It's About Time

1991

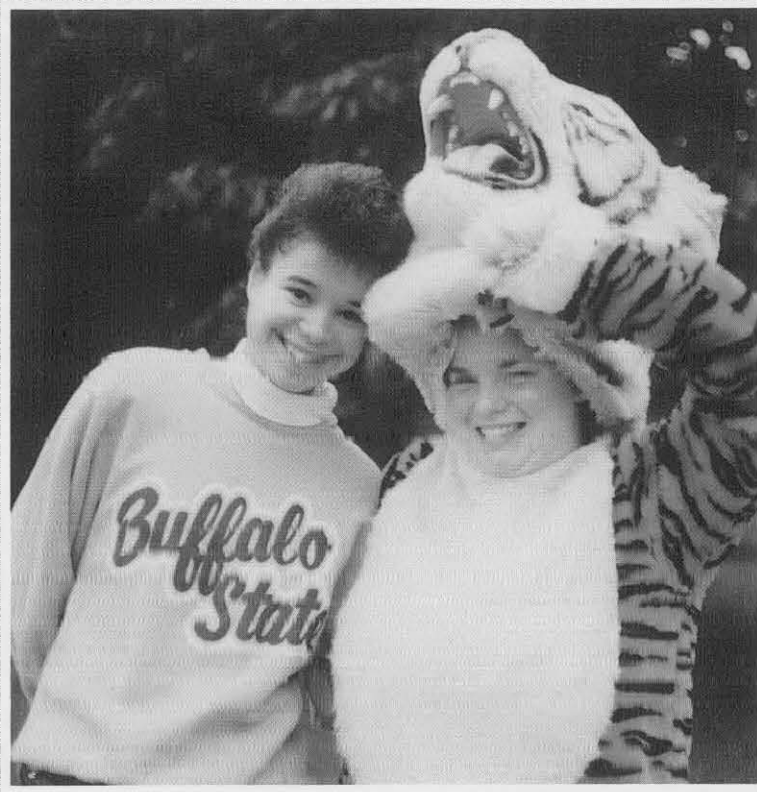

1991 ELMS

There are times in life, when a stand must be taken. It is at these periods of being outspoken and alone, that dictate the future of that life — my life — and the lives of others . . .

HOMECOMING

Buffalo is Bengal Town

We drank to good fortune and
through the night we toiled
Hand in Hand
Friend with Friend
when the time came
we parted
once again
A Toast To Good Fortune.
Steve Gordon Young

YES! Excitement was in the air when Phi Sigma Sigma and Tau Kappa Epsilon won first prize in the float contest.

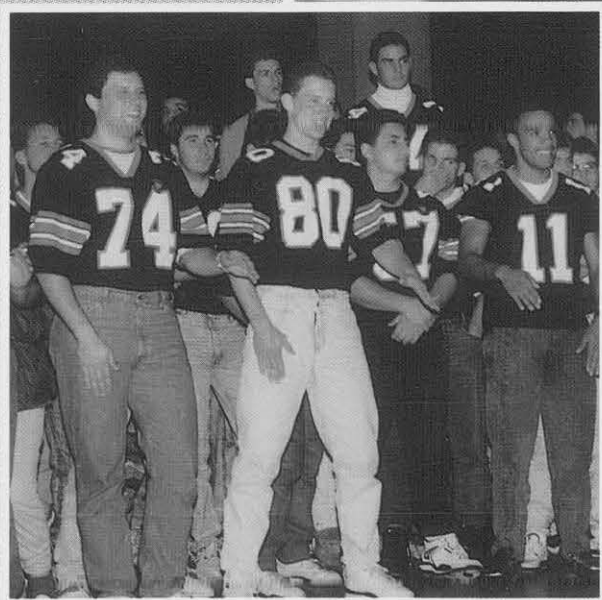

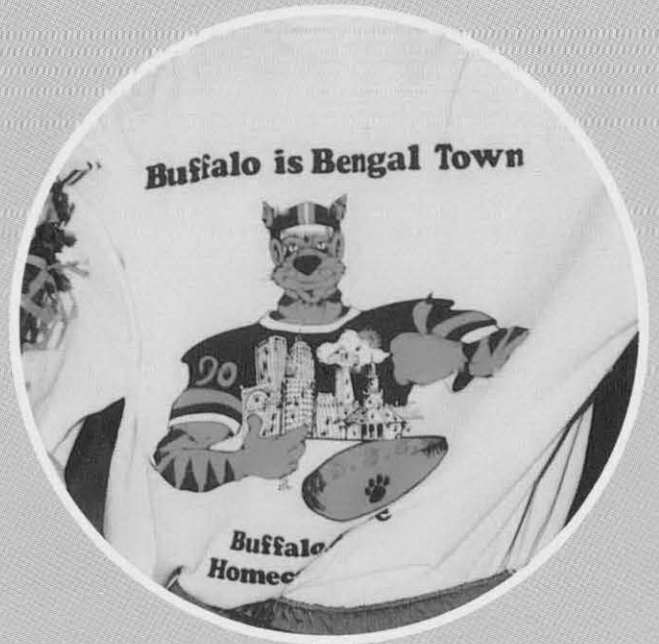

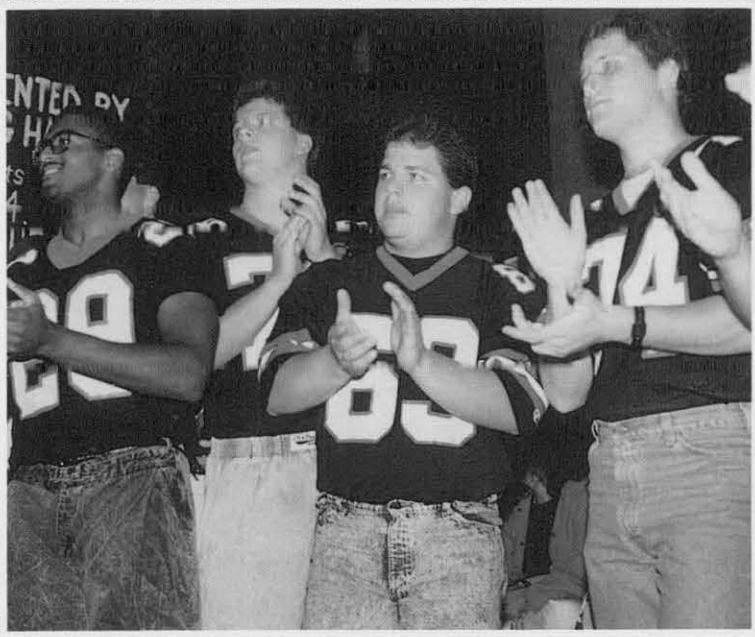

It was a fun filled time when the banner contest was judged, with Afro-American Student Organization winning first prize for a picture that clearly showed a circle of togetherness.

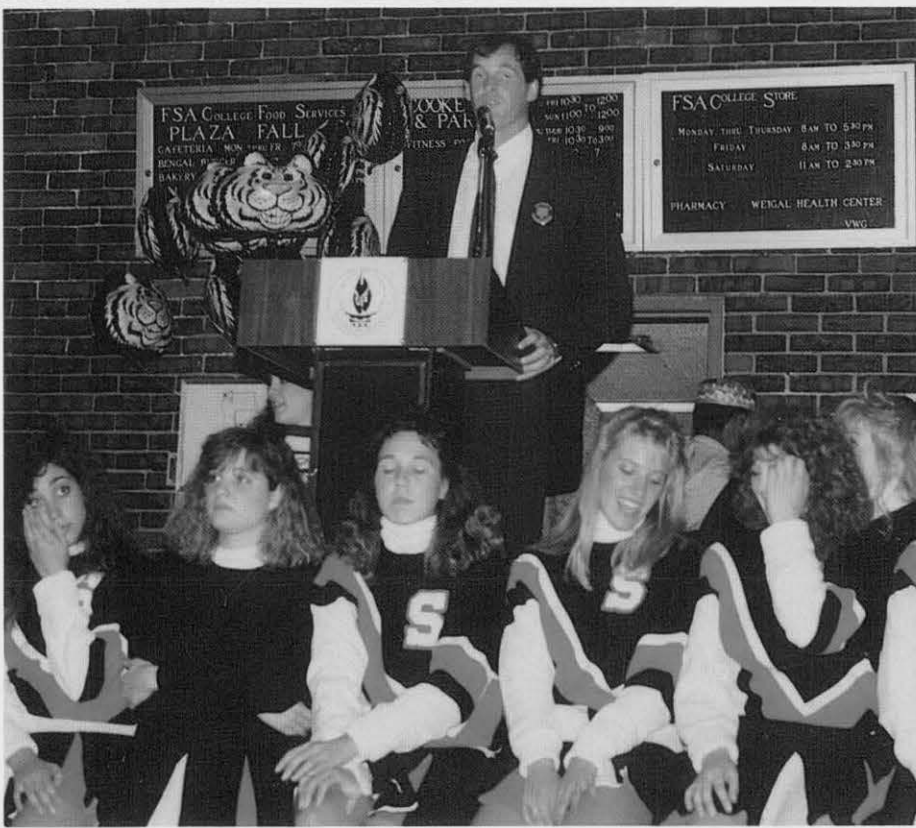

Homecoming Weekend 1990

There was no stopping us, when on Sept. 11th we began our homecoming weekend with yet another pep rally. The time had come when Buffalo State's fans would come together to be uplifted in the spirits of homecoming by the kickliners, cheerleaders and football players. The fans were also enchanted by a song sung by the preschool children, and the announcement of homecoming king and queen, Marcelo Almeida and Opal MacFarlane, which ended the first of the festivities.

“ONE MORE TIME”

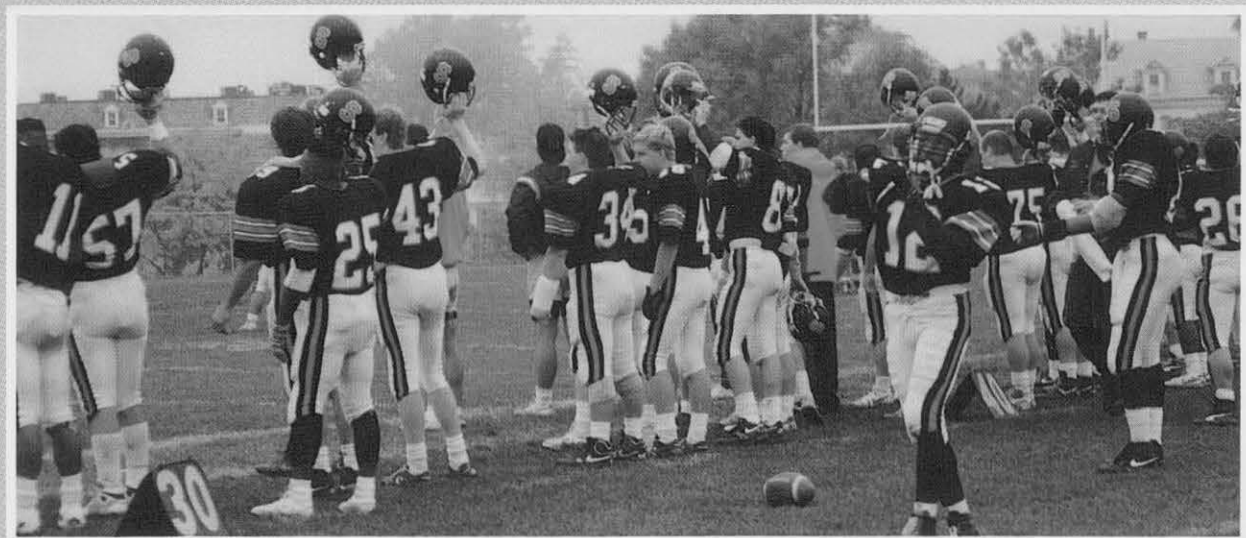

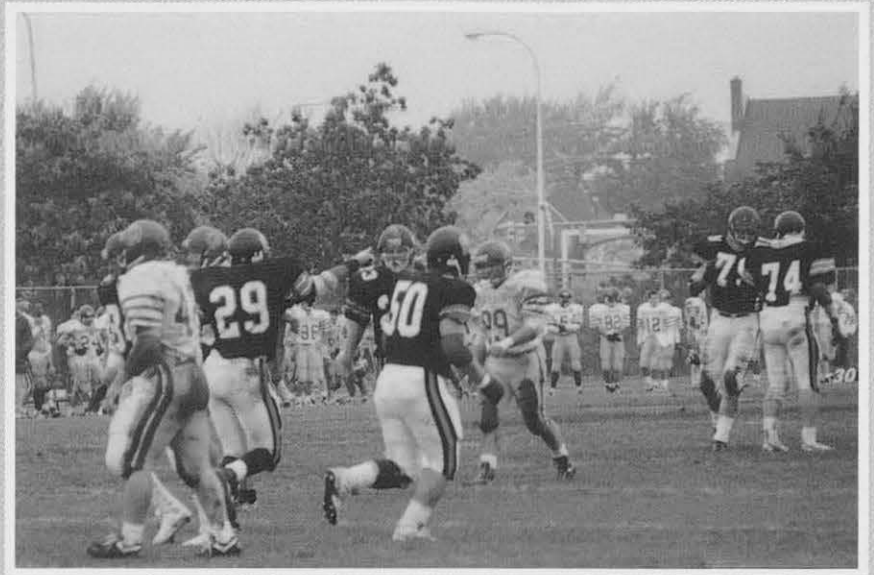

It doesn't hurt to have one more big win on your list, does it? We added to our list when we fired up a 43-19 win over The Gannon Golden Knights. The weather was not one for chanting and screaming, but didn't stop the bengal fans.

ROCKTOBERFEST

A little water wasn't going to stop this campus from taking in some tunes and wolfing down some weiners. Sigma Tau Gamma sponsored Buffalo State's 1990 Rocktoberfest and just because they know how to keep the par-te' rolling, the student body rocked to GAME-LON in the comforts of the Social Hall. Of course, Alpha Sigma Tau had some mugs for sale, which meant a definite brewski? Thanks to "Dead" Economics Society for some economically price pumpkins. Wait! About those weiners — Definitely an additive!

THE VARIETY SHOW

There is always a first for everything. Two Tears In A Bucket Productions and Student Life proved it, with the first variety show that combined the talents of faculty, staff and students. A total of seventeen innovative acts created a show that had the audience cheering.

The audience was treated to a wild performance. There were solo singers, bands, poetry reading, dancing, rap groups, skits and a whole host of new, innovative performers. Yet, another year that BUFF. STATE'S creativeness reaches great heights.

THE NIGHT BEFORE

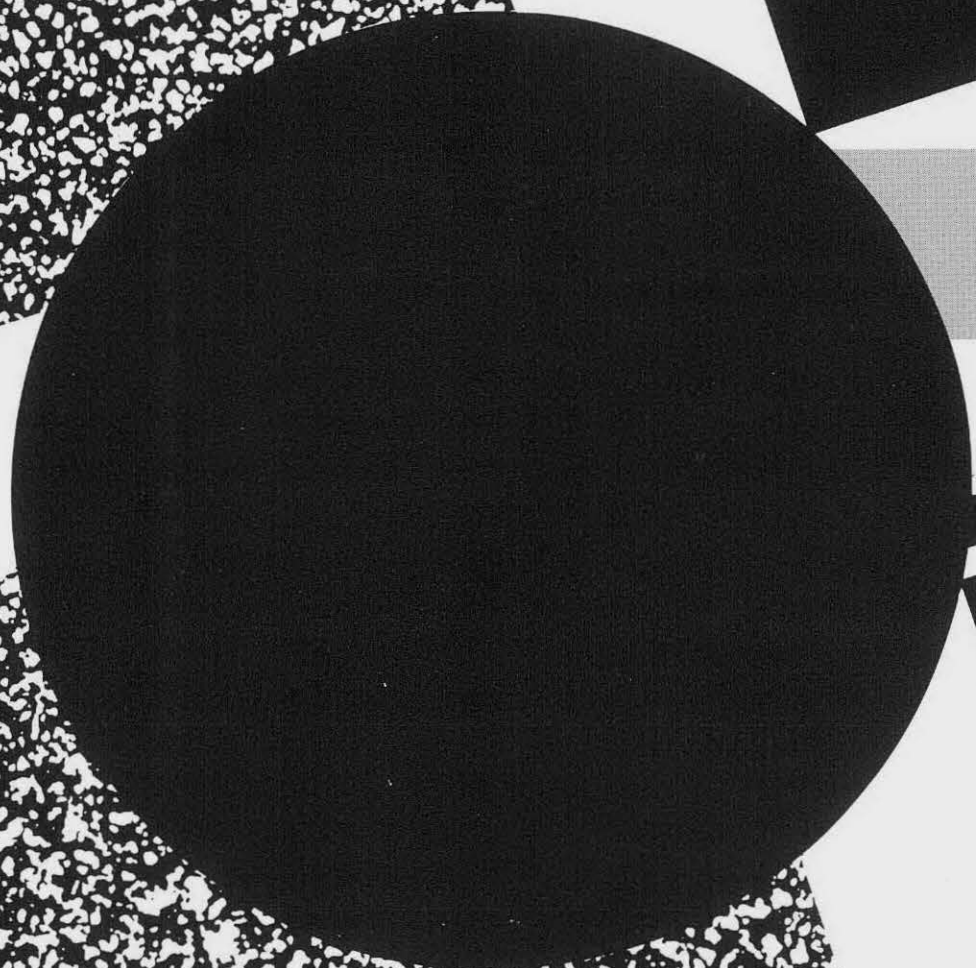

When the sun goes down and the wind rustles against the window, a transformation occurs. Darkness sets in. The door is shut and the lamp is turned on. There is a faint sound of a radio. A desk and book stare me down. A meager chair is offered and I take it. There is a job to be done. My mind reluctantly grasps the book and I begin my long undesirable trek through worded paths. The pages keep coming, page after page. There seems no end to this journey. A cup of coffee keeps me going. I don't really like coffee, but it serves its purpose. The minutes go by ever so softly. I hear the pump of my heart beat like a clock — tic-tock, tic-tock. After a while, my eyes begin to get heavy. Only the tiny tears of exhaustion are able to keep them open. All the bones in my body feel weird . . . soft? My brain is pounding, generating ideas. I try to ignore the endless pleas for rest. The fact that my stomach is growling doesn't help either. Every so often, my head nods down and immediately up again. "I have to learn this material," I repeat over and over again. Once more, my head nods down and quickly up again. The sweat from each and every minute pore in my body sluggishly seeps out. The desk, book, and student — "ME," all begin to huddle into one configuration. Slowly, cautiously, almost defeated, I lift my head towards the window. There's a light. I made it!

