## HERE WE GO AGAIN Back To Buffalo State College

The fall semester has returned and with it some routines. For freshmen, creating schedules, attending organizational meetings at Bengal Pause, and throwing out OP meal cards in the garbage by mistake is something new. For others, these are just minor details in an exciting collegiate career.

There seems to be a long line for eve-

rything that needs to be done. Food, books, registration, parking, and even bathrooms are inaccessible. However, the first few days are filled with enthusiasm because everyone is seeing old friends and making new ones. Let's forge ahead through registration, midterms, and finals and show everyone the perseverance of a Buff State student.

## CULTURAL DIVERSITY

### It's a Small World After All

Buffalo State's theme this year was 'Cultural Diversity.' All the organizations have placed an emphasis on learning about and experiencing new and different cultures. Some of the aspects about different cultures to be recognized are music, arts, food, and general lifestyle. Recogniz-

ing Cultural Diversity gives the students at Buffalo State a chance to not only learn more about the people who inhabit our earth, but we learn a little about ourselves too.

## ORIENTATION A New Beginning

Freshman orientation is the beginning of the collegiate experience. This event offers new students an idea of what is needed in order to succeed in college, as well as showing how fun college life can be.

The program is conducted over a three day period. During this time students attend

workshops, take placement exams, meet their advisors, schedule their classes, and have a chance to make some new friends before the school year begins. Also, the new students get a chance to preview the college before the entire student population is here.

## GOOD TIMES FESTIVAL

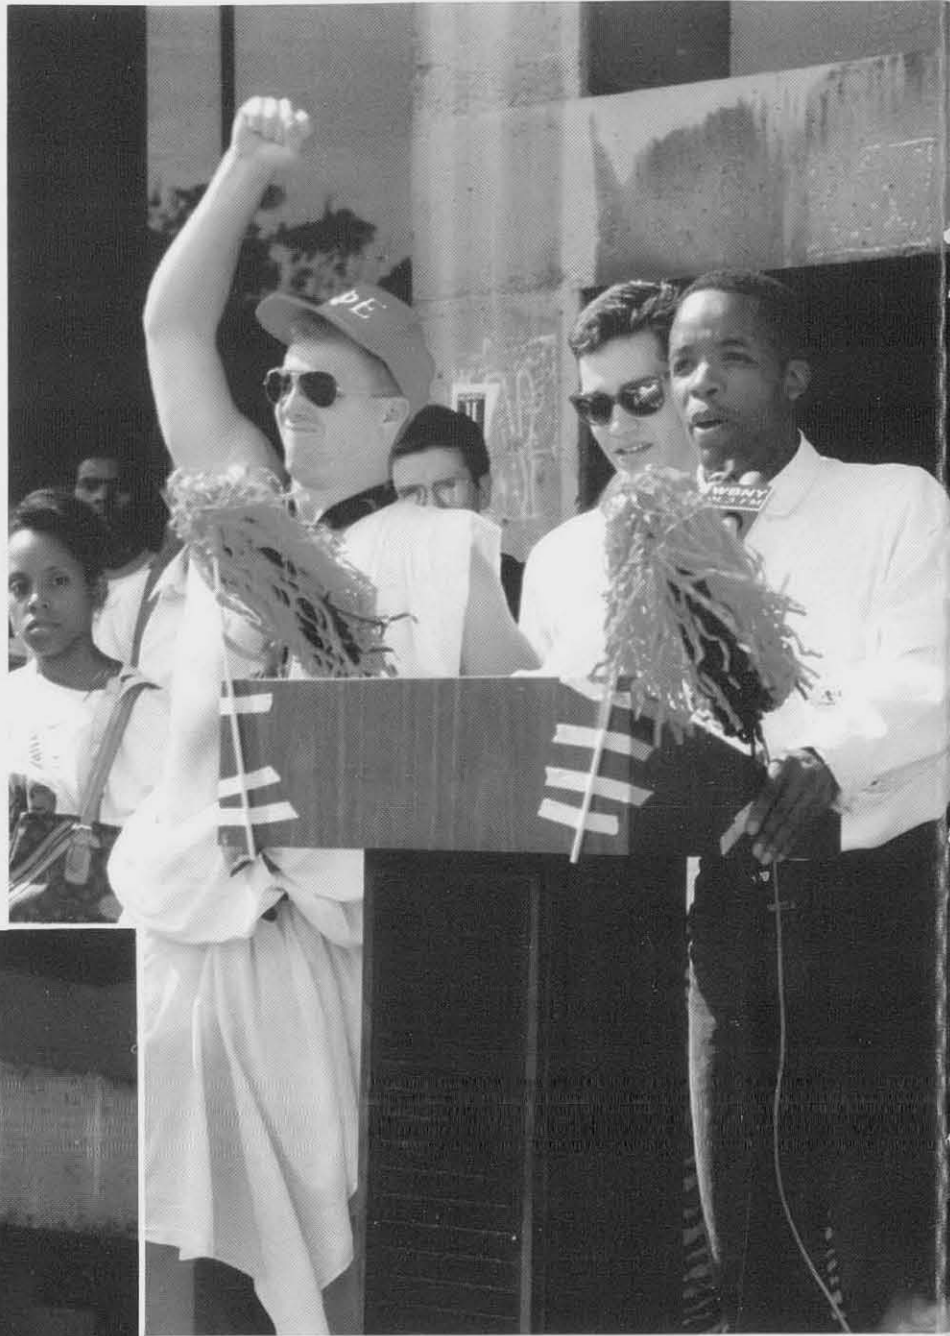

### A Good Time For All

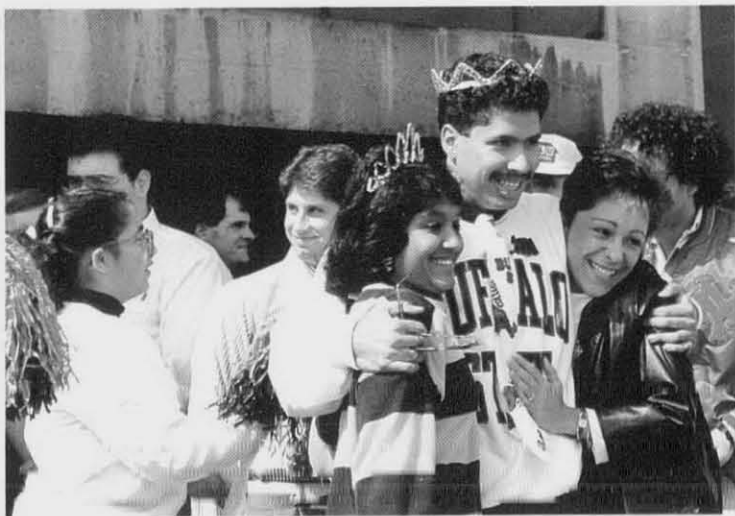

The 1988 Good Times Festival, fourth annual Community Day Picnic, drew quite a crowd in Perry Quad on Sunday, Sept. 11th. Beginning at 12:30 pm the festival began with a performance by a local band named Little Shuba. The music that followed was provided by Gamalon, The Party Squad, and Sam Falzone and The Buffalo Jazz Workshop. Supervised games of beanbag tosses and parachute were provided for the children who attended, as well as jousting exhibitions for people of all ages. Delicious hot dogs and salads of all kinds were available throughout the day. The free music, food, and fun were graciously provided by the USG Community Relations Council, the West Side Business and Taxpayers Association, and the West Side Kuwanis Club.

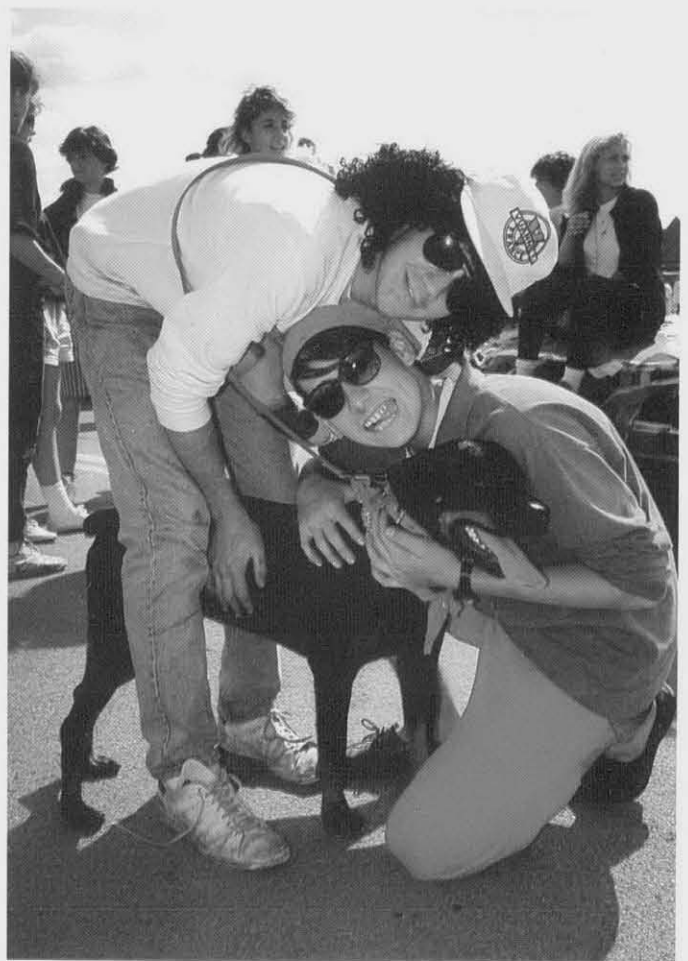

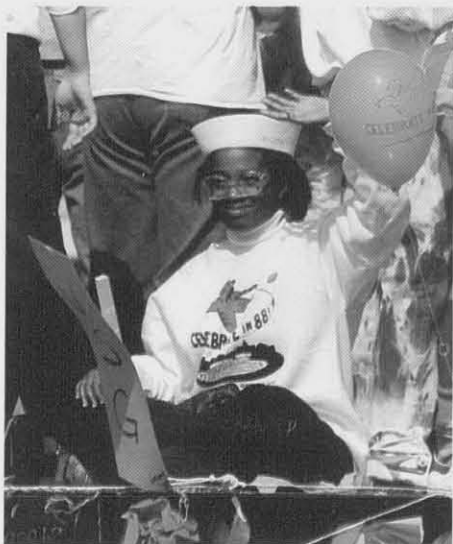

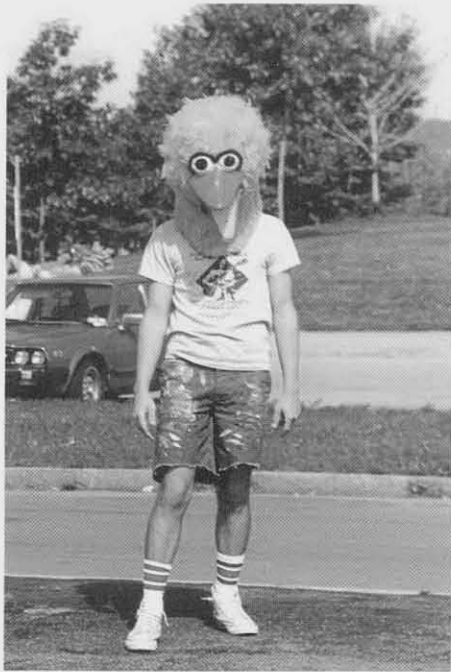

## HOMECOMING A Time for Pride To Shine

Homecoming is a fairly new tradition here at Buff State; but receives a great deal of attention from both students and faculty alike. Homecoming weekend begins with a pride arousing pep rally — The Cheerleaders, The Bengal's Mascot, and the Football Team get psyched up for the big game. The rally gives all Buff State students the opportunity to express their school spirit.

## HOMECOMING PARADE Buff State Takes Their Pride On The Road

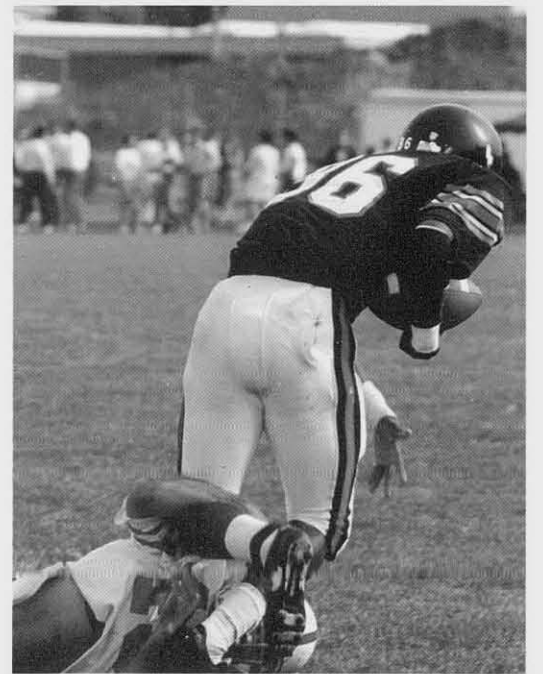

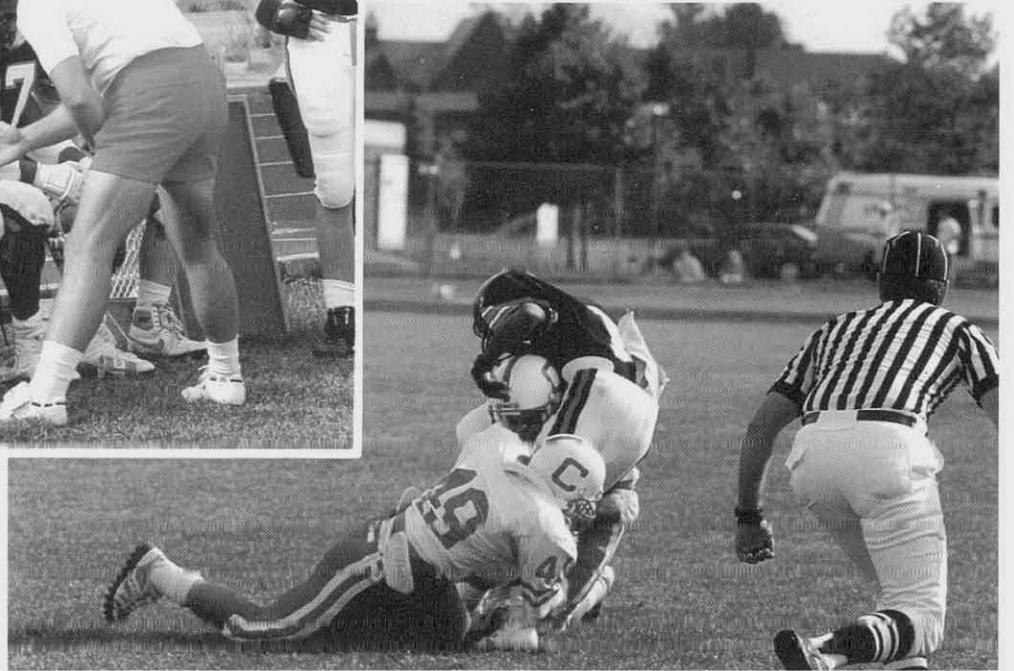

Spirited Buff State students could be found outside on the sunny Saturday afternoon of Homecoming Weekend observing the parade. Colorful floats representing many campus organizations made the circuit from Rockwell Road, down Elmwood, up Forest, and down Rees Street to the parking lot.

