The presentation of good music, in keeping with proper representation of the College, is regarded to be of utmost importance. The scope of the Choir's music includes the works of such outstanding composers as: Christiansen, J. S. Bach, Grieg, and Schumann.

Orchestra

The College Symphony Orchestra, under the creative talents of Dr. Joseph Wincenc, is an integral part of the college musical family. From the weekly Wednesday rehearsals to the concerts in the fall and spring, only beautiful and inspiring music can be heard from this group.

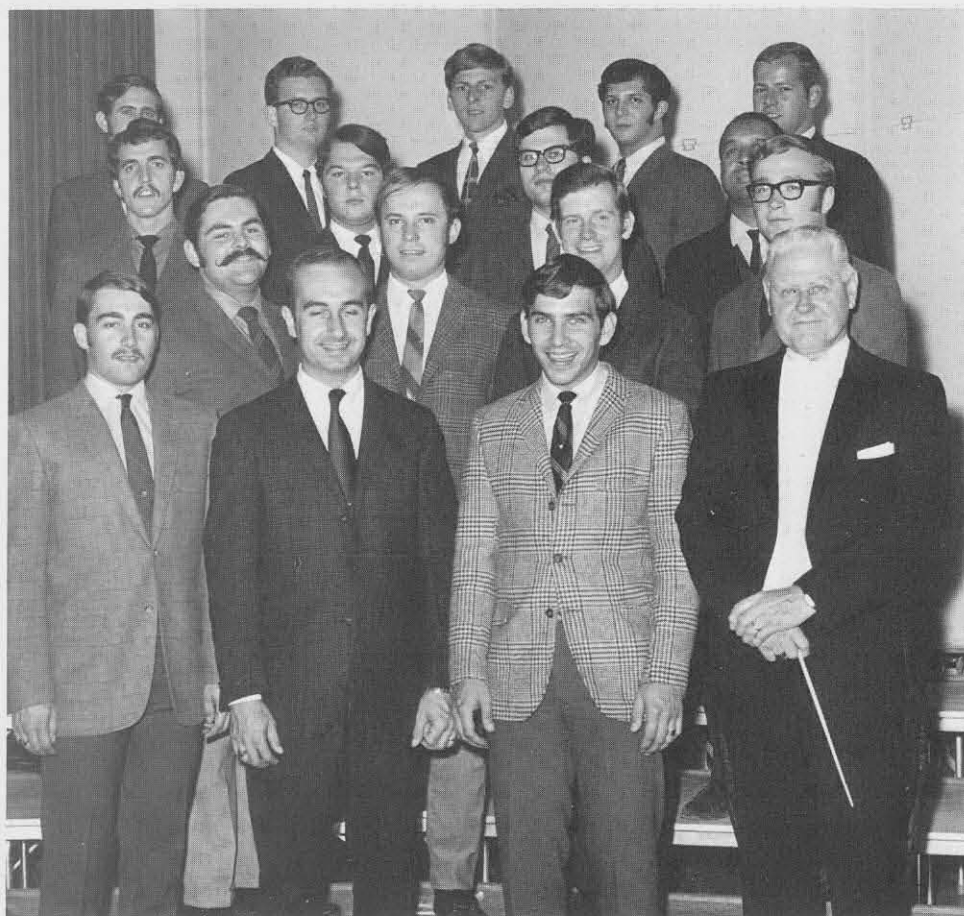

The orchestra is comprised of students, faculty, and invited guests. A great variety of music is performed, including works from the Baroque, Classical, Romantic, and Contemporary periods, so that there is something for everyone at the concerts. In addition, the orchestra plays not only symphonies, but also concertos and other compositions which feature students, faculty, and guests as soloists.

To the students who are members of this group, the orchestra is more than just a course for which they will receive credit. It is an organization which provides not only relaxation and enjoyment, but serves as a learning situation through which they are able to appreciate the beauty which music affords to both the listener and the performer.

It is said that a men's glee club performed for convocations and other programs in the days when our college was a normal school. It was located in what is now the Grover Cleveland High School.

In 1943, Dr. Boyd organized a college Men's Glee Club. Since that time, the Men's Glee Club has been a regular organization performing at both on and off campus activities. The group has pleased many audiences by performing music of good taste, providing contrast and interest. Their music is characteristic of many college clubs, being light in quality and full of spirit.

The members of Men's Glee Club are required to audition; tone quality and intonation have been highly regarded by the conductor. The audition is also necessary for creating balanced sections within the group.

The men's Glee Club has presented many concerts for numerous school and civic groups. They appeared with the A Cappella Choir as recipients of the Toronto Invitational Concert.

Women's Glee Club

The S.U.C.B. Women's Glee Club, under the direction of Mr. Olaf Malmin, meets twice weekly for a blending of merriment and music. We have an undaunted spirit and willingness to learn. "Practice makes perfect" is our motto. Our annual Christmas and spring concerts are a lively mixture of the old and the new, the pieces ranging from Gregorian Chant to the works of some contemporary composers. Each semester we begin anew, and new members are *always* welcome, for many voices "make light work."

Brass Ensemble

The stage band is comprised of students from various departments of the college. The group is organized as a class and meets regularly two hours per week; it also rehearses occasionally during the evening.

Various styles of stage band, dance band, popular music and jazz are performed.

The band is uniformed and is completely equipped with stands, lights, and instruments.

The group plays regularly for scheduled concerts and programs at Buffalo State. They also appear at various high schools, colleges, and other institutions throughout the community as well as going on an out-of-state tour.

Quartet String

Under the guidance of A. Brown the Gospel Choir performs many unusual and entertaining spirituals. One of the only groups in the country of this type, it plans to tour various cities of the East in the 1969-70 school year. Professor Brown tries to bring to the individual student a deeper understanding and respect for this type of soul-lifting music and, with the concentrated effort of the chorus, this idea is brought to the audience.