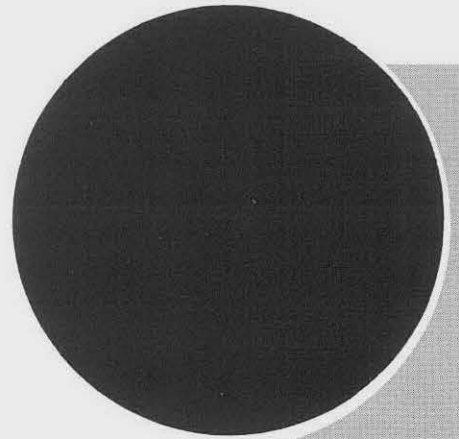

Steven Gordon Young

STUDENT LIFE

FRIENDS

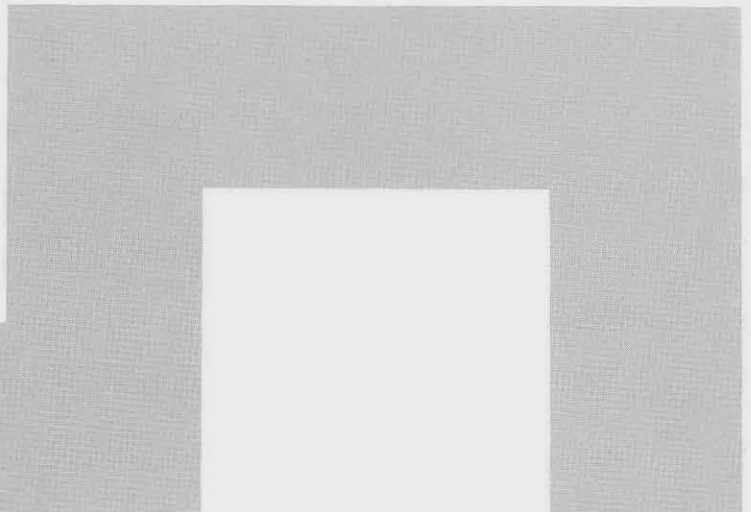

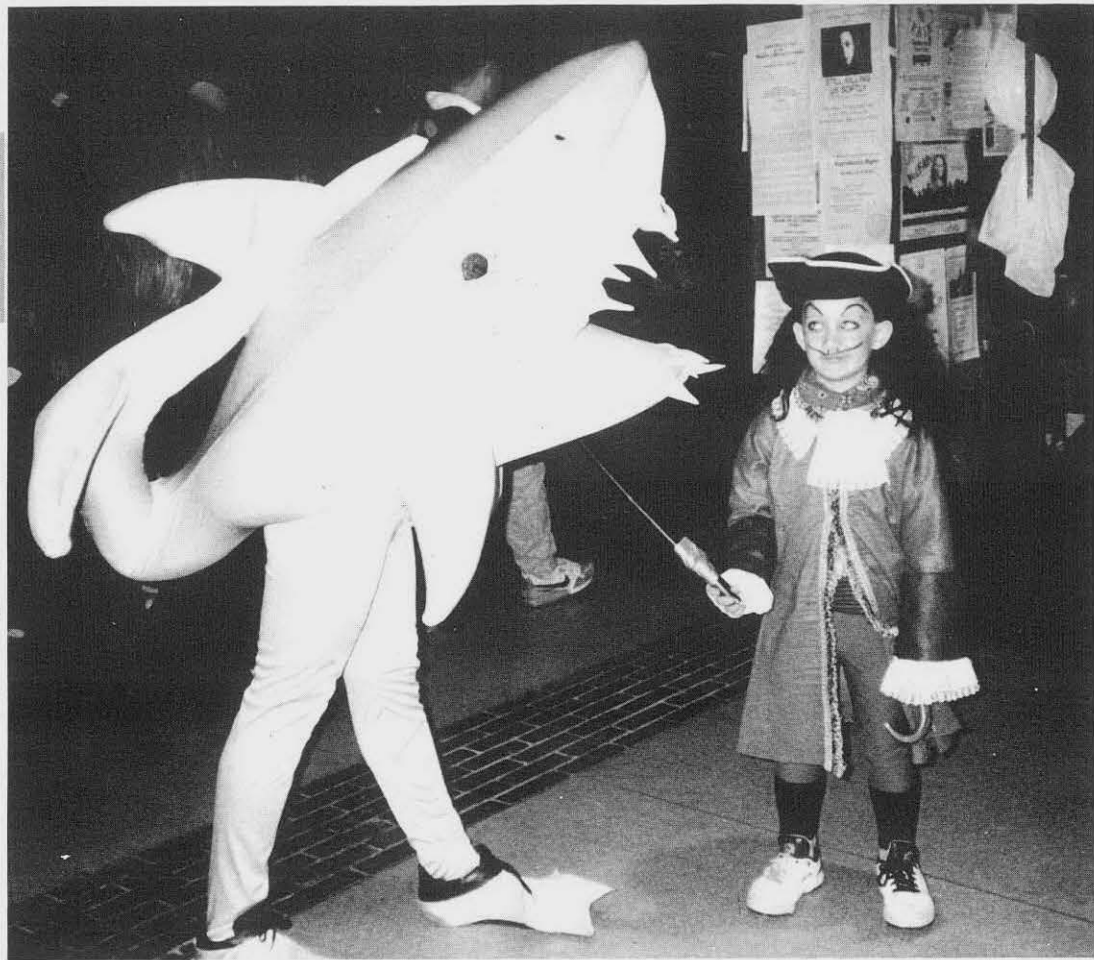

In your first weeks of being a freshman friends seem so few, it's as if you had landed on another planet. New faces give a feeling of loneliness but in time those very faces become more familiar. As the days go by, bonds become closer and turn into friendships.

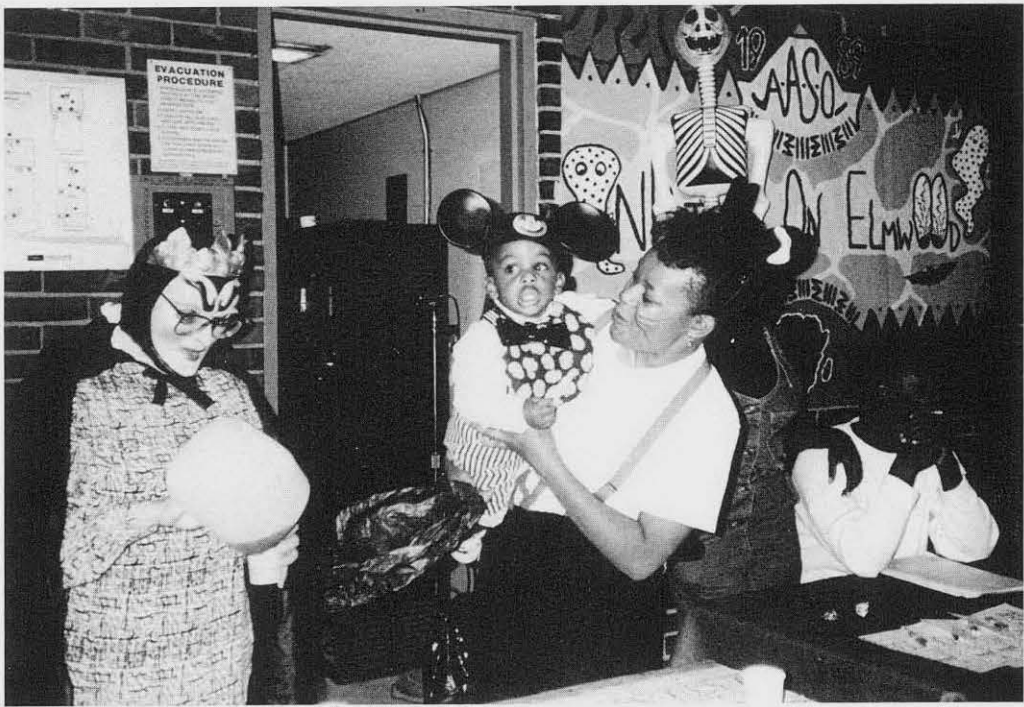

Now it seems you do everything together, whether it's just watching T.V., drinking beer, bumming out, cramming for tests, staying up all night shooting the breeze or just spending a night on the town.

Friends play an important role in our life and we tend to depend upon them for support, encouragement and just being there.

Shannon Maurer

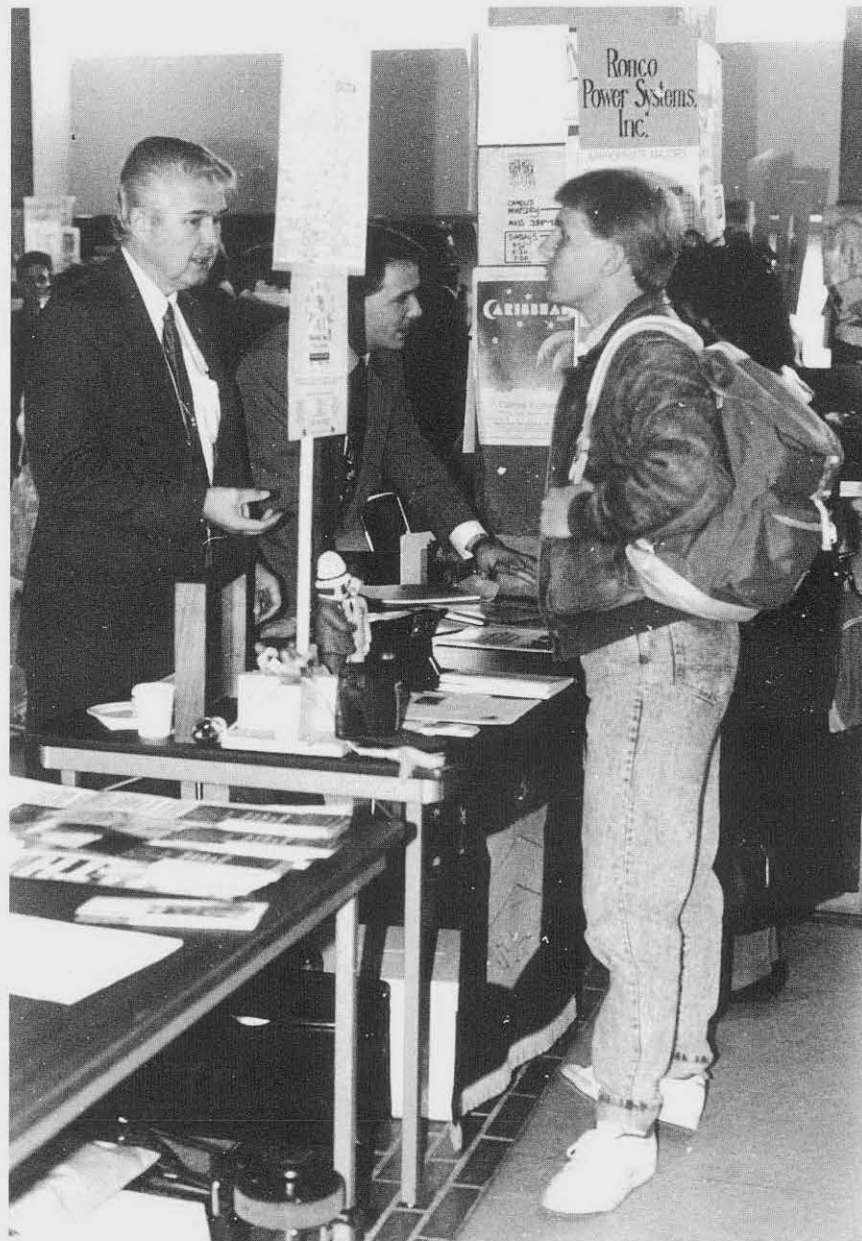

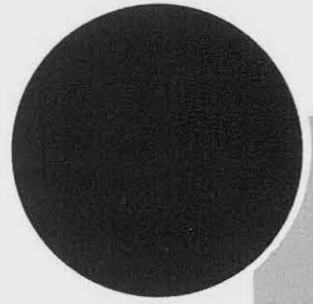

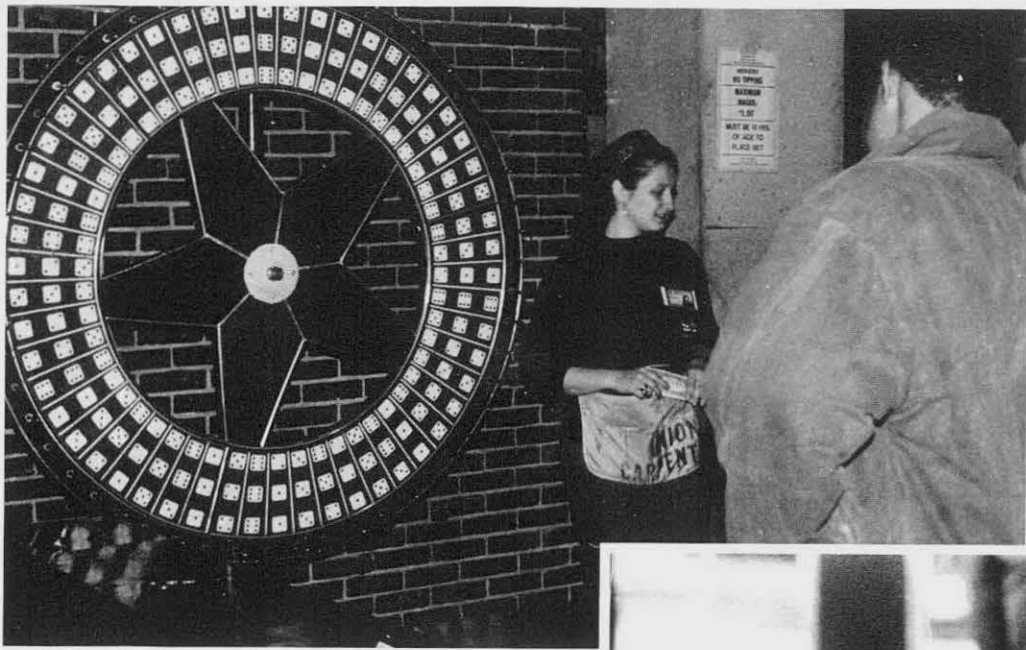

BENGAL PAUSE

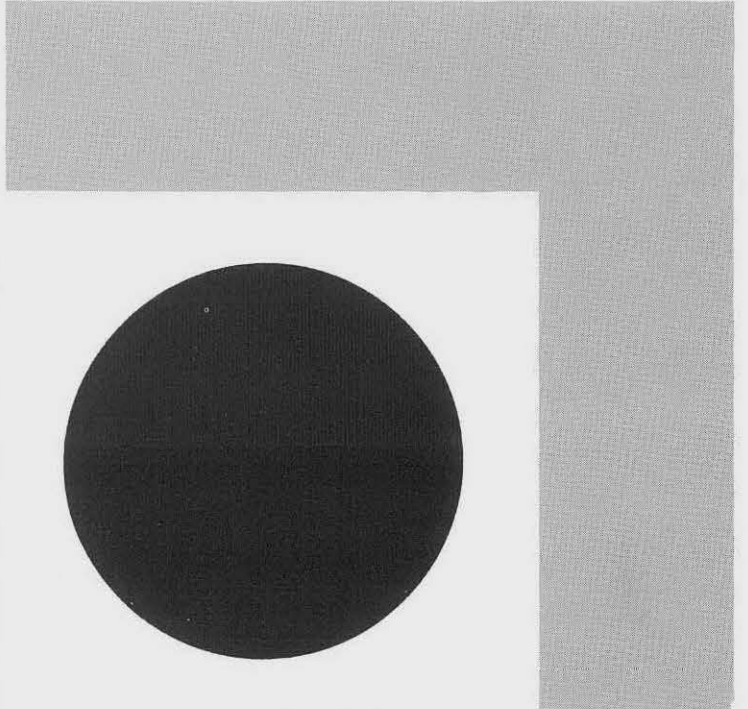

Bengal Pause might be the only time that most people have for themselves. It has been a time and continues to be a time that students occupy themselves with meetings, sororities, fraternity gatherings, and to be bombarded with sales people gathered in the Student Union giving students information about their groups and organizations.

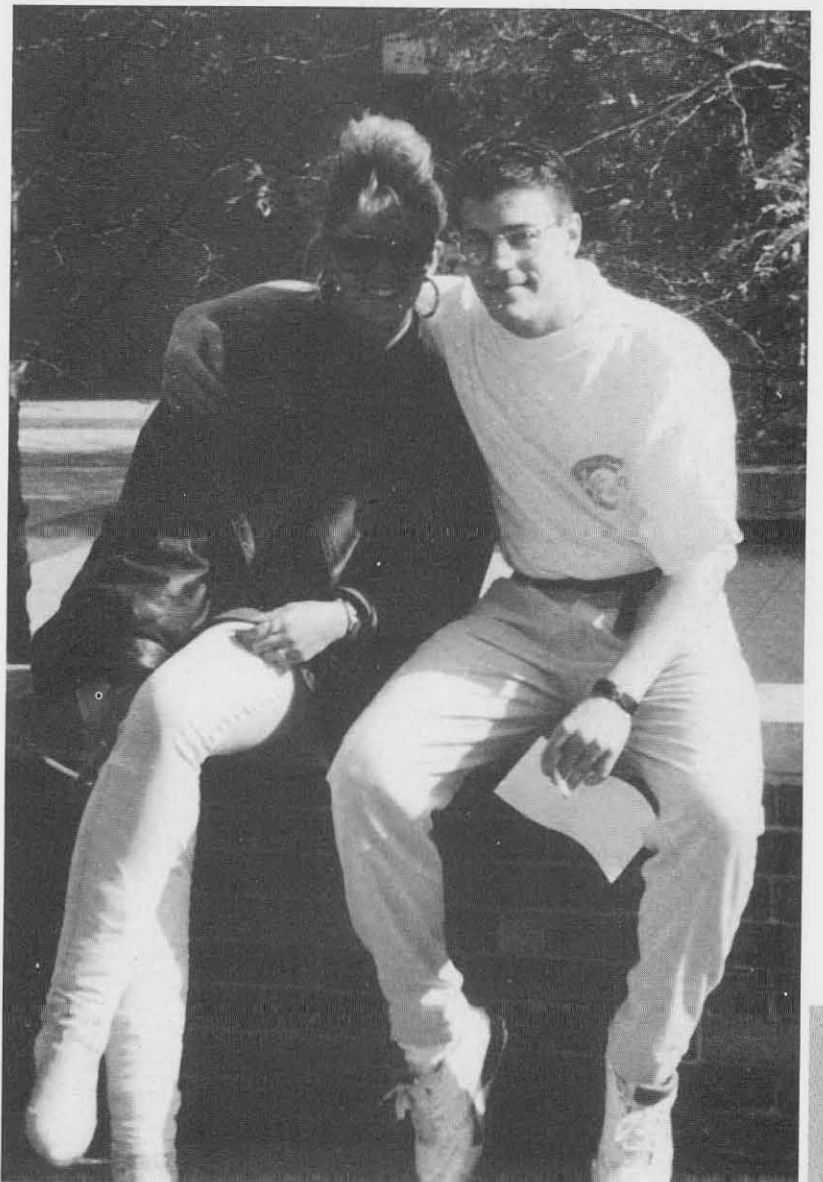

Bengal pause is on weekdays from 12:15-1:30. Usually there are special speakers who talk to students and sometimes, exams are scheduled between that time, but the main fact is that it is there for you, and you have to make the best of it. ENJOY!

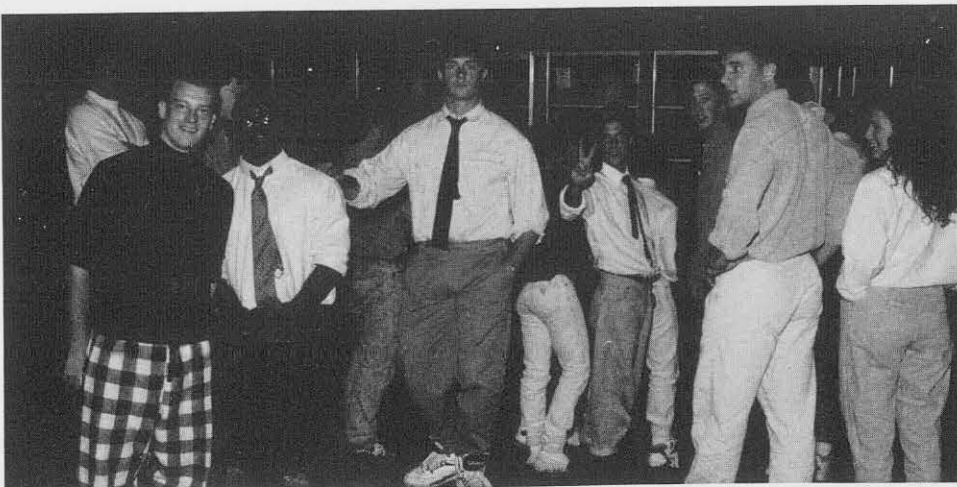

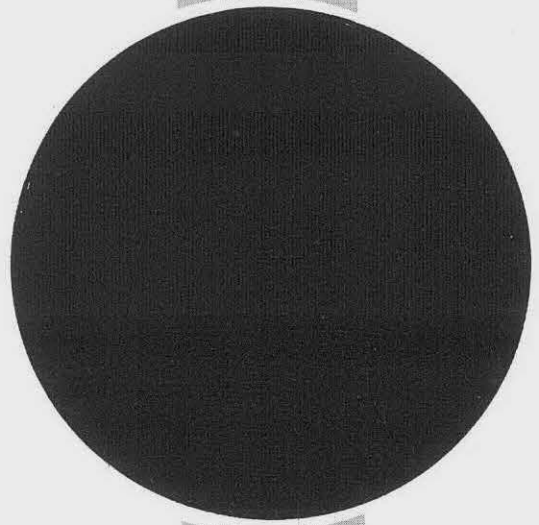

Amanda Francis

WEEKENDS

THANK GOD! The weekend is finely here. It's the only time of the week where you get to call the shots. When you live on campus the weekend really starts Thursday night since most students never even heard of a Friday class. Girls spend hours in front of the mirror trying to look their best. The evening starts at a local bar drinking and dancing the night away.