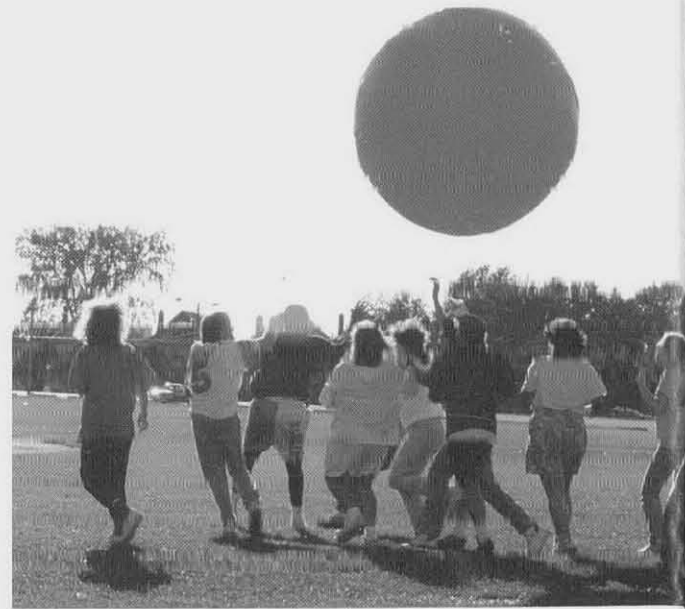

This year's theme was Cultural Diversity. All the floats were impressive, but Neumann Hall won first place in the float contest. Second and third place went to the fraternities named Sigma Phi Epsilon and Phi Kappa Tau, respectively. The banner competition was won by Adelantes Estudiantes Latinos. Placing second was Perry Hall with Omicron Omega Nu taking third.

## MOONBALL A Homecoming Tradition

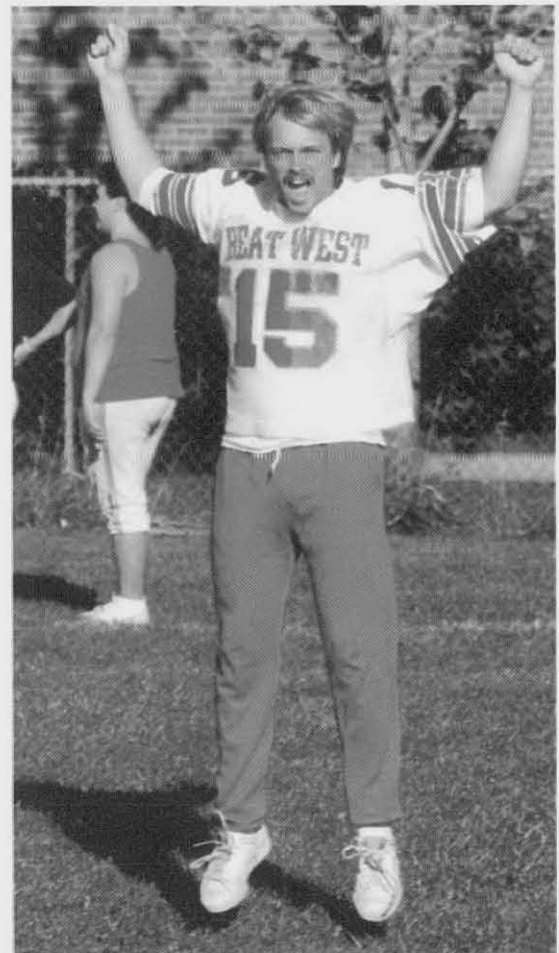

**M**oonball, the perfect solution for college students who want to take part in moronic behavior. Viewing from a distance, an illuminous yellow ball could be seen hovering over the practice field. Teams form dorms and various organizations competed in this year's fourth annual moonball tournament.

Moonball is very similar to soccer. Six players from each team try to move the six foot wide moonball across the field. The only problem is the players are not allowed to throw, grab, or kick the ball.

Unlike years past, Mother Nature smiled on the Practice Field and provided a sunny warm day that is usually full of rain and cold winds. This year's winner of the tournament was Phi Kappa Tau. Moore West took second place and Perry Pirhanas II took third.

The Student Union is the hot spot on the BSC campus, everything begins and ends within its walls. No Buffalo State student has gone a day on this campus without going to the Union for some reason or another, socially or as a necessity. The Student Union gives us all the opportunity to become close to one another. Whether it is by being packed into lines or just casually hanging around, the Union is where it's at!

## *the Union*

Rob Hillyard

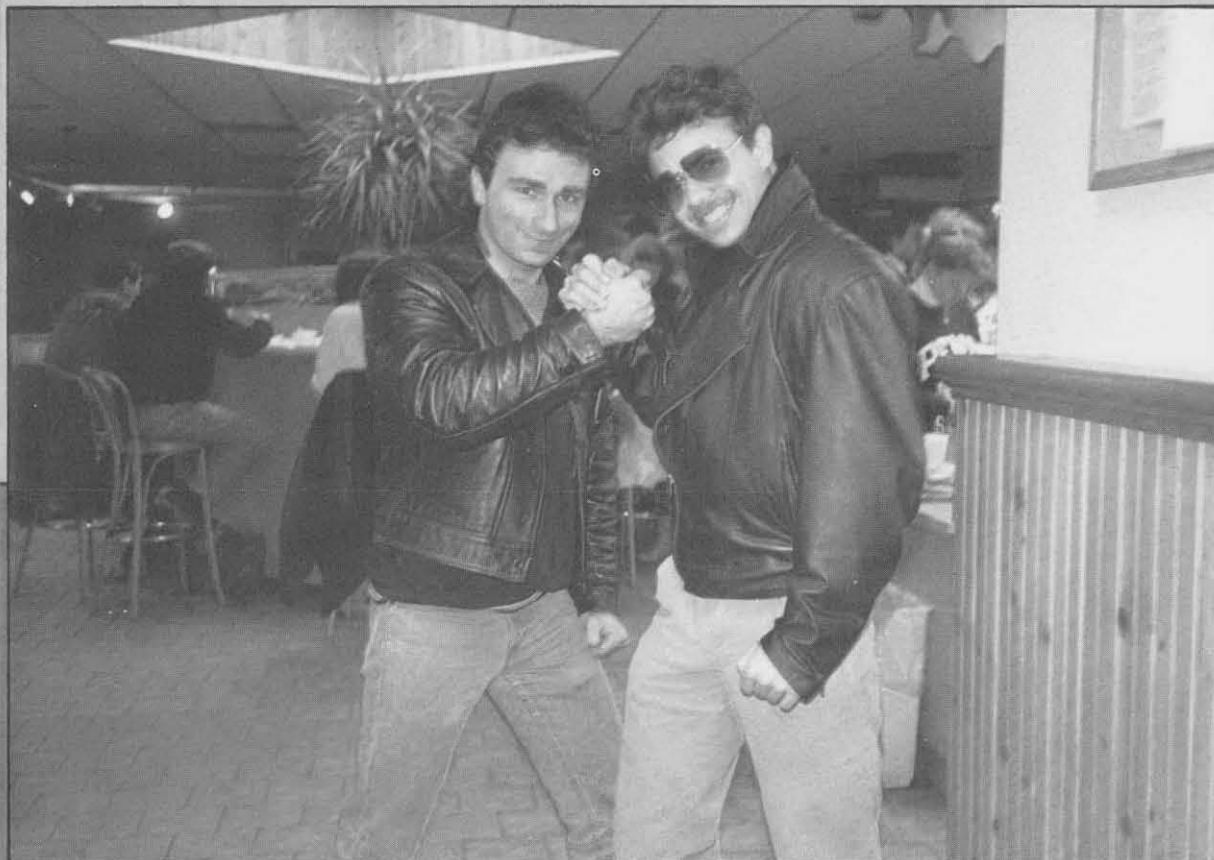

What's the center of the Buffalo State campus? You know, the Student Union!

There is always something happening in the Union, whether it's comedy in the Park, munching in the Plaza, lounging by the Fireside, killing time in the gameroom, or shopping in the college store; the Union has it all.

This year the Faculty Student Association provided the Union with directory signs for all of the different corridors and room numbers as a service to students and faculty alike.

The Union consists of four levels. The lower terrace holds the college store and the self — service post-office. The ground floor contains the various eating establishments of the campus, an information desk, travel information, WBNY radio, the ELMS yearbook office, and the game/pool room. The third floor holds the various halls for assembly and social events, as well as commuter services.

The fourth level holds all of the USG offices, student life, and the meeting rooms.

## Friends

Friendship is one of the most vital parts of college life; many of these friendships were created at a young age and have developed over the course of many years, but there seems to be a sort of instant bond between people who go to college together.

The friends that we make during these years at Buffalo State will remain with us forever. Friends are met in some of the strangest ways; waiting in lines, in an elevator, rooming in the dorms, maybe it is just destiny. It isn't really important where or how we meet each other, what is important that we are friends.

The two words *campus life* create many different ideas in people's heads. Campus Life means different things to each and every different individual. It can mean classes, meetings, clubs, or jobs to one person and mean parties, friends, and fun to another. It can also be a combination or a mixture of these things. For the student that is away from home for the first time this type of life refers to different things than it might to a person that has been out of the house for a few years. But no matter what it means to you, you are a part of it and you decide what it means to you.

## *Dorm Life*

Living away from home for the first time in one's life can be a period of growth and adjustment; a newly found independence isn't always what it's cracked up to be. There comes a dependency upon roommates, dormmates, and one's self for decision making and everyday concerns.

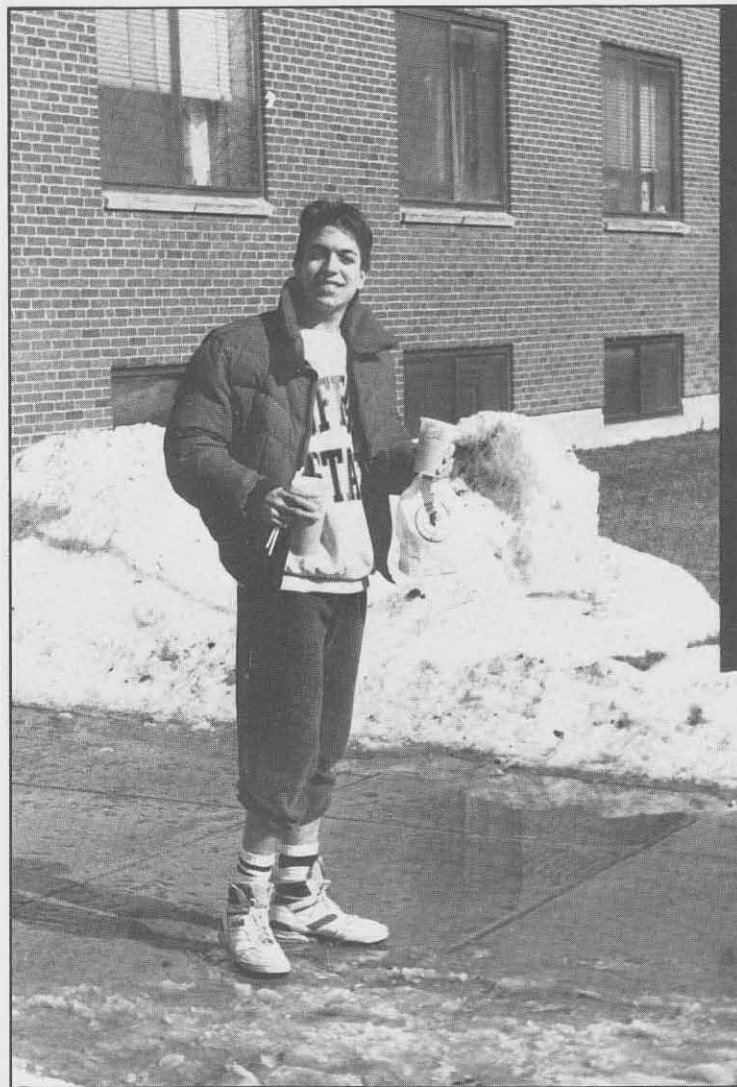

Living away from home carries with it a great responsibility for many students: self reliance.