Interim is a social club for mature students who have returned to college to further their education after being occupied with careers of home-making for a number of years. As a group the members are highly motivated, successful students, and frequently maintain better than average grades while working and caring for their families. Our purposes in meeting are to become better acquainted with each other outside the classroom, and to welcome new members to campus life.

Council For Exceptional Children

The Council for Exceptional Children is a professional organization for those interested in working with the various exceptionalities: mental retardation, learning and behavioral disorders, communication disorders, physical handicaps, the blind, deaf, and gifted.

This year has been an exciting one for C.E.C. Along with our traditional programs of speakers, films, a Halloween party with the State Hospital, a Thanksgiving party at West Seneca State School, and College Camp Weekend, we were privileged to help host the 1969 New York State Convention of C.E.C. The Convention was highlighted by speakers: Hubert Humphrey, Dr. William Cruikshank, and Dr. Ogden Lindsly.

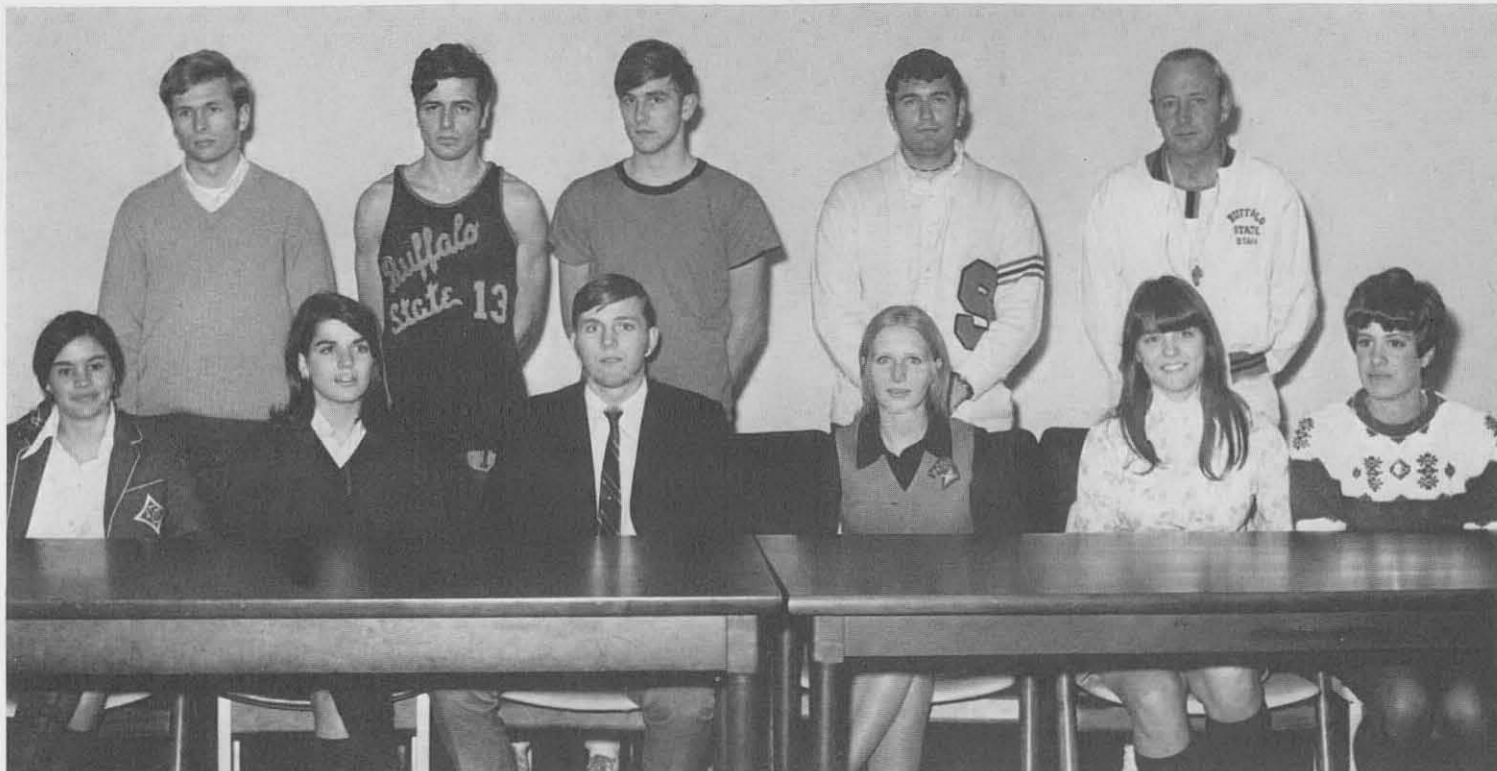

Membership is open to any undergraduate or graduate student who is interested in the education of exceptional children.

Kappa Delta Pi

"From Student to Teacher" is the theme of the 1969-70 school year for Kappa Delta Pi, educational honor fraternity. Programs such as Education Abroad, Teacher's Unions, Sex Education, and Investing Your Money have been geared to fit the needs of a prospective educator. Tutoring and tours of the campus provided Kadelpians with community projects.

To supplement this year's program, Kappa Delta Pi hosted other colleges at a regional convention in October. New members were initiated at a November banquet, and an Honors Convocation was held on April 10, 1970 to present all honor students and a guest faculty speaker from Buffalo State to the SUCB campus.

It is customary in yearbooks to view what is good. These pictures represent a utopia – smiling, laughing faces. Each person and group is portrayed only at his or their best.

Unfortunately, we find that what is pictured in this book and what actually exists at Buffalo State are usually two different things. Smiling faces do not always smile. Groups do not always look so happy.

