| 18. | of house. Open porch across front of house has a flat roof with columns, modillions in cornice and a spindle balustrade. Wood |
| pan 20. Par str adj | Is with cut out designs under porch. Sandstone foundation. Good example of the Colonial Revival style that was built in the side neighborhood. This house is located on Parkside Avenue, a et conceived by FLO around 1873 as part of a residential "suburb" cent to Delaware Park. This suburb was called "The Parkside" by ted and appears on an 1876 map drawn by him as a proposed area of |
| cur | ed winding streets on the north and east sides of the park. Parkside was actually created by the City of Buffalo in 1888. The street |

very closely follows Olmsted's original plan maintaining the picturesque character that he envisioned for the streets surrounding the park.