Friday seems to be the day to lay low and study just a bit, you know you wouldn't want to bust a blood vessel or anything. You do what you have to, like work and stuff but as the daylight fades from the sky the partier once again comes out in us. There is nothing like spending time with good friends; around Buffalo the things to do seems to be: bar hopping, going to the movies, working, dancing, going to art openings, bowling and going to sporting events.

Saturday is the day to sleep in and to take your time with everything you do. I don't want to leave out those people who have to work. Once you get yourself together you reach for the books and study until 4 pm. Yeah, right. You pop a few aspirin for your pounding head just so you can make it through the night but no matter how tired you are there is always enough energy to go out.

Sunday is always the day to rest and to add finishing touches to homework. Sure, if you believe that one I'll tell you another one.

Shannon Maurer

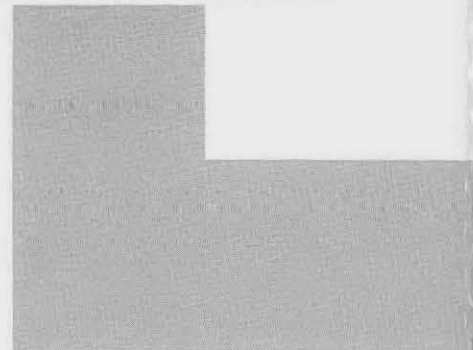

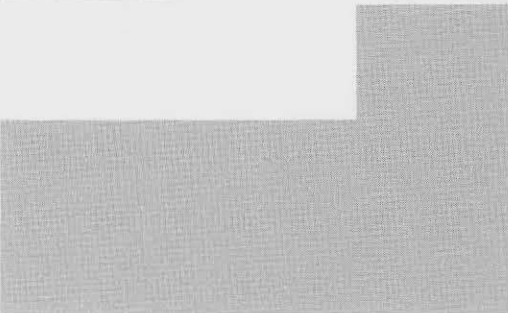

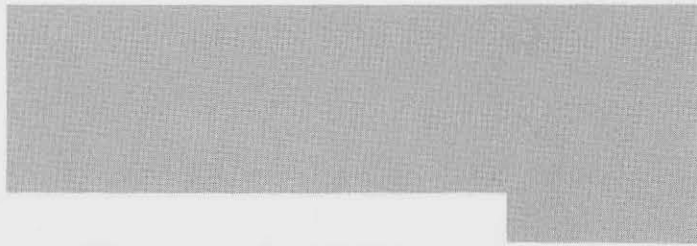

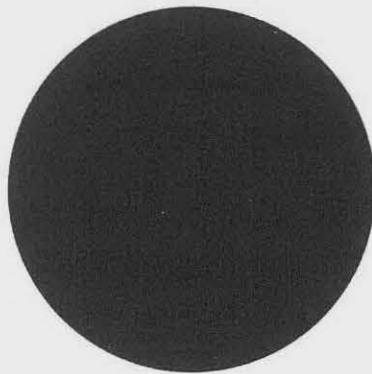

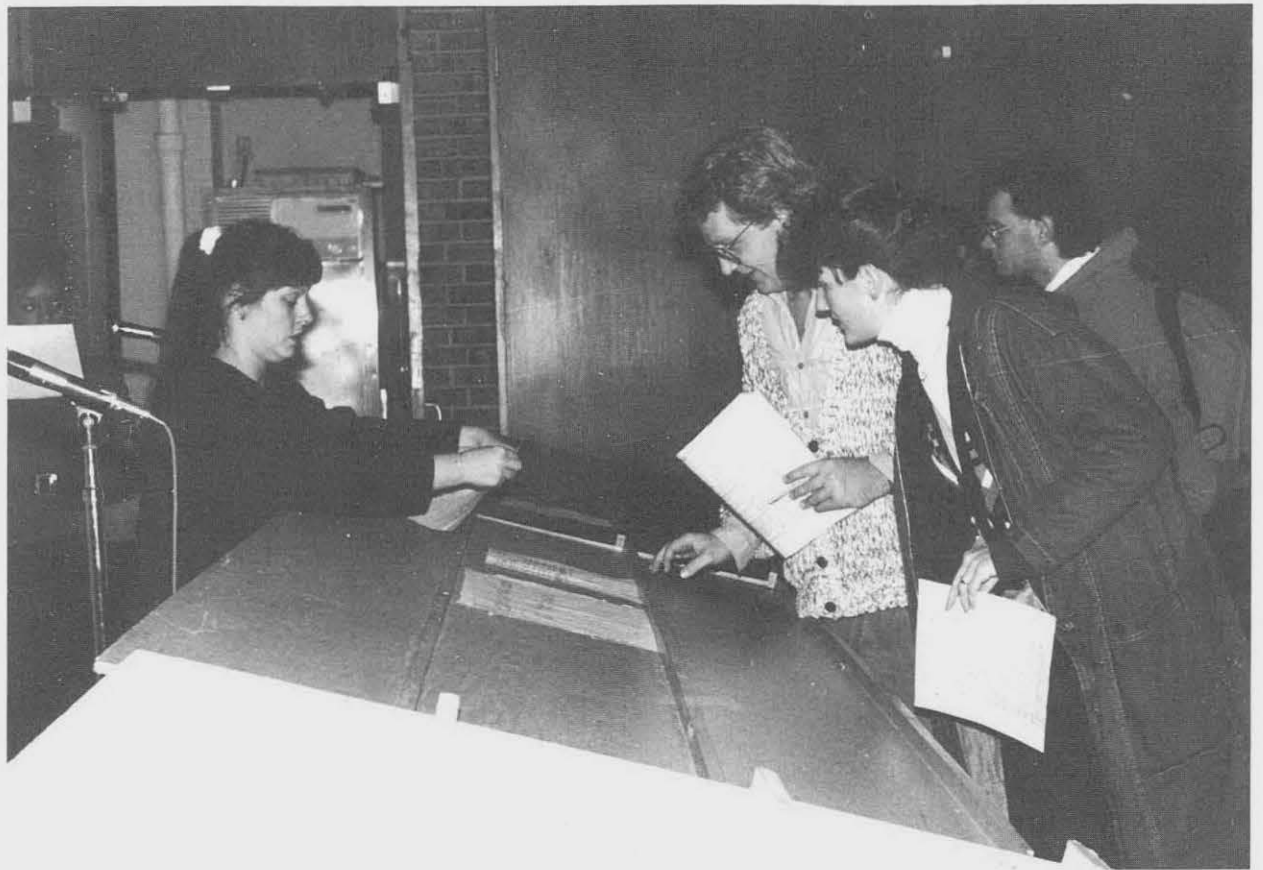

TAKE IT OR LEAVE IT

College is mainly coming to classes, registering, finding the classes you need, and making it your duty to attend all as frequently as possible. Studying for exams and doing research papers may be the hardest thing to do, but rewards do come after all the work.

It may be one of three hundred people or 10 people, classes are required of you, whether it be late at night or early in the morning, it may be hard, it may be easy (which is doubtful). It's possible that you find what you want, or don't find what you want but the relief comes when you get the good grades.

The image features a complex abstract composition. A large, solid grey circle is positioned in the lower-left quadrant. A diagonal grey band runs from the top-left towards the bottom-right. The background is a mix of solid black and a dense, high-contrast black-and-white noise pattern. The word 'FACULTY' is printed in a bold, white, sans-serif font, slanted upwards from left to right, centered in the upper-right portion of the image.

The Department of Mathematics and Buffalo State College suffered a great loss with Professor Robert Ludwig's sudden demise on Tuesday, October 23, 1990. He had a great respect for the teaching profession and truly enjoyed being a teacher. The time, thought, and energy he put into the preparations for his classes should be an example for us all. He had a personal and academic integrity that insisted that his students and colleagues strive to be precise, thorough and honest. Many students, department committees, and college committees did higher caliber work because of the presence of Bob Ludwig.

Bob's passion for organization is legend. He was responsible for organizing all of our department's software and was our main source of expertise on types and quality of hardware and software that we should purchase. He always researched the quality and capabilities of a product to the n^{th} degree. His personal records were a picture of perfection. Bob and computers shared the ability to be precise, consistent, and accurate. As his wife, Kathleen, states in the eulogy read at his memorial service, "Bob carried organization to the level of an art form."

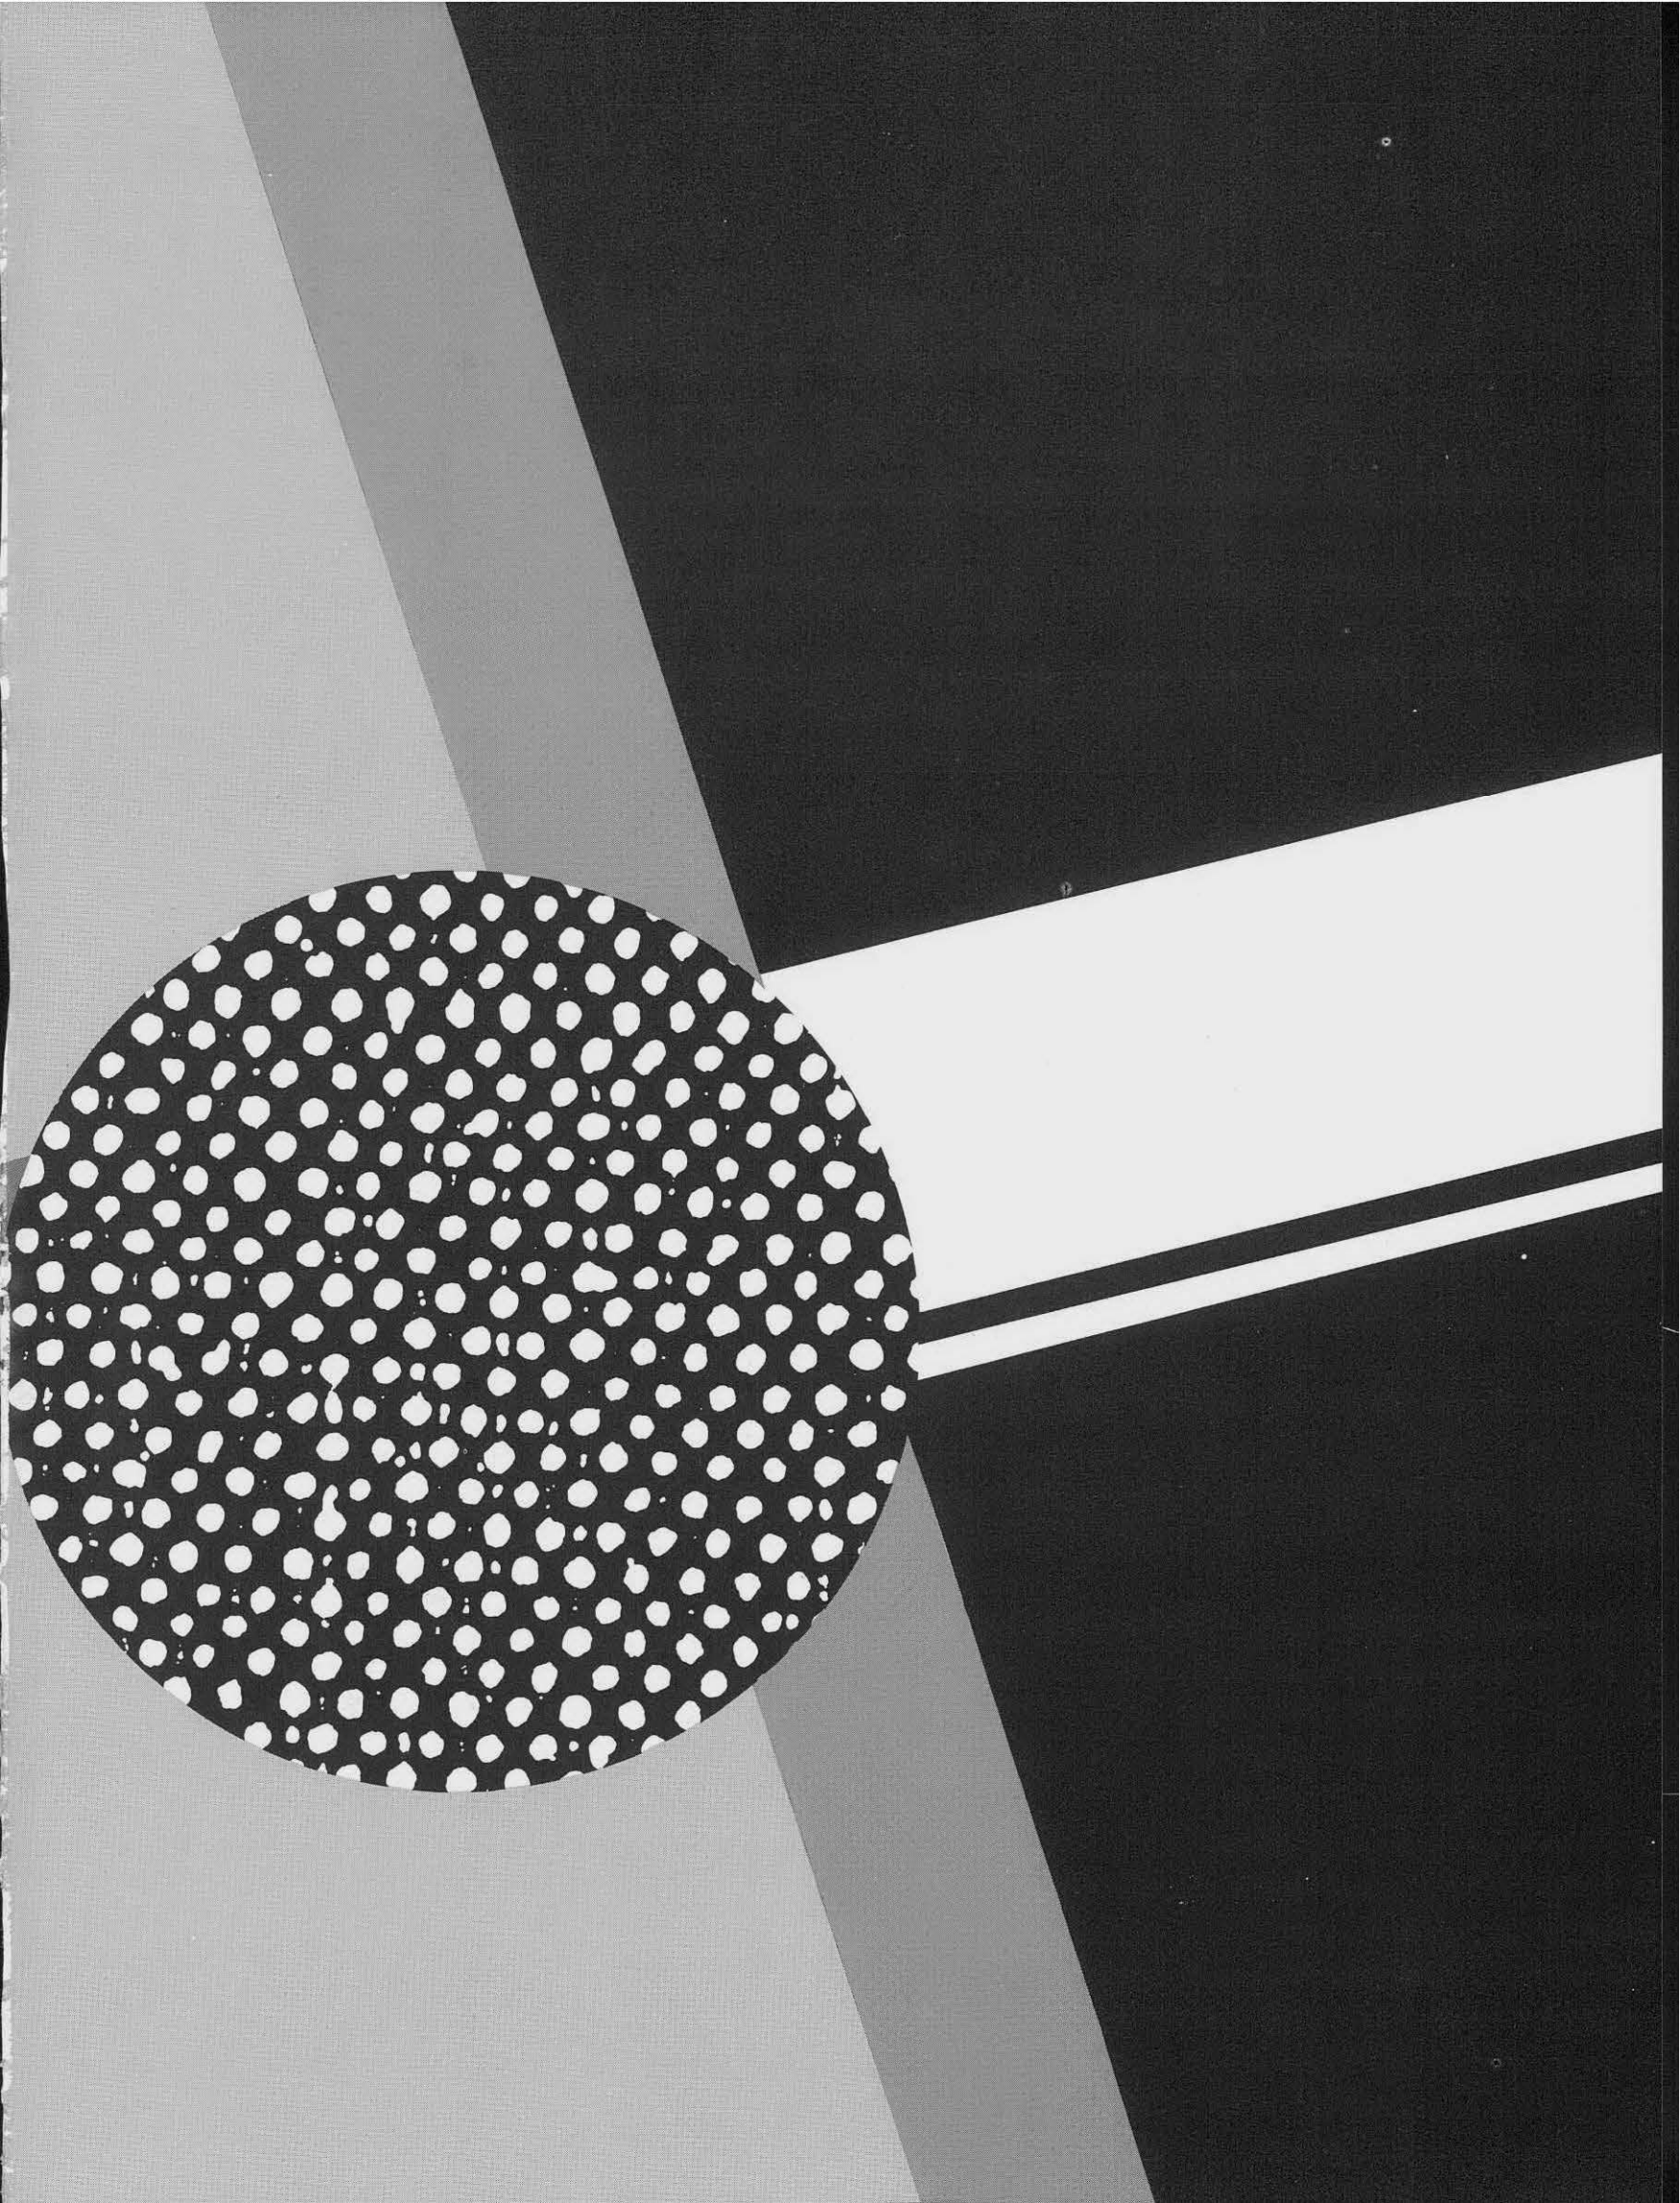

Because Bob was a devoted teacher, he was also a dedicated student. He spent a great deal of time and effort to learn Computer Science when it became apparent that this area was very important to the future of mathematics education. He was in the process of completing his Ph.D. at the University of Buffalo at the time of his demise. The concepts he was researching for his dissertation were being actively utilized in his classes.