We at the *Record* have noticed that it is all too often the unsmiling faces that make the news. Just look at any issue of the *Record*, or for that matter the *Buffalo Evening News*, *New York Times*, or any other newspaper. Unsmiling faces, bad news, a typical paper.

What this means we are not exactly sure of. If all people got along, if everyone smiled, if there were no bad news . . . there would still be newspapers, but would the news be as interesting?

All we want to point out is that when you are looking at these pictures, stop and think. Ask yourself, is this for real? If it is, then you have found your own utopia. If it is not, just remember, the struggle between this idealism and reality, the fight between fact and fiction, the endless battle of truth and lie, are continually echoing in the journalists' brain.

Perhaps now you will pity our staff.

ELMS
70

The 1970 is an annual collection. It's a reflexion of the shared memories with our friends, of living closer to them, of helping them, and, in turn, helping ourselves.

We remember those precious moments spent in the Union, the lazy days dedicated to the silent thought, the desolate mud puddles, and the days spent in the yearbook office.

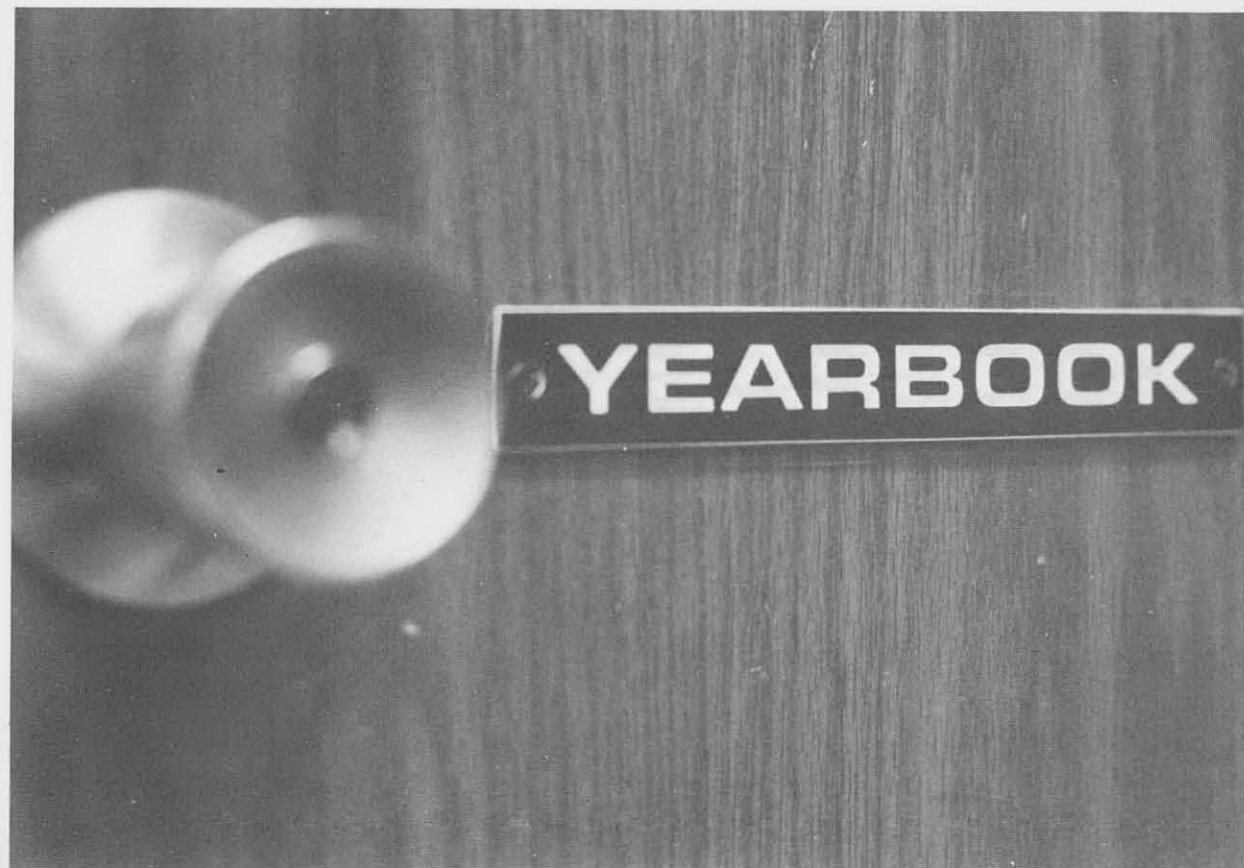

Our staff has worked very diligently on this year's issue. We are quite often totally absorbed in our work. A constant effort is required of ourselves to prevent any shortcomings.

The staff personnel share a wide range of interests in an attempt not to monopolize one area of the book. Such areas are from Industrial Arts to Home Economics to Art.

The ELMS staff . . .

"... being
at this hour . . .
knowing
what we have done
will not be lost . . ."

Orientation Board

"Welcome to Buffalo State" – A familiar expression each September as Orientation Board greets the new students to our campus. The members of Orientation Board are trying not only to make the first week of college life an exciting and fun-filled experience, but also hope to set a foundation for school spirit that will last all through the four years at State.

The new student is eager and anxious to begin this next phase of his life, but he is also apprehensive of the changes going on around him. Orientation Board is smiling faces, happy voices, and helping hands. We hope that the new students' college days are filled with as much joy as we have experienced. The key is involvement, and Orientation Board presents through its functions a close look at the panoramic spectrum of Buffalo States activities.

A bar-b-que, dance, convocations, concerts, kangaroo court, freshman camp, exhibits, and much more are part of the traditions of Orientation Weekend. Outside of the weekend, the Board has various social activities during the Summer Orientation Conferences and plans a mid-year party for new freshmen and transfers.

We're Orientation Board – students saying "Hello and Welcome."

