c. scattered buildings
d. densely built-up e. commercial
f. industrial g. residential
h. other: _____

17. INTERRELATIONSHIP OF BUILDING AND SURROUNDINGS:

(Indicate if building or structure is in an historic district)

Building is situated on a standard sized city building lot within Olmsted's Parkside subdivision. House is located one block from Delaware Park which was designed by Olmsted and is listed on the National Register.

18. OTHER NOTABLE FEATURES OF BUILDING AND SITE (including interior features if known):

Two story American Four Square. Hip roof. Hipped dormer with rafters under eaves and three double hung windows on west side of house. Narrow gabled projecting pavilion on south side of house. Open porch across front of house has stone piers with tapered posts and a stone balustrade. Door leads out to open porch on second floor. First floor is stone. Second floor is shingled. Stone foundation. Rafters under eaves of roof.

19. DATE OF INITIAL CONSTRUCTION: c. 1915

ARCHITECT: _____

BUILDER: _____

20. HISTORICAL AND ARCHITECTURAL IMPORTANCE:

Typical example of the American Four Square style that was built in this neighborhood. This house is located on Parkside Avenue, a street conceived by FLO around 1873 as part of a residential "suburb" adjacent to Delaware Park. This suburb was called "The Parkside" by Olmsted and appears on an 1876 map drawn by him as a proposed area of curved winding streets on the north and east sides of the park. Parkside Avenue was actually created by the City of Buffalo in 1888. The street very closely follows Olmsted's original plan maintaining the picturesque character that he envisioned for the streets surrounding the park.