Bob was also completely devoted to his family. We share his loss with his wife, Kathleen, two daughters, Terri and Colleen, and a son, Eric. Bob leaves us with a legacy of what it means to be respected as a husband, family member, friend, and professional educator.

ORGANIZATIONS

United Students' Government

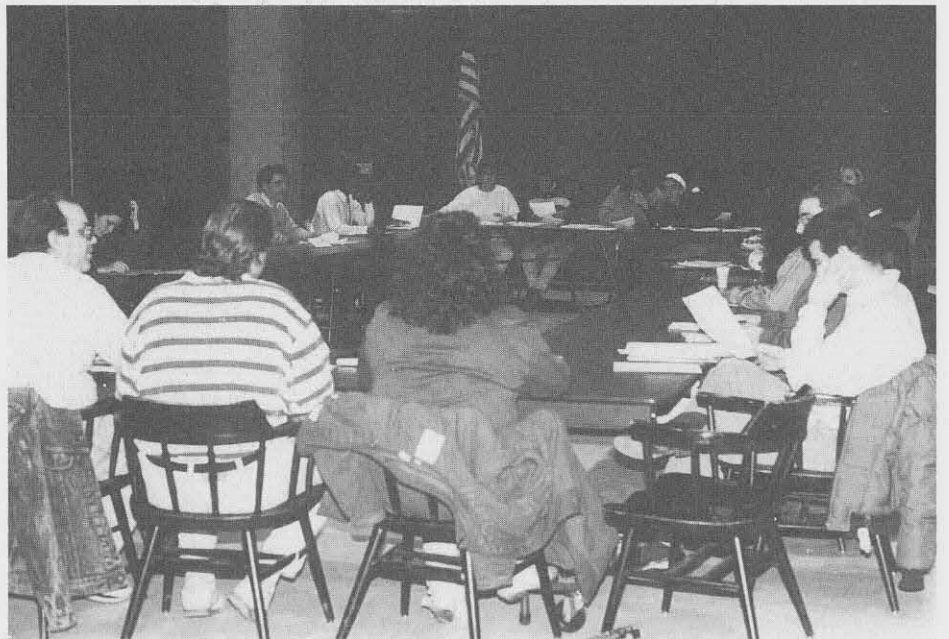

The 1990-91 school year was one that presented many obstacles for the United Students' Government. International, state, and campus-wide issues challenged the United Students' Government and its ability to represent the students of Buffalo State College.

When the nation was being faced with a war in the Persian Gulf, we were able to respond with a series of day-long panel discussions to educate students on the complexity of issues surrounding the war and to relieve the anxiety that was felt across the campus.

When the State of New York, through the budget crisis, began to cut back on the colleges' operating budget, U.S.G. responded by keeping the college from enacting an athletic fee and keeping the parking fee to an absolute minimum. Through these actions the students of Buffalo State were able to continue to receive a high-quality education at an affordable cost.

On the campus level, the United Students' Government was heavily involved with the hiring of a new college vice president, determining access to the newly-built Sports Arena, and working towards a resolution of the parking problem. Through these involvements, United Students' Government was able to see that the rights of students at Buffalo State College were preserved.

Alpha Sigma Tau is the oldest national Sorority on the Buffalo State Campus. The sisters of Alpha Sigma Tau strive to be active, self-reliant and trustworthy. They are active both on an off campus, having shown this by participating in such events as the zooper pumpkin patch, giving time to Haven House, helping at the blood drive and collecting soup labels to aid mentally retarded children, as well as many other events. The women of the anchor work diligently to raise money by selling concessions at every home Buffalo Bills game. The sisters also have their share of fun at their bi-annual banquets. Alpha Sigma Tau is proud of the fact that "We are Family".

Omicron Omega Nu Sorority is Buffalo State College first local Sorority founded in March of 1988. The spirit of O-Nu is built upon the importance of individuality, strengthened through trust, and upheld through enthusiasm.

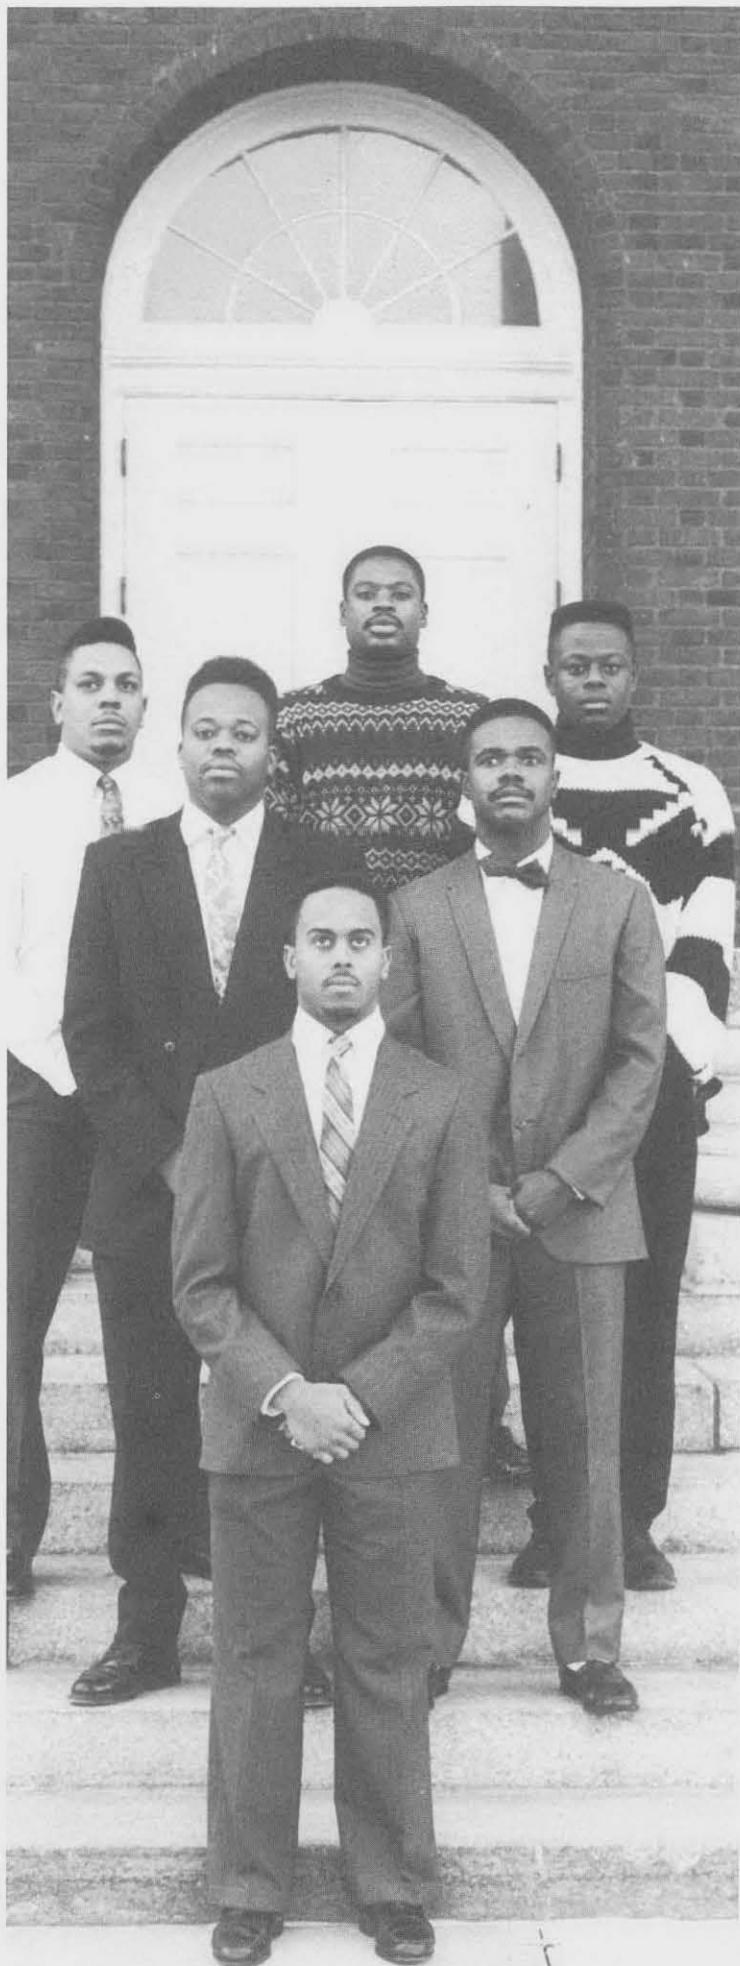

Although young and independent, our history is seen through our success and contribution in both college and community events such as Greek week (in which we were champions of in 1989 and 1990), Homecoming, Pride in Buffalo, and Ronald McDonald house. We take pride in the quality of our small size and the unique bond which is centered within a group of extremely diverse women.

Alpha Sigma Alpha

Alpha Sigma Alpha is a national Sorority which promotes leadership skills in four areas of development. These four areas are social, spiritual, intellectual and physical growth. Alpha Sigma Alpha is also involved in many philanthropic activities. Some of these activities include: Kid's Day, Toys for Tots, White face, Red Cross Bloodmobile, Food and Clothes Drive, Big Brother Program, Halloween in the Tunnels, Rape Awareness, postcard to the troops in Saudi Arabia and many other activities that show support of the college and community we live in. We also pride ourselves on the diversity of our members activities and backgrounds and encourage individuality while working together as a whole.

Kappa Alpha Psi

Kappa Alpha Psi Fraternity Inc. was founded on January 5, 1911 on the campus of Indiana University at Bloomington. The founders sought a formula that would immediately raise the sights of African-American Collegians and stimulate them to accomplishments higher than they might have imagined.

Fashioning achievement as its purpose, Kappa Alpha Psi began uniting college men of culture, patriotism and honor in a bond of Fraternity as chapters across the country and abroad. Under the theme "Training for Leadership", Kappa Alpha Psi promote a style of intellectual and aesthetic evaluation for more than 100,000 college men. Rooted in concern for human development, The Kappa gestalt expects its members to stretch themselves in all directions, while holding fast to a sustaining principle of achievement.

Kappa Zeta Tau

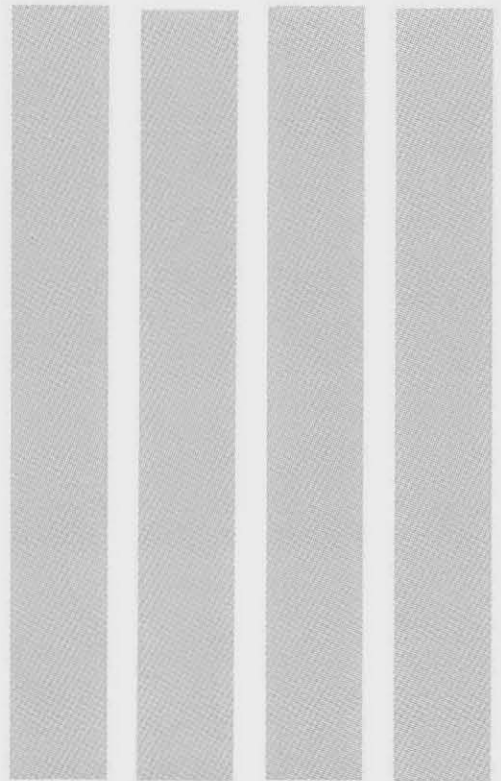

Kappa Zeta Tau is a sorority with many diverse and unique girls. We are a very strong and spirited sorority, with a lot of determination. We strive for doing our best in everything by going over and beyond what is expected of us. KZT is determined to never let anything break our bond of friendship. We put forth a 100% effort in everything that we do. Our unity can be seen everywhere we go. We love to be together sharing, laughing and loving.

We are an "EVERLASTING BOND".

Since Kappa Zeta Tau was founded on February 2, 1990 the sisters have participated in such community services and philanthropic events: Special Olympics, Ronald McDonald House, American Cancer Society, Hopevale Center, Houston Gym, Toys for Tots, Pride in Buffalo, Blood Drive, Campus Day Care, Open House tours, Buffalo Zoo, Buffalo Psychiatric Center, Rockwell Hall Ushering, Magic Show, Library — E.H. Butler, UB Medical Dance Marathon, Kid's Day and Project White Face.

Lambda Upsilon Lambda

La Unidad Latina, Lambda Upsilon Lambda Fraternity was nationally founded and organized in 1982 by thirteen young Latin men at Cornell University in Ithaca, New York. Although the need for a Latin-based Fraternity was present, it does not mean in any way that LUL addresses Latin issues of concern of the community at large. LUL welcomes men from all different cultural backgrounds to join, as long as they have within themselves the desire to succeed both personally and academically, and the determination to make a difference. Lambda Upsilon Lambda places a strong emphasis on academics first, also encouraging involvement in areas such as student leadership and activism. At Buffalo State College, the Epsilon chapter of Lambda Upsilon Lambda was founded in the spring of 1988. Since then, the brothers from this chapter have been honored with the Scholastic Achievement Trophy, a prize for the highest GPA among all Greek organizations on this campus, once again emphasizing academics as number one. The brothers of LUL have also always been involved in promoting community services of different natures: From education, encouraging and preparing High School students for college, to blood drives; from donating books to E.H. Butler Library to sponsoring and bringing to Buffalo State Latin poet, author and human rights activist Piri Thomas.

In 1990, Lambda Upsilon Lambda continued doing community work, selling newspapers on Kid's Day to benefit Children's Hospital, joining efforts with Alpha Sigma Alpha Sorority to promote a food and clothing drive for the Friends of the Night People and, most recently, throwing a Christmas Party for the children at the campus' Day Care Center and participating in events such as Project White Face and Toys for Tots. Also in the Fall of 1990, while being at Buffalo State for two and a half years, Lambda Upsilon Lambda set an all-time record: three Homecoming Kings from the same Fraternity, as Marcio DeAlmeida followed Francisco Gusman and Edwin Suarez II as Homecoming-week royalty.

Theta Sigma Tau

Theta Sigma Tau is a local Sorority founded on November 7, 1989. We participate in many community services such as raising money for Toys for Tots, Red Cross Blood Drives, and helping the college learning lab during their Halloween fun night to name a few. The women of Theta Sigma Tau carry out the meaning of sisterhood with a lot of love, caring, and sharing amongst each other. "A new beginning to a bright future".

Sigma Delta Tau

Sigma Delta Tau Sorority
 Gramma Zeta Chapter
 Founded Nationally, March 25, 1917
 Founded at Buffalo State, April 17, 1988

Sigma Delta Tau brought us together in our bond of sisterhood. We are a national sorority, whose philanthropy is the Prevention of Child Abuse. Though we work toward other goals, we do rape and alcohol awareness programs, we spend our holidays with Buffalo State College's Day Care Center. We volunteer at the Haven House, the Haunted Catacombs, and won national convention this summer. Each woman in our sorority has her own personal goals, but we also come together to help others, and that brings our family even closer together. There are times when a sister needs a friend to get her through a rough time, and she is lucky to have thirty sisters here at Buffalo State to call her friend. She also has thousands of sisters in SDT all over the country. That's what Sigma Delta Tau is, forever sisterhood.

The emphasis of Alpha Epsilon Pi has always been the importance of the Jewish experience for an undergraduate, preparing him to be one of tomorrow's leaders so that he may aid himself, his family, his community and his people. However, AEP is non-discriminatory and open to all college men who are willing to espouse its purpose and values.

Locally, chapters are encouraged to develop programs of community service as part of their education for new members. Through these programs, AEP teaches the lessons of community responsibility as no other campus agency can.

Sigma Tau Gamma

We are the Sig Tau's, Sig Tau's are we, happy go lucky bare . . . and free! On campus we could be seen flashing the blue and white from Rockwell Hall to the Bubble. Among our activities are tutoring the learning disabled, fronting peace rallies and sponsoring religious retreats. Off campus we are involved in many tasks including assisting the elderly across busy streets, nursing sick animals to health and holding the biggest bash of the year, the Eclair Squeezing Tournament Combo Al Bundy Bowling Competition. On a serious note, Sig Tau is a melting pot of characters that ranges from artist to athletes to businessmen etc. you name it we've got it. Our year is highlighted by house parties, intramurals and charitable events, with our success being mainly within each other.

A once small band of twelve, this Fraternity has risen to almost four times that size and is still growing. We have become one of the largest Fraternities on campus while still retaining our popularity.

TESA

**Technology
Education
Student Association**

The Technology Education Student Association is a professional organization on campus made up mostly of Technology Education majors, but includes students majoring in the various fields of technology. Throughout the year, the organization is involved with many worthwhile activities, including volunteering our services to help with the Collegiate Science and Technology Entry (C-STEP) Program. We also provide those interested in Technology Education with sound advice and guidance. Furthermore, the members are kept undated on the many new and exciting advances being made in the New York State Technology Education Curriculum. Through social and professional events, the T.E.S.A. continually keeps a network between those with experience, and newcomers just entering the program. Preparing technology teachers for the turn of the century is important, and through our various applicable experiences we believe that we are accomplishing that goal. All are enthusiastically welcome to join our ranks.

Public Relations Student Society of America

The Public Relations Student Society of America is a Pre-Professional public relations student organization with more than 5,000 students in 160 chapters nationwide.

The Buffalo State College Chapter, the only accredited one in the Western New York area consists of 21 members. Marian Deutschman, Ph.D., Assistant Professor of Communications serves as faculty advisor for the organization. The chapter is also assisted by two professional advisors in the public relations field: William E. Sledzik of LKW/Eric Mower and Associates, Inc. and Micheal T. Maurer of Collins and Co. public relations firm.

This past semester, Members have participated and gained valuable experience working on various projects and volunteer activities. PRSSA helped promote The Great American Smokeout in conjunction with the American Cancer Society as well as provided publicity for Dance Design, the student dance company of Buffalo State College. We are now in the process of promoting Careerfest '91 in conjunction with Canisius College's Public Relations Society. Our newsletter committee writes and produces a newsletter each semester entitled "experience". Approximately 12 members are participating in a mentor program which is aimed at increasing interaction between students and professionals. Students gain a better understanding of PR careers and job descriptions while developing valuable professional contacts. The PRSSA fundraising committee has raised over \$400 so that members may attend the Northeast District Conference in the spring of 1991 in Glasboro, New Jersey.

During the spring 1991 semester, students will be helping the American Red Cross to recruit blood donors for the February blood drive. In March, PRSSA will be working in conjunction with the Society of Professional Journalists (SPJ), the National Association of College Broadcasters (NACB), and the Communication Department to present Media Day 1991.

Hillel

Hillel is a source for religious, social, education, and cultural activities for Jewish students and faculty at Buffalo State College. As a part of internationally known B'nai Brith, this organization is open to all other members of the college campus to learn about the Jewish community.