Casting Hall

There's no business like show business like show business. And there are no people like the people in Upton Auditorium in the weeks before the presentation of any of Casting Hall's four major productions each year. Bożena Butkiewicz, organization president, might be found ripping 3/4 inch plywood on the table saw or hanging fresnels in the beam positions. Vice-President Anthony Gorny could be seen hauling an antique prop Gatling gun from an Allen Street junk shop. Secretary Linda Pasier might be sewing hooks and eyes onto a scarlet soldier's uniform. Treasurer Charles Fontana could be seen balancing the show's budget in the last row of the house. And the creative impetus, the Speech and Theater Arts faculty led by chairman, Dr. Donald J. Savage, Studio Arena director Warren Enters, technical director Mike English, and Miss Holly K. Hummel, assisted Casting Hall's multi-talented student membership in producing such full-length plays as John Arden's *Sergeant Musgrave's Dance* and student-controlled experimental theater and film projects. A one-act festival also gave students an opportunity to learn theater from experience and experiment and learn to display abilities in directing, writing, acting, designing, and other varied fields whose mastery goes into the making of a successful Casting Hall production.

Intersorority Council

The Intersorority Council was formed for the purpose of maintaining and encouraging unity among Greek women. One of the most important functions is to coordinate the Rush program, the purpose being the meeting and making of friends with the members of all seven sororities on campus. Another purpose of the Council is to coordinate service and charitable projects.

A T Σ

To say "sisterhood" when you're in Alpha Tau really *means* something. Very often it means just having an understanding and sympathetic person to share your heartaches or troubles . . . A lot of the time, it's a crowd of people helping you with one of those massive projects that have to be done and sometimes it's just being together for a song, or a sandwich, or a few laughs . . . but a very special part of Alpha Tau is what we do together . . . for others. Whether it's our fund raising drive for special charities or just one sister reaching out to help . . . that is sisterhood in the greatest sense of the word . . . for what we pledge our loyalties and our energies to is not just our sorority, but to anyone, anywhere, wherever we can effectively devote our time, talents, and skills. The song we sing is

one of seeking, touching, knowing, understanding, and loving . . . our convictions in what we believe make the melody simple and the rhythm of the song is punctuated by the heartbeat of life itself.

From September to September, the Pi O's are constantly working to maintain the standards set up by our Founding Members. Whether we are doing service for the community through our annual Blood Bank, Honoring our mascot, Sandy, on National Camel Day, or working toward the success of our projects, it is evident that "Pi O" is not simply a sorority, It is a sisterhood based on the idea that it is possible for different individuals to stand as a body of one to work for the betterment of life on campus and in the community.

"She's a worker and a partner." is not only a line from one of Theta Sigma Theta's song; it also describes the activities of every sister.

They are united by mutual friendship as they strive towards the enrichment of the cultural, intellectual, and social aspects of this college and community.

The Easter Seals Drive, Courtesy Day Tea, M.U.D., Greek Sing, plus many social functions all keep the sisters of Theta Sigma Theta very busy throughout the school year.

Whenever you see the girls in burgundy and silver, good things will follow.

Look for the girls in purple and white, working together at Purple Pub, Sigma Surprise, and the Mr. Beer Belly Blast. The Sigma girls are also active in Social Service. Each year a Thanksgiving basket is given by the sorority to a needy family. The sisters join with Gamma Chi Fraternity to spread Christmas Cheer at the State Hospital; and in the spring we bring the Easter Bunny to the children at the hospital for our annual Egg Hunt. The sisters always look forward to our traditional Dinner Dance, participating in Loving-Up-Day, and spending a "fun-filled" two weeks at our cottage in Canada.

By working together throughout the year, we prove that we are truly "Sisters Eternal."

