Every man has his daydreams
Every man has his goal
People like the way dreams have of
sticking to the soul
Thunderclouds have their lightning
Nightingales have their song
And don't you see I want my life to be
something more than long?

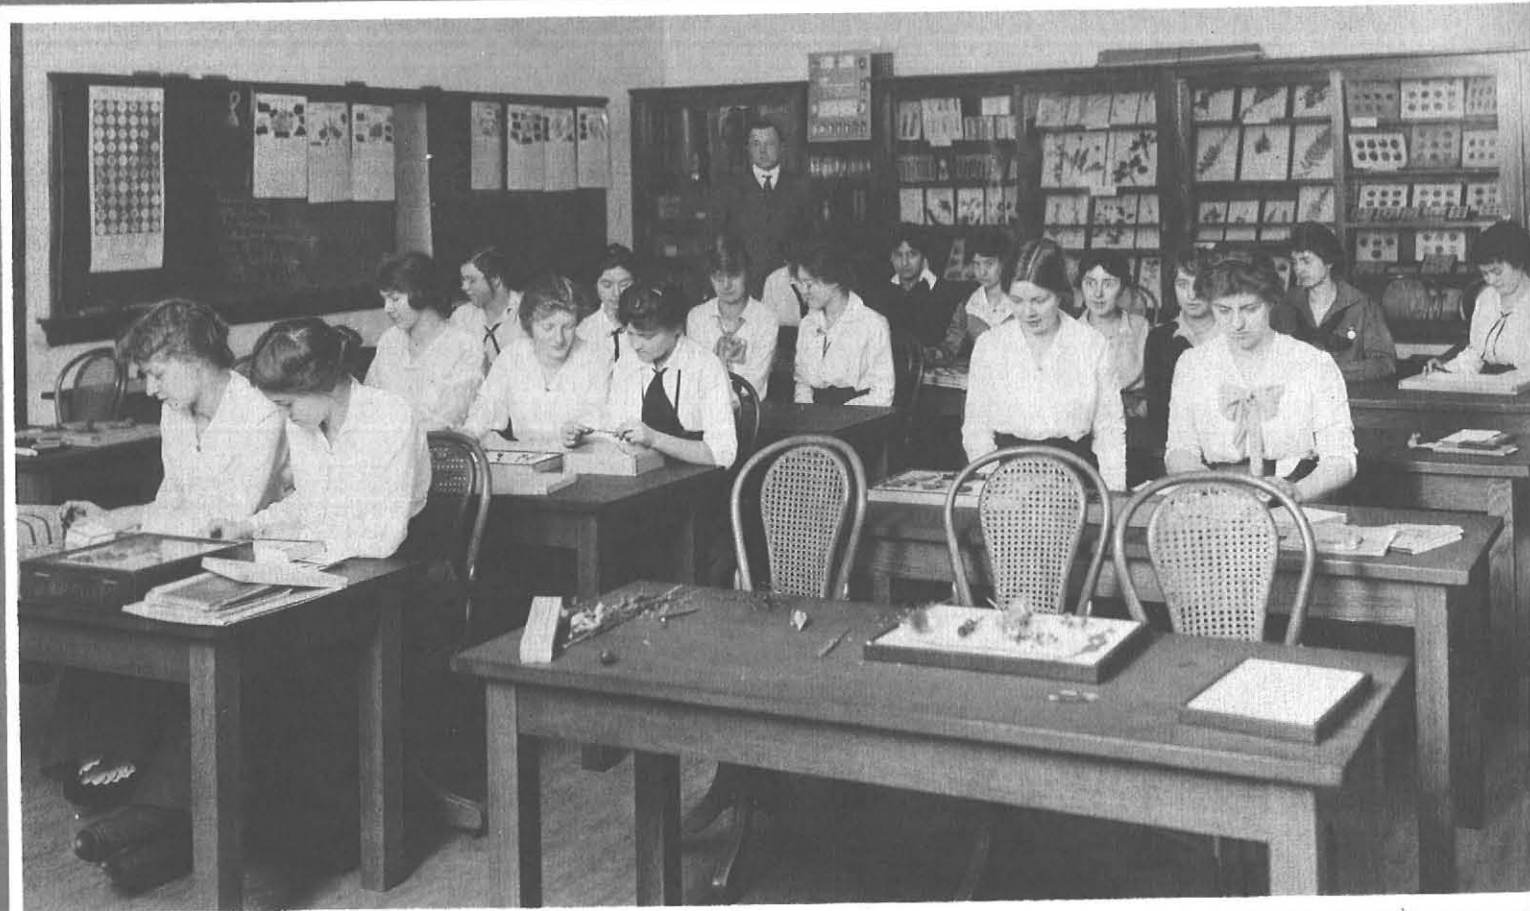

So many men seemed destined
To settle for something small
But I won't rest until I know I'll have
it all
So don't ask where I'm going
But listen when I'm gone
And far away you'll hear me singing
softly to the dawn:

Rivers belong where they can ramble
Eagles belong where they can fly
I've got to be where my spirit can run free
Got to find my corner of the sky.

— CORNER OF THE SKY
from the musical "Pippin"

Who's that girl
with the
permanent wave
and the dress
below her knees ...

Remember those days of
making creations and
classroom activities
showed good participation