## Field House

All around campus construction is underway, from the new field house, to the new sidewalks between Bacon and Ketchum Halls. It is unavoidable and it becomes a part of life for the students of Buffalo State. Commuters and residents alike have had to make adjustments in their usual paths to and from classes; all to restore and improve the beauty of our campus.

## Parking Permits

As Buff. State students returned for the Fall semester this year, they were greeted with yet another campus policy. In order to park in any campus lots the students needed to purchase parking permits for the cost of \$3 for the year. The permits were registered with public safety and orange stickers were placed on all student vehicles; now, these stickers can be seen all around the campus. Failure to purchase a parking permit may lead to ticketing or even having your car towed away.

## The Newest Edition

To complete the construction and renovation of the campus, Buffalo State received a new marble sign at the front of the campus. The the new edition was the welcome sign on Elmwood Avenue. The marble sign greets visitors with the college's name and address; it accents the new look noe present on Elmwood, along with Rockwell Hall.

## *What's New with the Buffalo Bills?*

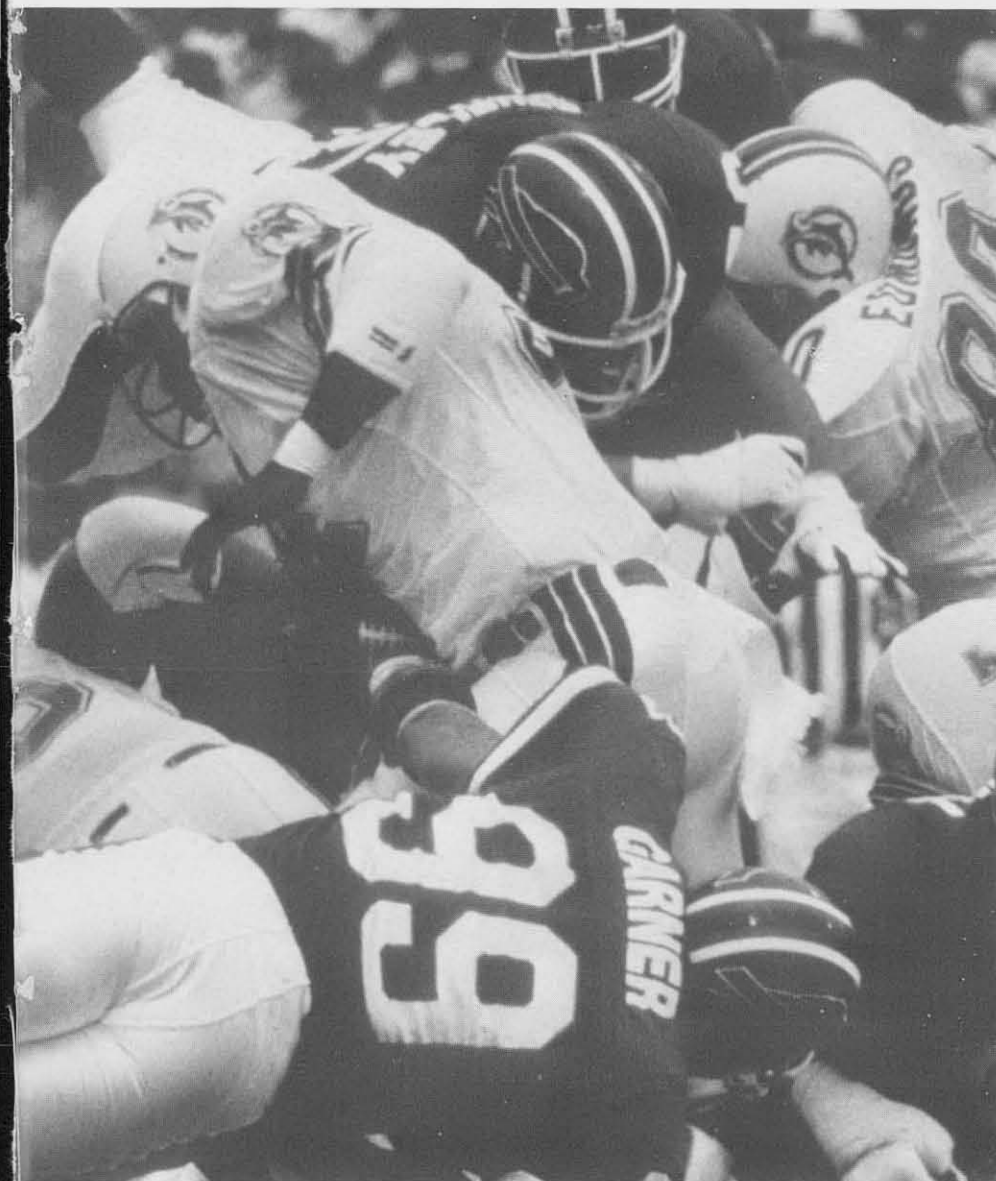

This year's professional football season was very exciting for Bills fans; the team played excellent football both at home and away. The season ended with the Buffalo Bills gaining an Eastern Division Championship title and a spot in the NFL playoffs. The team went farther than most people ever imagined, stopping only one game away from the Superbowl. The team's success wasn't the only hot item to make the news; Bills mania was everywhere around the city. The fans broke attendance records and their support could be seen throughout all of Western New York. The Bills fever hit fans of all ages, Bills merchandise was on sale everywhere, and a hot conversation topic. It was a great year for everyone involved; fans, players, coaches and the community.

## Good Luck!!

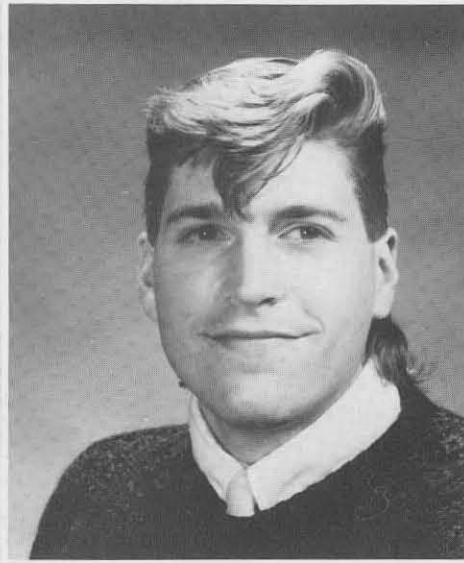

As this section is compiled so are the memories and experiences of the past few years. Being a senior represents a lot of different things, being the high man on the totem pole but also not wanting to get down. Being a senior means the end as well as an entirely new beginning. This is a time to prepare as well as to say goodbye. Being a senior maybe exciting but at the same time it may be scary and filled with anxiety. To all the seniors pictured on these next pages and to all those not remembered here this is our chance to say goodbye, we will miss you, and good luck.

#### Women's Softball

The Buffalo State Lady Bengals are represented in yet another sport, softball. The team practices in the Bubble before the season starts to get in shape for their upcoming games. Even though it may be cold outside thoughts of warm afternoons on the diamond fill each player's head.

Once the season starts the women play various home and away games to other teams in their division. These Lady Bengals are very dedicated to their sport as well as their team. Without their teamwork and overall effort they could not be as much of a success as they are. This is definitely one group of talented and supportive individuals.

## Women's Soccer

Bsc's young women's soccer team plays a good game and is steadily improving. Coached by Sid Goodrich, the team showed noticeable improvement. Both the offense and defense are aggressive affording BSC's team many scoring chances and the opponents few and far between. Handling the ball well in their own zone, the team made saves correctly marked by few errors. Their losses can be pinpointed to their difficulty around the net. The women played their games well but unfortunately fell victim to being defeated by giving up one goal. The women's soccer team has earned the respect of opposing players and coaches and is looking forward to improving even more in the future.

## Men's Soccer

Bsc's men's soccer team continually improved their performance throughout the season. Coach Tassy made sure the team had a strong defense and stayed with their game plan. One of BCS's stronger talents is outshooting their opponents and productive consistency. The team suffered a bit because leadership and intensity were lacking. The hope for a more successful future lies with the more young players that are coming into their own. The team often capitalizes on their opponents, taking every advantage available to defeat their opposition. Coach Tassy says "we want to finish the season for pride. We need to convince players of their talent and convince them that their talent's even with others." And they did just that.

— Patti Sadauskas —

## Coach Tassy

This year the BSC men's soccer team saw not just an ending of a season but the resignation of a coach. Jean Tassy resigned as head coach giving differences with the administration and a great love of the game as reasons for his decision. He could no longer bear to see the game played with no enthusiasm which is how the BSC team had been playing. There was no commitment to the game which made Tassy frustrated.

The loss of coach Tassy may make some of the team members fail to return to the team. The loss of coach Tassy will remain to be felt next year. He was a friend as well as a coach and he will be missed.

## Women's Tennis

BSC's women's tennis team is well-rounded and full of strenght. The team, coached by Paul Wheeler, faced tough competition and fought back with great effort. All of this season's matches were played with a very powerful force.

With great play and individual effort, the women showed their outstanding potential for future seasons. Each player is to be commended for her commitment to make the 1988 tennis squad a success.

## Rugby

One of more violent and contact orientated sports on campus is rugby. While some people find the sport exciting, challenging and a lot of fun others see it differently. Rugby consists of a team of well conditioned and fairly well built players all of which enjoy the sport and or the

thrill of competition. The members of the BSC rugby team are no different from players on other teams. They get down and dirty with the best of them. This years team has competed with a lot of vigor and drive.

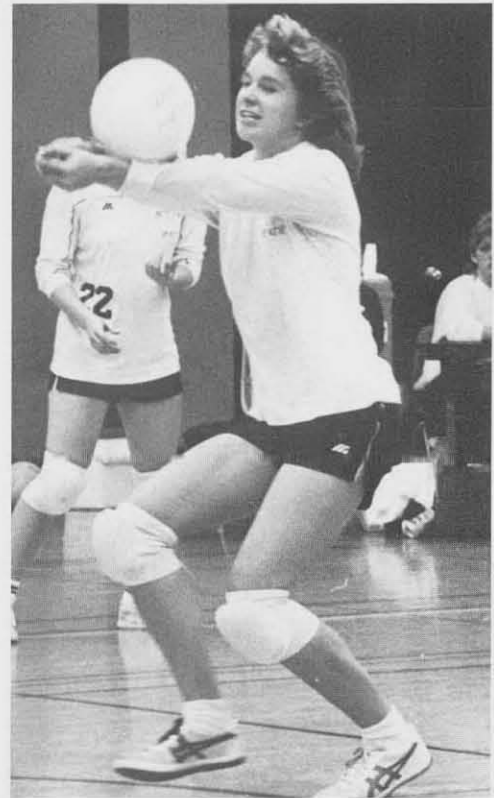

## Women's Volleyball

Setting, spiking, serving, and blocking are all skills that were represented by the BSC women's volleyball team. With the coaching assistance of Brenda Hamilton the team was able to make its way through the season. The team was able to compete and perform with a winning spirit. This year's team compiled the best of Buff State.

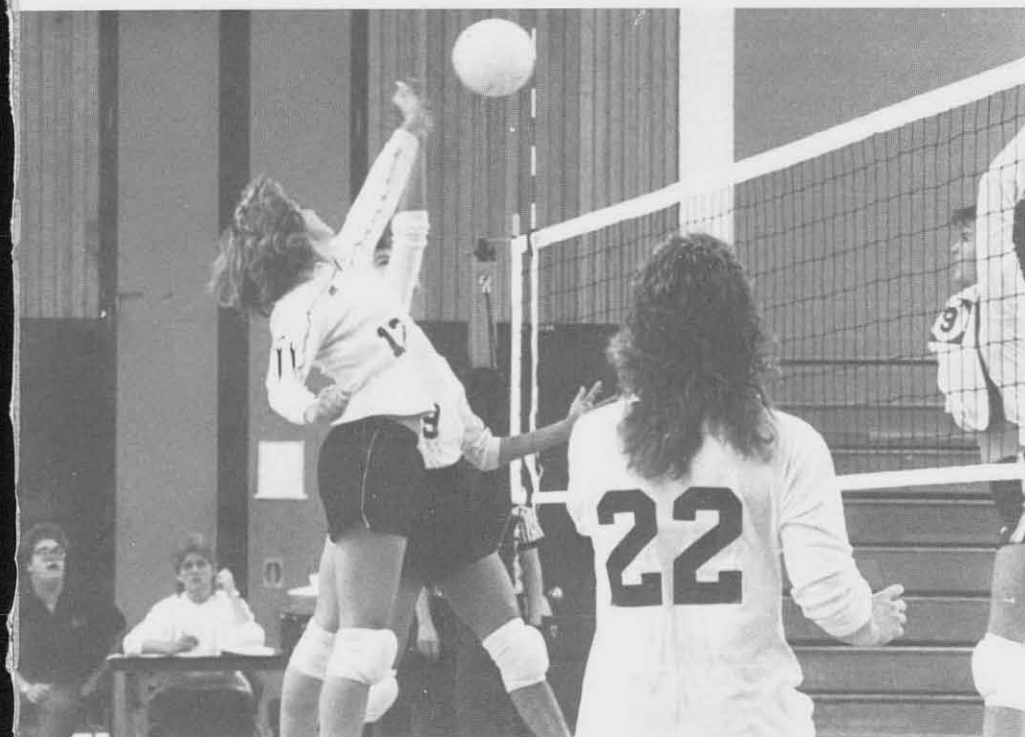

This team showed much promise and hope for the coming season's as well as for the past one. The women's volleyball team showed great skill and dedication to a great sport. They showed how to really play the game.

## FOOTBALL

Football . . . the game can be characterized by such adjectives as rough, pounding and even intense. The Buffalo State Bengal football players can also be described in this manner, as soon as they step onto the football field. Throughout the season, Bengals fans were able to watch their team run, pass and kick their way into the endzone, fans lifted their spirits and cheered them on; but most importantly they celebrated when Buffalo State defeated the U.B. Bulls!

