SPECIAL FEATURES

CURRICULUM WORKSHOP IN POWER TECHNOLOGY July 1 - August 9

A study of the principles of operation, design, and function of power systems employing various types of heat engines; mechanism involved in the generation, transmission, and control of power. Students will develop laboratory equipment, and a course of study adaptable to grades 7-12. Professor Terrence Trudeau will be in charge of this workshop. Six semester hours of graduate credit may be earned in I.A. 526. Enrollment will be limited to eight graduate students.

WORKSHOP IN ECONOMICS August 12-23

Dr. Allen Sexton and Mr. John Boyd will be coordinators of a workshop course in economics. This is a 2 credit course for graduate students in any division as an arts and science elective. Small group study, field trips, and consultants from industry, labor and education will be featured.

NEW ENGLAND STUDY TOUR August 12-23

The fifth Literary Study Tour of New England is being organized as a Post-Session graduate and undergraduate course by Dr. Benjamin Gronewold, Professor of English. The Study Tour group will leave from Buffalo for Boston, Massachusetts by air on Monday, August 12, and will return by air on Friday, August 23. Registration is limited to 25. The cost is approximately \$150 plus tuition and fees. Applications are available in the Summer Session Office.

CONSERVATION WORKSHOP August 11-23

Dr. George A. Laug and Dr. Theodore Eckert are planning a conservation workshop for teachers and administrators during the Post Session. Two hours of graduate or undergraduate credit may be earned. The group will enjoy excellent facilities during the two-week period at our College Camp at Franklinville, New York. Field trips will be an integral part of the instructional program. The cost will be nominal since New York State Education Department scholarships are available. The group will not exceed 40 persons. Applications are available in the Summer Session Office.

WORKSHOP IN SECONDARY SCHOOL PROBLEMS AND METHODS July 22-August 9

A workshop in Secondary School Problems and Methods will be held from July 22 - August 9. Three semester hours of graduate credit will be given for this course. The objectives of secondary school education, the basic principles of learning and motivation; curriculum concepts, organizing learning experiences; ways of providing for individual differences; teacher-pupil planning; criteria for selecting and organizing learning materials; audio visual aids to learning; ways of utilizing school, civic and community resources, will be studied. Dr. Paul Scheid, Professor of Education at Auburn University, Auburn, Alabama, will direct the workshop. This workshop is open to teachers and school personnel interested in secondary education.

READING WORKSHOP August 12-23

A workshop in the Teaching of Reading will be held from August 12 - 23 for two hours of graduate credit. Members of the workshop will be concerned with understanding the reading process, making reading function, stimulating children's interest, understanding the reading skills, and meeting the individual needs of children, will be studied. Dr. Lorraine Lange, Director of Elementary and Secondary Education, will direct the workshop, and Dr. Laura Zirbes, Professor Emeritus from Ohio State University, will serve as consultant.

LANGUAGE ARTS WORKSHOP August 12-23

A workshop in Teaching Language Arts will be held from August 12 - 23 for two semester hours undergraduate credit. Mrs. Sarah Sterrett will direct the workshop. This course will be offered to undergraduate extension students.