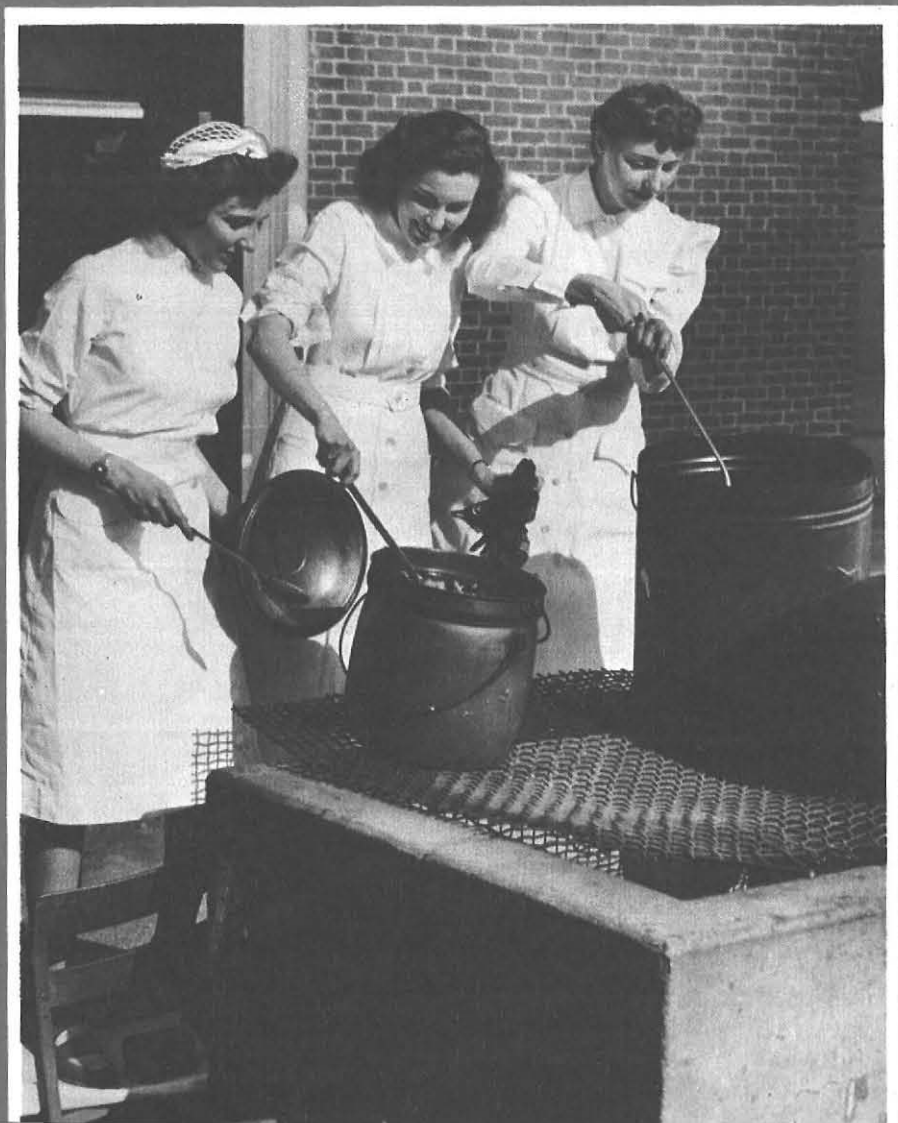

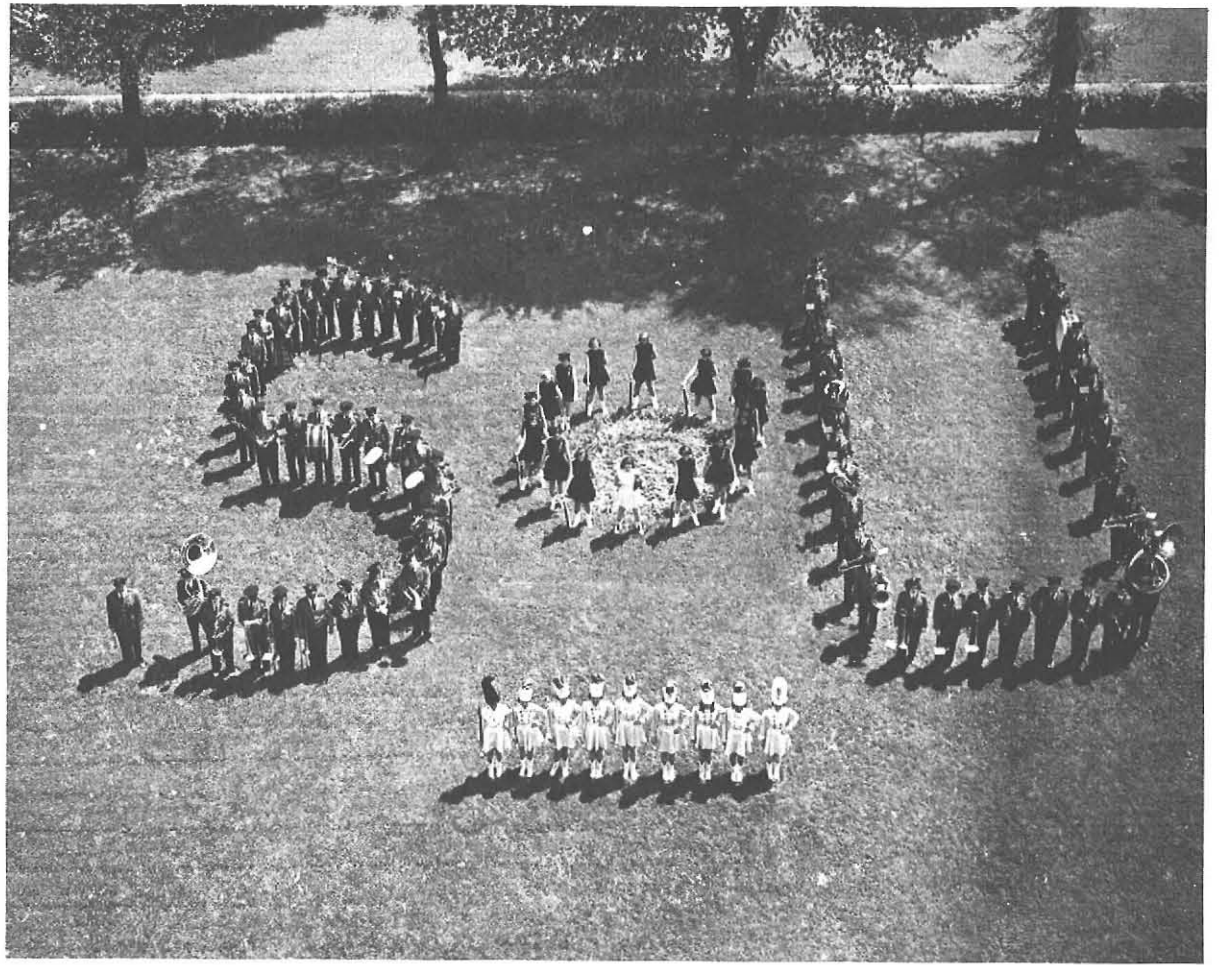

Where's that girl of yesteryear
with the stocking with the seam?
Can't believe it's motherhood
and Sunday morning teas
College days are over now
Professors stand and stare
And wonder most judiciously
About that girl of yesteryear.