This year's team had their share of trials and tribulations along with their share of joy. The team has moved along the path to success in both ability and character. With the help of Coach Jerry Boyes and his staff, these players have improved and will most definitely continue to do so.

## BenGALS

Pep, enthusiasm and spirit describe this year's Buffalo State cheerleading team. This talented bunch, put in much time and effort supporting the school and promoting school spirit. Each individual has a great amount of athletic ability and talent. The 1988-89 BenGALS team was coached by Renee Phillips and Lisa Dirienzo.

bottom row: Renee Phillis — coach, captain  
 second row: Corrina Cxyz, Donna Meehan  
 third row: Sue Ralph, Sue Moore, Linda Mesi  
 top row: Lori Marciano, Debbie Vaughn, Tammy O'Keife, Tracy Ball, Aileen VanVolkenburg

## KICKLINE

The BenGALS kickline is still going strong in 1989. The line performed at home during half-time of Buffalo State's football and basketball games, sold pre-sale tickets during Bengal Pause for many of those games, and also participated in a Kick-A-Thon, where the proceeds went to the United Way. The Kickline performs integrated dance routines at half-time of home games. The team continues to grow stronger each semester under the direction of this year's captains, Janet Webster and Shelly Lauckern.

bottom row: Annette Galasso, Jenny Amirian, Kelly Comerford, Michelle Lauckern — captain, Janet Webster — captain, Kim Gerber, Adele Mallace, Kristen Heintz.

middle row: Janine Valenti, Lisa Vinci, Peggy Kelly, Lisa Yavornitzki, Jenny Trautman, Kellie Mathis, Roseann Thundermark, Arlene Tabigue.

top row: Lisa Valenti, Dawn Bunger, Kim Koechler, Bonnie Fuller, Mandy Stewart, Alicia Hedrick, Marianne Epp, Bernadette Arrago.

# MEN'S BASKETBALL

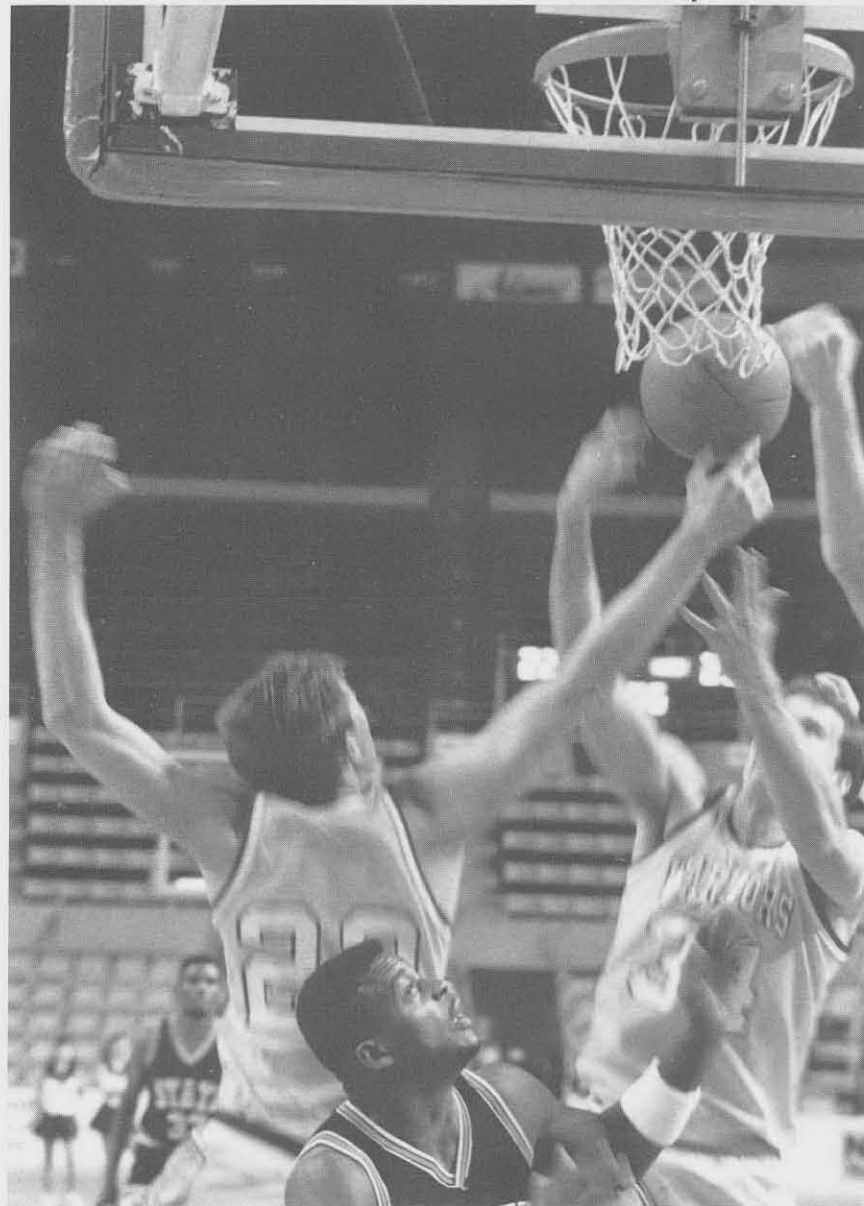

This year was the another year of excitement for the Buffalo State Bengals men's basketball team. The team had an excellent season with a 25-4 record. They accomplished many feats and had every right to be proud.

The team worked together toward the same goals and received some individual honors as well. Senior Conrad Walters finished the season with 1,194 points scored making him the 7th highest scorer in BSC history. Chuck Swierski was named to the All-SUNYAC team making him the only player for BSC to be named to this squad. And, not to be outdone by his players, Coach Bihr was named the SUNYAC Coach of the Year.

The team was full of many stars but their teamwork and dedication to the sport made them the great team they were. Each individual player brought his own uniqueness, talent, and ability. These qualities helped this year's team achieve the 2nd best record in Buffalo State history.

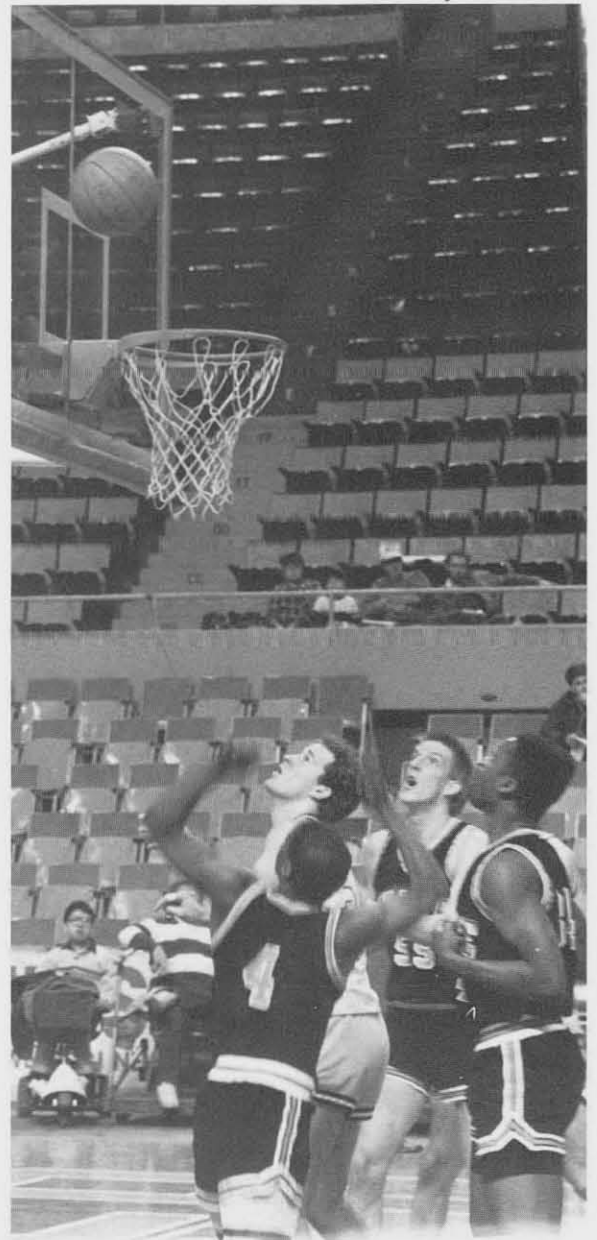

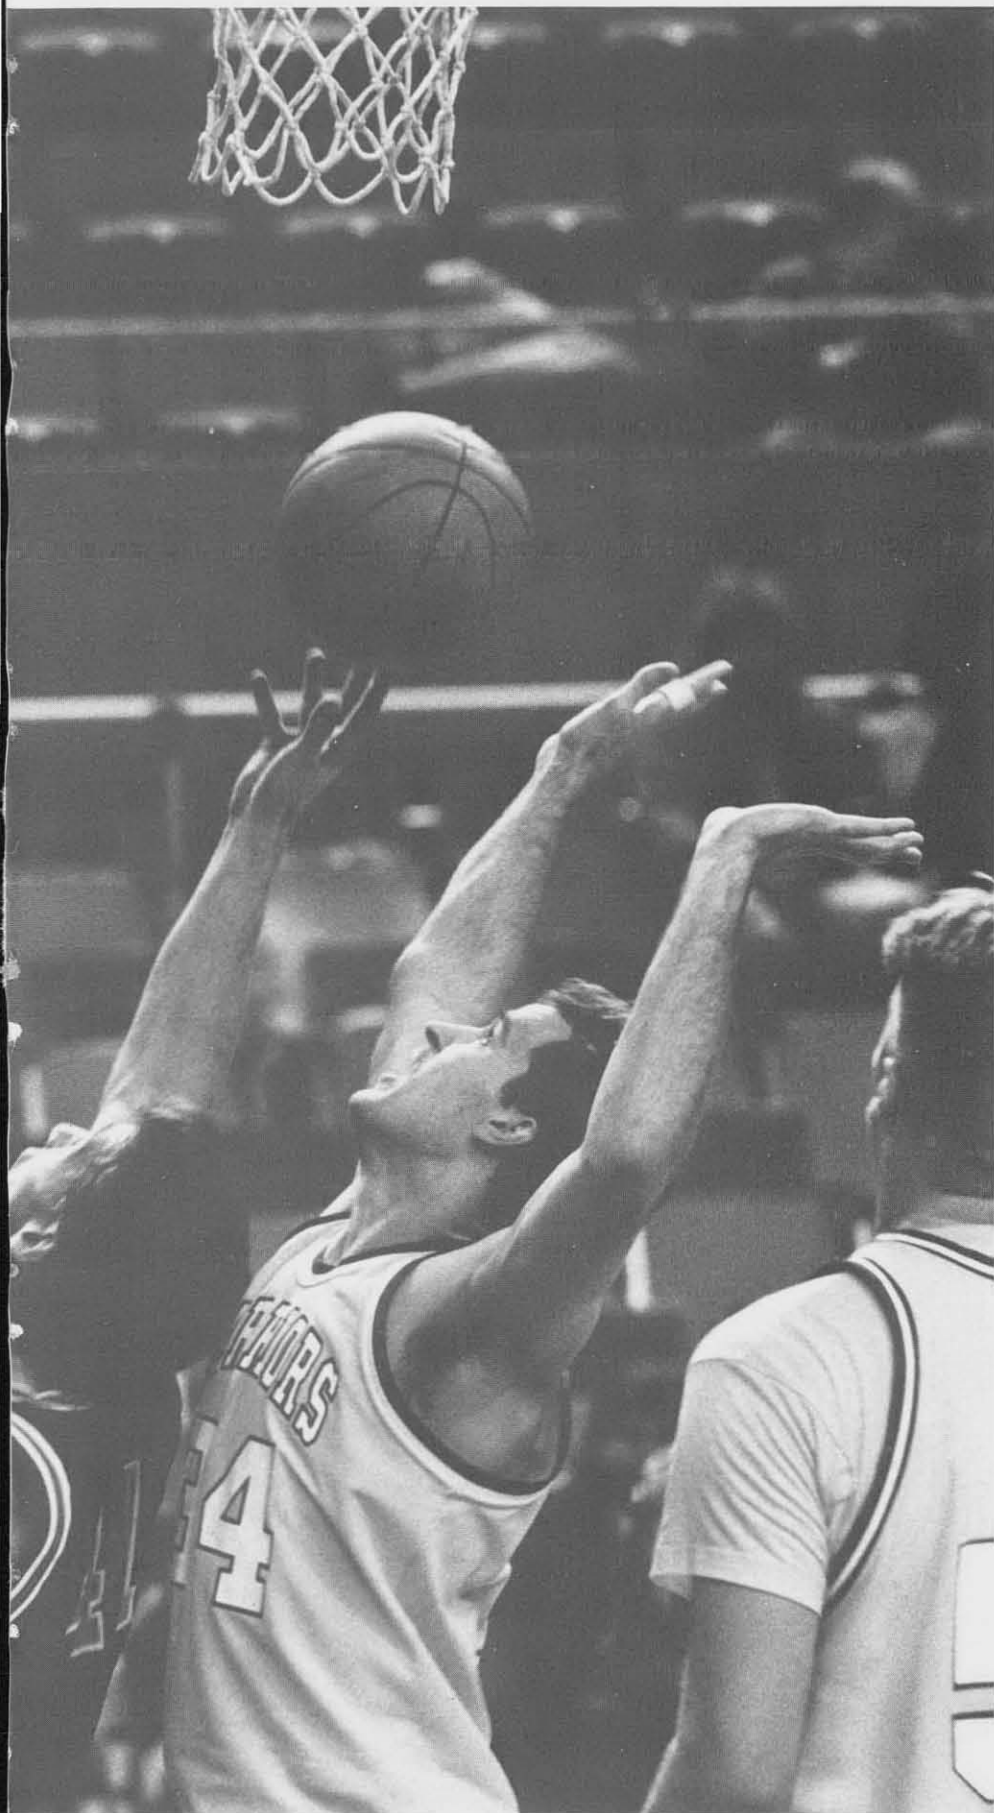

The team ranked 7th in the nation for the Division III teams. Then it moved along to win the 1989 SUNYAC title with a 67-65 victory over Potsdam. This was their second consecutive SUNYAC title. After capturing this title the team moved onto the NCAA Division III Eastern Regional Tournament. But this was the team's final playing time for the season. The team ended with a 74-60 loss to Potsdam in the championship game.

