17. INTERRELATIONSHIP OF BUILDING AND SURROUNDINGS:
 (Indicate if building or structure is in an historic district)

Building is situated on a standard sized city building lot within Olmsted's Parkside subdivision. House is directly opposite Delaware Park which was designed by Olmsted and is listed on the National Register.

18. OTHER NOTABLE FEATURES OF BUILDING AND SITE (including interior features if known):

Two story American Four Square with Bungalow styling. Gable roof with parapet end walls. Shed dormer with parapet end walls and four multi-paned windows. Two exterior rubble stone chimney on the north and south sides of the house. Enclosed front porch has rubble stone piers and rubble stone foundation. Recessed entranceway has

SIGNIFICANCE

19. DATE OF INITIAL CONSTRUCTION: c. 1915

ARCHITECT: _____

BUILDER: _____

20. HISTORICAL AND ARCHITECTURAL IMPORTANCE:

Unique example of the American Four Square style. House with similar styling is directly next door at 389 Parkside Avenue. This house is located on Parkside Avenue, a street conceived by FLO around 1873 as part of a residential "suburb" adjacent to Delaware Park. This suburb was called "The Parkside" by Olmsted and appears on an 1876 map drawn by him as a proposed area of curved winding streets on the north and east sides of the park. Parkside Avenue was actually created by the City of Buffalo in 1888. The street very closely follows Olmsted's original plan maintaining the picturesque character that he envisioned for the streets surrounding the park.