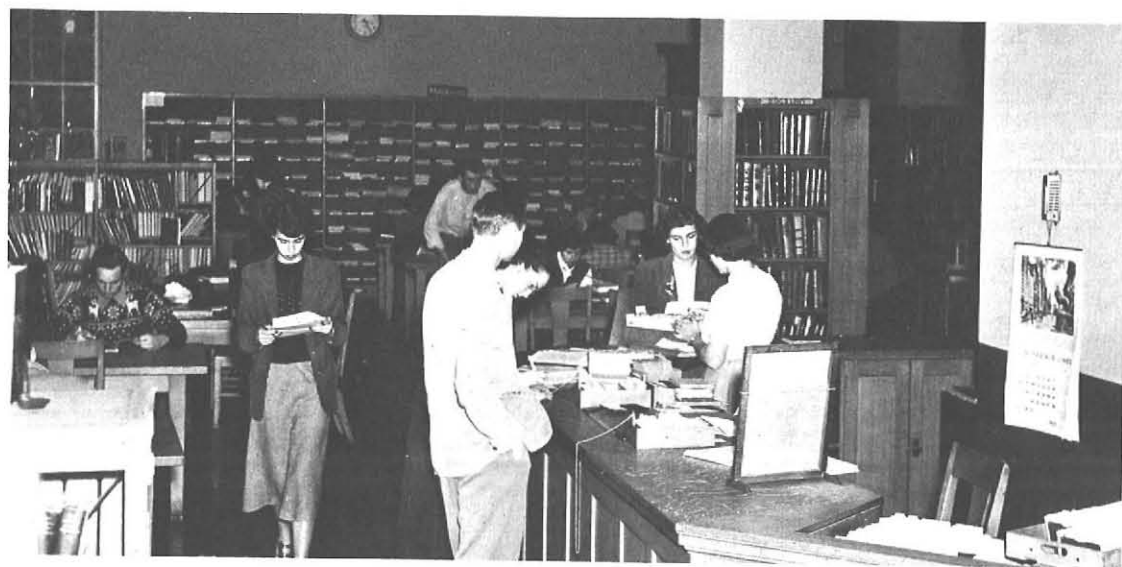

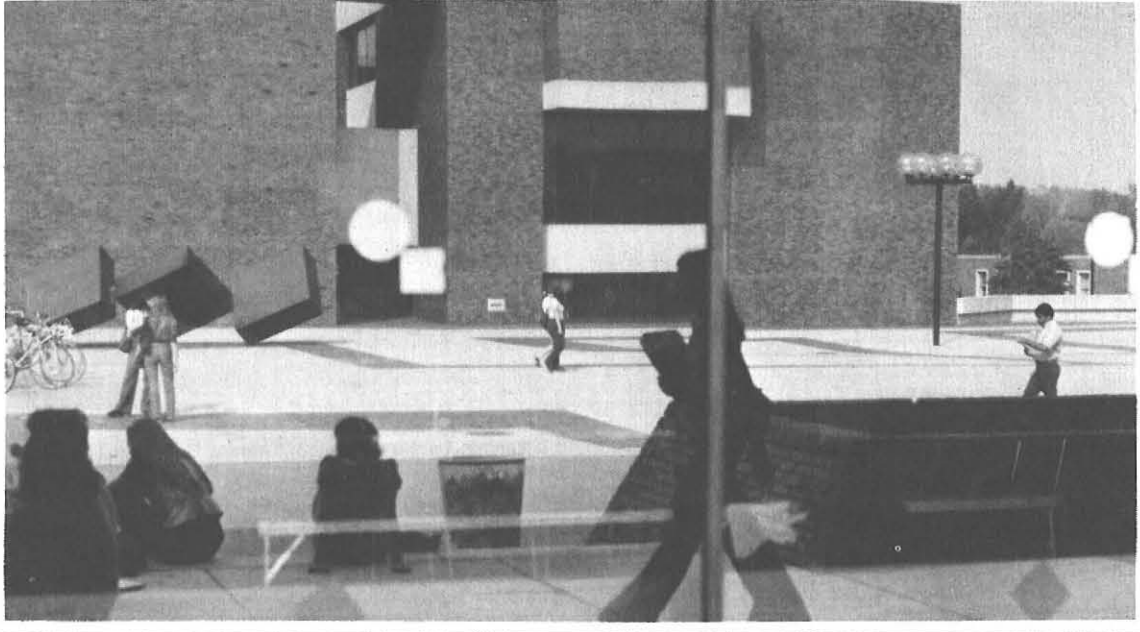

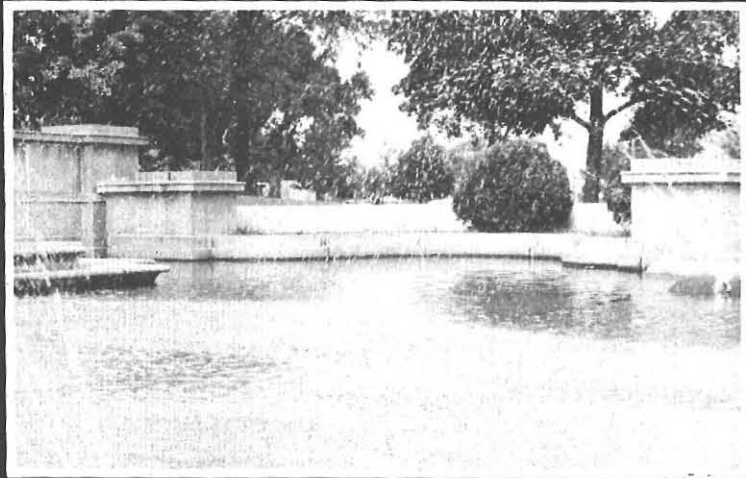

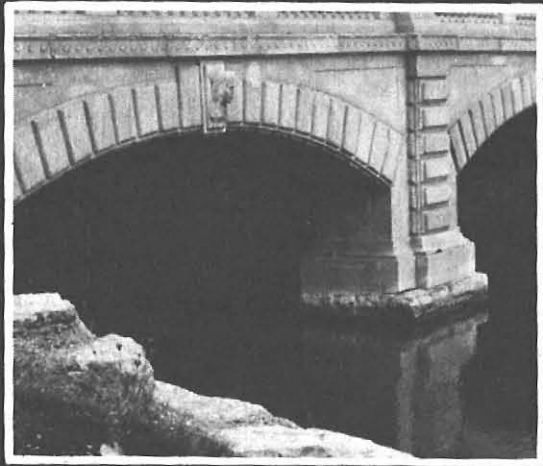

Those were the times
when cops wore blue
shouts were oft heard
of "23 skidoo".
Hairstyles were bobbed
and sweaters galore
while girls on dates
were walked to the door