## WOMEN'S BASKETBALL

The Buffalo State Lady Bengals had a terrific season this year. The team played with a strong defense and utilized the experience available to them. Each team member helped lead the team to a wonderful record. Dee Ross the team captain led the squad in points scored and sophomore Arlene Eagen led in rebounds. Juniors Debbie Koabel and Serry Jones benefitted the team with their experienced playing as did Alex Hoover, a transfer student from St. Lawrence University. The team also had a strong bench which included good playing from sophomores Laurie Gleason and Tammy Kiefer, and freshmen Dara DeVries and Babe Jones. The Lady Bengals also won their own tournament, the 1st. annual Betty Abgott Invitational. But, the season itself ended to a heart breaking defeat. During the SUNYAC tournament at Potsdam the

team lost to Cortland by only 1 point. Making this the 1st. year since SUNY started the women's division that the Lady Bengals have not captured the title. Next year holds many promises. All of this years starters will be returning and the Bengals are looking forward to another winning year. With everything that's going for them they will undoubtedly have a strong team. A special thanks to Debbie Koabel for her assistance with this article.

# MEN'S SWIMMING

The BSC men's swim team may not get the recognition or popularity as some of the other sports teams here on campus, but it sure contains a lot of dedication and talent. The members practice hard and strive to reach their goals both as a team and as individuals.

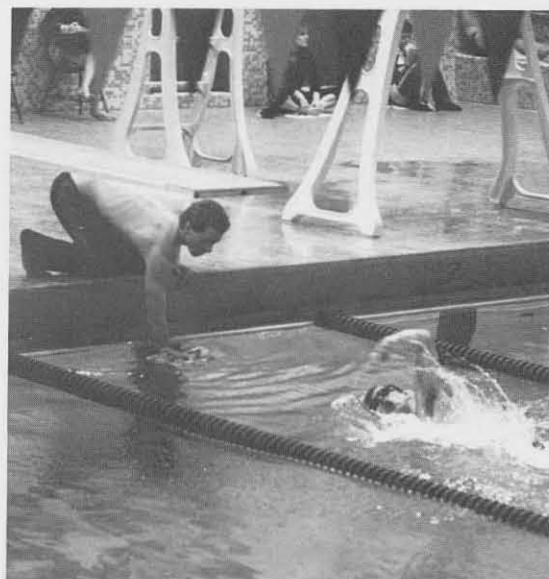

Whether the team won or lost their meets they stroked their way to the finish. The team should be proud of their hard work and performance. The team should also be grateful to their Coach Keith Bullion. Their BSC supporters are definitely proud!

## WOMEN'S SWIMMING

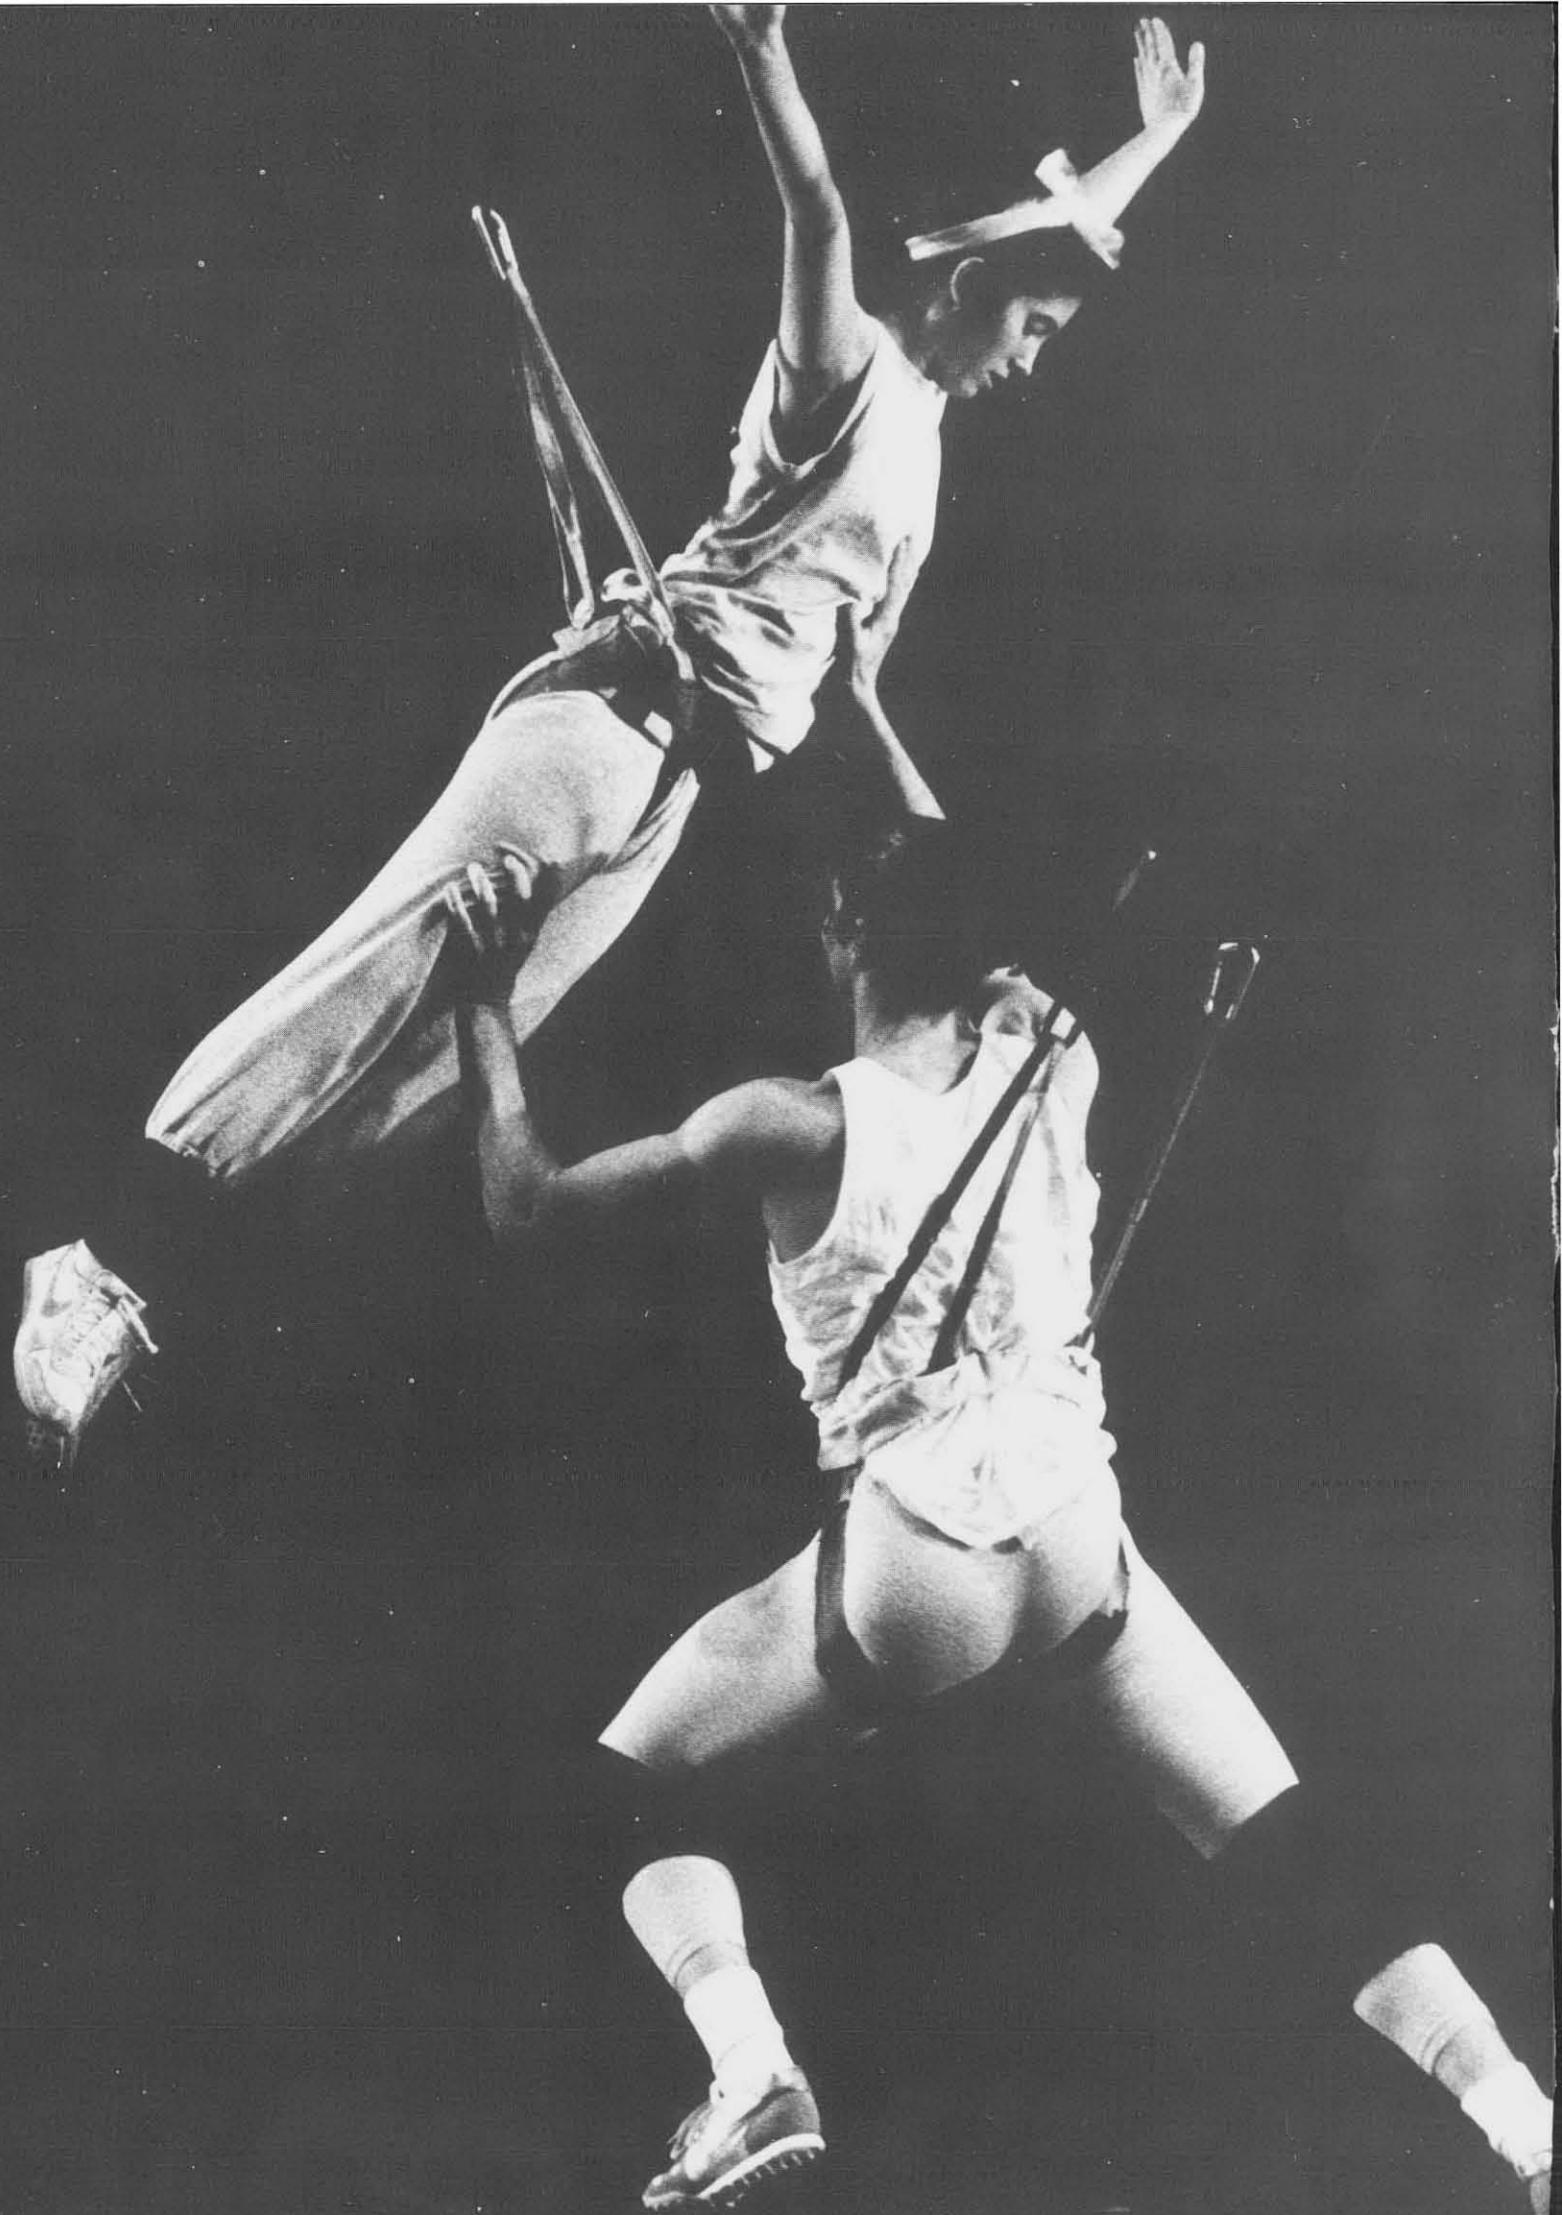

Yet another bright BSC team was the women's swim team. With the direction of coach Paul Wheeler the Lady Bengals swam their way to the finish. Stroke by stroke, and lap by lap these womwn represented Buffalo State College making all those associated with it proud. While the swim team still hasn't received the popularity or publicity of some of the other campus sports teams its members sure aren't any less dedicated.