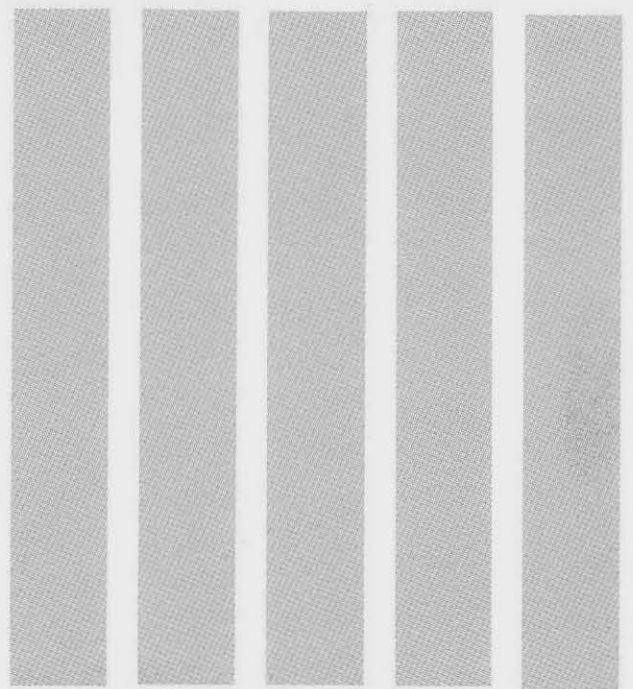

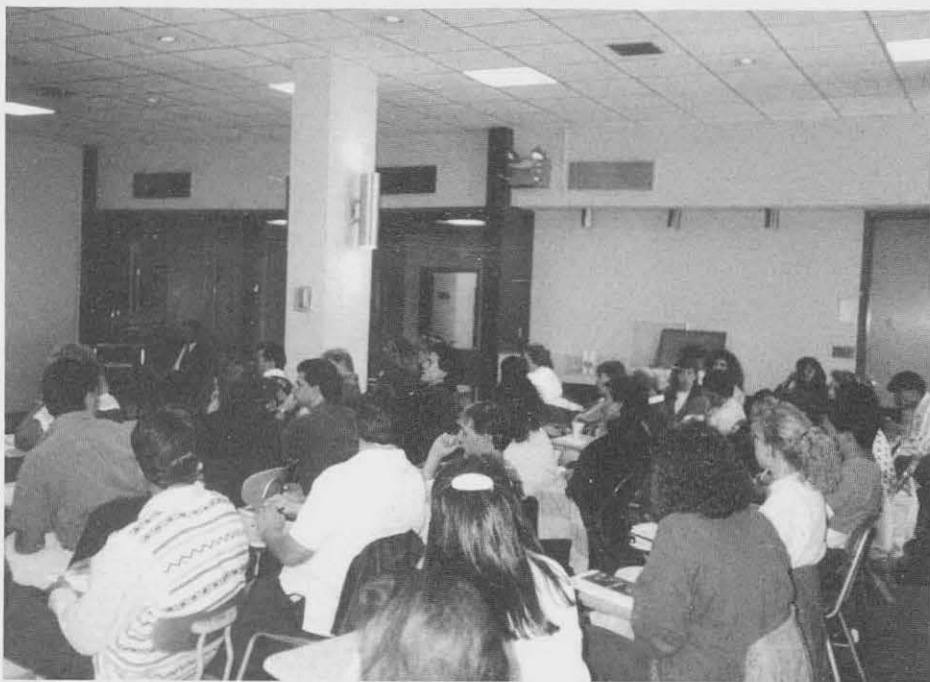

The main purpose of Hillel is to meet new people of different backgrounds so that its members may grow from the knowledge of other people in the community.

Throughout the year, Hillel sponsors many different types of activities. All are welcome to join them.

Phi Beta Lambda

The Buffalo State Chapter of Phi Beta Lambda is one of the largest student organization on campus, and has been around for close to twenty years. We consist mainly of Business students who wish to gain an edge. However, all majors are always welcomed. We help provide that edge everyone is looking for by holding bi-weekly meetings with guest speakers, sponsoring tours and seminars, and by creating a friendly atmosphere between professors and students. In addition to academics, what would a club be without social activities? Most recently we sponsored "Karoake-Sing for Charity 1990", which was a tremendous success. The annual Formal Awards Banquet is a black tie affair bringing students, professors, and businessmen alike, together. Then, of course, there are all those "unofficial" events our members hold for the benefit of the club. House parties, nights out, and the like. After all, a club isn't a club unless you've got friends in it! In addition, we also get involved in community relations, most recently a clothing drive for the Salvation Army. Fund-Raisers are, as well, a large part of Phi Beta Lambda, always fun and successful.

WE SUPPORT THE TROOPS!

The tradition of excellence continued in 1990 for the Phi Kappa Tau fraternity. Many new faces joined our group in the bonds of Brotherhood, and our organization continues to improve because of this. We look forward to serving the Buffalo community and Buffalo State College by continuing to raise money for charities as well as participating in local events. We encourage those interested to take the first step towards a rich and meaningful experience as a brother of the Phi Kappa Tau fraternity.

Tau Kappa Epsilon

1990-1991 is proving to be one of Tau Kappa Epsilon's best years. Weekly events at Mulligans and the Inn-Between were a welcome relief from the pressures of school. Our president Dan Persinger is in the marines and left for training prior to the spring semester. Good luck, frater for life.

Phi Sigma Sigma

Phi Sigma Sigma was founded on the Buffalo State College campus on March 17, 1989, in which we became the Epsilon Upsilon Chapter.

We have 44 members; Phi Sigma Sigma is known for their diversity and proud of it. We have done many community services such as marching in a Toys for Tots parade, selling newspapers for Kid's Day, involved with Project White Face and participate in Pride in Buffalo. Phi Sigma Sigma also raises money annually for the National Kidney Foundation by doing a Rock-a-Thon, the sisters keep three rocking chairs rocking for twelve hours straight while students favorite music is played. Highlights for the year are of course the Semi-Formal and the Formal. The Semi-Formal was held at Hemingways and the Formal will be held at the Romada Reinassence. Sigma Phi Epsilon

Sigma Phi Epsilon Fraternity was founded November 1, 1901 in Richmond, Virginia. Sig Ep is both the largest national fraternity and the largest at Buffalo State with 60 members. The BSC Chapter, NY ETA, was the first to return after State's Greek ban, chartering April 7, 1979. Sigma Phi Epsilon thrives on its motto, "Pride Through Excellence" in effort to maintain Virtue, Diligence, and Brotherly Love, its three cardinal principles.

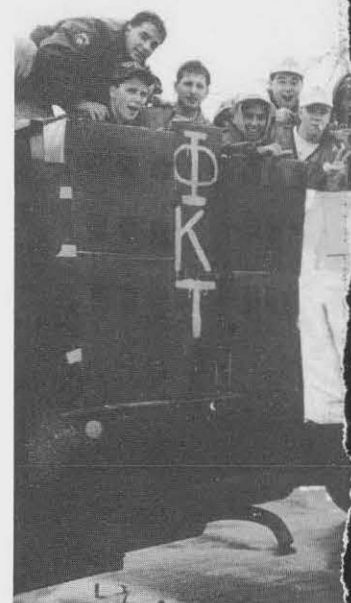

Members: John Banas, Karl Bauer, Andrew Beiger, Dwight Bonk, Steve Campagnolo, Robert Chapin, Robert Chesbro, Martin Coyne, Jerome Czajkowsky, Peter D'Amilo, Michael Donovan, Allen Erb, David Fabin, Mark Fagin, Christopher Freidman, Scott Gaggiano, Salvador Gonzalez, Matthew Goulet, William Henshaw, Jeffrey Jablonski, John Iusi, Kevin Kinozierski, Aaron Kleinman, Mark Leatherbarron, Jeremy Lippman, John Lorka, Christopher Mattioli, Jeffrey Metz, Brian Multerer, James Paulkman, John Pajonk, Matthew Palumbo, Rodney Peters, Dennis Pietraszewski, Todd Pilarski, Mark Pogorzelski, Shane Rifanburg, Thomas Simmons, Kenneth Sinibaldi, Gregory Sitek, Eric Thein, Steve Walters, Ted Weymouth, Ed Ramo's, Bob Stallman, John Zito

The Inter-Greek Association is comprised of two representatives from each Greek Fraternity and Sorority on the Buffalo State College Campus. These representatives are acting members of their parent Fraternity or Sorority and their duties include voting on Greek and school issues, participation in I.G.A functions and system of Government. The I.G.A is responsible for philanthropic events, community events and fundraising for charity. To date, I.G.A has participated in Toys for Tots project, white face, as well as other community events. Our goals are to offer the Greek student a responsible position within a larger group, to further the individual goals and ideals of each Fraternity and Sorority, and to promote Greek cohesion within the school and community. Currently, I.G.A has been revising and rewriting their constitution so that they may better serve the school, the community and themselves. Socially, I.G.A sponsors and plans the Greek games.

I.G.A offers the Greek student participation in leadership skills, responsibility, fun, hard work and sense of unity, all important in the survival of the Greek system. It's our desire to further the traditions of excellence established at Buffalo State College by each and every Fraternity and Sorority through the Inter-Greek Association.

The Freshman Peer Mentor Program, offered through the office of New Student Programs and Orientation, employs successful upperclassmen to assist freshmen in acclimating themselves to college life. Student mentors facilitate freshman academic success by providing: tutorial sessions; pre-advisor scheduling assistance; study skills instruction; and, time management workshops. Mentors are also there to listen to students concerns.

Honors Activity Council

The Honors Activity (HAC) is part of the All College Honors Program on campus. Honor students are required to take 10 honor classes before they graduate and must maintain a 3.5 G.P.A. HAC serves as a resource group for honor students. This year, the HAC took a trip to the Stratford Shakespeare Festival and brought Mensa on campus to give a presentation.

Buffalo State Chess Club

Our Chess Club holds annual chess meetings, competitions, and general chess playing upstairs in the commuters lounge. Hopefully, next year the Chess Club can expand to be a part of the social organization on campus. Currently, the Association coordinator is operating the Chess Club. On the beginning of January 1st the president of the Chess Club, Charles Bostic will take over all responsibilities.

Buffalo Forum

Buffalo Forum is a television talk show produced by the advanced television studio operation class of the Broadcasting Department. Our show consists of local issues around town that have an interesting perspective with a local twist. Our show provides both sides of an issue. We also have one on one interviews, discussing issues from race car drivers, to the Federal Bureau of Investigation. Our show airs on all three cable systems, in and around Buffalo, on a weekly basis.

National Association of College Broadcasting

The purpose of the N.A.C.B. is to build unity among ourselves; educate all Buffalo State College students on the concerns of all communication mediums and to provide leadership, to encourage the principles of equality, of N.A.C.B. members, future members, and alumni.

This year the N.A.C.B. has organized events with local media talent and business men that give different perspectives on local and national concerns.

Organization of Social Work Students is the organization for social work students. Our members are mainly social work students, but anyone is welcome. We are a professional organization and involve ourselves in issues that are of concern on campus as well as in the community. We have held a number of informational workshops on important topics that are relevant to students in the social work curriculum as well as the whole student body at Buffalo State College.

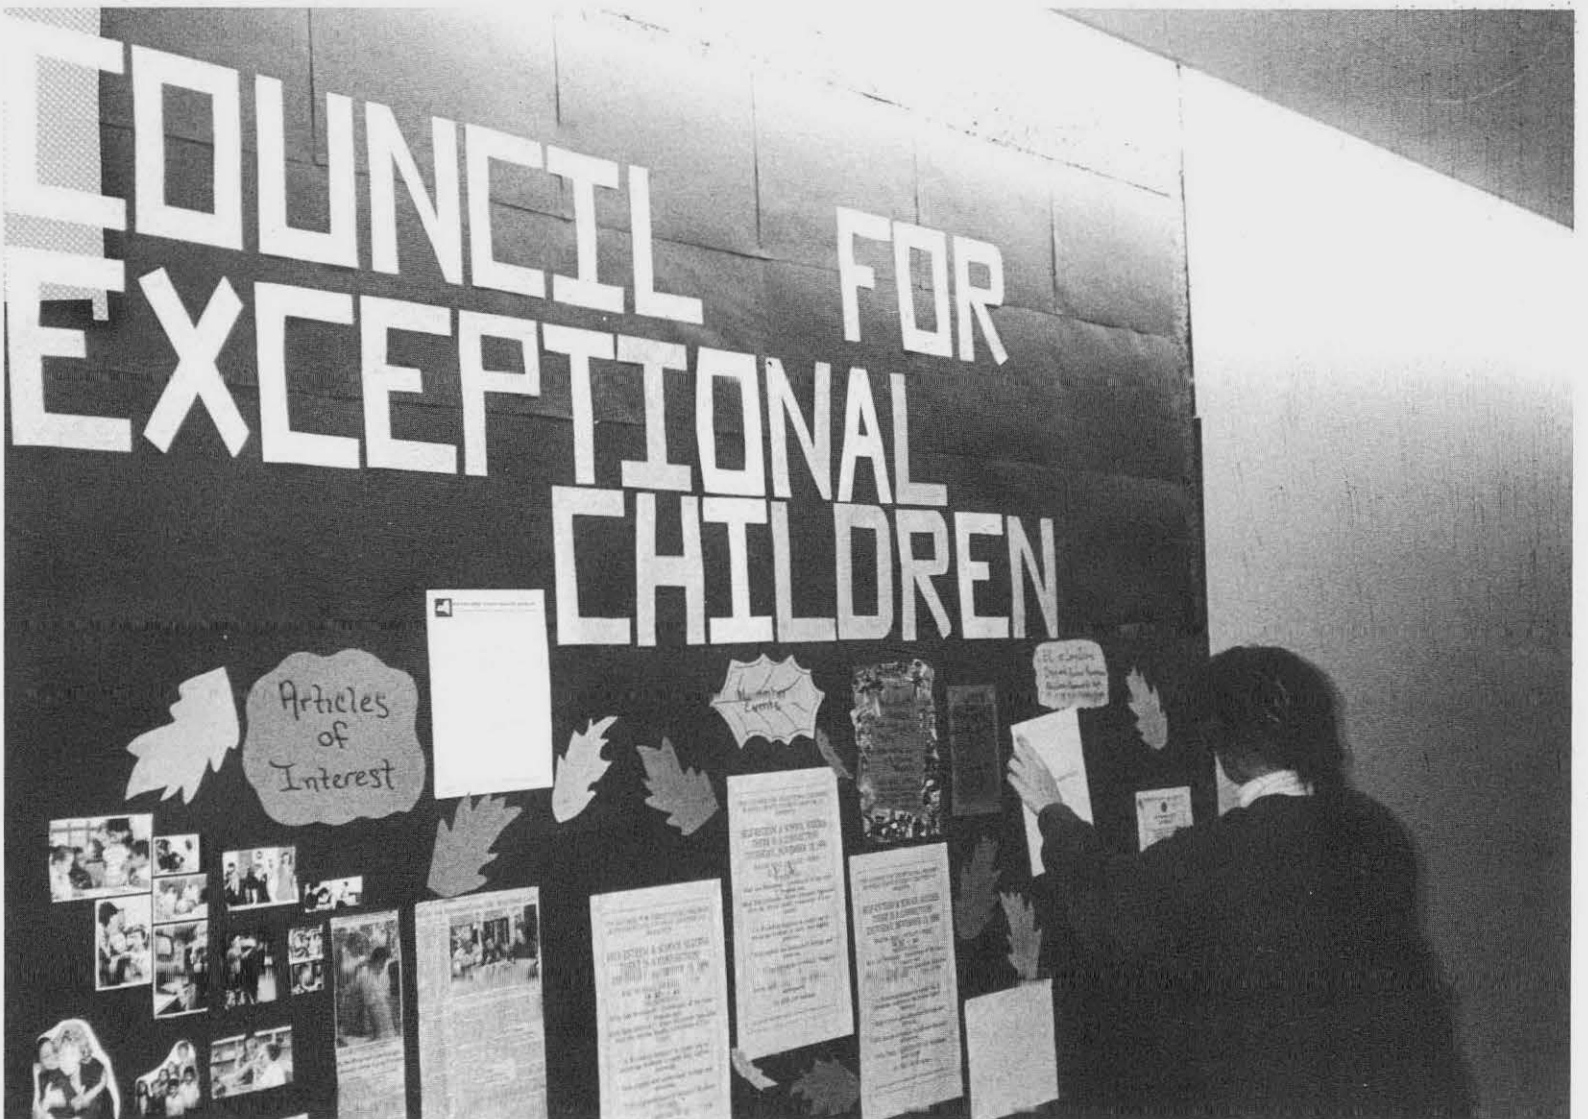

Student Council for Exceptional Children Chapter 117

CEC is the most active and widely recognized organization in the world representing persons in the field of Special Education. CEC has three major goals: to advance the education of exceptional persons, to improve the conditions under which professionals work with exceptional persons, and to improve the quality of instruction provided exceptional persons. Chapter 117 of CEC is the student chapter here on campus. Our major activities include: meetings the third Thursday of each month during Bengal Pause in Ketchum 116 during which there is a speaker relevant to the field of education, two trips to camp during which a group of adults w/disabilities are taken camping for the weekend, taking a group of students from the Occupational Training Center to Cultural events such as "the Nutcracker" ballet at Shea's Buffalo, co-sponsoring a "Toys for Tots" party with the U.S. Marine Corps Reserves, and a monthly newsletter.

International Students Advisory Council

The function of ISAC is to solve the problems which international students face during their academic year. Official meetings of ISAC are held every month. Matters such as academic standards, Health Insurance, planning for future strategies, and creativity in different aspects are discussed during the meetings.

ISAC also sponsors an International Coffee Hour, held every Tuesday during the Bengal Pause, in Student Union Room 412. The Deans of different faculties are invited as guests of honor every week to share the experience related to International Students. The International Students Advisory Council is funded by FSA and Resident Life.

Chairman — Eva Linares, Secretary — Aleem Khan, Treasurer — Edgar Perez, Advisor — Dr. Jean F. Gounard

International Students Organization

The International Students Organization is one of the key organizations working for the international students of Buffalo State College. The major concerns of ISO include organization of different Cultural Nights, of which Asian, African, and Latin American Nights are exceptional. Official meetings of ISO are held every Friday in Cassety Hall, Room 213, at 3:00 p.m. Performances by International Students are highly appreciated by the audience. This organization is funded by USC.

President — Douglas Kasamale, Vice President — Vivian Ortiz, Secretary — Ahsan Rahman, Active Member — Aleem Khan, Treasurer — Mao, Member — Edgar Perez, Member — Mariko Tachiwa, Member — Mohsin Rahman, Member — Imran Mohammad, Advisor — Dr. Jean F. Gounard

Caribbean Students Organization

"Together Ahead As One People"

The Caribbean Students Organization at Buffalo State College serves to promote and exhibit the Caribbean cultural heritage; to keep abreast and enlighten the student body on Caribbean affairs; they provide support for themselves, encourage principles of academic excellence, self-awareness, unity, responsibility and creativity. Special events include Caribbean Week, Caribbean Camp, Caribbean Night and other cultural events.

Afro-American Students Organization

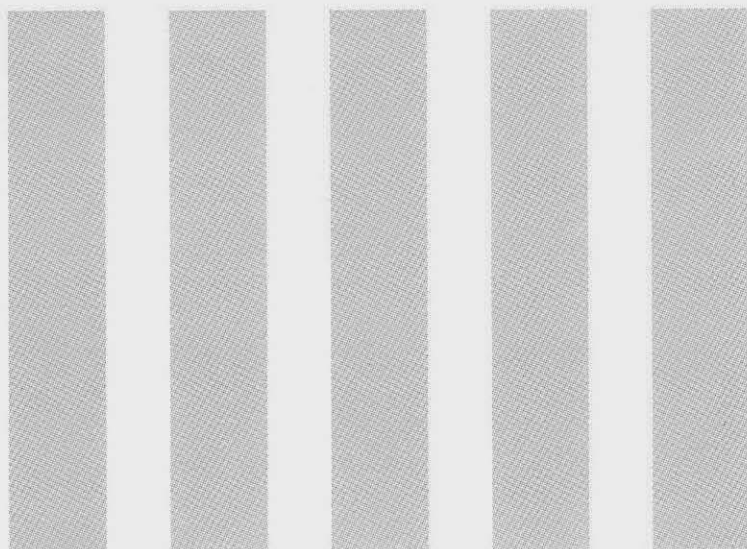

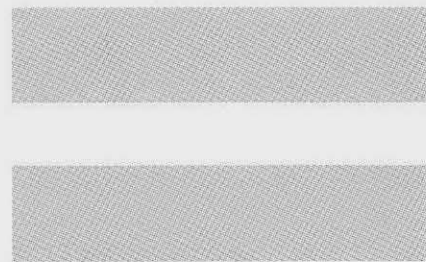

Inter-Varsity Christian Fellowship

Inter-Varsity Christian Fellowship is an interdenominational student led organization which provides students with opportunities and support for Christian growth. We offer Bible Study socials, guest speakers, and discussions on different topics about the Christian faith. We want to show the love of Christ bringing together students from different social and ethnic backgrounds.