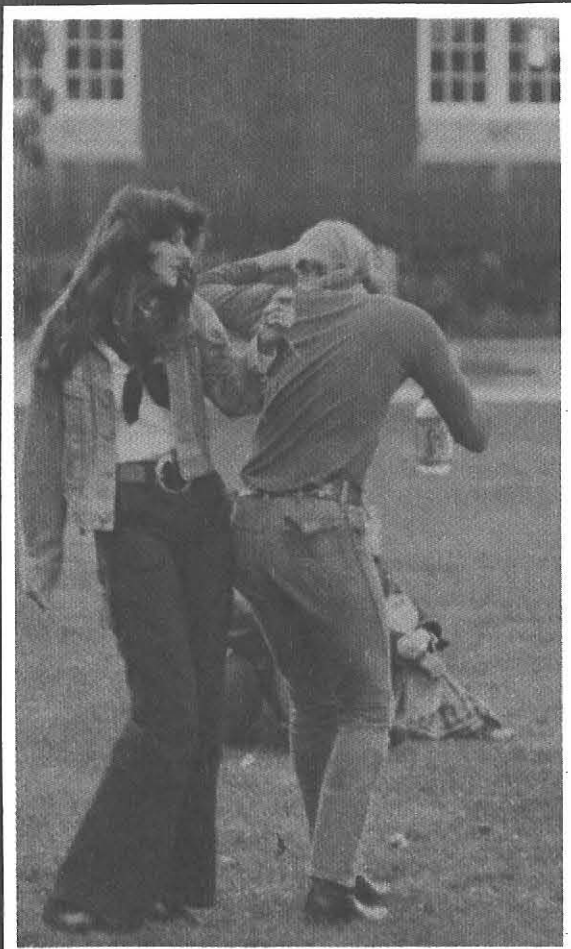

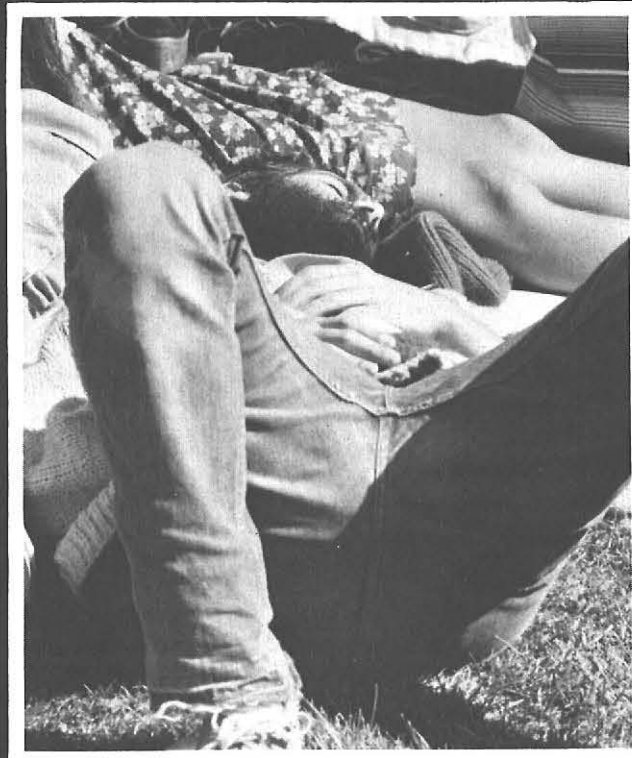

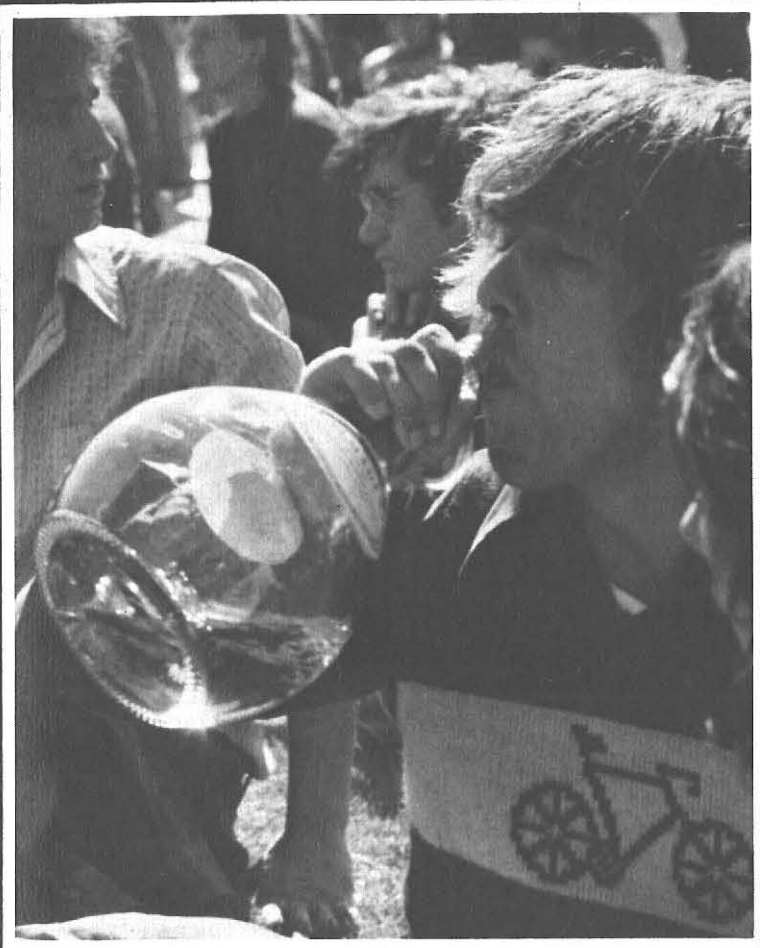

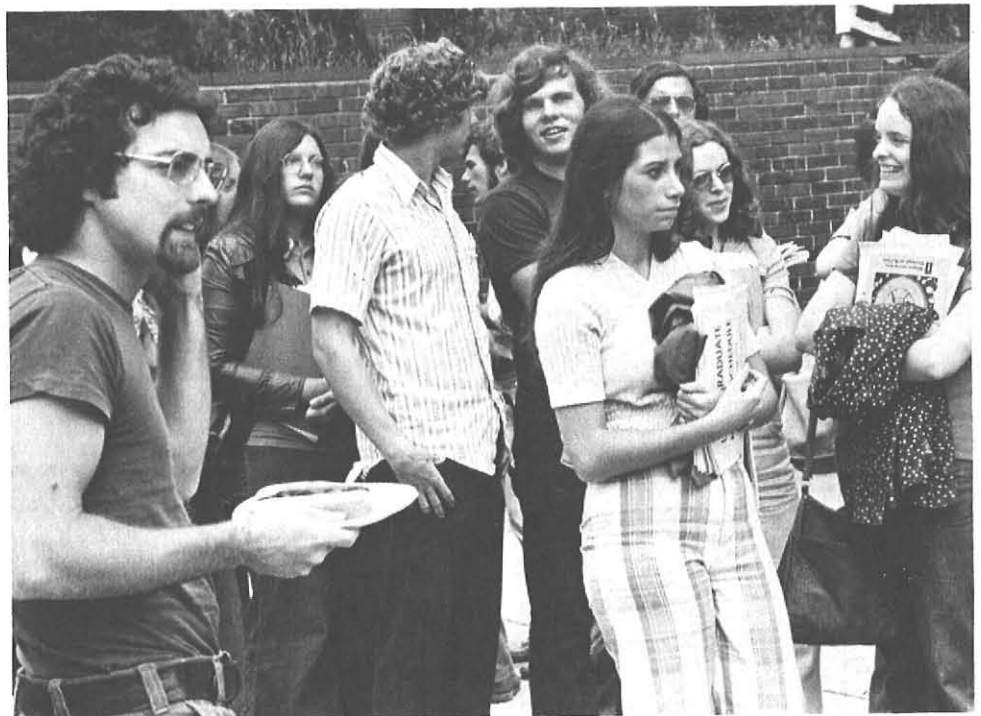

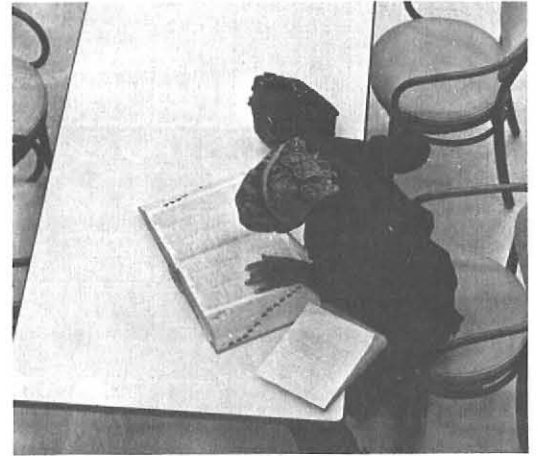

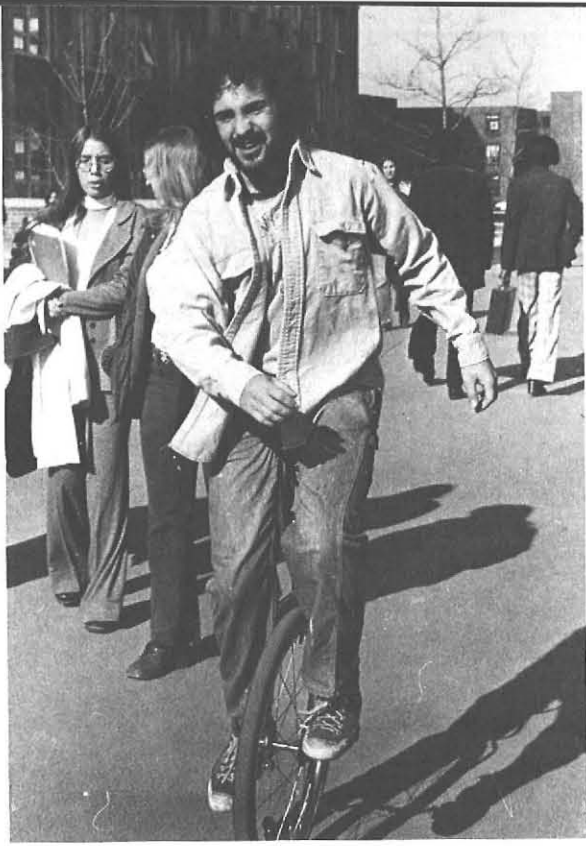

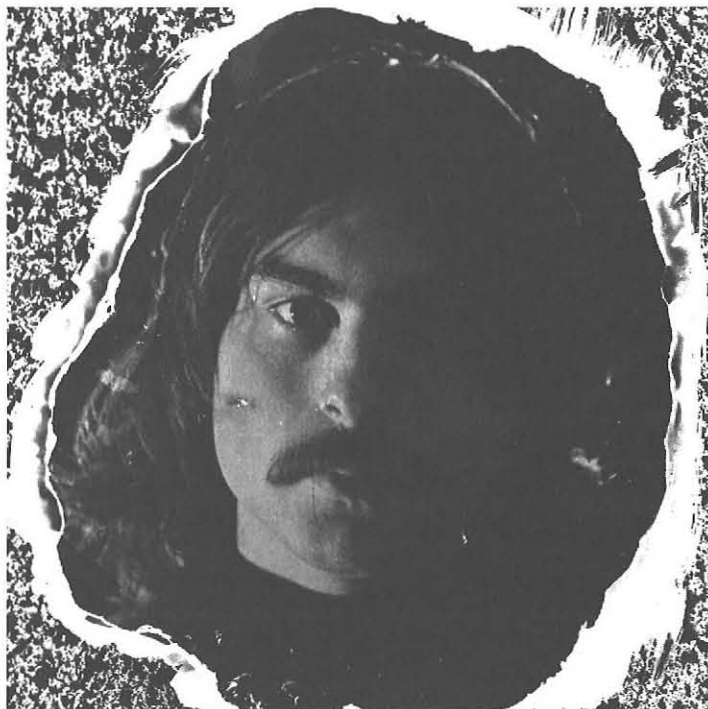

Older than summer
But younger than winter
Punchy and mellow and fresh out
of magic
But alive, but alive, but alive!!!!