## Dance-a-thon

Every dancer's dream, every foot's worst nightmare, a dance-a-thon of course! The Council of Exceptional Children here on campus sponsored this event once again this year. The event took place over long hours of stress and stimulation for all involved. Tired feet, weak knees, and bones that ached were a result of all the movin' and shakin' goin' on. This annual event took place in the student union and is sponsored by CEC. All music was provided by the 14 live bands.

## The Gathering

The 1988 gathering took place on April 29, 1988 from 5-11p.m. in the Perry Quad. This was a chance for old as well as new friends to meet and have fun. This annual event was sponsored by FSA and Residence Life. Food, special events, live music, games, and surprises were had by all. This party enables students to meet on campus in a less formal or structured environment. Everyone was welcomed and the turnout was a good one. Fun and excitement was had by all!

## PUMP BOYS AND DINETTES

The 1982 Tony Award nominee for best Broadway musical, *Pump Boys and Dinettes*, came to our own Rockwell Hall Auditorium for two spectacular performances. *Pump Boys* is a musical set in a rural south gas station. The performance was commically refreshing with its all-American flavor.

# THE NUTCRACKER

The Empire State Ballet performed Tchaikovsky's classic Christmas program at Buffalo State's Rockwell Hall Auditorium to open the holiday season.

The dancers of the ballet worked wonderfully together, flowing with style and grace. The most impressive scene in the ballet was the Pas De Deux, performed by the Sugar Plum Fairy (Roberta Taylor) and the Prince (Harry Ferris).

The props and set design was colorful and dynamic; the performers were all very talented, with impressive energy and emotion.

## 40 YEARS AND A SONG

1988 marked the 40th birthday of the state of Israel. To celebrate the occasion, the Hillel and Jewish Student Union organizations from Buffalo State College and the University of Buffalo co-sponsored "40 Years and A Song."

Through song, dance and narration the program provided an overview of Israeli history, as well as an insight into some of the feelings of the Israeli people.

## ISO DANCERS

ISO, meaning "I'm So Optimistic," performed on September 18, 1988 in Rockwell Hall Auditorium. The group created their own choreography; their dancing style is a combination of gymnastics and modern dance. Visual effects add a twist by way of the props and lighting. The performance was an interesting and educational one.

The dancers were Daniel Ezralow, Jamey Hampton, Ashley Roland and Morleigh Steinberg.

# AMADEUS

The lights dimmed and the curtain began to rise; sad and bitter cries of "Mozart . . . Moazrt" echoed throughout the auditorium. They were the cries of Antonio Salieri, portrayed by Steve Sutherland, in great envy of the musical genius Wolfgang Amadeus Mozart.

Through acted scenes and narration, Salieri lets the audience know of his extreme jealousy of Mozart, played by B.S.C. alumnus Todd Edwards. Mozart, although childish, was a brilliant musician. Salieri's jealousy results in the destruction of Mozart's life and musical career. Constanza Weber, Mozart's wife, was played by Monica Martin.

# GEMINI DANCE THEATER

After touring Europe, as part of the Festival International, The Gemini Dance Theater with special guests the Ballet Africains of Senegal filled Rockwell Hall's auditorium with dance and culture with their opening performance on November 4th. The Gemini Dance Theater is a Buffalo based company under the artistic direction of Steven Porter. The performers danced to an African rhythm made up mostly of drums. The choreography, also by Steven Porter, was full of energy and excitement, and left one feeling with a sense of the cultural diversity here at Buffalo State College.

# BURCHFIELD ART CENTER

Located on the top floor of Rockwell Hall is the Burchfield Art Center. The center is a museum of American art featuring the World's largest public collection of works by Charles E. Burchfield. The exhibits and programs change many times a year, allowing for exhibitions of a variety of art forms.

Students, staff, and members of the outside community are able to enjoy the center from Tuesdays to Sundays but it is closed on Mondays and legal holidays. The center is free of charge but donations are appreciated.

# PLANETARIUM

Buffalo State's own Ferguson Planetarium is located in the Science Building in room 115. It is an indoor sky theater in which visitors can see presentations of the sun, moon, planets, and the stars. There are a number of different public shows and programs presented during every school year. Students may attend Monday to Friday daytime shows free of charge and public shows cost only \$1. This BSC resource is an entertainment source for the campus and community. Educational programs are also arranged for thousands of area school children and adults annually. The Ferguson Planetarium is just one more of the added features that make BSC one of America's BEST!!

## THE GAME ROOM

Located on the main floor of the Student Union is the game room. The game room contains 20 video games, pool tables, a foosball table, and 4 billiard tables. The room is located near the laundromat.

Open seven days a week the room offers entertainment for all students. It is a place for students to meet, have fun, waste time or just hang out. Another added feature is the easy access to the room. It is campus entertainment right at the heart of the campus, in the Student Union.

## RECREATIONAL INTRAMURALS

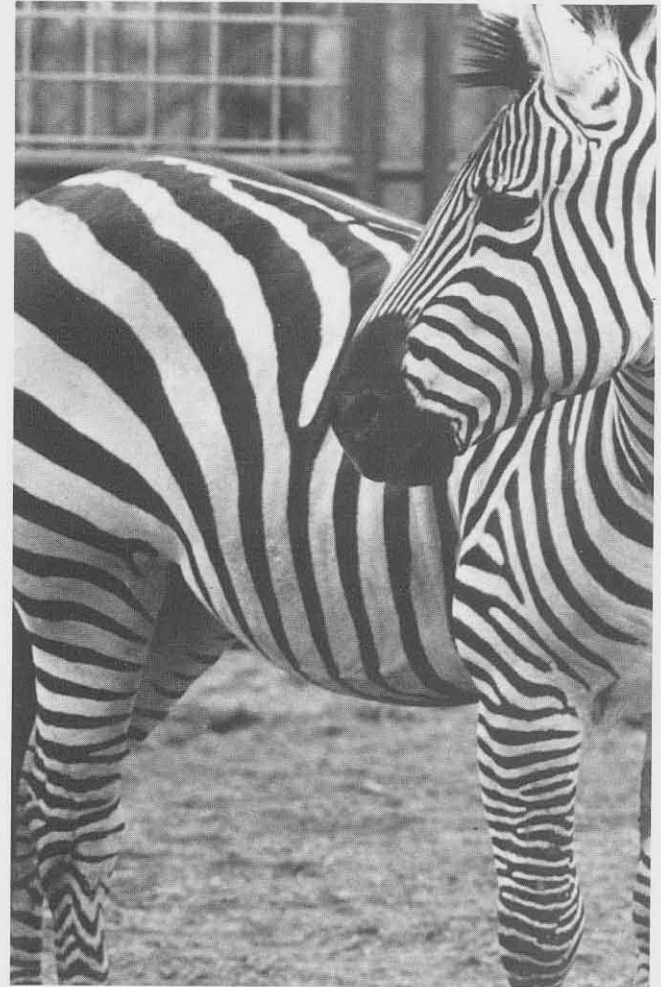

Almost any night of the week, both residents and commuters can be found participating in a wide array of intramural and recreational activities. These activities include organized competitions as well as the use of different recreational facilities. The teams reflect competitiveness of all levels in many varieties of sports; some of these sports include floor hockey, basketball, volleyball, swimming, lacrosse and softball.

Recreational facilities include use of the indoor track, tennis courts, the pool, the weight room, the racquetball courts and basketball courts.

Both the intramurals and the available facilities enable all students to get involved, keep in shape, and have fun all at once. The benefits are as endless as the possibilities.

## THE ZOO

Being located in the urban setting of Buffalo has its advantages. One of these many advantages is the closeness to the zoo. The Buffalo Zoo gives each member of the community a chance to become a child again. Just walking through its many paths and walkways brings back childhood memories and behaviors that otherwise would not be surfaced.

Lyrics can describe the Zoo with such sayings as: "lions, tigers, and bears, OH MY!!" or "animals, animals, animals, animals, animals everywhere". These two descriptions alone describe the beautiful scenery of one of Buffalo's greatest places. It is one place that students and children of all ages cannot resist. And to think it's in our own backyard!!

## THE RIVER

Another of Western New York's beautiful sites is the Niagara River, which runs through the Tonawandas and spills over into Niagara Falls into the Niagara Gorge, linking the United States to Canada. This area provides endless hours of entertainment; for those who have shared its beauty, there is no comparison. The river has plenty to offer people of all ages with boating, scuba diving, jet-skiing, and the most popular sport of tubing down the river, a great way to keep cool and have fun in the river's waters.

Another way to enjoy the Niagara River is to stop at the various parks along its shore or to visit some of the restaurants which have become a tradition in Western New York, like Old Man Rivers; adding charm and personality to the river front.