GAMMA CHI FRATERNITY

Alpha Chapter

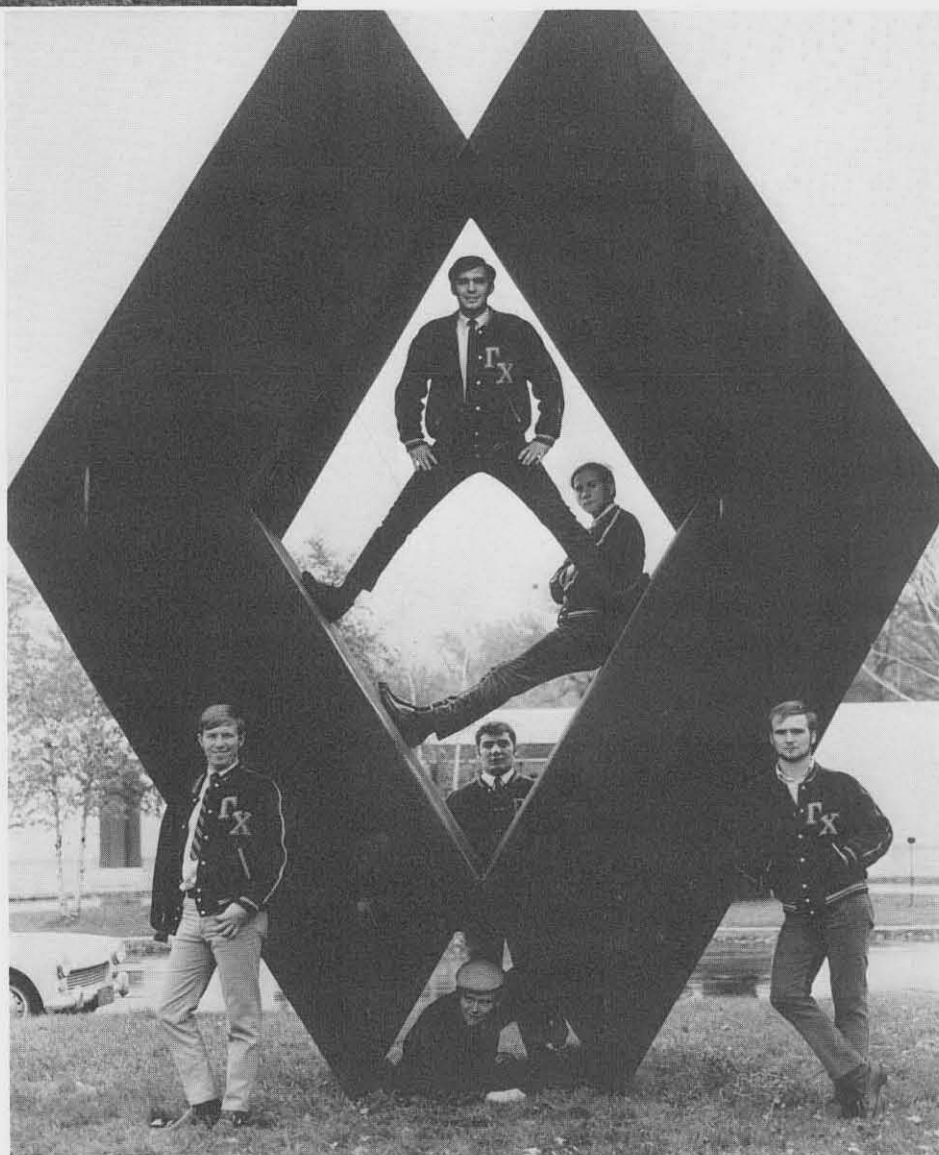

GAMMA CHI Fraternity was founded in the first semester of the school year 1963. In the interim six years, GAMMA CHI has shown significant growth evidenced by the variety of activities and projects the brothers have participated in.

GAMMA CHI co-sponsors, along with Pi Omega Nu Sorority, an annual Red Cross Blood Bank; sponsors an annual booksale, a party, along with Sigma Sigma Sorority, for the State Hospital patients, aged 16-21; and participates in other Greek activities, including Greek Sing.

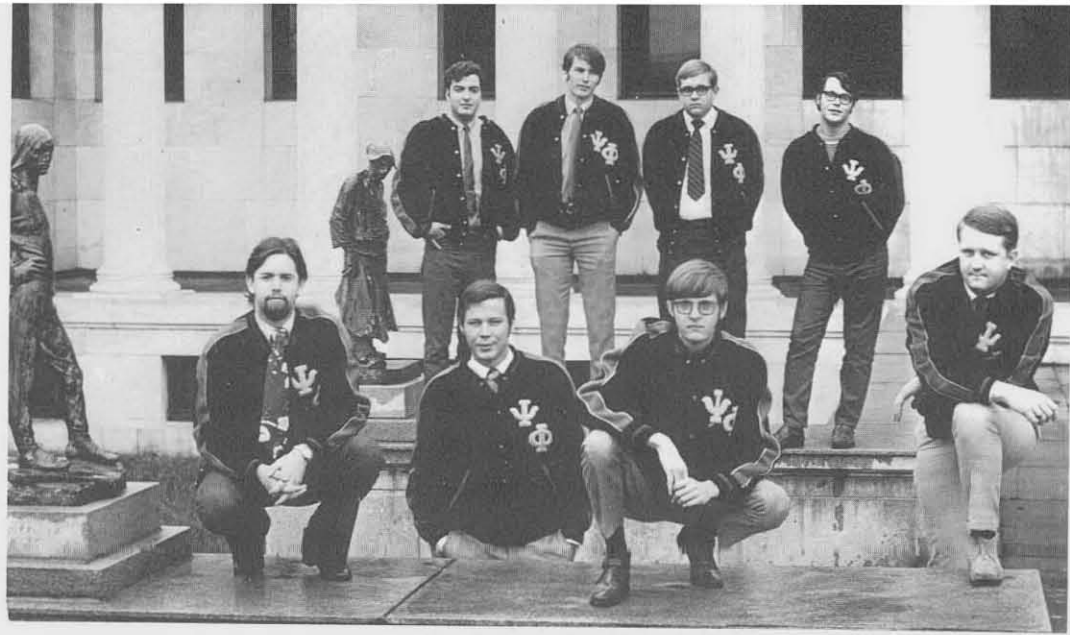

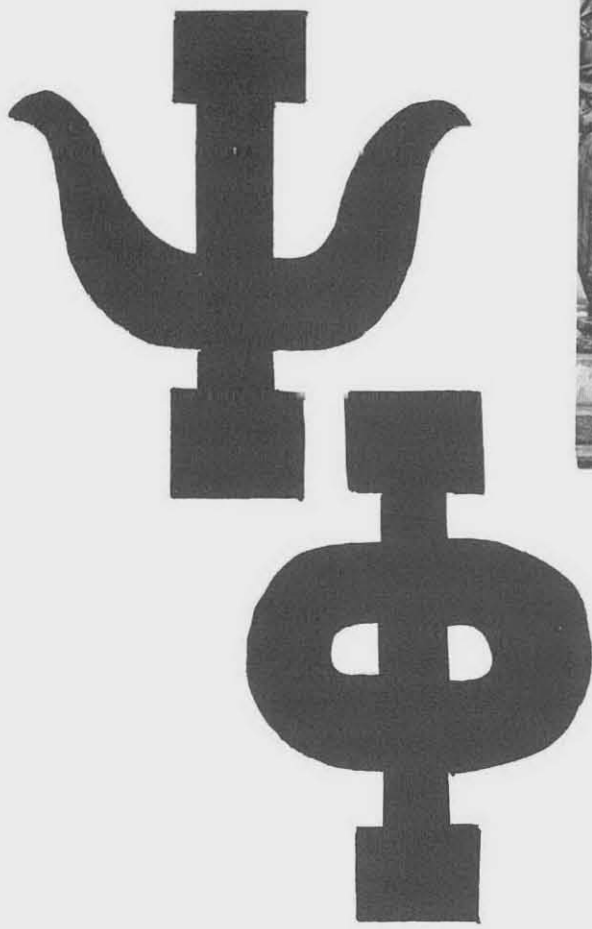

As evidence of GAMMA CHI's physical growth, Beta Chapter at Monroe Community College of Rochester, N. Y., and Epsilon Chapter at Geneseo College of Geneseo, N. Y., have been established. These chapters are young and healthy with GAMMA CHI spirit.

