-Student Artists of the Northeast-

In conjunction with the Nor'easter Conference on Aesthetics and Practice in Cast Iron Art, hosted by Buffalo State College Sculpture Area, the Visual Arts Board of Buffalo State College will be hosting an all media student work exhibit at the beautiful industrial exhibition space provided by and at the Hi-Temp building in downtown Buffalo, NY.

Student artists are invited to bring gallery-ready works of any media to this unique and beautiful space for our special "Nor'easter Student Open Exhibition" that will run the duration of the conference and culminate with a public reception on Friday Night, November 16th from 8 to 10 PM.

There will be on-site jury selection for a featured section within the exhibition space, however all works presented will be shown. **We highly encourage works of all themes and materials.** As much as we love casting and casting culture, we also love to express ourselves and share in a variety of media.

Requirements:

- Advanced entry details and a snapshot of each work emailed to glenstew@gmail.com
Provide: Artist Name; Title; Year; Medium/Media; Dimensions; School; and contact info