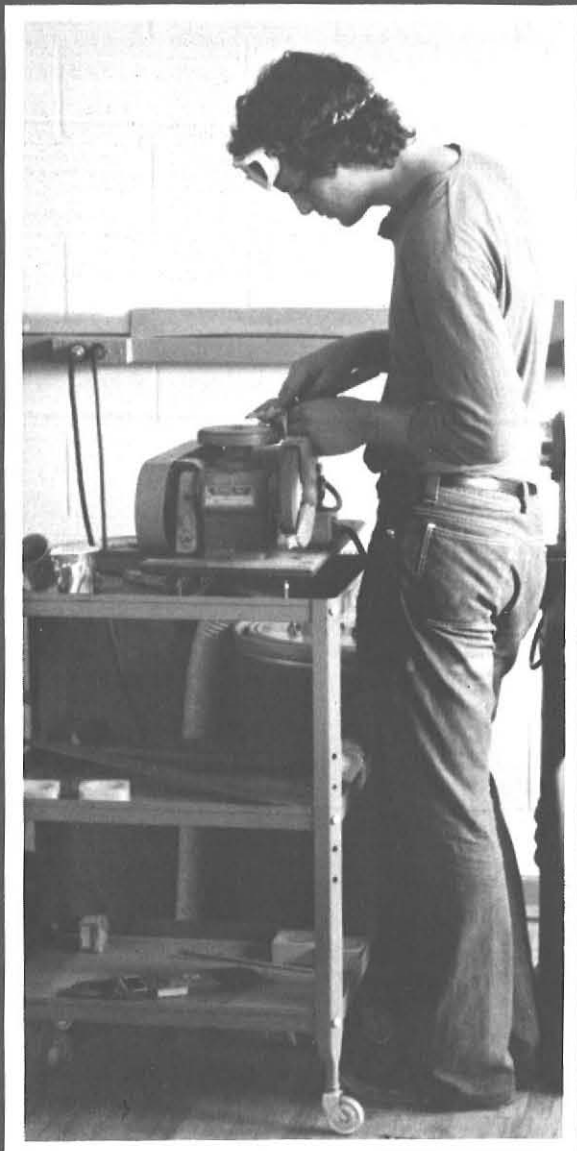

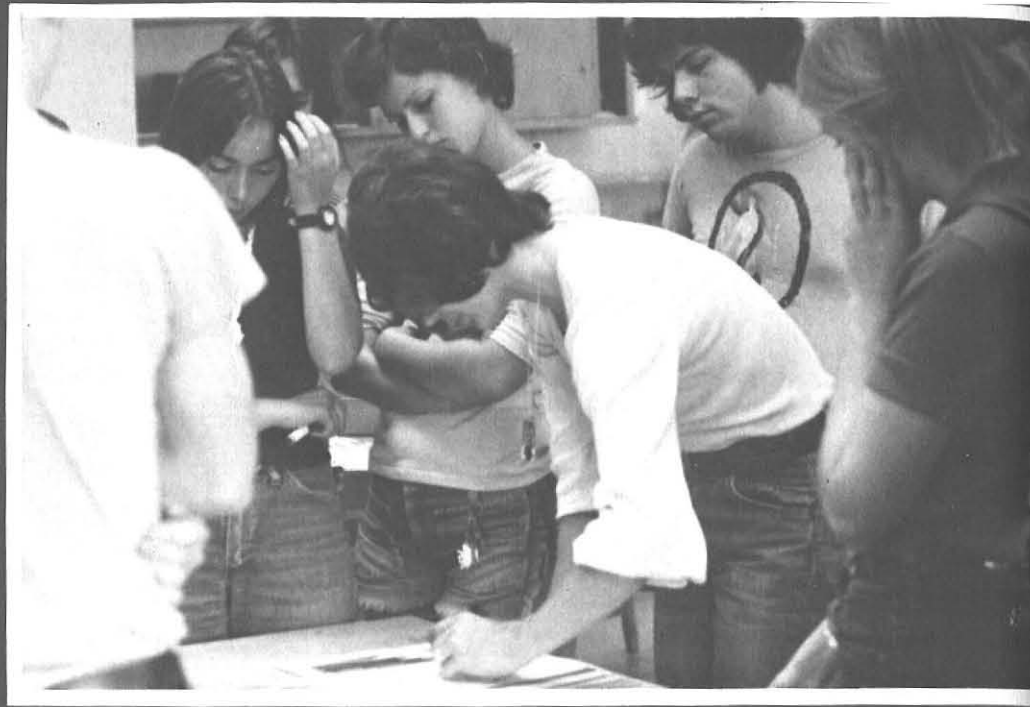

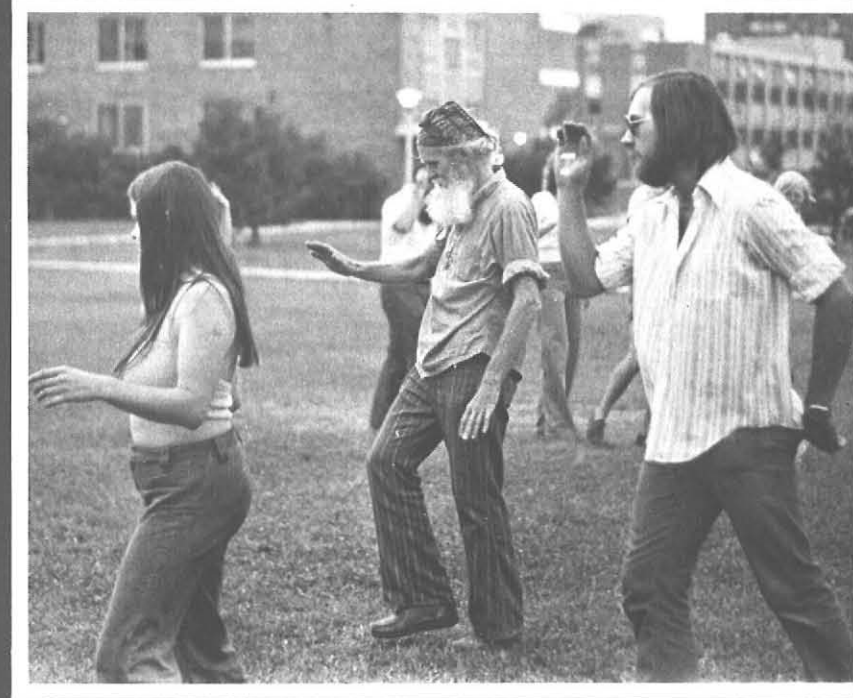

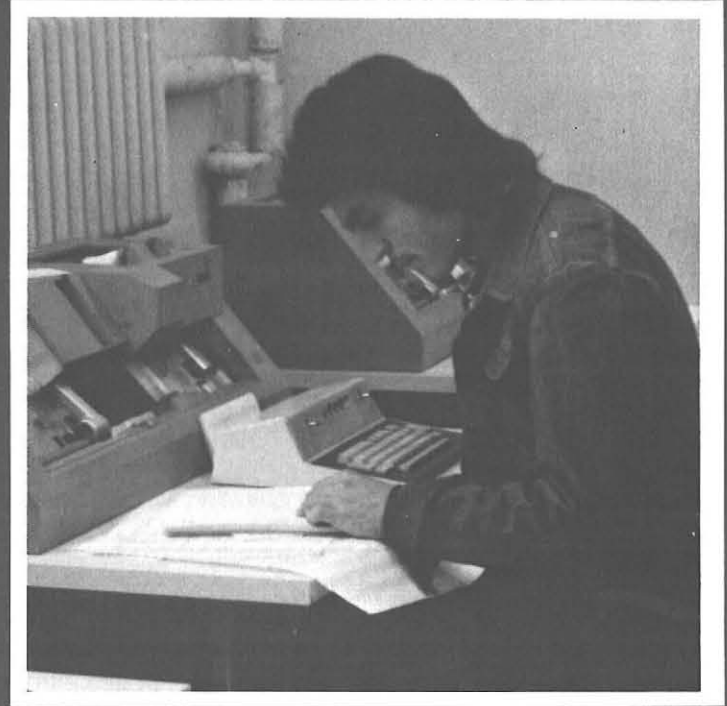

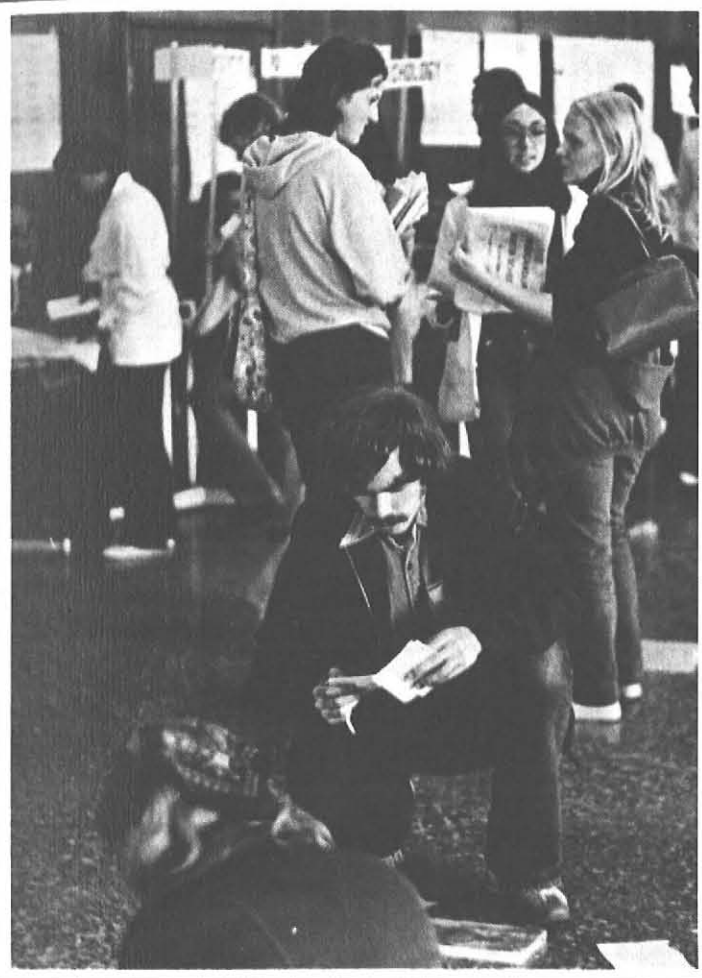

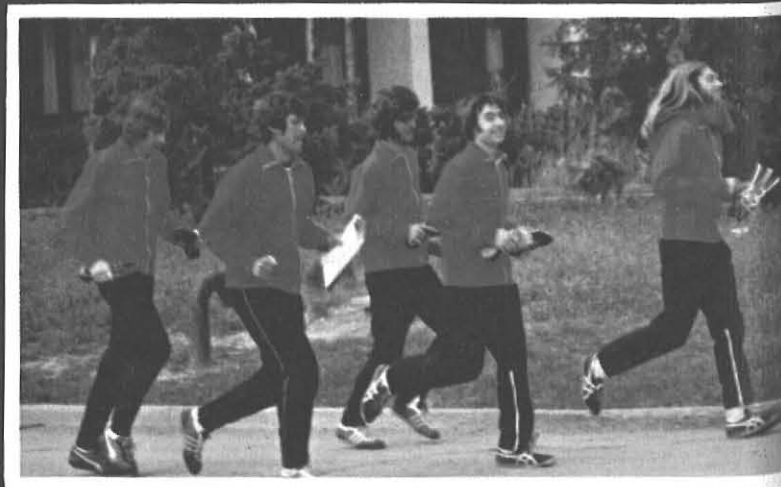

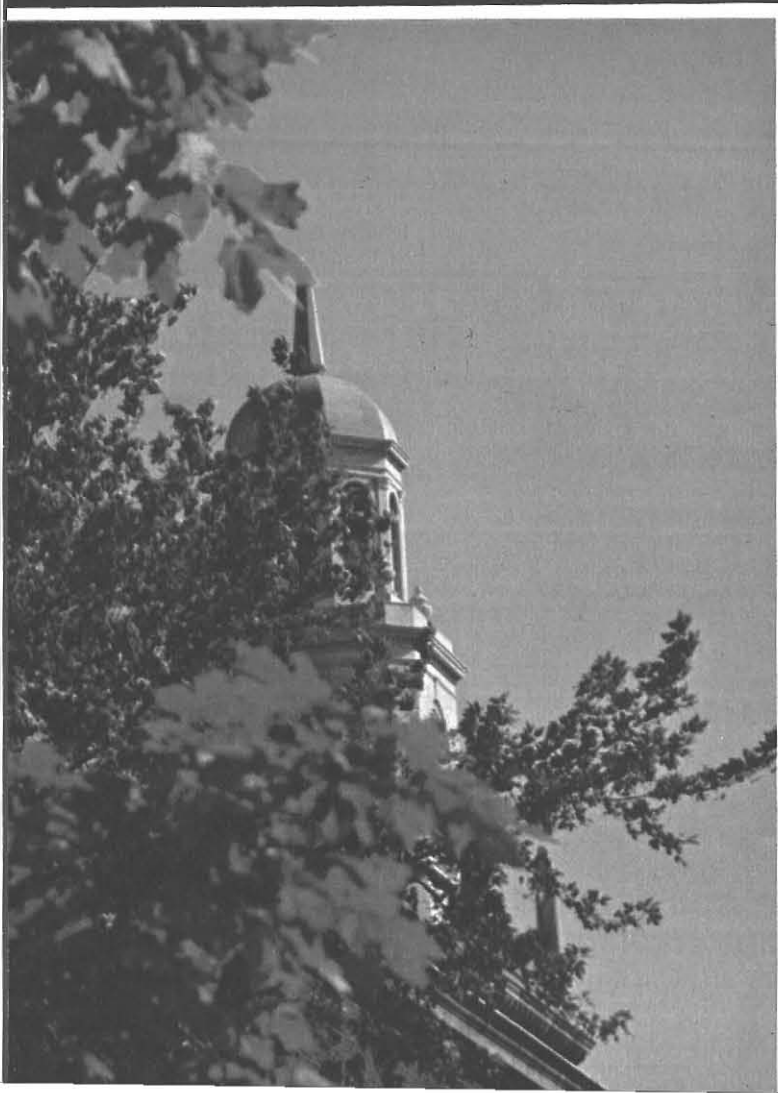

This kaleidoscope of feelings
whirls around inside my brain.
Lazy days are gone with autumn,
but the memories still remain.

Student Senate

The United Students' Government seeks to represent and advocate the needs and interests of all undergraduate students attending the State University College at Buf. USG sponsors educational, social and recreational activities funded by approximately \$500,000 collected annually from mandatory student activity fees. The United Students' Government attempts to encourage the active involvement of students in all aspects of campus life.

Judicial Council

The A.A.M.D.'s (American Association of Misfits and Deviates) latest definition of Judicial Council is:

Judicial Council refers to those elected students with nonexistent general intellectual functioning which originates in the undergraduate period and is associated with impairment in rational behavior.

Some characteristics of J.C. Justices are: Charlie Kaplan, Dan Beish, Kt. Vermeulen, Stefani Brooks, Larry Cruse, Chuck De Mato.

The incidence of Judicial Council is approximately 1 in every 2,000 college activity tax paying students. Students affected are always at least of second semester sophomore status with a 2.0 minimum cum. Prognosis: unfavorable J.C. Justices are afflicted for the rest of their college career, only shaking the "disease" in the case of resignation, withdrawal from the college, or removal from office.

Programs: Justices meet as a group once a week. Their therapy includes:

- 1) interpreting the U.S.G. Constitution.
- 2) resolving any conflicts or arbitrating any disputes between U.S.G. and all branches of government and any organization or individual of U.S.G.