# NIAGARA FALLS

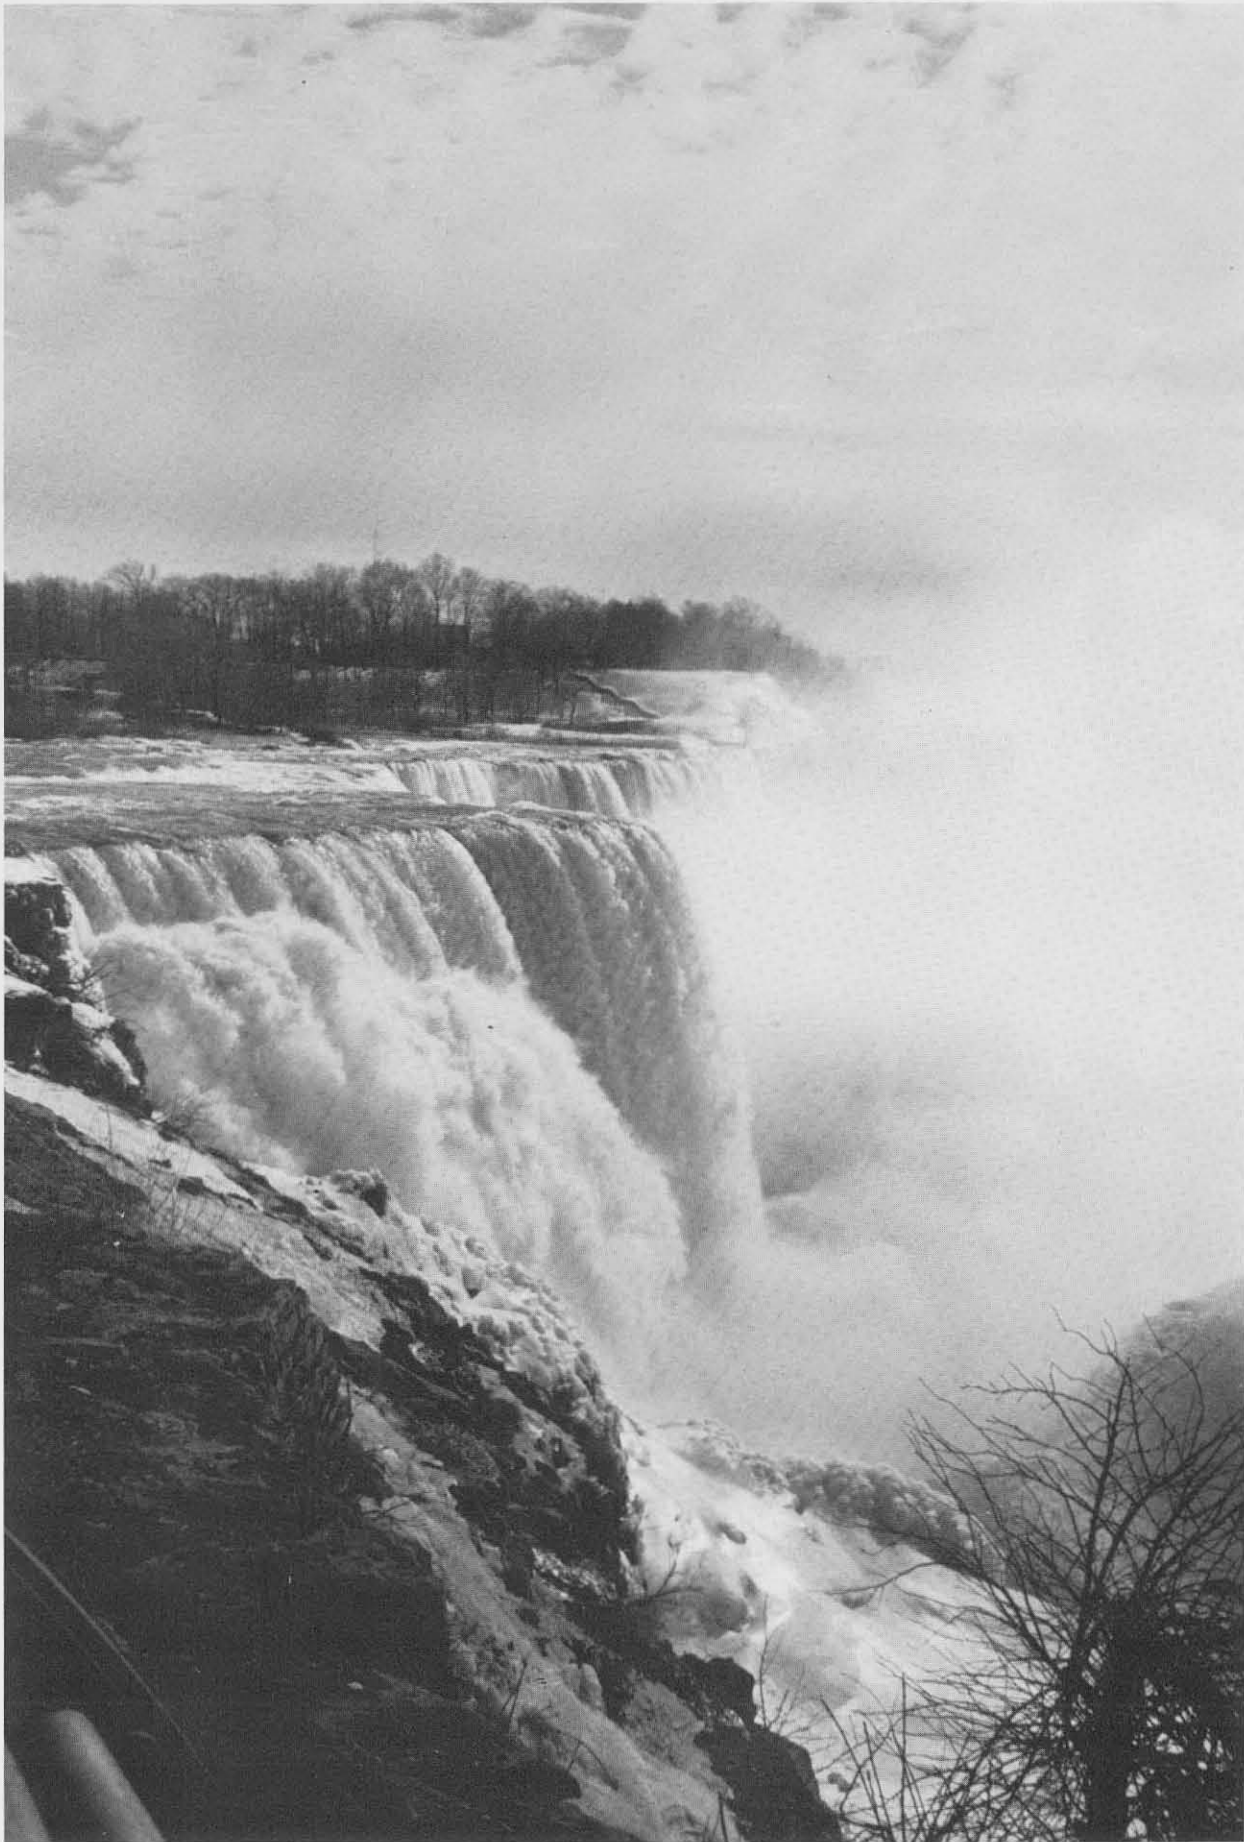

BSC students have an added attraction to the campus that is very nearby. While this national wonder is many times taken for granted it cannot be ignored. One of the seven natural wonders of the world, Niagara Falls is in located in our own backyard. For WNY residents and those new to the area this is a beautiful site that is not to be missed. The mystique and wonderous excitement of Niagara Falls cannot be matched by any other area landmark.

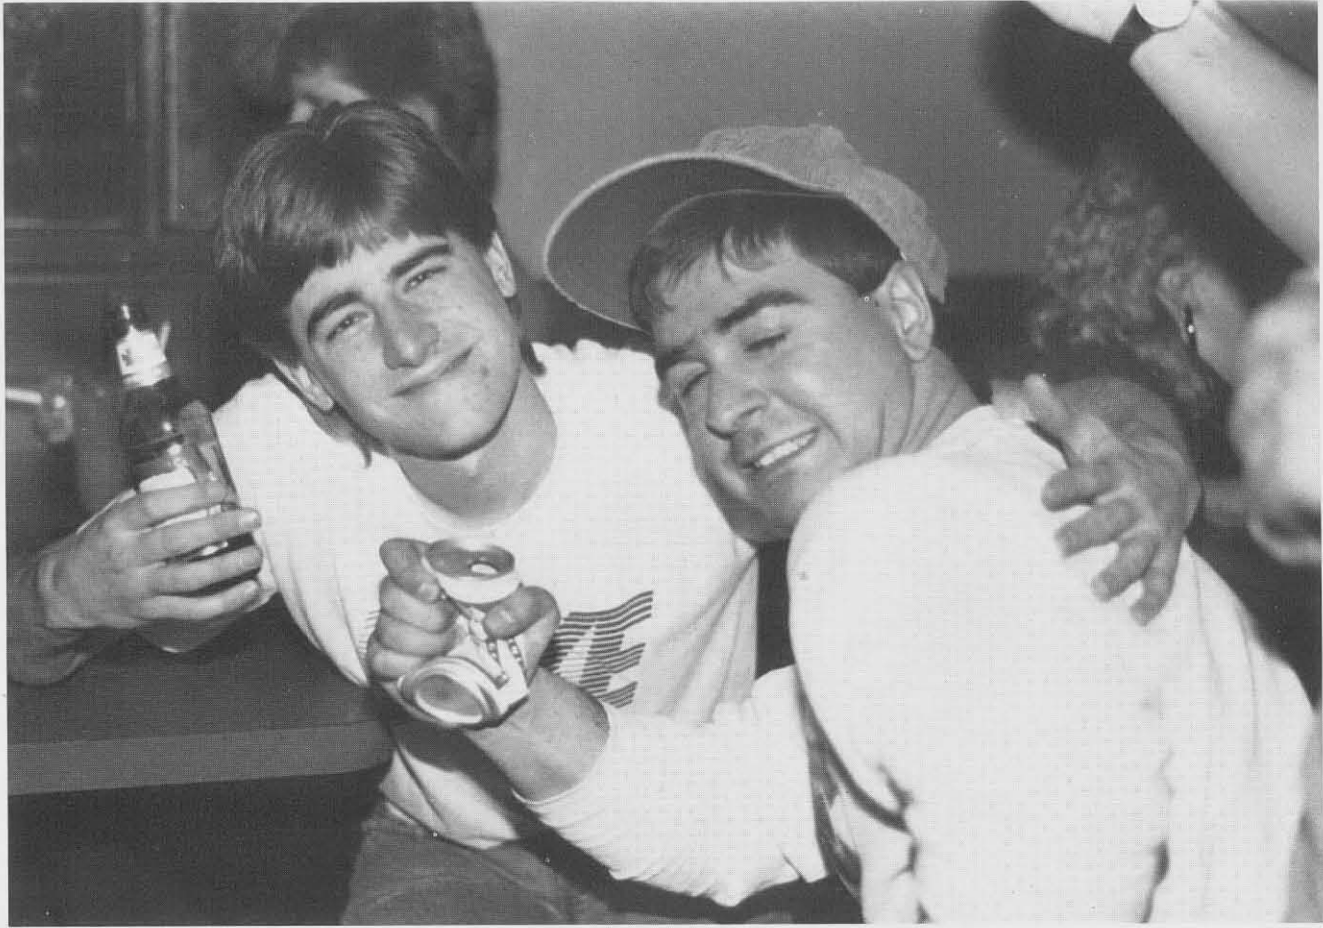

This is something that is very important to the popularity of our area. People from all over the country travel to this wonderous site year long. And, those of us here at BSC can see it anytime we'd like. It is a gift that adds to the Buffalo State campus and surrounding cvommunity.

# AFTER HOURS

Melissa Schwartz

Once the classes are over and the homework is complete, it's time for students to let loose and enjoy themselves. Depending upon your age, there are different available options. For students of legal drinking age, area bars and nightclubs are a possibility; if you are under 21 but are at least 19 — head over the border, and hit the clubs in Fort Erie. Dancing at the clubs is a good way to blow off steam and help relieve the tensions of college. These after hour times are enjoyable and relaxing, a time to leave it all behind and go crazy. Have fun and enjoy!

# ALBRIGHT-KNOX ART GALLERY

The Albright-Knox Art Gallery is located directly across from the Buffalo State campus on Elmwood Avenue. While many students know what it is and that parking is available behind it, not many students have experienced the sights beyond its doors.

The gallery is a collection of 12,000 artworks focusing on the years since 1945. The artworks include paintings, sculpture, drawings, graphics and photography. This was the first in the United States to buy works by Picasso and Matisse. The museum's exterior comes from the same Baltimore quarry that provided marble for the Washington Monument. The gallery is opened Tuesdays to Sundays excluding national holidays; while there is no entrance fee, a donation is appreciated.

# HISTORICAL SOCIETY

The Buffalo and Erie County Historical Society is located across Elmwood Avenue on Nottingham Court. This historical museum collection and research library covers 125 years of Niagara Frontier history. The exhibits depict the area's earliest occupation to its recent past.

The building itself, the only remaining structure from the 1901 Expo, is a Vermont marble Doric-style design patterned after the Parthenon. Since its original construction in 1901 extensions have been made. These constructions include the eastwing which houses the library and the west wing which houses the library and the west wing which houses a 250 seat auditorium.

The museum is open Tuesday through Sunday, the library is opened Wednesday through Saturday.

## Alcohol Awareness

This year our own campus radio station, WBNY, help to spread the word on the effects of alcohol during Alcohol Awareness Week. Station general manager, Adam Langley, broadcasted live from the Buffalo State Student Union under the influence in order to stress the effect that alcohol has on the brain and motor skills. This important and entertaining event caught the attention of local television broadcasters and recieved T.V. coverage. During the course of a four hour show, Adam consumed 9 drinks, bringing his blood/alcohol level up to .11. Under the constant observation of a nurse and security officials, Adam had his blood pressure carefully watched, as were his physical actions.

This broadcast was both educational and entertaining, and allowed many students to be involved in audience participation. WBNY should be commended for a great achievement; CHEERS!

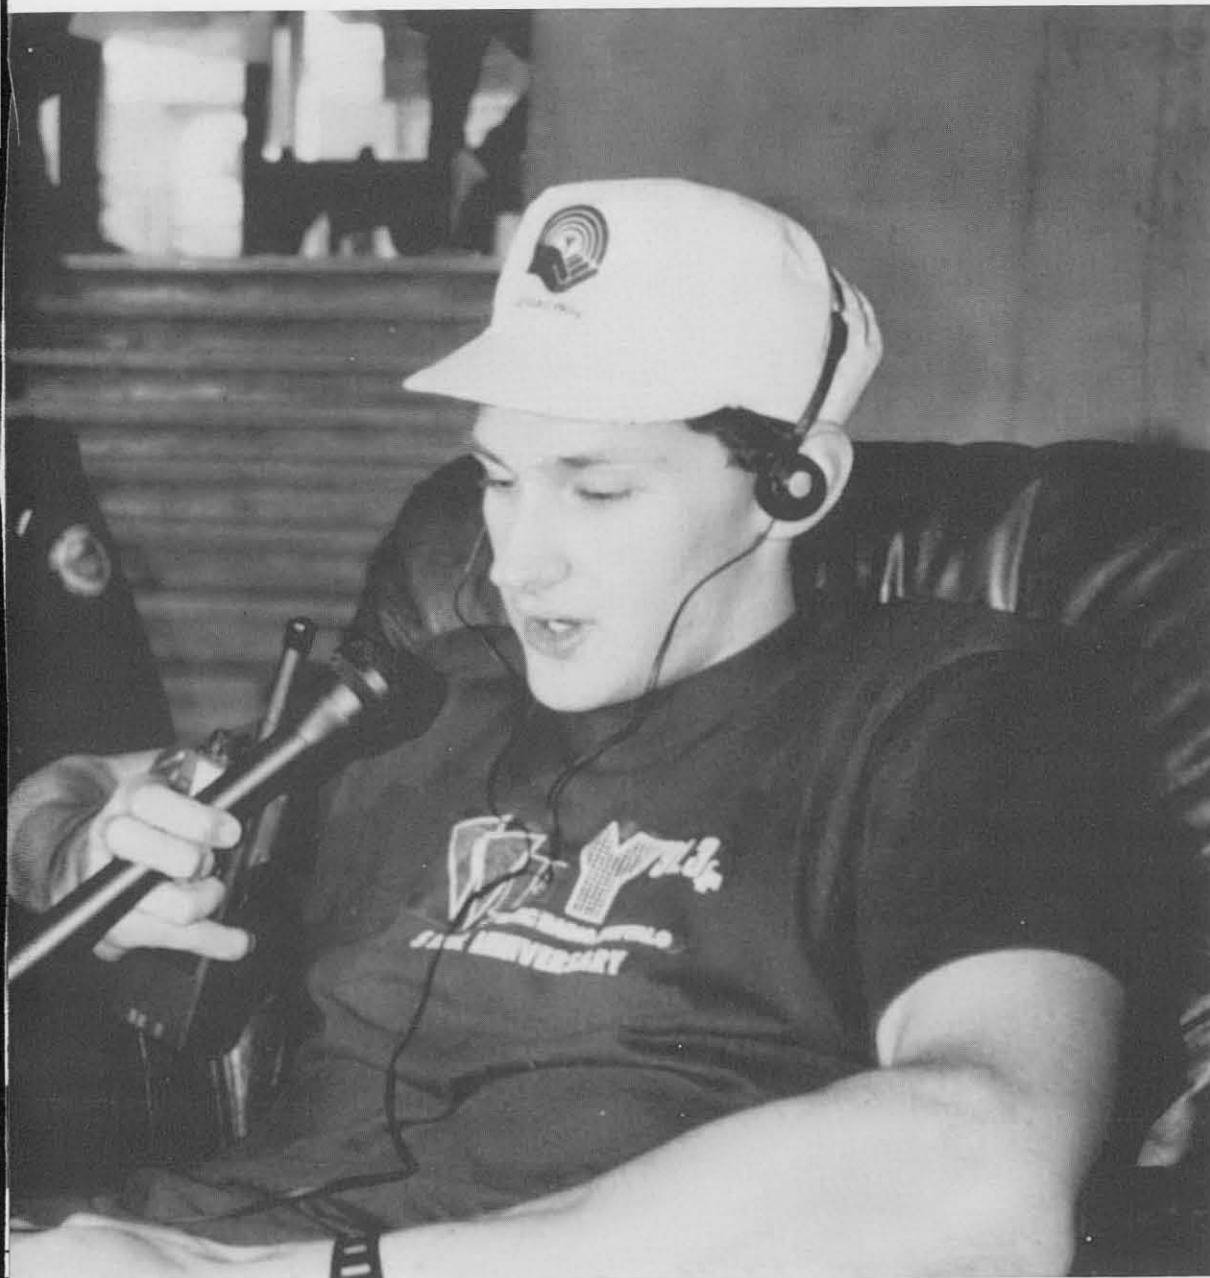

Behind the scenes was Ed Banas engineering the show; staying sober and keeping in control.