The National Student Speech Language Hearing Association is the professional organization for student speech language pathologists. NSSLHA is a subdivision of the American Speech Hearing Association which is the professional organization for licensed speech Pathologists.

The local chapter of NSSLHA at Buffalo State College has 60 members from the undergraduate and graduate speech pathology program. As a very active chapter, NSSLHA sponsors events to increase campus awareness of communication disorders.

In November 1990, NSSLHA sponsored the campus event "It's a Deaf, Deaf World". This experimental workshop gave people the opportunity of being deaf and having to communicate in everyday life.

Annual events of NSSLHA include a Christmas party for all children receiving speech-language services in the Ketchum Hall Speech Clinic or at the college learning lab. May is speech and hearing month and NSSLHA sets up a free hearing screening service for the entire campus. NSSLHA also brings in speakers to discuss issues relevant to speech pathology.

Casting Hall

Casting Hall was founded in 1934 by Professor Myna Goosen with the intent of creating a student-run theatre organization on the Buffalo State campus. To this day, Casting Hall actively pursues this ideal. Under the advisement of the theatre faculty, students operate the entire spectrum of the theatre business as in the professional arena. This provides an environment of creative independence, responsibility and education incomparable. Students play a vital role in each production from play selection to performance. Casting Hall allows many opportunities for students via several productions each year, as well as lectures, workshops and activities involving the many facets of the performing arts. Operating under an executive board of elected peers, Casting Hall is a forerunner of progressive and diverse theatre, appealing to a myriad of tastes and styles. Challenges and opportunities abound for students both on stage and behind the scenes. All interested individuals are greatly encouraged to attend meetings of Casting Hall held every Thursday at 12:15 p.m. in Upton Auditorium, or to call 878-6432 for further information. Highlights — "Burn This" by Lanford Wilson (contemporary love story); "Dark of the Moon" by Richardson-Berney (the fantastical story of a witchboy); "Arsenic and Old Lace" by Joseph Kellelring (the classic comedy mystery).

Design Club

(left to right) Row 1: Stephanie Werskey, Chris Cacace, Michelle Pasiecznik, Mary D'Alessio, Carrie Pierce Row 2: Rob Dennis, Tom Sharer, John Colucci, Scott Seymour, Rob Ascroft

Buffalo State Design Club is a creative organization geared towards design students or people interested in the field. During the last five years members had the opportunity to meet new people and to work on design oriented projects. Each year the club sponsors "Legal Graffiti", a chalk drawing contest held in the Union Quad every spring. The club organizes portfolio reviews, lectures by professionals, travels to Toronto for the annual VICOM convention, distributes a newsletter, and holds creative holiday fundraisers. So come join us and put your creativity to use!

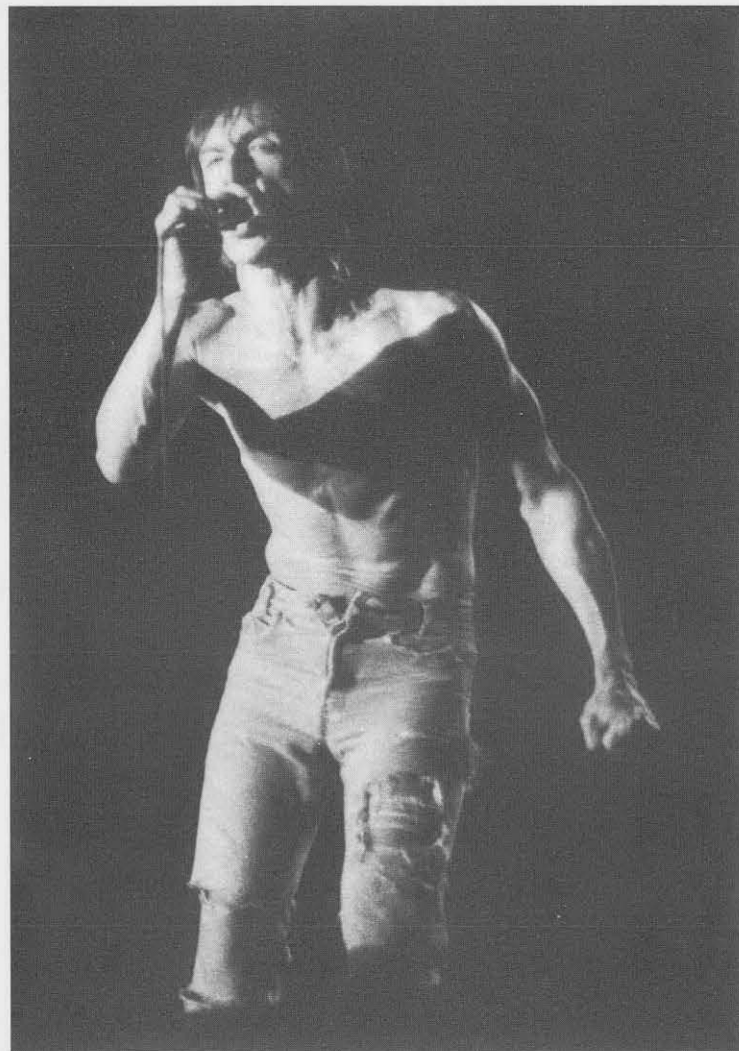

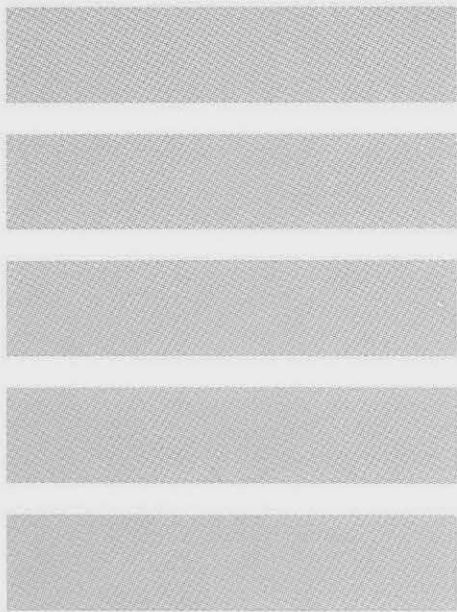

Student Union Board

Ryan Muncy

The largest funded USG organization on campus, the Student Union Board had provided top acts, fantastic shows and exciting speakers. The Student Union Board, headed by Wayne Walker, is made up of four committees: concerts, convocations, coffeehouse and films. This is a student-run organization and many of the shows throughout the year are a result of student input.

Interior Design Association

After much time and a lot of hard work the students shown here, the Interior Design Association, finally pulled their group together to become a United Student Government organization. Now, with true support and recognition from the college, I.D.A. will be able to accomplish more than ever before.

The purpose of I.D.A. is to establish a unity among interior design students, to inform and guide them through their transition from college into the design fields, and to heighten awareness of the growing design community at Buffalo State College. Future design students will benefit tremendously from the hard work and effort of these ambitious founders. Congratulations and good luck!

The Dun building! Built in 1895 and designed by architects Green and Wicks, the building is a charming example of Renaissance Revival, as well as an important part of Buffalo's history. This past year interior design students were given the challenge of designing one floor of the building for a law office. The floor plan (on the right) is just one of the many creative solutions.

Record

Like many other organizations, the Record Newspaper suffered from a lack of leadership, soon after the start of the school year. After suffering seven staff resignations, many seemed to think the record would cease to exist. However, the exertions of a mostly new but enthusiastic staff put the Record back to press. Late nights, long weeks, and limb-rubbing work are characteristic of what comes out of each editor and goes into each issue of the Record. But the experience gained by Record editors is worth the struggle. The Record office is located in Cassety Hall 109.

Head Coach Jerry Boyes was named 1990 Coach of the year at the Annual Champion Upstate New York Division III Football Awards luncheon at the Country Club of Rochester. Boyes, in his fifth season at the helm of the Bengals, guided his charges to a college best 7-2 record, averaging 32.2 points per game.

Coach Boyes and the Bengals have endured four seasons of efforts yielding only four wins coming into this past season. The Bengals were pre-season selected to finish 15th in the 16-team region. The same poll found them residing in the top five for the majority of the season, ending ranked fourth.

"It is a tribute to a fine coaching staff and an outstanding group of young men who sacrificed and dedicated themselves to achieve success this season," "It is one of the best team honors that one can receive."

Uptown String Quartet

The Uptown String Quartet, composed of four talented women, performed in Rockwell Hall in October. The quartet first came together ten years ago. They have impressive credentials that include playing with the New York Philharmonic and the Atlanta Symphony. Their music is a mixture of jazz, gospel, blues, and contemporary sounds. It was an upbeat night for those that attended their concert as they filled the hall with the hard, yet swinging sounds of their strings.

Batsheva Dance Company

Today when we hear news from Tel Aviv Israel we usually hear of war and conflict. But not this time! The Batsheva Dance Company, Israel's leading modern dance group is based in Tel Aviv, and their performance on October 21, 1990 was nothing short of spectacular.

The Batsheva Dance Company was born in Israel in 1964 with Martha Graham as artistic advisor. After Graham trained eight Israeli dancers in New York, the company returned to Israel and has been touring under subsidy of the state. In 1980 Ohad Naharin joined the company and soon after became their artistic director and choreographer. Few would disagree with Deborah Jewitt of the "Village Voice" when she said "If you could hold one of Ohad Naharin's dancers in your hand, it would feel smooth. Think of a polished stone, it looks like a piece of sculpture, but hurl it and it becomes a weapon."

They're Playing Our Song

In November Buffalo State's Performing Arts Department put on a wonderful rendition of a play that originally was not so wonderful. The 1970's was not a decade of great Broadway musicals, and "They're Playing Our Song" was one of the many that fell short of being great. The 1979 musical by Neil Simon, Marvin Hamlisch and Carol Bayer Sager is a story of a successful pop composer who teams up with an up and coming lyricist. At first the two don't get along but eventually, and after numerous complications, they fall in love.

Although it didn't rank highly in its own time, the Performing Arts Department, along with director Warren Enters and a very talented crew, ensured its success in November of 1990. The role of composer Vernon Gersch was played by Edward Todd and lyricist Sonia Walsk was played by Lauren Marketell.

Maelstrom Percussion Ensemble

The rich exotic sounds of the Maelstrom Percussion Ensemble filled Rockwell Hall on Saturday November 4, 1990. Based in Buffalo, New York, Maelstrom has performed for most of the major art institutions in western New York including the Albright Knox Art Gallery, Hallways, the Lancaster Opera House, and more. Their music offers a wide spectrum of styles from traditional percussion music of other world cultures, to music of more recent American and western composers. Often the group combines percussion music with dance, visual art, and other art forms other than music.

In addition to their musical prowess, the group also involves themselves in the arts and entertainment community, contributing to the education of future artists. The Maelstrom Percussion Ensemble was recently one of three chamber groups in the United States to be awarded a residency grant from the Chamber Music America Society.

Joyce Trisler Danscompany

On November 18, 1990 the Joyce Trisler Danscompany wowed the audience at Buffalo State's Rockwell Hall Auditorium with their unusual blend of ballet and modern dance.

The Danscompany began as a workshop group in New York City in 1974. The original group was intended to be only an interim project; however, with its immediate success the dancers insisted on forming a long term company with Miss Trisler as their principal choreographer. With the addition of Miquel Lopez as the artistic director in 1986 the company grew to achieve national recognition and success in the world of modern dance.

The evening performance included music which ranged from Joe Jackson to that of medieval 12th and 13th century. A wide spectrum of entertainment for the entire audience to experience and enjoy.

Ballet National

To start off the month of February was a performance by the Ballet Nacional de Caracas, a leading international classical ballet company. The young company whose dancers average age is under twenty-one, is directed by Vincent Nebrada, an internationally known choreographer. The forty member company performed "The Firebird" as well as other works by Nebrada. It was a culture filled night as the performers danced across the stage.

The quartet first came together 10 years ago. They have impressive credentials that include playing with the New York Philharmonic and the Atlantic Symphony.

Pick of the Crop

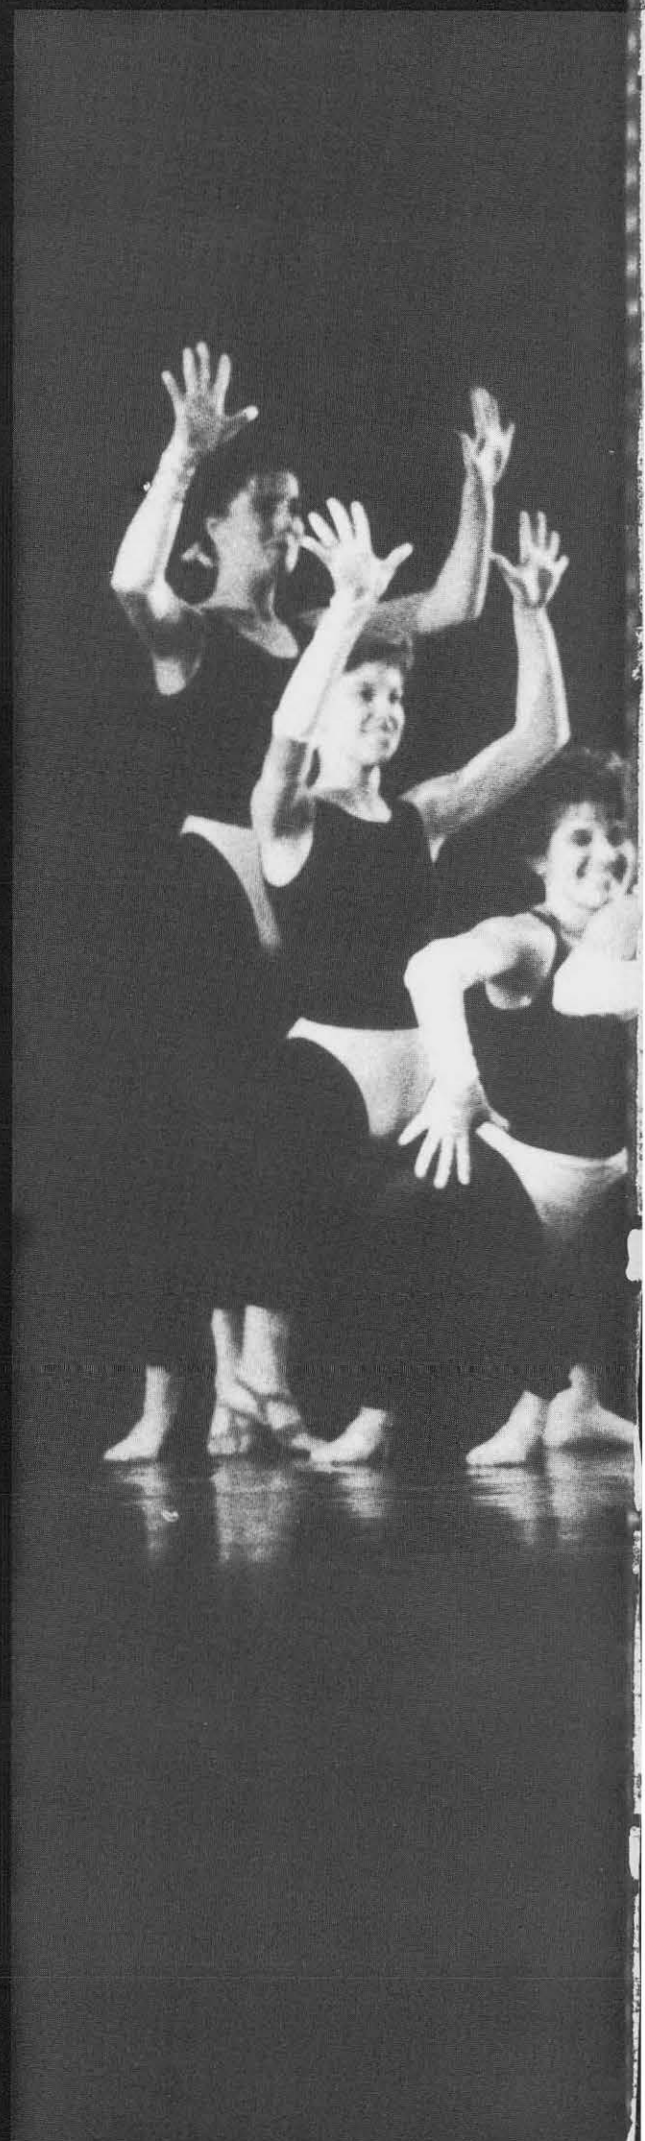

Impelling, energetic and diverse are just a few of the words used to describe Pick of the Crop Dance and Music Ensemble. Founded by Scottish-born dance-choreographer Elaine Gardener in Los Angeles in 1980, Pick of the Crop moved to Buffalo in 1981 under the direction of Gardner and composer – musician Curt Steinzor.

More than just a dance company, Pick of the Crop incorporates music and visual expression as a focal point of their performances. This potpourri of art forms and energies enhances the emotion of the performance as a drawing would aid in the understanding of a foreign object.

Pick of the Crop is currently involved in arts in education projects at such schools as Saint Mary's school for the Deaf, and Ledgeview Elementary, and is a member of the Arts Council in Buffalo and Erie Counties.

M.C. Peters

Buffalo State Dance Design Company

Embraced by the unique artistic environment at Buffalo State College, various talents of students are nurtured through academic and community stimulations from within and without.

The goal of the concert is to explore possibilities through the process of creating, performing and experiencing a dance concert.

A special aspect of Dance Design that makes it different from most dance companies is that it is directed by students and most of the dance pieces are choreographed by students also, this makes it possible for students to express their own ideas, feelings and talents.

The concert has been made possible by the continued funding and support of the Performing Arts Department.

Iggy Pop

BRICK BY BRICK TOUR '90

Iggy Pop, otherwise known as the Godfather of Punk, has made an impression on punk music ever since the mid 1970's. He took Buffalo State by storm in November when he performed in the Houston Gym. Iggy's music, as well as his opening act, Mano Negra was energy filled. The crowd was left "slam dancing" as well as "stage diving".

Above & Beyond

A journey to a far away planet is as close as a walk across campus. Buffalo State Campus is home of the Witworth – Ferguson planetarium, located on the first floor of the science building. The planetarium hosts a variety of programs for school students kindergarden through high school, as well as weekly public showings. No matter what the age, ability, or background of the group, the planetarium offers insight and delight for all.

A planetarium can illustrate the concepts of astronomy better than any textbook or lecture can. Against the backdrop of a realistic night sky we can come to understand our own universe while at the same time contemplate life on distant planets. The students at Buffalo State, and the Buffalo community in general, will certainly benefit from the Whitworth – Ferguson Planetarium.

Botanical Gardens

The Buffalo and Erie County Botanical Gardens, formally called South Park, is a national, as well as local, historical and architectural landmark. Fredrick Law Olmsted is considered the father of modern landscape architecture. It was his genius that extended the concept of "public green space" to a landscape art form. South Park along with six other parks in Buffalo were all planned and/or designed by Olmsted. The garden conservatory was built in the late 1890's and Olmsted's park designed in 1965, together the two make up a significant part of Buffalo's history not to mention an enchanting atmosphere.

A few exhibits contained in the conservatory include a palm dome, edible fruits, and ferns and cactus. With the conservatory built on the park, and the separate exhibits within the conservatory, a continuing series of environments is set up — one inside the other.

I highly recommend everyone to visit the Botanical Gardens at some point. It would be a shame to be so close and not to take advantage of such an opportunity. For more information call 858-8355.