- 3) determining the constitutionality of all legislation brought before them.
- 4) etc.

Judicial Council can be a definite educational and social problem. The only way to lessen its effect is by a 2/3 vote of the entire U.S.G. Otherwise the "disease" will rampage.

Music Board

Music Board represents organizations under the jurisdiction of the Music Department and also has the responsibility for sponsoring campus performances of guest artists. Funded through the mandatory student activity fee, academic groups with voting powers on the board include Chamber Singers, A Cappella Choir, Gospel Choir, Jazz Ensemble, and Wind Ensemble, and five representatives-at-large from the general campus. Representative groups also receive touring funds to further experiences in performing areas and improve relations toward Buffalo State.

Chamber Singers

Chamber Singers is one of the few Music Board organizations who travel with an extensive tour program during the spring semester. A relatively small group, the performances are geared toward the more serious pieces of sacred and secular music, with most of the compositions sung in foreign languages.

This year the Buffalo State Ski Club has presented winter metamorphosis to Buff. State. After five hours of stimulating skiing, we all find ourselves in the most obvious place, the chalet. Angulating to the beat of the juke box, brings out the frustration of the wipe outs that we've all experienced. Who could ever forget the tire tube races at the end of the season at Bluemont. There we were climbing up to the climax of the mountain. Let it be said that making it to the chalet at the bottom of the mountain was a thrilling sight to see. In other words a tire tube just doesn't have the mentality to snow plow. Then if you remember the fad of streaking, you would have had a good laugh at a few loyal snow clowns