# NCAA TOURNAMENT

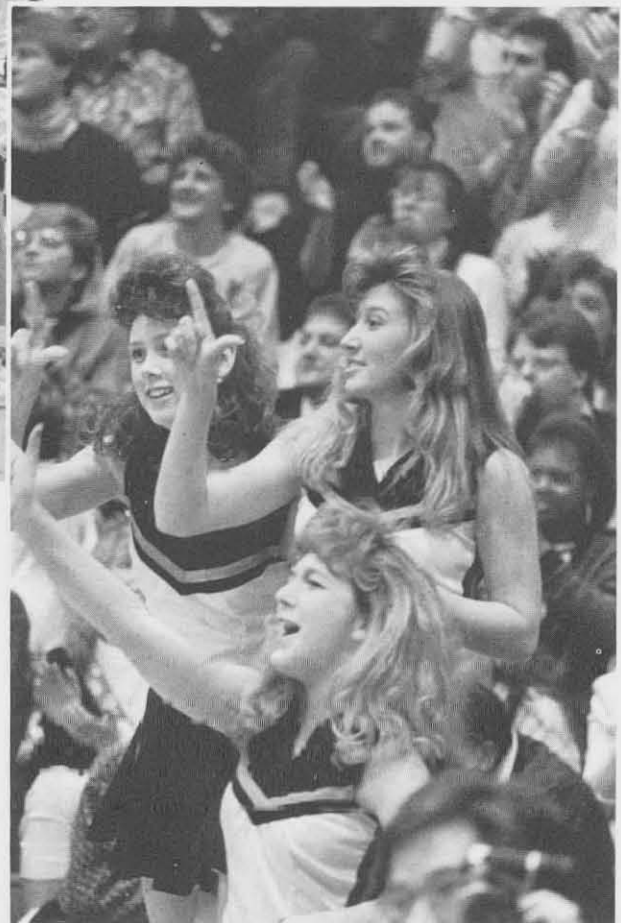

The Eastern regional NCAA Division III Tournament was held here at BSC during the weekend of March 3 & 4. The basketball tournament featured the Buffalo State Bengals, the Merchant Marines, Potsdam State, and Staten Island.

The first round saw the Bengals beat Staten Island 70-71 and Potsdam beat the Merchant Marines 80-68. The second night presented a consolation game in which the Merchant Marines beat Staten Island 69-54. The championship game was played by the Bengals and Potsdam with Potsdam coming out the winners with a score of 74 to Buff State's 60.

The Houston Gym received crowds of over 1500 people both nights. The crowds were full of excitement for their teams and their love of the game. Both the BSC team and the home crowd made Buffalo State College a proud host to this year's NCAA Division III Basketball Tournament.

# THE ELMS YEARBOOK

Buffalo State's annual publication is the Elms yearbook. This book reflects the happenings of the previous year and tries to capture the occurrences of the campus and surrounding WNY community. Various areas of campus life are featured as well as community entertainment.

But, the Elms is more than just a book; the Elms is a USG funded organization. Even though there is a fee for each book, the cost is kept low by funds from USG. This organization relies on commitment, responsibility and teamwork. Without these three important characteristics, this publication would never take place. Each staff member dedicates long hours of hard work to make the yearbook a reality. Their work is never done, from the contributing photographers to the editors and everyone in between. But, this hard work pays off when the book finally arrives, a few weeks of fun and relaxation are enjoyed by the staff members — until the work begins again for the following year. Planning, typing, developing film, writing, layouts, presale, and the list goes on and on.

Through all of this work the staff turns into a family, with each member depending on the others to get the job done. Friendships are formed, laughter is shared and goals are achieved!

Who's Who among students in American Universities and Colleges is a long standing honors program in the nation. It is a program that gives recognition to the outstanding campus leaders of the year. These students are selected on the basis of their academic standing, participation in co-curricular activities and service in the community and on the campus. Each of the students demonstrate extraordinary achievements in a combination of each of these areas. Selections are made each fall by campus nominating committees composed of representatives from the faculty, administration and student body. The upper-classmen and graduate students eligible for the program exhibit the local standards of academic excellence of their college or university. Each of these nominees must be

endorsed by faculty or administration; they enhance the positive image of American youth, as well as a well-rounded representation of the students at Buffalo State.

The staff of the 1989 Elms would like to congratulate these students who represent Buffalo State College in this prestigious program. We are proud to have all of you at our college. At this time we would also like to congratulate all those involved in nominating committee for selecting such a honorable group of individuals.

**A special thanks also goes out to Marsha Jackson for her generous contribution of her time to the Elm's staff in their preparation for this section, and a special thanks to Phil Gerace for his help in producing the negatives.**

La Unidad Latina, Lambda Upsilon Lambda Fraternity Inc., is spanish for the latin unity. This is the basic objective for which the fraternity was founded: Lambda Upsilon Lambda offers the hispanic male student an opportunity of brotherhood and community involvement. Nevertheless, Lambda Upsilon Lambda is not solely restricted to non-hispanics. The fraternity was founded in 1982 at the University of Cornell, (alpha chapter). Thus, representing the first hispanic fraternity known in the North East. Buffalo State's Epsilon chapter, is the fifth chapter of the fraternity, which was founded in April of 1987.

We strive for academic success, leadership, political and cultural awareness. With these goals, we have been involved in community activities, held positions as U.S.G. senators, members of the executive board of U.S.G., held positions on other organizations, such as A.E.L., and one of our brothers winning Homecoming King '88. Community involvement and school leadership, are very important keys to our success of being a vital force at Buffalo State College. We strive to serve as both the models for, and the link to, ultimate equality for all humanity.

The Student Union Board, headed by Wayne Walker, is made up of four committees: concerts, convocations, coffeehouse and films. This is a student-run organization and many of the shows throughout the year are a result of student input.

## I.G.A.

Rob Hillyard

The Inter-Greek Association, which consists of 8 fraternities and 7 sororities, is the main governing body for greek life at Buffalo State. Each of the fifteen members of the I.G.A. are very different, yet they manage to remain united through a spirit of commiratory. Known for their commitment to community service and academic excellence, the greeks continue to add to student life at Buffalo State. Welcoming the addition of Omicron Omega Nu and Lambda Upsilon Lambda, the greeks continue to grow and remain harmonious. Marsha D. Jackson, the group's advisor, says, "Go Greek"!!

## STUDENT LEGAL SERVICES

Student Legal Services is a non-profit organization funded by Buffalo State College's mandatory student activity fee. It operates on a budget allocated through United Students Government. The office is located in Cassetty Hall, room 110. The service is staffed by 10-15 student volunteers each semester. Each volunteer is expected to hold 3 office hours a week and participate on various committees in an effort to improve the services provided. In addition, the organization employs an attorney who is available to meet with students one night a week. All Buffalo State, activity fee paying students are eligible to take advantage of the services provided by the organization.

The strength of United Student's Government lies not in our structure or organization but derives from our spirit and our emphasis on empowerment, self-determination and mutuality. This year, we all have a profound realization of the incredible potential of U.S.G.

U.S.G. has undergone many developments. We have moved from a stage in which we were exclusively perceived as looking out for the rights of the student consumer; to the stage of looking at the student as prosumer; the student consumer as producer of services. This has opened up a whole new agenda for the ways in which the student empowerment ethos may contribute to restructuring student services and college policy.

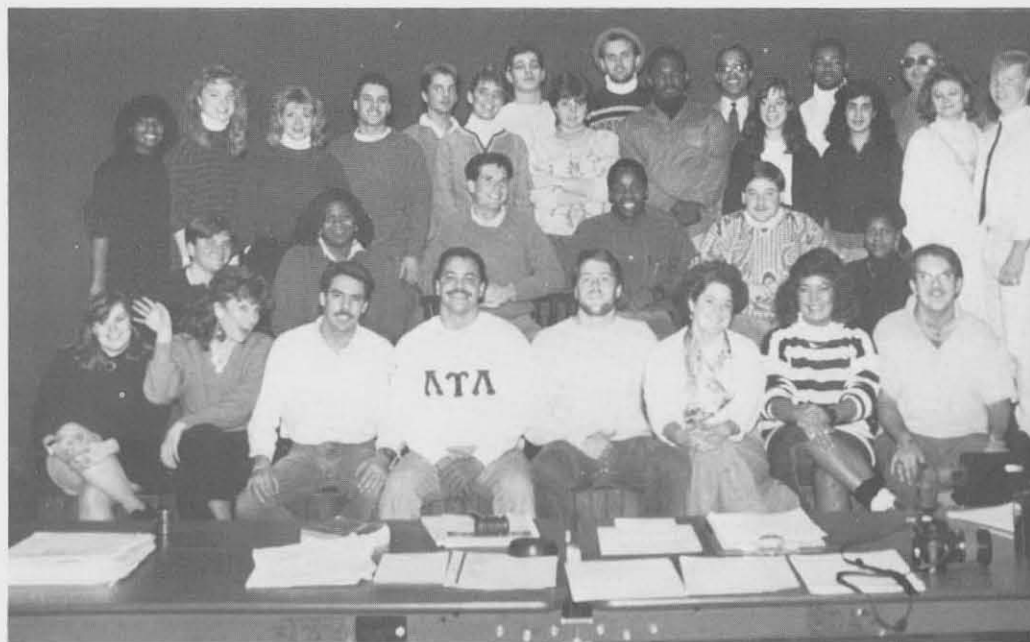

The search for a new campus president has presented us with an opening in campus governance, but is far from clear how wide and enduring it is. What is clear is that we will continue to dedicate ourselves to the principles of student representation, student control and student development.

USG Executive Council:  
 seated: Timothy Odell — treasurer, Ramon Parkins — president, Mark Wilkow — vice-president. standing: Susan Lemma — vice-president for academics, Thomas Samdeki — senator protem, Ann Marie Luzowski — vice-president for community relations, Evalyn Jemilio — vice-treasurer. missing: Cesar Cabrera — vice-president for student life, Michael Krebs — vice-president for athletics.

## PHI KAPPA EPSILON

One of Buff State's many fraternities is Phi Kappa Epsilon. While all Fraternities have similar qualities they also possess their own unique individuality and uniqueness. And, Phi Kappa Epsilon is no different. This unique organization adds to the campus community through its involvement and commitment in the campus community.

Susan Petrucelli

## SOCIAL WORK

The Social Work club here on campus involves itself in activities related to the field of social work. This club discusses the field and areas involved with it. Activities are run to increase awareness of social work and its presence in our society. The club attracts members mostly from the social work department but all are welcome. During this past year the club involved the campus, the community, the students, and the staff.

## PHYSICS CLUB

One of Buffalo State's smallest organizations is the Physics club. Composed of less than 10 members this organization discusses and explores the field of physics. Each member brings his own views and interests related to the world of physics. While the size of the group is small the knowledge and interest is not.

## COLOPHON

---

This is the 78th issue of the ELMS yearbook of Buffalo State College. It was lithographed in Dallas, Texas by the Taylor Publishing Company. Mike McDonnell served as our printer's representative.

Headlines are from the nouveau family ranging from 18pt. to 20pt. All captions are 8pt. while body copy appears in 10pt. of the same. All words appear on Matte 80 paper.

The cover was done in process color, 028 red. End pages were printed in solid Matte GBSLV.

Throughout the book process black was used in screening and shadow boxing.

All senior portraits were taken by Knack & Richards of Williamsville, N.Y. All color enlargements were done by Park Photo. Black and White enlargements were done by Rob Hillyard.

This 242 page book is one of 1000 copies printed. The ELMS is funded by the mandatory student fee and the United Students Government of Buffalo State College.

## LETTER FROM THE EDITORS

The 1988-89 Elms staff made it through some trying times with this year's edition of the Buffalo State Yearbook; but with a little bit of hope and a whole slew of anxiety attacks we finally made it.

The year began with controversy in regards to the theme, and continued on with upheaval in editorships. The usual problems with Senior pictures and Organizations arose — we had to make the best of it!

Our staff had some new additions this year, may we say "welcome" and "many thanks", everyone gave an effort to make the 78th issue of the Elms one of the best. We would like to thank Melody Carter, who never worked on a yearbook staff before, for picking up the pieces of the Senior section. And once again our own human polaroid, Rob Hillyard, came through again. We also thank Melissa E. Schwartz and Paul "Squiggy" Guthart for organizing the Organizations. To Sue Petruccelli, our Entertainment editor, and her partner Lynne Schorr, a job well done. Julie Fronczek, Rob "die slowly and painfully" Vanderwerf, Marc "where are the checks" Dombrowski, Howie Benness, Pat "our famous friend" Duquin, and our blonde bombshells — Patti Sadauskas and Patty Emerick, we will always remember your help and humor!! A special thank you to our Taylor representative, Mike McDonnell, you were very patient with us. Oh! We can't forget the "chicken wing man" at customer support in Dallas, Texas. Everyone worked hard, especially Jackie over Christmas break, and we hope it was worth your time and energy. THANKS FOR EVERYTHING!!