Historical Society

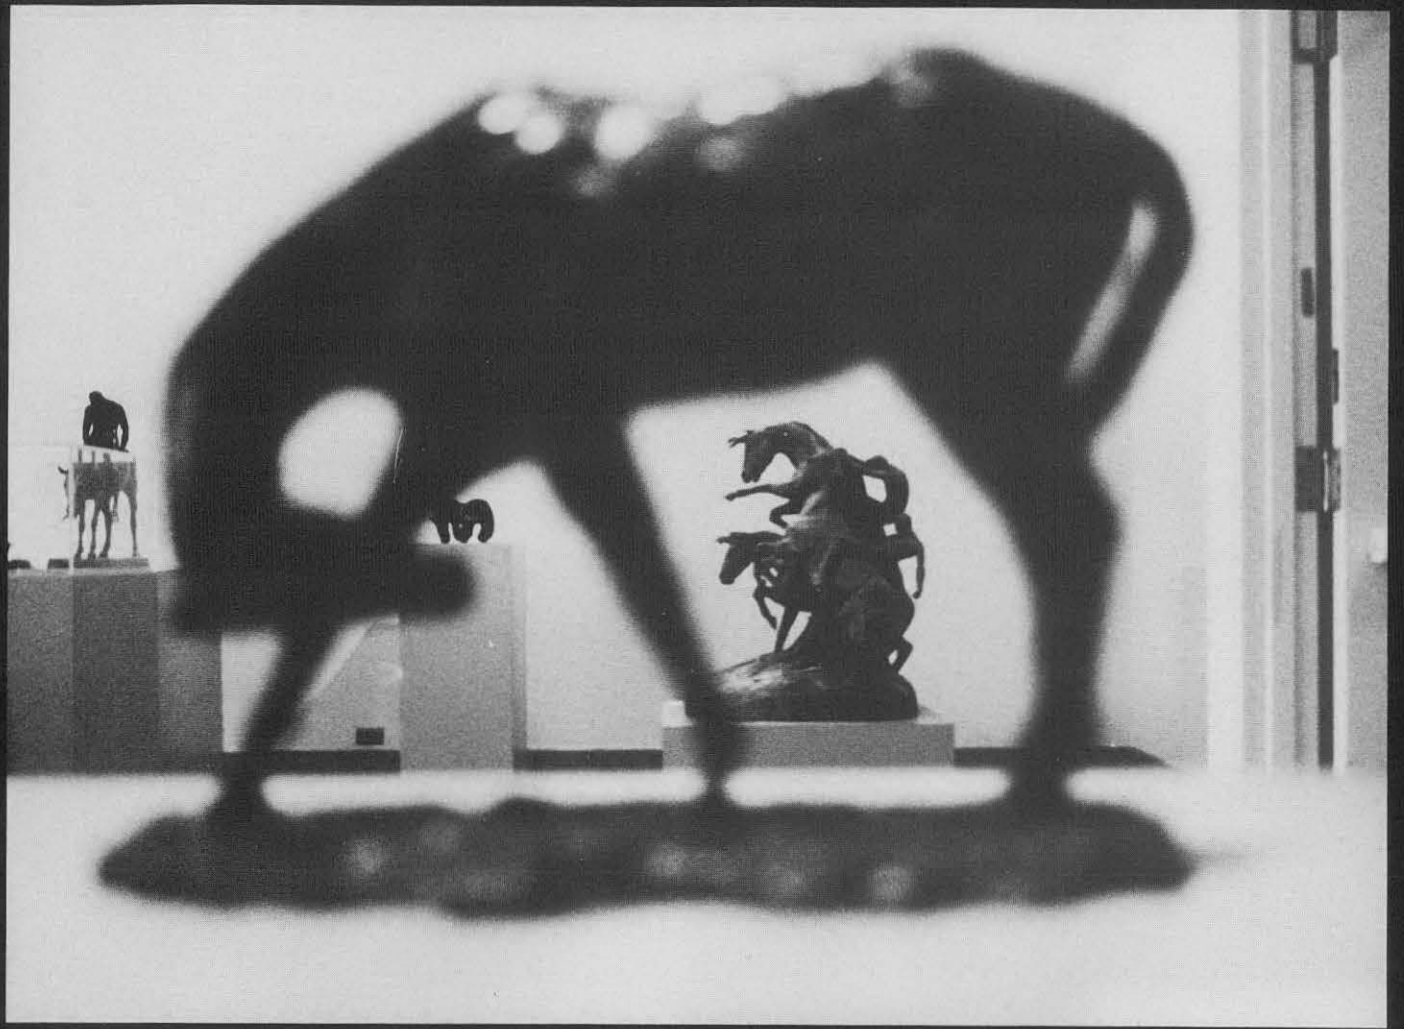

The Buffalo and Erie County Historical Society is located across Elmwood Avenue on Nottingham Court. This historical museum collection and research library covers 125 years of Niagara Frontier history. The exhibits depict the area's earliest occupation to its recent past.

The building itself, the only remaining structure from the 1901 Expo, is a Vermont marble Doric style design patterned after the Parthenon. Since its original construction in 1901, extensions have been made. These constructions include the east-wing which houses the library and the west-wing which houses a 250 seat auditorium.

Take the opportunity to learn about Buffalo, it's just a short walk away.

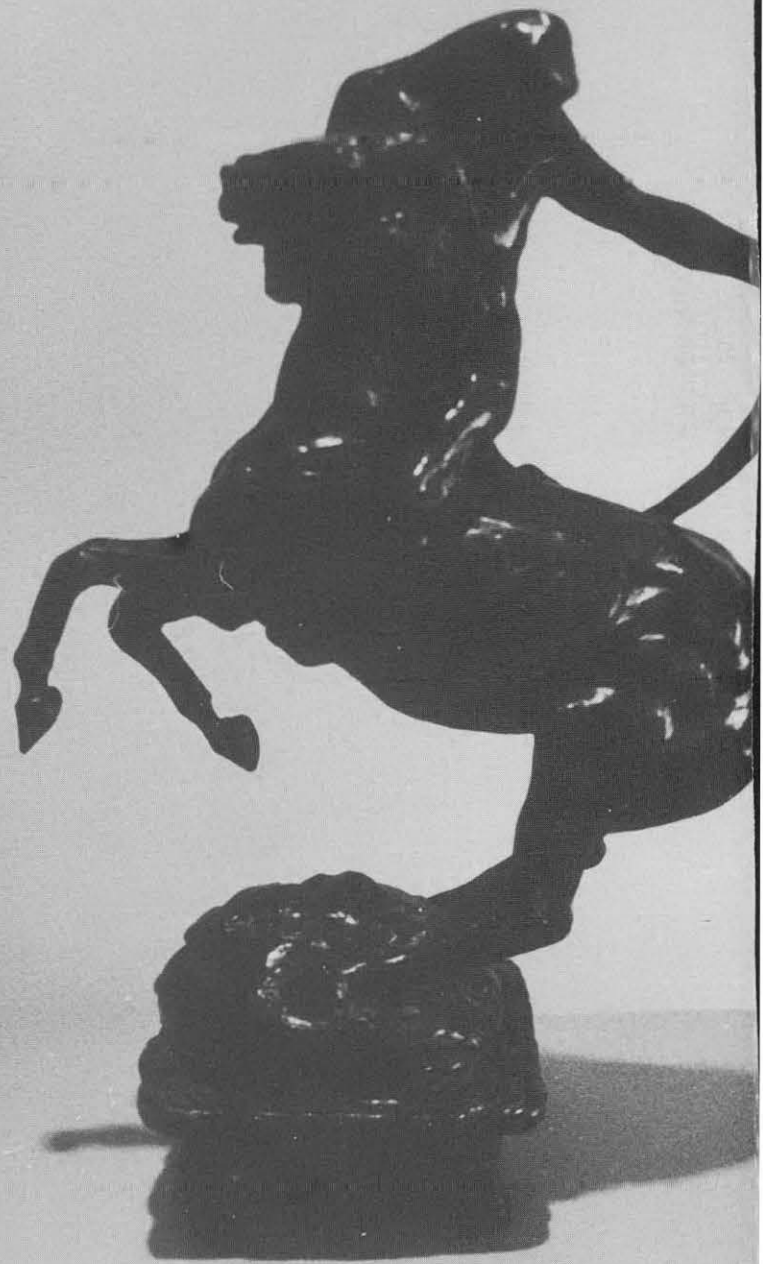

BURCHFIELD ART CENTER

Established in 1966, the Burchfield Art Center is both a dedicated and a regional museum. It collects, conserves, exhibits and cultivates the achievements of Western New York artists, with an emphasis on the work of renowned American watercolorist Charles E. Burchfield. Because Burchfield had a deep and abiding interest in the arts and education, the Center has become a multifaceted cultural forum for the literary arts and for music. Through its educational programs and archives, the museum also serves as resource center for studies in American art. A visit to the Burchfield Art Center reveals the talent and artistic heritage of Western New York, from the traditional to the cutting-edge.

Albright-Knox Art Gallery

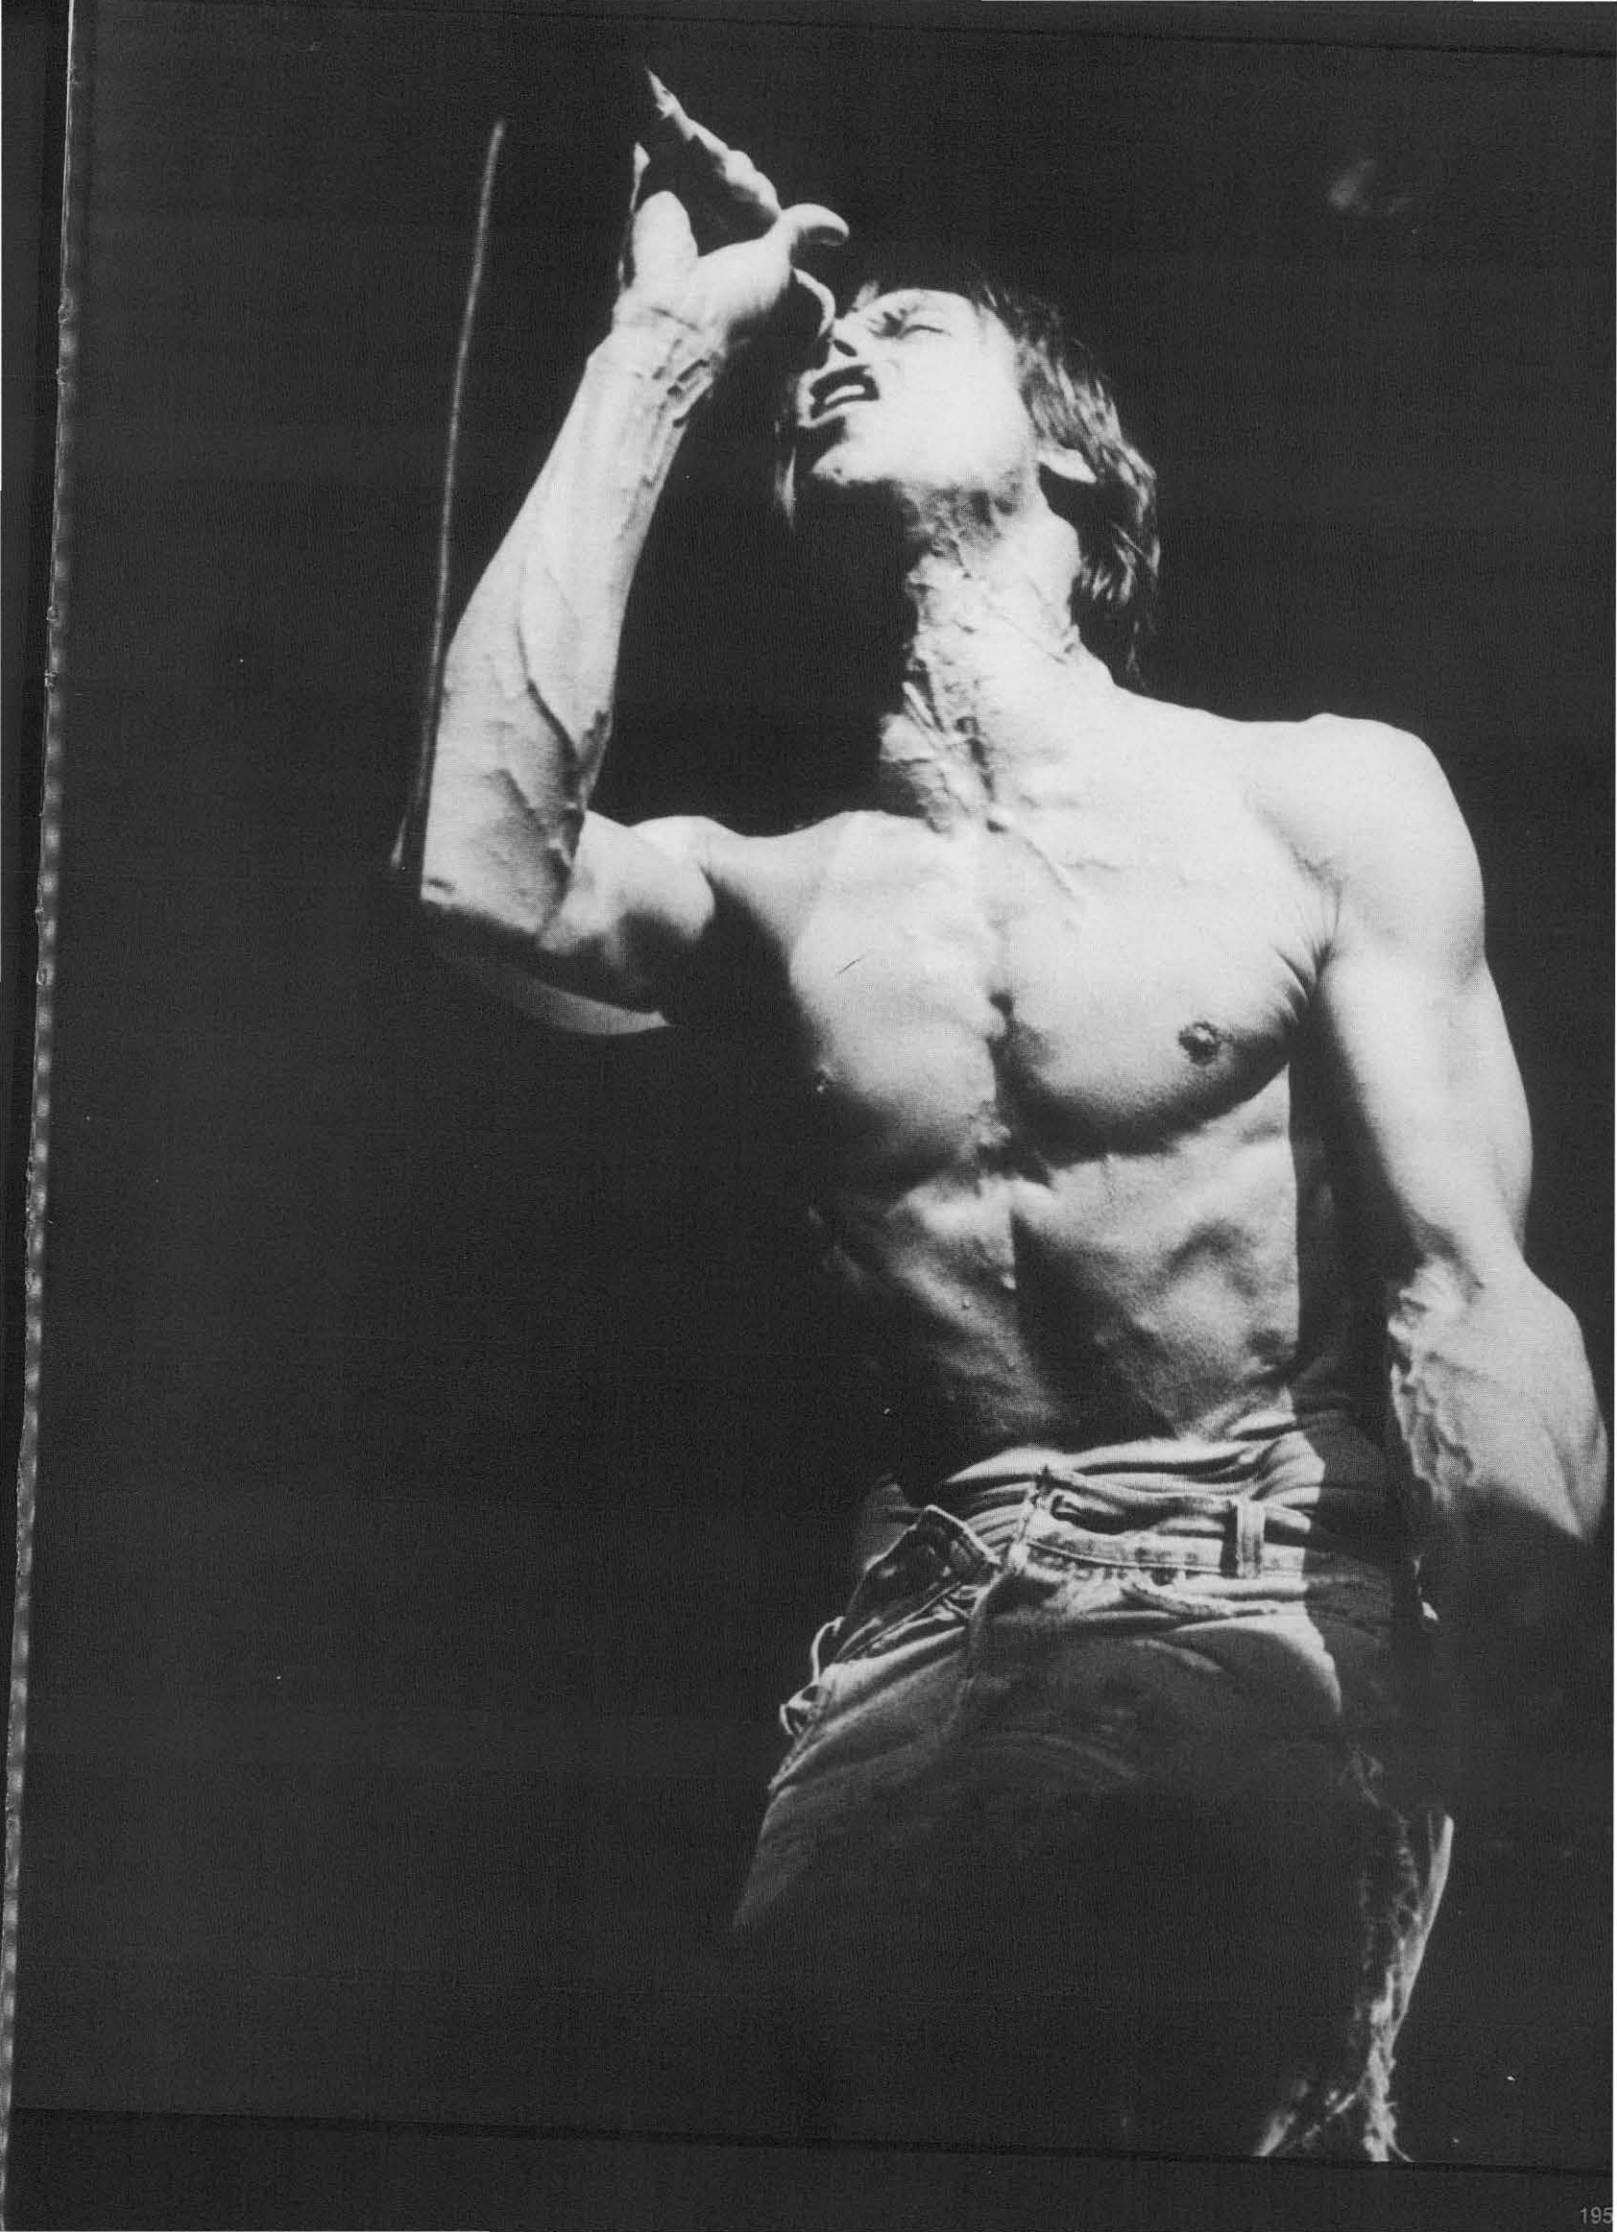

The Albright – Knox Art Gallery is located directly across from the Buffalo State campus on Elmwood Avenue. While many students know what it is and that parking is available behind it, not many students have experienced the sights beyond its doors.