GAMMA CHI was founded on the principle of "individuality and Unity." To a brother this motto is sacred because it means that he retains his autonomy; i.e. his identity as an individual, with his own beliefs and values not being immersed into the group's interests. But he is still expected to be, and is, an active participant in the functioning of the group. This is clearly seen in our motto, "In the maintenance of a free society, there must be esprit de corps with individuality."

When you see the Dartmouth Green and Ancient Gold of Gamma Chi on campus, you know that it is worn with pride.

Psi Phi Fraternity dates back to 1917 and is the oldest fraternity on Buffalo State's campus. The brotherhood holds several traditional events which include our annual Jinx Burning, Sweatshirt Swing, at which time our Sweatshirt Sweetheart is chosen, Sorrow Soaker, and Autumn annual can be anything from a charity Christmas Tree Sale to a Beer Blast.

"Mr. Jinx" is burned by Psi Phi in the fall of every year to dispel the hex on our athletic teams. The Christmas season brings Holiday Week and Psi Phi's Burning of the Yule Log - one of our most beautiful traditions. One of our newer traditions is the annual presentation of a check to the school's athletic department for the beginning of a scholarship fund.

The brothers can be seen walking around campus proudly wearing their Black, Red, and Gold jackets.

The brothers in Brown and Gold are a living part of the Buffalo State Campus. The key to their success is involvement, brotherhood, and awareness.

The meeting rooms of student government are filled with Alpha Xi's headed by the current President of C.S.A. – Bill Bird – keeping a finger on the pulse of student power. Involvement reaches our brothers in their curriculums diverse as Philosophy to Industrial Arts; with numbers of our brothers currently in Kappa Delta Pi Honorary Fraternity and *Who's Who in American Colleges and Universities*. Every social event finds an Alpha Xi either in the planning stages or enjoying the fun. And athletic events are highlighted with Brown and Gold.

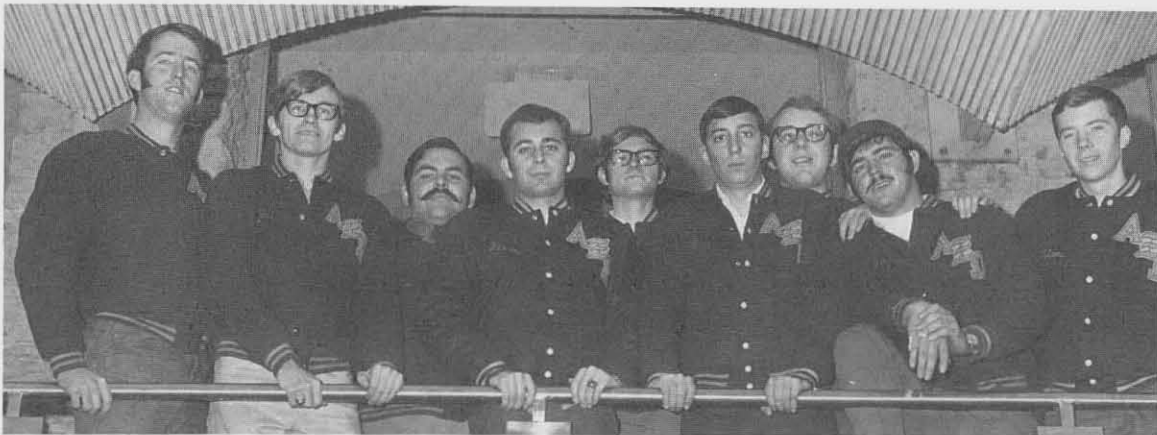

In their brief three year history the brothers of Alpha Xi have thrown such unique events as a Miniskirt dance, film festivals of fright and fun, and the *Spanky and Our Gang* concert, plus beer socials with the best of local talent including *Wilmer and the Dukes*, the *Mellow Brick Rode*, and *Caesar and his Romans*.

The second major attribute of Alpha Xi Omega is its brotherhood, with such a divergent group of men ranging in interest and ability, the brothers pride themselves on the closeness of their brotherhood. Being a smaller fraternity the Alpha Xi's are able to find permanent relationships that last a lifetime. It was for this spirit of brotherhood that Alpha Xi was formed over three years ago.

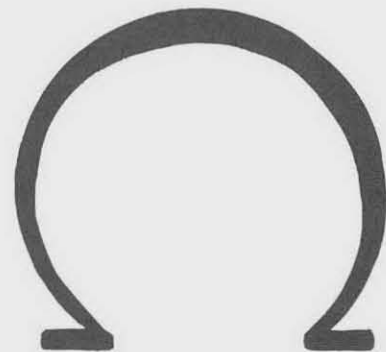

The last factor is that of awareness. Awareness of their own goals and potentials with a brotherhood aiming for maximum self-development. Awareness of fellow students; realizing the mental and social pressures and stress. Awareness of the problems of the campus and the country with a mind on the future.

Alpha Xi Omega – a tradition of college involvement and personal betterment.