of the club. Not exactly in their birthday suits but in PJ's and a night shirt the two skied down the hill and back for one lousy six pack of beer. Those are just a few of the good times, not to mention the bus rides there and back. It's always a wonder how you're going to make it down the hill on a full stomach of Cold Duck. Then there's the problem of settling down when you get back to school, so that you can find your car and get home. Well this year we're keeping our tips up and our safety straps tightly on because who can tell what the next snow clown might be scheming up at this very moment.

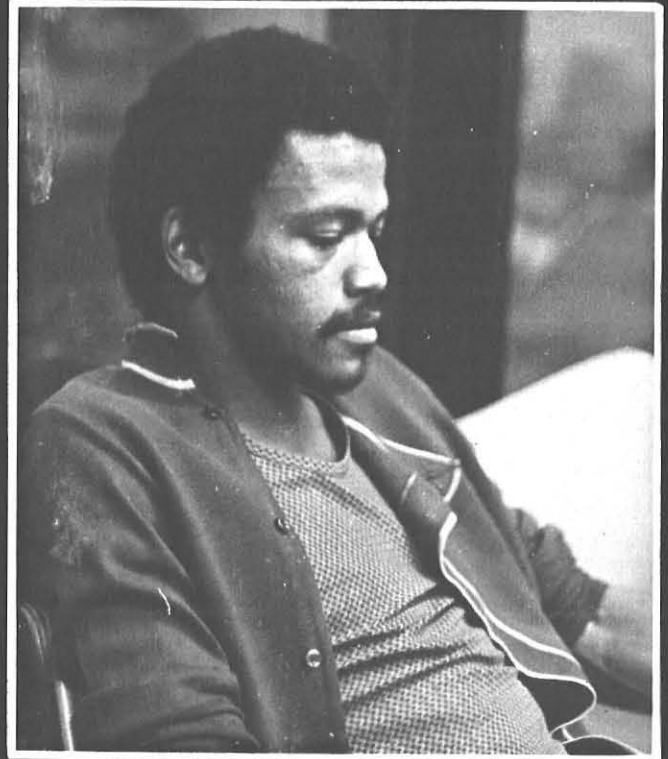

C.E.C. is an international organization whose primary purpose is to promote the education of exceptional children. Our chapter offers the opportunity for students to become familiar with the professional field of exceptional education as well as the children themselves. Various presentations, including speakers, films, panels, symposiums, workshops and field trips are included in the year's events. Membership is open to anyone interested in exceptional children.

Institute Of Electrical And Electronic Engineers

The State University College at Buffalo branch of The Institute of Electrical and Electronic Engineers (I.E.E.E.) is composed mainly of the students of Electrical and Electromechanical Engineering Technology. Its purpose is the dissemination of knowledge of the theory and practice of Electrical and Electromechanical Engineering Technology and related fields, as well as the professional development of the student. The I.E.E.E. itself is the world's largest engineering society with over 160,000 members of which 20,000 are students. Over 400 I.E.E.E. student branches have been formed at universities and colleges around the world. Through their meetings and publications, students keep abreast of the latest developments and have an opportunity to exchange ideas.