The gallery is a collection of 12,000 artworks focusing on the years since 1945. The artworks include paintings, sculpture, drawings, graphics, and photography. This was the first in the United States to buy works by Picasso, and Matisse. The museum's exterior comes from the same Batimore quarry that provided marble for the Washington Monument. The gallery is open Tuesdays to Sundays excluding national holidays, while there is no entrance fee, a donation is appreciated.

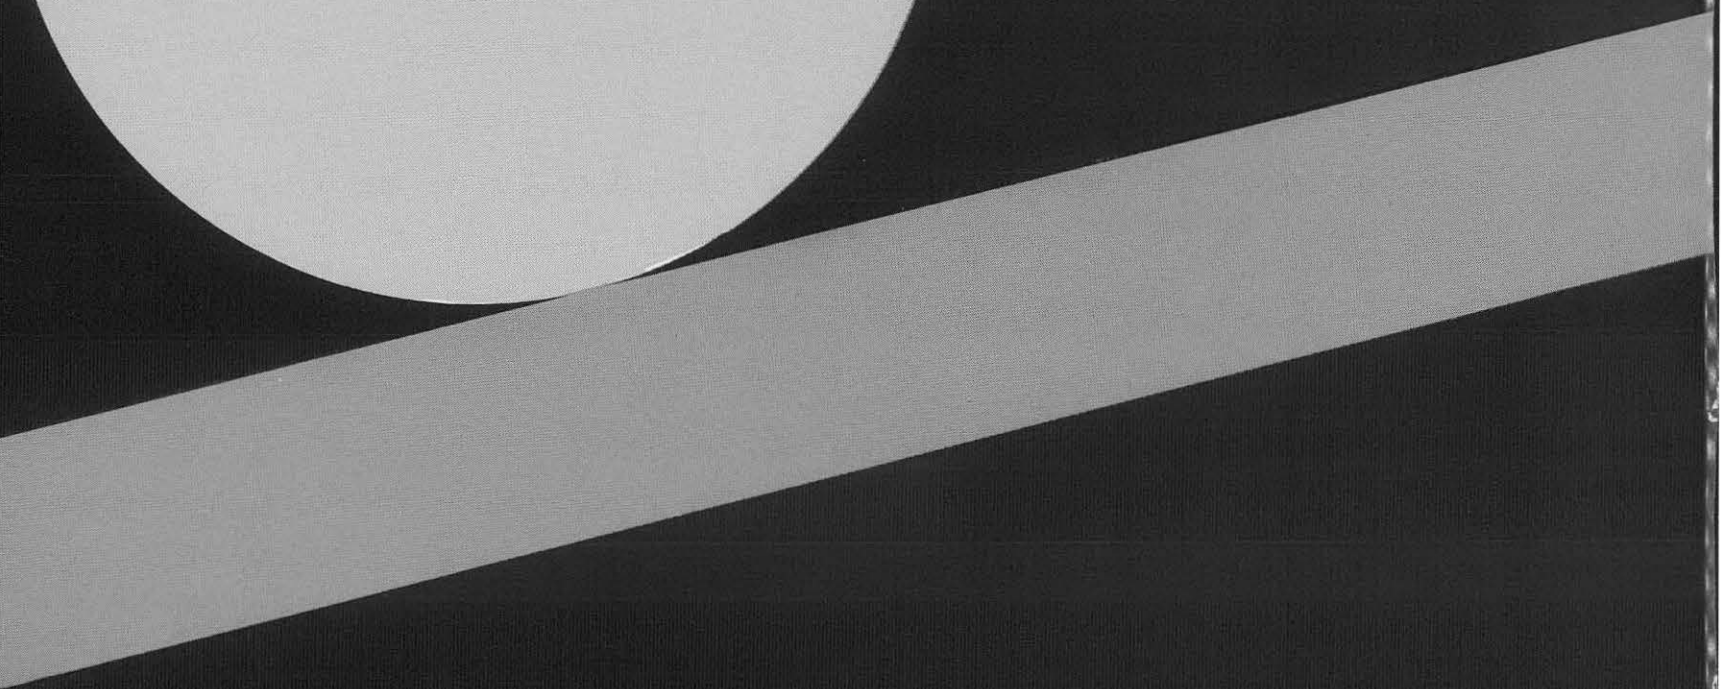

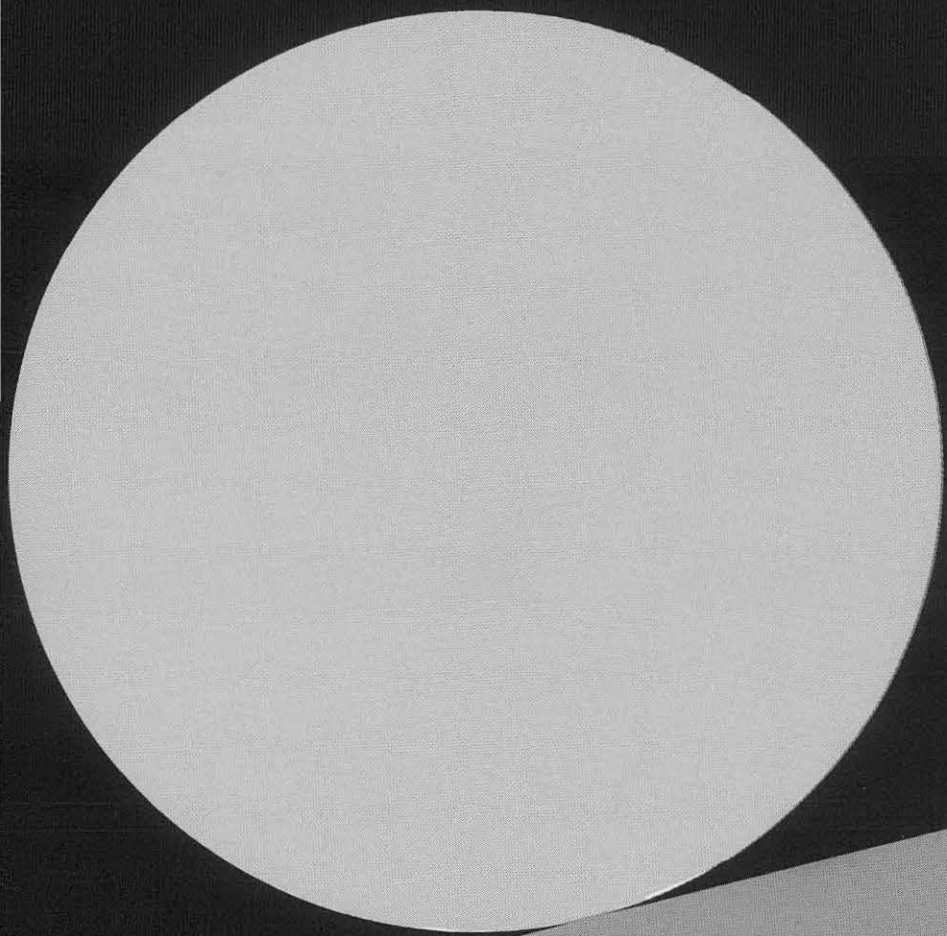

Monte Carlo

Gambling — At Buffalo State College? Of Course? Twice a year students at Buffalo State College have the opportunity to try their luck at a variety of games such as blackjack, and roulette. Once the game tables are set up and the students gather around, the student union takes on the look and feel of a Las Vegas casino — well almost.

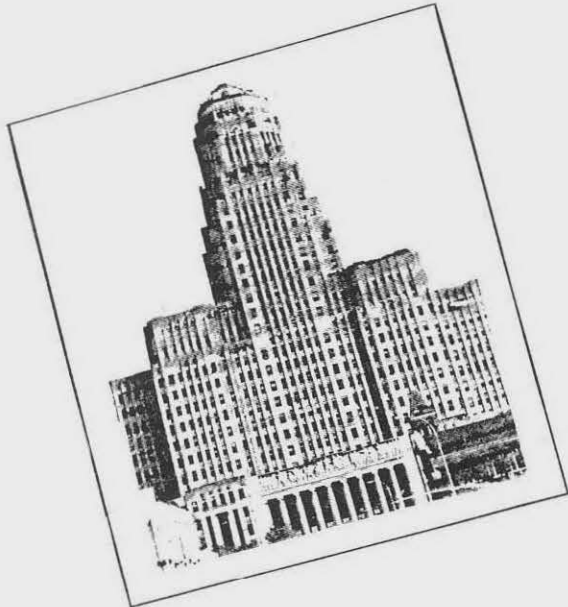

Monte Carlo is a fund raising event sponsored by the Commuter Council. Proceeds collected from the event are used towards tuition and book vouchers for active Commuter Council members.

1991 was a special year in Buffalo sports history. The Bills had their finest season enroute to the Silver Anniversary Super Bowl XXV. The teams 13 regular season victories were not only a club record, but also the best in the AFC.

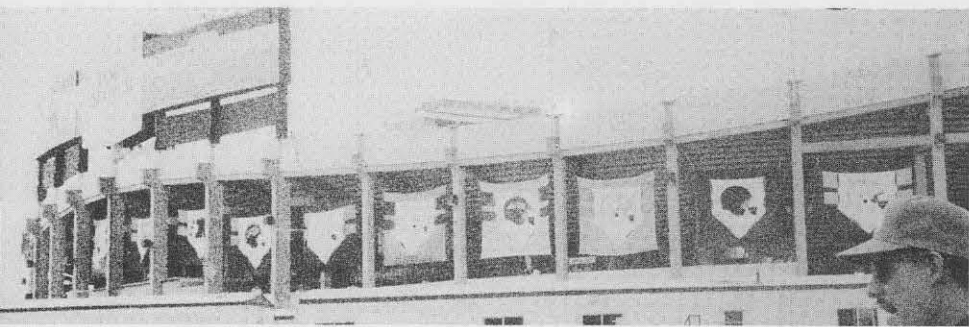

A 44-34 win over the Miami Dolphins led the Bills to their second AFC championship game in three years. The Bills then tied or broke several playoff records in their 51-3 demolition of the "Bo-less" L.A. Raiders, as their fans proudly cheered on.

The 1991 season was a landmark year of individual accomplishments as well. In fact, several players were league or conference leaders including Jim Kelly for passing, Thurman Thomas for rushing, while defensive end and MVP candidate Bruce Smith was second in the league with 19 quarterback sacks. In all, the Bills placed, by far the most players on the 1991 Pro-Bowl squad with 10.

The Superbowl was the most exciting game ever in the 25 year history of the sport. The Buffalo Bills fell one point short of their first NFL Championship in a heart stopping loss of 20-19 to the New York Giants.

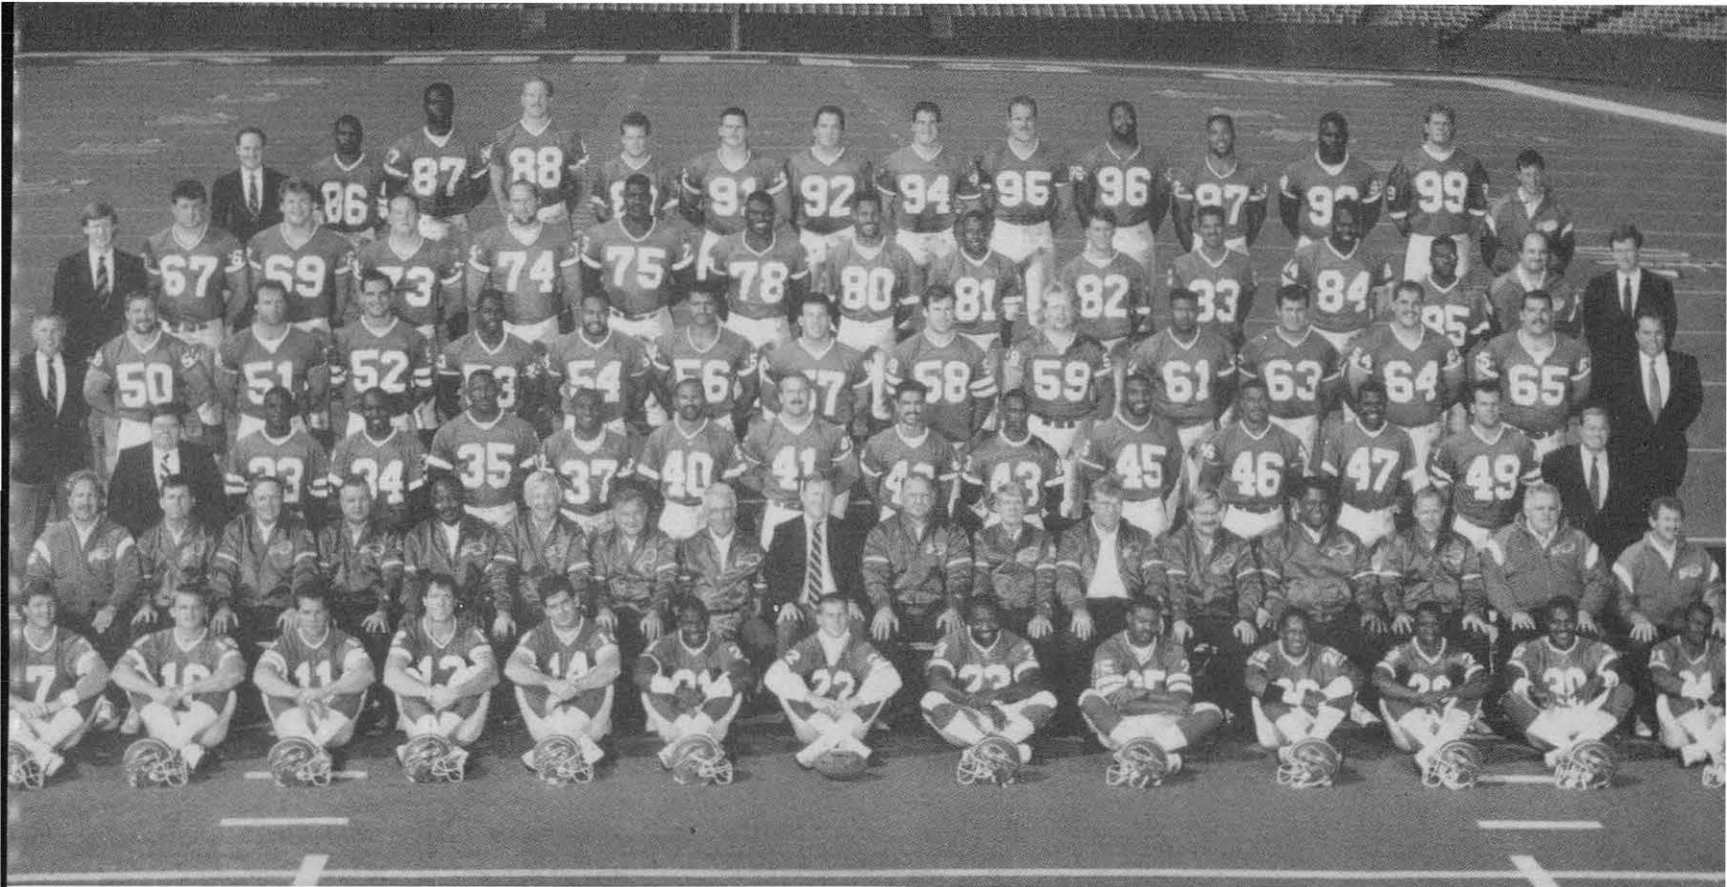

With their first Superbowl behind them and three straight Divisional Championships to their credit; the Buffalo Bills will be looking confidently to next year with great hopes for another record setting season and a win in Superbowl XXVI.

Why Ask Why?

These two pages are dedicated to the men and women of the United States and Western New York who are serving our great country in all branches of the armed forces. This space is not for an editorial. This statement is not supposed to answer any questions about the war. These pages are a tribute, to acknowledge the fact that these brave souls are fighting for our country and that we salute you.

Padre,
A pesar de que no nos vemos frecuentemente, siempre estas en mis pensamientos. Cada problema que la vida me presenta lo resuelvo co el pensamiento, "Que haria Papa si estuviera en esta situacion?" Aunque su presencia no ha sido fuerte su influencia si lo ha sido. Yo te admiro, y siempre lo cargo en mi corazon.

As we leave we're all amazed we made it through in four years, survived the Buffalo winters and school food, and stayed out of trouble (mostly). We couldn't have done it without our friends, some of the best we'll ever have!!! - Stephanie, Lynne, & Soupy

and the Class of 1991

We will miss you.

There are many people that we meet in our lives, but only a very few will make a lasting impression in our minds and hearts. It is these people that we will think of often and who will always remain important to us as true friends. Friendship is not a gift given, but a gift gained. The smile of a friend is the light of the soul which shines upon another. A friend is one whom will listen without judging, one whom will talk without opinion, and one who will accept your faults as well as your achievements. A friend is a person you can laugh with about everything, you can cry without shame, and whom you can trust completely. A friend is a partner in life that is always going to be with you, and your friend is what we are.

Letter From The Editors

This space is for me to express my thoughts and thanks to those who worked on the 80th edition of the ELMS yearbook. I'd like to give my biggest thanks to Susan Petruccelli without whose help this book wouldn't be possible.

Tracy Sabo whose efforts were monumental. Thank You very much for all the sweat and hard work you put forth. Shannon, thank you for all your hard work.

For those staff members that I haven't mentioned but did a fantastic job with their assignments, believe me you're not forgotten, it took teamwork, THANKS!!!

To everyone on the fourth floor, you were a tremendous help and source of information. Anthony Capese thanks, but please, no more salesman. Oh Jenny, before I forget, can I borrow the key to the mailbox.

I'd also like to thank the past editors; Linda Stravalaci, 1990 and Lisa Fagain, 1986 for their help in getting me started.

For anybody who wants to join our staff the door is always open. If not just slide a note under the door. See you next year.

Barry Carlson

It's time for me to pack up and move on. It's been four action packed fun years. As a freshman I joined the ELMS staff as a photographer not knowing what was in store. I've learned a lot by being involved. I've worked in many groups where I've met many friends. To those people I owe many thanks. First to the 1991 ELMS staff.

To Tracy who didn't know what she was getting into and did a terrific job. Where's the box?

To Barry, who despite a late start hung in there even when times were tough. Thanks for everything.

To Shannon, Romeo, Nasheyah, and Maria who helped me a great deal with pictures. Thank You.

And to the rest of the staff, your contributions are greatly appreciated!

I can't leave without thanking a few more people who aren't on the staff. To Steph and Lynne who made sure I got all my messages when I was practically living in the darkroom. And to Marty for always being there even when I thought I might be going crazy because I got myself involved in something else. Thank you so much. GOOD LUCK NEXT YEAR!!!

This is the 80th edition of the ELMS, Buffalo State College's official yearbook produced by and for the students and staff at Buffalo State College. Published and printed by Delmar Printing and Publishing Company located in Charlotte, North Carolina. Dave Gentile served as Delmar Western New York representative.

The following are the specifications utilized in the production of this annual publication. The Headlines are printed in Avant Garde Book type, ranging in size from 30pt. to 36pt. Body copy appears in 10pt. Optima, while all captions are 8pt. Optima italic.

The cover was designed by Tracy Sabo. Black, Graphic Red, and 100% yellow with 20% red were used in its creation.

Senior portraits and team photos were taken by Knack and Richards Photography of Williamsville, New York. Black and white film developing is courtesy of Susan Petruccelli. Color film was developed by Knack and Richards and enlargements were done by Prints Charming.

This yearbook is one of 1000 limited editions printed. The ELMS Yearbook is funded by the mandatory student activity fee and the United Student's Government of the State University of New York College at Buffalo.