Delta

Kappa

Since its beginning in 1920, Delta Kappa Fraternity has been influential in fostering an atmosphere of friendship, scholarship and leadership on our campus. Its basic aim has been to make each students' life on campus enjoyable and fulfilling. Such things as the publication of The Freshman Register, Complete with names, addresses, and pictures of all incoming freshmen; the Student Telephone Directory, an exclusive source of vital information to each and every student; and Crystal Ball, a semi-formal event held annually at the Hearthstone Manor – are all indications of Delta Kappa's constant effort to help students get acquainted with campus life and its social atmosphere.

With 1970 marking the fiftieth year of Delta Kappa's dedicated service, the brothers would like to thank the students of SUCB for their patronage of its campus services and activities.

Phi

Zeta Phi Omega, founded on October 3, 1967, by eight men in Bishop Hall, is the youngest of Buffalo State's six fraternities.

Formed with the idea of bringing new blood and new ideas to the waning Greeks on campus, Zeta Phi has more than proved itself capable of assimilating into the campus community by putting *leaders* in student government offices, not just figureheads.

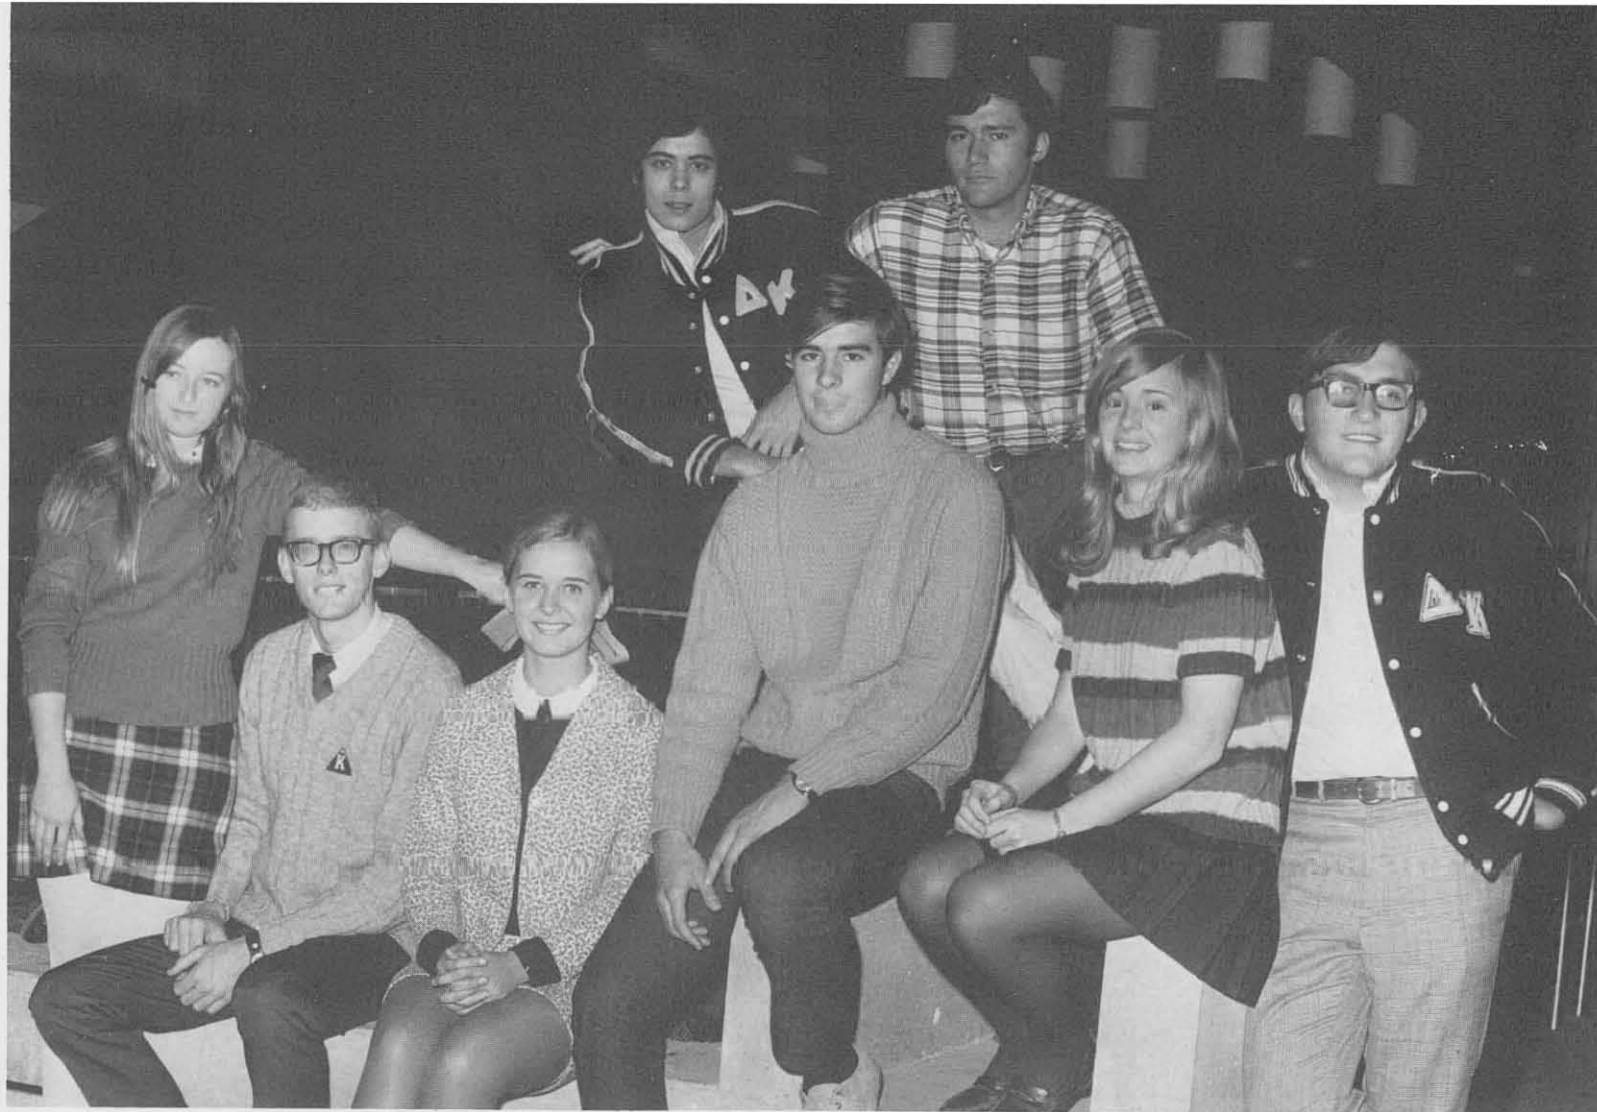

Within their two years of existence, Zeta Phi has successfully placed its brothers as coordinators of all Greek news in *The Record* and as coordinators of all Greeks on campus with Nick Manno as President of Inter-Greek Council.

Probably the most active supporters of all the Greek and varsity sport events on campus, the brothers of Zeta Phi Omega can always be seen singing and dancing at a Greek beer blast or carrying the coffin at a soccer game.

Since last April, Zeta Phi has originated two new traditions on campus; i.e., the collecting of money and stuffed animals for retarded children at Easter and the first annual Ear of the Year award at Frosh Camp where four of their brothers served as counselors.

Being active in all Greek activities and intramurals for the past two years, Zeta Phi has learned and, in turn, taught other people the Greek way of life and brotherhood on the Buffalo State Campus.

Ski Club

The Buffalo State Ski Club is one of the more active groups on campus during the skiing season. At the beginning of each year, usually in October, the Club is reorganized and the new officers take charge. Meetings are held and committees are set up to plan for parties as well as skiing weekends.

The Club usually has about four parties: one before skiing starts, two during the year, and one to celebrate the close of the season. At the last party officers are elected for next season.

For the past several years the Club has been skiing on Wednesday nights at Kissing Bridge. There are lessons for beginners as well as experts. For those who desire to relax at the end of each skiing lesson, the resort offers a warm cocktail and dining area as well as a cozy wood-burning fireplace.

The Club is open to all students, members of the faculty and staff, and their friends.

The members of the College Camp Board are people with a busy task; that of operating two lodges and 400 acres of S.U.C.B. land at Franklinville. The Board makes and enforces policies concerning the camp and provides for the proper functioning of the camp facilities.

The new lodge, a structure in redwood completed this year, has increased the camp's capacity to 100 persons. The cathedral shaped recreation area, as well as game and conference rooms, have provided the student body with comfortable lodgings with which to enjoy the esthetic out-of-doors.

Landscaping, reforestation, and stocking of ponds each year give the camp an impression of a semi-wilderness. The efforts of students have conserved this area's ecology for the future of all.

