Two story frame house. Hip roof. Hipped dormer with two six light over single windows. Open porch across front of house has brick piers on the first floor and iron railing on the second floor.

SIGNIFICANCE

19. DATE OF INITIAL CONSTRUCTION: c. 1915

ARCHITECT: _____

BUILDER: _____

20. HISTORICAL AND ARCHITECTURAL IMPORTANCE:

Typical example of a frame house that was built in this neighborhood in the early 20th century. This house is located on Parkside Avenue, a street conceived by FLO around 1873 as part of a residential "suburb" adjacent to Delaware Park. This suburb was called "The Parkside" by Olmsted and appears on an 1876 map drawn by him as a proposed area of curved winding streets on the north and east sides of the park. Parkside Avenue was actually created by the City of Buffalo in 1888. The street very closely follows Olmsted's original plan maintaining the picturesque character that he envisioned for the streets surrounding the park.