Inter-Residence Council

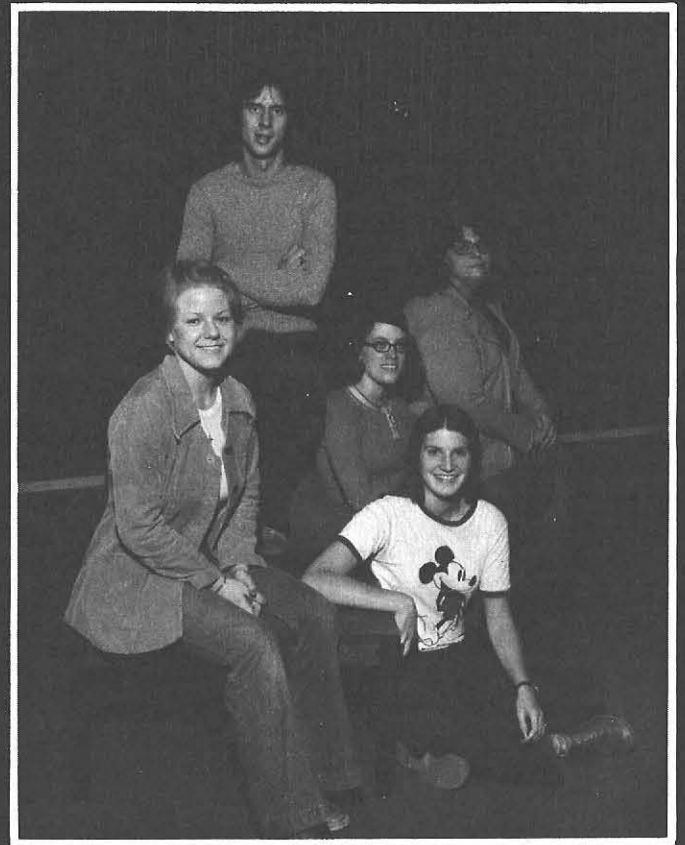

Commuter Council

The Commuter Council is an organization that was reorganized in the Spring of 1974. Its purpose is to help enrich the lives of the commuter students on the campus during their stay at Buffalo State. Barry Rupp, Commuter Council Co-Ordinator has been actively involved in organizing and directing the thirty present members on the Council.

Some of the events which the Council has presented this year for the students include a free coffee service, the one dollar lunch program, a car pool service and a typewriter service. Part time jobs and apartment listings are also offered in the Commuter Office, Room 400 in the Student Union.

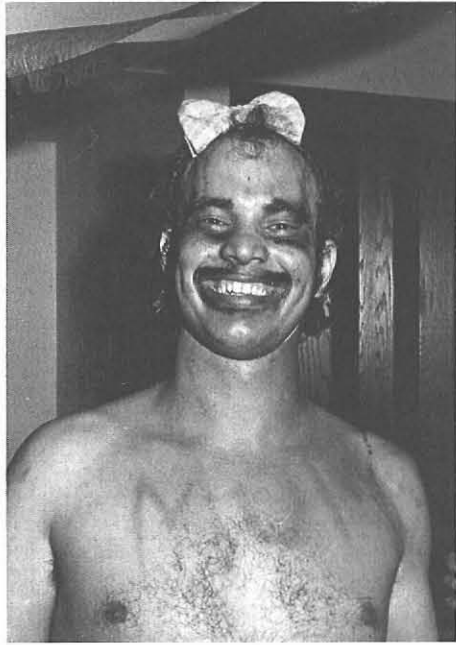

Long range ideas of the Commuter Council include open recreation during the day and a plan for improved campus parking. A community bus service is also a project which is being looked into with enthusiasm. Commuter Day, a day long party for the commuters is one event planned for later this year.

Problems that commuters may have are studied by the Council and a working committee tries to negotiate solutions. The Council hopes to become more influential in future years through the help and backing of all the commuters.

The Basketball Bengals this year ended up with the usual Buff State season; nothing too spectacular, and a few disheartening losses. Still, the team played well together as shown by big wins over Binghamton and Cortland in one weekend, an exceptionally good job. With the number of good young players on our team we can look forward to better and better seasons, and hopefully more and more fans to attend our home games. We have very little if anything at all to complain about concerning our teams. Good luck to all.

The Baseball Bengals had a disappointing season with team unity disrupted through a number of illnesses and the lack of familiarity between players. One of the few teams which participate in a split season, Baseball spent most of the fall attempting to resolve the internal problems responsible for the breakdown in teamwork. The reorganization appeared successful as the team's overall playing ability improved in the spring.

Cross Country is a sport of physical endurance and mental strategy, the value of both, working with each other, bring to the fullest extent a fine runner. To learn how to pace yourself, when to start your kick, and developing an intuition for the sport takes time. The harriers of Buffalo State had a good season this year with a record of 9-5. Coached by Roger Hauck, and lead by Gary Lantinen, they ran in various weather conditions, undaunted, to bring themselves a record better than 50%.

The sport of Track and Field at Buffalo State is up and coming. The all weather track, one of the few in the Buffalo area, lends to increasing the stamina and decreasing the times of the runners. The season proved to take its toll, but the moments of glory, individually or collectively, well overweighed the times of defeat. The team members gave the needed support to each other, that they used to put this spring season together.

Into its third season of playing and partying, the Buffalo State Rugby Football Club improved in rugby conference play with the return of veterans and increased participation from newcomers. This year the club is extra fortunate to have Jim Bingham as coach. Bingham, a faculty transfer from Britain, has used his coaching experience from home to increase the skillful abilities and interest of the State squad. Now between seasons, the club anticipates an even more improved rugby season.

Starting in late October, Coach Fred Hartrick and Assistant Coach Tom Allen caught their first look at the 1974 Varsity Soccer team. The season looked promising for the coaches and the players with the talent that was on the field. Talent such as Tarik Ozkaynak, a first team All-American transfer from Monroe Community College, as well as returning veterans Greg Ratajczak, John DeBlick, Gene Quatro and many others. But somewhere something went wrong. The Bengal Booters lost five straight games: Akron, Cortland, U.B., Albany and Cleveland. Daylight came with the defeat of Niagara and Canisius but was darkened quickly with losses to Binghamton and Houghton. The season ended with the teams beating Toronto, Oswego and Geneseo; a controversial loss to Fredonia, and a loss to Brockport.

Opportunities on the intramural, recreation, and club level provide women in WRA with a variety of athletic activities. It offers competitive athletic experience for women on an interschool level. It is supervised by a WRA Board which consists of an executive council, appointed positions and representatives from the various activities and dormitory representatives. Awards are given on the basis of points earned by the clubs, individuals and groups during a four year period along with yearly awards.

WRA offers 9 activities that are open to all interested women and includes the following: field hockey, tennis, volleyball, basketball, bowling, fencing, gymnastics and synchronized swimming.

"Applause, the theme of this year's Elms, is an intriguing word, a symbol of success offered for a job well-done. Sometimes, though, we forget to applaud. While you might think that much of what you contributed to the College went unnoticed, be assured that it was — and is — appreciated.

Careers that result in glorification are few; careers that bring self-satisfaction are many, depending on a person's attitude. Whatever your career, be proud of it.

I hope that at Buffalo State you have been motivated to strive for success but also educated to accept results gracefully. It's my sincere hope that we have helped shape you as a person, just as you have helped shape us as a College. Good luck to all of you in whatever way you accept and receive the applause."