The old lodge, with its two rustic fireplaces, is still enjoyed by groups often numbering 40. Additions to recreational and educational supplies have maintained the camp as the Franklinville campus a — place to learn and enjoy.

The Hillel Foundation on the Buffalo State campus attempts to serve as the link between the Jewish student and his Jewish heritage. Hillel is designed to serve all students interested in the Jewish inheritance, regardless of their background. The activities are varied and diversified to stimulate the Jewish student to an active role in the organization. There are numerous social activities such as dances, parties, and other functions depending upon the interest of the students. There are various cultural programs offered such as lecture programs or attendance at a civic program. Religious education classes are available to the students as well. An opportunity is convenient too for the students to do volunteer work in a Buffalo home for the aged.

Our Hillel organization has expanded rapidly in the past few years, and now, with the purchase of a house by the Buffalo Jewish community, our organization looks forward to further dynamic activities and services available to the interested Buffalo State student.

Newman Center

The Newman Apostolate encompasses three overlapping entities – a community – student parish that worships in an expanded chapel with new and colorful murals, a membership of over 3,000 Catholic students, and a tighter organization of members who work socially, intellectually, and spiritually to promote the ideals of a Christian community.

The Newman Center was renovated this year, providing more space at mass and more working space for students. Activities such as tutoring, teaching CCD classes, interfaith events as well as film festivals and lecture series were presented. On the social scene, parties on Halloween, Christmas, and Mardi Gras, a Moving Up Day float, a weekend at College Camp, and a regional convention on October 18 were highlights of the year.

Founded as a veterans organization, The State Spartans are a group of men who combine service and social activities with the scholarship of education. Active participants in athletics, the club is always fighting it out on top. The Spartans are a breed of men who know what they are doing, know where they are going, and know what they want.

T i l a n s

The State Titans is a men's non-Greek, social and service fraternity on the SUCB campus. In the mode of social aspects, we organize and hold dances have open and closed parties, participate often in athletic events and sponsor teams, and participate in various campus social events.

Service aspects are also deemed as a vital part of our organization. We raise funds for charitable groups and offer them our services. We also offer our services to the community and to other campus organizations.

Among the annual events we cherish are the Cornball dance, our Blast-off, our Halloween Party, and our Christmas Party for Young children.

Through these social and service aspects, we offer the student a wider variety of activities and organizations.

We find it desirable to have our members develop their leadership qualities so they may, upon graduation enter a community and take the initiative in helping to make their community a better place in which to live.

Ultimately, the most rewarding aspect is a personal one: the feeling of Brotherhood among the members. A Titan gets a warm inner feeling when he has done a service for the college or the community; or socialized with his Brothers. This is something that he will remember his whole life and be proud to be called a State Titan, a *BROTHER*. After his college career has ended, a Titan can look back on his four years at Buffalo State and see how much the years were enriched by being a member of the State Titans.
